Hi Mark,

I am slightly behind on emails, but DWP was out there in August 2019 and they added the shields to try and address your concerns back in September of 2019. It was a fairly quick fix.

I also flagged that it was not done to your satisfaction and they have gone out there now a couple times to try and address your concerns. They are aware of your address and street that is being impacted, but at this point I am not sure what additional changes they can/will make.

I have again followed up with DWP to please look into seeing what else can be done to address your concerns.

Once I have any information to share I will pass it along,

Subject: Tent placed on Parkview's Senior Living's parkway by homeless activist Bob, from encampment in Echo Park

Good morning Officer Solorio,

Last Friday around 1:00 pm, Bob from homeless encampment moved a tent to Parkview's corner parkway on Glendale/Montrose. He had tape measure and, and has come across the street several time last week to measure parkway/ sidewalk. The following is the account:

Anthony confronted Bob by asking him to remove tent from property. He then became hostile with Anthony and other Dominique. A few minutes later the security guard came for rounds and attempted to get Bob to move belongings, he refused and became hostile to guard. Police were called and responded in twenty-minutes. Anthony, security guard, and I met with police on the corner. Bob goes into foul-mouthed rage on us, spit on female police officer and then he is cuffed. Officer Solorio was not with us, he was called, but off on Friday. LAPD backed down from a full sweep as promised last Friday. (About ten blue tents remain with homeless activists sympathetically milking media outlets stating, "Echo Park is our park and we will not go!") Two officer's stated that they would not make man remove tent or belongings, because they were afraid doing so would cause them to lose their jobs.

Sgt. Kim showed up and was hesitant to do anything. Bob threaten to "kick my ass" and called a female resident a "fucking bitch and was going to kick her ass." Bob as also shouting, "you want war, we will give you war." Sgt. Kim's response was to contact CD13 and place a fence around property, and could do nothing about threats. Not the answer the answers needed! We would have hoped LAPD/City wouldn't allow an encampment to be established on parkway, at the front door of a senior living center per the assurances given in the community meeting on Jan 23rd.

While Bob was cuffed, he was shouting how Solorio was his hero and understands. While you are trying to mediate between both sides. You need to encourage lawbreakers to tone it down. These tent activists in the NE corner of park have increasingly become more vocal by cursing and harassing tenants while they are on their balconies. This needs to stop! Residents are fearful to even go out or walk outside!

WE have not gone to the media as Mitch's suggested. WE have tried to keep low-key. However, contacting media remains on the table with a full orchestrated blitz that will show a different story. A story of how seniors, cancer patients, and wounded veterans lives and health are being threaten by lawbreakers.

I would appreciate a call so we could discuss further LAPD's appropriate course of action.

Captain Lopez,

We want to thank you for making 311 training available to our residents of Parkview Senior Living both in English and Spanish. There was an excellent turnout of influencers yesterday. Officer Vargas was an first-rate representative as Community Service Officer of Rampart LAPD. He stayed focused on training amidst the many who wished to side track with personal complaints about homeless. Empathetic, knowledgeable, and available were characteristic of his time. The unified call of this meeting following training, was for more police presence in Park. This is where you can help.

We would like to invite You and Senior Lead Officer Solorio to Mitch O'Farrell's update on homeless in Echo Park. Mitch has confirmed January 23, Thursday, 2:00 PM, Parkview Community Room for a meeting. This will be an opportune time for residents to share their deep concerns about the lack of effective steps in CD 13 and City Hall with the homeless crisis. Hello,
I live in Parkview Living across the street from Echo Park. Yesterday morning during the welcome rain I went out on my balcony to

enjoy the view. For months now my view has been spoiled by the scattering of tents from 6 to 33 on any given day.... Except when the park is cleared for film making or cleaning.

How can I tell this story so you understand? How can I tell this story so you will be an advocate for my health and safety ?

While looking out at our impressive skyline and park in the rain I saw a homeless man just standing there next to his tent in the rain, just standing! Until, he remembered he needed to relieve himself and he peed...right there in the rain next to his tent! He zipped his trousers up stood for awhile longer and walked around his tent.

Echo Park is not, IS NOT the answer to our cities homeless crisis! My heart is saddened to see the need. Please remember Parkview residents collect recyclables to raise funds for Laundry Love where we volunteer to help those in need have clean clothes. We are concerned! Concerned for the homeless needs and want solutions to this crisis.

However, our health and safety are being compromised!

We are a building of seniors, several who are retired military men and women, retired teachers, clergy, those who have served and been an advocate in various ways. We care!

PLEASE do what you are doing in the 20 parks we have visited in the area without any tents! We can give you the list of Parks we have visited in District 13 with out tents.

WHY JUST ECHO PARK! ?

Enforce the laws you enforce in other parks. Enforce and move quickly to find solutions. Look at other districts and cities for ideas.

Echo Park IS NOT the solution.

Sincerely,
Dolores DeAngelis
Parkview Living Resident

Hi Sgt. Arellano,

Thanks for reaching out and introducing us to Shawn and Sunny.

We'd be happy to meet, or maybe set up a phone call to start off. This week is a little tough but how about Tuesday?

That being said, I do have a few questions to start off:

1. Do you have any renderings and dimensions of this shower that you can share?
2. Is staffing included? If so, how many hours?
3. How much space is required?
4. Do we need any connection to water/sewer lines?
5. Are we thinking somewhere within Council District 13 in Northeast Division?

Gabrielle,

Gina does not seem to be willing to talk to me about enforcement of no overnight camping at Echo Park Lake, so I am engaging you to ask why the city is giving up the lake to a group of homeless who are demanding to be allowed to stay there without any intervention.

Please explain how Martin vs. Boise prevents the City of Los Angeles from enforcing no overnight camping at Echo Park Lake. The park is closed at night, so this should not be a problem. All of my readings about the case says that it is a very narrow ruling and allows any city to continue to restrict access to public spaces such as parks if they are closed at night and do not allow overnight camping. It also allows cities to perform sweeps and cleanups at their discretion. I can

provide you with information on the ruling if you want.

Also, please explain why a group of protesters can block the city from performing a routine cleanup without being arrested. Tax payer money is being wasted while people stand around unable to do their job because of protesters who are ostensibly breaking the law and obstructing the city efforts to safeguard the health and safety of tax paying citizens not to mention allowing them full access to 100% of Echo Park Lake. No tents were taken down on the last attempted cleanup, which is a complete violation of whatever ordinance exists that says that the area needs to be vacated to facilitate the cleanup. Mitch O'Farrell was quoted in media saying that all tents would be removed for the cleanup, so this erodes trust in him and tells me that he is not performing the duties for which he was elected, and he is not electable for another position due to his lack of control of the situation at hand.

The city is giving up Echo Park Lake to the homeless and is not even performing a proper cleanup anymore. Why is this happening? Multiple millions were spent on it to clean it up. Gang injunctions were implemented to safeguard the area. Why is it now being handed over to the homeless?

Thank you,
Mark

Captain Alfonso and Isabella,

Thank you again for hearing our safety, health, and criminal concerns regarding Echo Park. Would you know who has replaced Park Ranger Captain Torres? Who takes the lead in the Clean Sweep of Echo Park? LAPD or Park Rangers, or is this a coordinated effort between the two agencies?

Isabella, what is the email for reporting illegal activity in the Park that was shared at the recent Rampart CPAB meeting?

Please read email below by a frustrated Parkview resident.

Thanks,

Hello,
I live in Parkview Living across the street from Echo Park. Yesterday morning during the welcome rain I went out on my balcony to

enjoy the view. For months now my view has been spoiled by the scattering of tents from 6 to 33 on any given day.... Except when the park is cleared for film making or cleaning.

How can I tell this story so you understand? How can I tell this story so you will be an advocate for my health and safety ?

While looking out at our impressive skyline and park in the rain I saw a homeless man just standing there next to his tent in the rain, just standing! Until, he remembered he needed to relieve himself and he peed...right there in the rain next to his tent! He zipped his trousers up stood for awhile longer and walked around his tent.

Echo Park is not, IS NOT the answer to our cities homeless crisis! My heart is saddened to see the need. Please remember Parkview residents collect recyclables to raise funds for Laundry Love where we volunteer to help those in need have clean clothes. We are concerned! Concerned for the homeless needs and want solutions to this crisis.

However, our health and safety are being compromised!

We are a building of seniors, several who are retired military men and women, retired teachers, clergy, those who have served and been an advocate in various ways. We care!

PLEASE do what you are doing in the 20 parks we have visited in the area without any tents! We can give you the list of Parks we have visited in District 13 with out tents.

WHY JUST ECHO PARK! ?

Enforce the laws you enforce in other parks. Enforce and move quickly to find solutions. Look at other districts and cities for ideas.

Echo Park IS NOT the solution.

Sincerely,
Dolores DeAngelis
Parkview Living Resident

Some of you have heard me talk about the "Branch Breaker," a thin, older male who walks past our house and sees fit to break the branches from both our Hibiscus bush and Senna tree that border our property. Both the tree and bush flower beautifully, and also drape over the sidewalk from time to time and may (or may not) block a pedestrian's path when walking along said sidewalk. I call him the "Branch Breaker" because he comes past late in the evening between 9 and 9:30pm, clearly benefiting from the cover of nightfall, and has his way with our privacy vegetation. I heard the unmistakable sound of branches snapping repeatedly outside, and went out front, noticed him but didn't think twice- in fact I felt guilty that I didn't stay more on top of keeping everything trimmed and taken care of. Until one night, when I was out front watering plants and Branch Breaker showed up with a small pocket knife and proceeded to start sawing away within the canopy of our Senna tree.

I called out to him. "HELLO" I said. "EXCUSE ME?" Nothing. I couldn't tell if he had earplugs in or not, so I raised my voice - "EXCUSE ME??" By this time my husband Kent had joined me and was watching the scene unfold, when I said "I'm going to hose him." Kent said "NO, please don't. He has a knife." "I'M CALLING THE POLICE" I yelled. He finally stopped and left. In the morning I came out to find all the branches he had cut thrown onto our side lawn. At least he could have cleaned up after himself!

I reached out to my contact at the CD13 office who put me in touch with our local Senior Lead Officer. After an email and reply that he was out on vacation I just about gave up. I was over it, and planned to wait for Branch Breaker's next visit and power hose him away from the property. Thankfully SLO Ryan arrived at our door about a week later to discuss the situation, and we stood under the Senna tree discussing the situation.

"Ms. Pinky," he began. "You understand I cannot write this up as a report. The guys will laugh me out of the station." He pointed out exactly how our tree could be perceived as a safety hazard, with its braided branches, dry and pointy in spots, more than not, encroaching on the public space, potentially scratching a child or an elder strolling past.

"Did you try talking to him?" SLO Ryan asked. I described my attempts and the ensuing passive aggressive non dialogue. While I rolled my eyes on the inside, SLO Ryan took me through the many possibilities of what drove the Branch Breaker to commit such actions running the spectrum from therapeutic pruning to a decades long ritual of keeping a particular sidewalk clear. I volleyed his every theory until at last, his admonition of "kill him with kindness" sunk in. Aside from the fact that Branch Breaker left a mess behind his every pruning visit, I was secretly appreciative when he maintained the clearance at the sidewalk so that indeed, nobody got an eye poked out

"What if I had hosed him that first night? Not in a powerful way, but to get him to stop and back away?" I asked. SLO Ryan replied, "If he decided to file a report, you would

have been charged with battery."

!!!! Note to self.

"I'll tell you what," SLO Ryan closed with- if you can follow him the next time he passes by, and find out where he lives without approaching him, email me and I will give him a visit."

Next Month:

Many quiet months pass until I spot Branch Breaker again-strolling past at 9:15pm one evening- and send Kent to go on a stakeout to find out where he lives.....

Hello Everyone!

Thank you so much for your vigilance. It looks so much cleaner today. I just wanted to make you aware that I have been offered the Neighborhood School Safety Program (NSSP), a specialized unit within the Los Angeles City Attorney's Office. The main goal of the program is to reduce crime in the neighborhoods surrounding schools. Our program works with other City Attorney Personnel, namely the Neighborhood Prosecutors, community members, and Los Angeles City/County partners to improve the quality of life and safety in neighborhoods where students go to school.

I'll keep you all posted on what this means for the neighborhood!

CAUTION: EXTERNAL EMAIL

Thanks to everyone for your work and vigilance on this.

Gina and Juan— Can I ask the best way for neighbors and parents to follow up on this? When I spoke to the last clean-up crew from the city, they mentioned not doing a “community clean-up” because of all the drug and dangerous material. Is there anything else we can do? Thank you.

However, at least 2 people are active there today, one who's been a frequent hoarder of stolen items on the site and who builds shelters for these items.

He gathers tools and hammers loudly late at night into the middle of the night with his crude structures.

(We had our locked mailbox stolen right off our wall weeks ago, ripping out large anchor bolts.)

Below is his picture.

I submitted another 311 request with pictures of the Glendale Blvd./Allesandro trash/blight.

Hi Sgt. Arellano,

Thanks for reaching out and introducing us to Shawn and Sunny.

We'd be happy to meet, or maybe set up a phone call to start off. This week is a little tough but how about Tuesday?

That being said, I do have a few questions to start off:

1. Do you have any renderings and dimensions of this shower that you can share?
2. Is staffing included? If so, how many hours?
3. How much space is required?
4. Do we need any connection to water/sewer lines?
5. Are we thinking somewhere within Council District 13 in Northeast Division?

Thanks for reaching out and introducing us to Shawn and Sunny.

We'd be happy to meet, or maybe set up a phone call to start off. This week is a little tough but how about

Tuesday?

That being said, I do have a few questions to start off:

1. Do you have any renderings and dimensions of this shower that you can share?
2. Is staffing included? If so, how many hours?
3. How much space is required?
4. Do we need any connection to water/sewer lines?
5. Are we thinking somewhere within Council District 13 in Northeast Division?

Best,

Thanks for the update, Officer Garcia. That's helpful to know. That video is from shortly after the locks were supposed to have been changed, but if they've since welded the door shut that explains why he's been climbing over the last few days. Just as a follow up, I called right after my previous email because he was here while I was sending it, and I told the dispatcher that there was supposed to be a trespass order on file. When the officers arrived, they called and I told them as well. I could hear him arguing with the officers when they arrived and he claims that somebody gave him permission to be there seven months ago and he refused to leave. Because they couldn't get to him, the officers eventually gave up and left and he's still there.

I'm wondering if there's some kind of miscommunication on the property owner's part (e.g., the actual owner doesn't want him there, but doesn't realize that an individual manager or maintenance person agreed to let this person stay if they keep it clean or something). I'm happy to discuss when you return.

I was there when the welders came and welded the door shut. I also arrested him the same day for trespassing. Did he break the welds? How old is the video of him going through the door? There is a no trespass authorization on file at the station. If you see him back there, call 911. He might be trying to burglarize the clinic. If he is not and is only trespassing the officers can arrest him. When making the call, please also say that the trespass order is on file at the station.. I will be back the second week of March. ATTENTION This email originated outside of LAPD. Please use caution when clicking on hyperlinks or opening attachments. If you are unfamiliar with the sender.

Hi Officer Garcia and NP Knecht,
I'm writing to let you know that at least one of these people has been undeterred in their continuing occupation of the property at 2011 Beverly. It's not clear whether the owner has actually changed the locks, because this person still seems to be able to unlock and open the security door (see the video here: https://www.dropbox.com/s/f31jv9huzgk7xqw/IMG_5739.MOV?dl=0), and they have definitely not

cleaned out the property. And regardless, even when he isn't unlocking the door, he has taken to just climbing over the gate (see the video here: https://www.dropbox.com/s/9ruu9vfdb5gpqgv/IMG_0123.MOV?dl=0), I think he may've removed the razor wire that used to be at the top). We were able to remove the green garbage bin he was using as a step ladder, but that has also not stopped him. Instead, he resorts to dragging the city garbage can or some nearby piece of large debris down from Beverly, or absent that, he'll just shimmy along a tiny ledge on the side of the building that starts at street level at Beverly and brings him right to the top of gate.

In short, the building owner will need to install some kind of improved security that stops people from being able to climb over the gate. And, if the city trashcan at the corner can't be secured to its location, it may be worth considering removing it because this isn't the first time people have used it as a makeshift step ladder to climb over the fences on nearby property.

Lastly, I also wanted to mention that this person has also taken to posting his own "No trespassing" signs. That's not a problem in and of itself, but one in particular is a little concerning because it suggests he has installed traps on the property (photo attached).

Let me know if there's anything I can do to help. I'm also happy to point out the location, etc., of what he's doing if either of you would like to stop by sometime.

Regards,
Spencer Cross

I just wanted to let everyone know that this location continues to be a nuisance.

Radio calls are constantly being generated for trespass suspects. I was able to contact the manager of the building. A trespass authorization has been signed and will be in effect tomorrow once it is imputed in the system. The owner will have a locksmith on site to fix the broken lock and we will be kicking out all the transients at that location. Alfredo, is it possible to send someone from the clinic at 11 am to see if the transients are patients of yours and give them a warning of the possibility of being transferred. We need to make sure the transients cooperate with us and the rules of your clinic. I will only be on site for approximately an hour. I will need to head back to the station to prepare for an important meeting I have later that day.

Hello Everyone!

Thank you so much for your vigilance. It looks so much cleaner today. I just wanted to make you aware that I have been offered the Neighborhood School Safety Program (NSSP), a specialized unit within the Los Angeles City Attorney's Office. The main goal of the program is to reduce crime in the neighborhoods surrounding schools. Our program works with other City Attorney Personnel, namely the Neighborhood Prosecutors, community members, and Los Angeles City/County partners to improve the quality of life and safety in neighborhoods where students go to school.

I'll keep you all posted on what this means for the neighborhood!

Our office received a call from a Rebecca Norris who lives at 131 Rampart Blvd. She was calling very concerned about two nuisance abandoned properties at 137 N Rampart Blvd and 141 N Rampart Blvd.

Rebecca mentioned that a bunch of illicit activities have been occurring at the properties and she has been calling LAPD regarding the matter. She knew the previous property owner who recently left the property. The property currently still has hot water and electricity but is currently in the process to be sold.

Currently, LADBS has two cases open for abandoned property open to the public. Rebecca wanted to report this issue before it gets out of hand.

Hello Everyone!

Thank you so much for your vigilance. It looks so much cleaner today. I just wanted to make you aware that I have been offered the Neighborhood School Safety Program (NSSP), a specialized unit within the Los Angeles City Attorney's Office. The main goal of the program is to reduce crime in the neighborhoods surrounding schools. Our program works with other City Attorney Personnel, namely the Neighborhood Prosecutors, community members, and Los Angeles City/County partners to improve the quality of life and safety in neighborhoods where students go to school.

I'll keep you all posted on what this means for the neighborhood!

CAUTION: EXTERNAL EMAIL

Thanks to everyone for your work and vigilance on this.

Gina and Juan— Can I ask the best way for neighbors and parents to follow up on this? When I spoke to the last clean-up crew from the city, they mentioned not doing a “community clean-up” because of all the drug and dangerous material. Is there anything else we can do? Thank you.

However, at least 2 people are active there today, one who's been a frequent hoarder of stolen items on the site and who builds shelters for these items.

He gathers tools and hammers loudly late at night into the middle of the night with his crude structures.

(We had our locked mailbox stolen right off our wall weeks ago, ripping out large anchor bolts.)

Below is his picture.

Good Afternoon Gina and Gaby,

Our office received a call from a Mickey who owns the Lemon Frog Shop at 1202 Alvarado Street. She was calling regarding an ongoing issue with two individuals that keep on stealing from her store. She has contacted LAPD in the past but these two individuals keep stealing from the store.

Can you assist our office with this concern. She can be reached at 213-413-2143.

Thanks again!

Some of you have heard me talk about the "Branch Breaker," a thin, older male who walks past our house and sees fit to break the branches from both our Hibiscus bush and Senna tree that border our property. Both the tree and bush flower beautifully, and also drape over the sidewalk from time to time and may (or may not) block a pedestrian's path when walking along said sidewalk. I call him the "Branch Breaker" because he comes past late in the evening between 9 and 9:30pm, clearly benefiting from the cover of nightfall, and has his way with our privacy vegetation. I heard the unmistakable sound of branches snapping repeatedly outside, and went out front, noticed him but didn't think twice- in fact I felt guilty that I didn't stay more on top

of keeping everything trimmed and taken care of. Until one night, when I was out front watering plants and Branch Breaker showed up with a small pocket knife and proceeded to start sawing away within the canopy of our Senna tree.

I called out to him. "HELLO" I said. "EXCUSE ME?" Nothing. I couldn't tell if he had earplugs in or not, so I raised my voice - "EXCUSE ME??" By this time my husband Kent had joined me and was watching the scene unfold, when I said "I'm going to hose him." Kent said "NO, please don't. He has a knife." "I'M CALLING THE POLICE" I yelled. He finally stopped and left. In the morning I came out to find all the branches he had cut thrown onto our side lawn. At least he could have cleaned up after himself!

I reached out to my contact at the CD13 office who put me in touch with our local Senior Lead Officer. After an email and reply that he was out on vacation I just about gave up. I was over it, and planned to wait for Branch Breaker's next visit and power hose him away from the property. Thankfully SLO Ryan arrived at our door about a week later to discuss the situation, and we stood under the Senna tree discussing the situation.

"Ms. Pinky," he began. "You understand I cannot write this up as a report. The guys will laugh me out of the station." He pointed out exactly how our tree could be perceived as a safety hazard, with its braided branches, dry and pointy in spots, more than not, encroaching on the public space, potentially scratching a child or an elder strolling past.

"Did you try talking to him?" SLO Ryan asked. I described my attempts and the ensuing passive aggressive non dialogue. While I rolled my eyes on the inside, SLO Ryan took me through the many possibilities of what drove the Branch Breaker to commit such actions running the spectrum from therapeutic pruning to a decades long ritual of keeping a particular sidewalk clear. I volleyed his every theory until at last, his admonition of "kill him with kindness" sunk in. Aside from the fact that Branch Breaker left a mess behind his every pruning visit, I was secretly appreciative when he maintained the clearance at the sidewalk so that indeed, nobody got an eye poked out

"What if I had hosed him that first night? Not in a powerful way, but to get him to stop and back away?" I asked. SLO Ryan replied, "If he decided to file a report, you would

have been charged with battery."

!!!! Note to self.

"I'll tell you what," SLO Ryan closed with- if you can follow him the next time he passes by, and find out where he lives without approaching him, email me and I will give him a visit."

Next Month:

Many quiet months pass until I spot Branch Breaker again-strolling past at 9:15pm one evening- and send Kent to go on a stakeout to find out where he lives.....

Good Afternoon Officer Abner and Kurt Knecht,

My name is Steve Jaramillo with the Office of Councilmember Mitch O'Farrell, I hope this email finds you well.

Our office received a call from a Rebecca Norris who lives at 131 Rampart Blvd. She was calling very concerned about two nuisance abandoned properties at 137 N Rampart Blvd and 141 N Rampart Blvd.

Rebecca mentioned that a bunch of illicit activities have been occurring at the properties and she has been calling LAPD regarding the matter. She knew the previous property owner who recently left the property. The property currently still has hot water and electricity but is currently in the process to be sold.

Currently, LADBS has two cases open for abandoned property open to the public. Rebecca wanted to report this issue before it gets out of hand.

She can be reached at 323-834-6102.

Hi Mark,

I am slightly behind on emails, but DWP was out there in August 2019 and they added the shields to try and address your concerns back in September of 2019. It was a fairly quick fix.

I also flagged that it was not done to your satisfaction and they have gone out there now a couple times to try and address your concerns. They are aware of your address and street that is being impacted, but at this point I am not sure what additional changes they can/will make.

I have again followed up with DWP to please look into seeing what else can be done to address your concerns.

Once I have any information to share I will pass it along,

If not, please outline what we need to do to have this corrected. What do we need to do to get the light tilted down to where it is not shining in our windows? DWP did nothing on the first alleged visit as

there are no shields on any of the lights and no adjustments to angles were made.

Please respond with a solution so we can move on to other issues. This should be an easy one to solve unlike all of the other issues in the neighborhood.

What other elected offices will be attending, did you get confirmation from the State and County representatives? Did the Mayor's office confirmed they will participate on the panel?

Are there any other community groups that will be on the panel or were invited to participate, Echo Park Chamber or EPIA?

As for the letter that was sent to the Councilmember, our Chief of Staff personally responded last week, asking the individuals to please follow up with our office so we can work with their LAHSA caseworker and try to help get them the needed services and to see if we could help in expediting their cases. EPNC HHC is organizing a forum on Echo Park Lake Security and Law Enforcement related to the homeless encampment at the park. The forum will be on February 27th. 2020 at 7:00 pm, at St. Athanasius at the Cathedral Center of St. Paul.

EPNC is sponsoring the forum after repeated concerns from area residents (both housed and unhoused) many who showed up to our December 2019 HHC meeting. Officer Solorio has agreed to be part of the forum and we are inviting other stakeholders and organizations to attend. This is the invitation for CD13 to consider to be part of the forum. We are working to set the ground rules, select a moderator and work on meeting rules as far as questions and comments are concerned.

FYI, we had a group of park residents at the EPNC BOG meeting last night and they made public comments about how they have attempted to contact CD13 (specifically request a meeting with Mitch) and how their concerns have gone unanswered.

Contact me if you have any questions and I will keep you updated as we make progress on setting up the forum.

Juan,

Per your message below... were you able to find out if a cleanup is planned at the site across from the school? As I mentioned CalTrans cleaned up the concrete area off the 2 exit. No cleanup was done on the hill across from the school.

Also, the last time we met we discussed organizing another planting at the site and or looking into placing fencing around the perimeter.... Are either of these being planned? And what can we do as parents and neighbors to help get the ball rolling?

Thanks!

Thank you Gina.

Hi Principal Gutierrez and All,

This location on Allesandro was scheduled for service last Friday. We are confirming that it was serviced, either way, I am working to get another service day posted but do not have a date confirmed yet. The location on Berkeley is in the rotation for service as well, I can add it to the request.

We are waiting on the Department of Street Services to finalize the contract for the gates along the tunnel. The money has already been transferred, they anticipate the contractor starting in mid March.

Our Clean Team will be on site tomorrow to see what trash and debris they can remove from the tunnel. They will remove what they can and send to Street Services should the tunnel need additional service.

If anyone wants to schedule a call to further discuss I can make myself available for a call.

Principal Gutierrez,

-
Thank you for your detailed email and your dedication to the children's wellbeing. I share your concern and frustration with how bad this situation has gotten. There is a law on the books, Penal Code 653b (Loitering at or near (500 feet) a school or public space where children congregate in a misdemeanor in California) the penalties include 6 months in jail and/or a \$2000 fine. I am not clear why this is not being enforced in the 3 areas you have outlined below... all within 500 feet of an elementary school. The occupants at these encampments have been violent, seen wondering naked and abusing drugs and alcohol in plain site of the children arriving and departing from school. It's abhorrent!

-
I know the Eastsider is planning on doing a story about these areas... maybe that will get more political eyeballs on the problem. In the meantime please let us know what we can do to help.

-
I am happy to help organize another townhall... let me know.

 [CAUTION]
This email originated outside Warner Bros.

Greetings everyone,

-
My apologies in advance to our LAPD officers and to Juan who will get this email twice, as a group of parents also looped me in another email chain. I just wanted to share the same information with our neighbors. I am attaching some pictures of some of the encampments that are near Clifford Elementary. I have serious concerns for the welfare and safety of our students and families who walk to school from all directions.

-
Encampment on Allesandro and Duane Street

Parents and neighbors have informed me that they observed the individuals from the encampment off Allesandro Street walking up and down Duane St. late last night, peaking into cars. I am concerned about their intentions and their close proximity to our school.

-
Encampments along Berkeley Ave. and Glendale Blvd.

In addition, I spent my morning at The Whole Child Cottages near Gateway Hospital, affiliated with the Los Angeles Homeless Services Authority (LAHSA), which is a Coordinated Entry System (CES). The facility recently opened, providing temporary housing for families who have experienced homelessness, and are transitioning to permanent housing. Clifford is the school of residence for the facility. Families from the cottages who have school-aged children will be walking to Clifford, as most do not have a vehicle and the facility does not provide transportation. The easiest route to take is Effie St. to Lake Shore Ave., then Berkeley Ave. to Glendale Blvd. North. As I drove the route, I saw several things that concerned me. Near the corner of Berkeley Ave. and Lake Shore Ave., the block is littered with trash. As you turn North on Glendale Blvd., families would have to pass approximately 4 tents. These families have been through the trauma of being homeless and shouldn't have to be reminded of their ordeal by walking passed these tents daily.

- Clifford Street Tunnel crossing Glendale Blvd.

As my office manager was leaving home from work yesterday at 3:30PM, she observed one of our second grade students and her grandmother walk into the tunnel to cross Glendale Blvd. on Clifford Street. She stated that 2 men entered the tunnel shortly after them. She stated that they appeared dirty and disheveled. She feared for their safety and parked her car to wait for them to come out the other side. Luckily, they made it through without incident. We shouldn't have to fear for our students and families. As I've mentioned in previous emails, the Glendale Blvd., tunnel has been designated on our School Safety plan as the safe passage way to St. Theresa's Church and the Tommy Lasorda Dream Field, our evacuation centers. I don't feel very safe accompanying our students and staff through a potential biohazard area, riddled with discarded syringes and reeking of urine.

- I am concerned for the health and safety of all students and the ability for our families to have safe passages to and from school.

- I have sent an email to Assembly member Wendy Carrillo. Who might we refer our concerns about the tunnel to at CalTrans? Please let us know what else we might do.

- Thank you for your ongoing support.

Greetings everyone: Tonight, I along with SLO Aispuro and 2 other SLO's responded to location and cited 3 for having their encampments tents up. During our enforcement we observed several clean up notices posted in the area for cleanups in the near future. Thank you for your continued support and patience. SLO Aispuro and I have made this area a project with outreach, cleanups(through council office) and enforcement. I know that approximately 3 years ago a major clean up and planting of succulents was conducted. I will be seeking the advice of CD #13 for a possible environmental change to location as well. We are trying to think outside of the box.

If you have any questions do not hesitate in reaching out to me or SLO Aispuro. Thank you, gina

Hi Laura,

I just wanted to include you on these emails, as we've been reaching out to the city in regards to the growing encampments next to the school.

We're encouraging parents to get involved, as I've seen kids having to approach the school on these sidewalks every day. We realize this is a citywide issue, but find this particularly troublesome because of the school and kids. My own family no longer walks down our street or to the library.

Thank you!

Hello Gina,

-

Thank you for your response.

-

Are you saying we should call 911 each time we see these men doing these types of things, drugs, etc? Sadly, these guys are constantly throwing metal parts in the street and traffic lanes; and use drugs openly on a regular basis (within 500ft of a school). In the past we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

-

We obviously want to be respectful of police resources, but would like help in dealing with these issues.

More information regarding the parking and driveway...Mitch O'Farrell might recall on the issue of the parking lot as they use to live some crazy criminals living on what it is now Charlie property. Mitch was fundamental and an awesome field deputy who helped remove the criminals and secure the driveway. The landlord back then Mrs Dang or Chang (cannot recall the name) had also tried to steal the parking lot spaces and driveway from the landlord back on the side where my mom lives

Of course they couldn't and thanks to my legal right of her parking space and Mitch, the landlord sold her side of the property in fear of a lawsuit.

Best,
Rosie

Follow up questions / comments from today's call with Juan.

My main concerns remain: hazardous waste as a result of the burned building & trash pile it is now - vandalism / theft of our cars or apartments - blocked access to our property or parking spaces - an escalated altercation with trespassers - a random act of violence by a trespasser.

1. Ron, please provide a written inspection report regarding the safety of the building:
 - Is there asbestos?
 - Are there airborne carcinogens or other health hazardous particles?
 - Are there any other hazardous materials inside the building that could be polluting air, water, ground etc?
2. Who owns the driveway adjacent to our properties and the house of spirits?

- Trespassers are using this driveway as the primary access point to enter the building
 - Therefore I argue they are trespassing on our rented property
3. Ron, Juan, Please provide in writing the building code explaining what constitutes "securing" the property
- Fence patches of string and twist ties are ineffective.
 - Regardless of whether or not the owner has met the minimum requirements to secure, what leverage can you create to push back and say it is an inadequate effort?
 - Raise the standard - the owner should repair the fence in a permanent fashion - **blocking any random persons access would go a long way to resolve the majority of issues.**
4. Legal dispute with liquor store tenants
- Per my understanding, there is a pending legal case between the owner of the building and the tenants who operated the business, which is still on-going.
 - The owner has expressed interest in selling the building - no further concrete information

Hi Justin,

Thank you for following up.

Are you available to meet on site next Tuesday December 10th at 10am? SLO Paialii has confirmed this time works with her schedule so please let us know if this works for you.

We have spoken with the Property Owner and his realtor about getting the property secured and fixing the fence. Is this the main point of access for people going onto the property?

Please continue to report any illegal activity to LAPD so that they have every incident on file.

Yes, please schedule a call.

I'd like to hear your perspective on our health and safety with the building in this condition.

And with the non-stop break ins.

No exaggeration I have witnessed 25 different people breaking into the building and removing items in the last 60 days.

They leave broken glass, block our drive way with theirs cars, trucks and carts. Our neighbors garage was tagged with spray paint (in 9 years of living here I've never seen this).

Last night we had another person blocking our entire driveway, he initially refused to move until I confronted him. I could not pull my car into the driveway and space I pay for. I called it in once again, the police sent a helicopter and at least two officers, yet...

Tonight just minutes ago two adult males pulled their car into our parking space, got out of their 90s Nissan, put on fake security jackets and one posed as an officer while the other climbed through the fence and into the roof to raid. I've called the police again and they will get here whenever they arrive.

Tell the property owner to fix the fence. Twist ties aren't going to do it.

Every one of us who lives here is peering out our windows constantly looking for the next questionable person who is coming up here to at best leave a mess for us to clean up and at worst to break into our cars, apartments or vandalize our property.

The word is out in the community that this property is a free for all.

We'll be contacting the local media in the morning to see if they are interested.

House of Spirits continues to be a problem - what updates do you have for us residents over a year later?

Two additional break ins last night and this evening. They've been reported to non-emergency police dispatch. I reported a third about a week ago. The police are tired of speaking with me. I ask them to add it to on going notes about the property and they say that's all they can do unless a break in is in progress. Even then, they offer nothing in the way of a long term solution.

The fences were never repaired properly by the owner of the building and have been cut back open. The owner used string to tie them back together months ago.

What has the property owner done to show the burned remains are not a health hazard? What do you have to say about our health and safety?

If you're not responsible for helping with a solution, who is?

I have only my emails and phone calls - I don't know what else I can do to improve the situation.

Person blatantly pulling up our driveway to dumpster dive, tonight. Notice the man on the other side of the fence:

Our office was in touch with the Property Owner and he is working with Building and Safety to get his property in compliance. The property was still going through the insurance process which is causing most of the delays.

I will follow up with the Department to get an update as well as with the Senior Lead Officer Gina Paiallii, she is familiar with the site and can help with more patrol if there has been an increase in crime activity.

This is was not going to be a fast process to my understanding, but the property owner should secure the site.

Thank you for the follow up. Once I get more information to share I can pass it along.

Appreciate the efforts with the recent fencing of the front of House of Spirits parking lot.

Unfortunately the overall situation is unresolved.

What is the fate of the building? Is there a timeline for construction & repair, or demolition?

What steps has the city taken to evaluate the health risks of this exposed burned area nearest to the property which I rent?
Carbon, burned PVC, asbestos? Has the building been tested and cleared from these potential health risks?
Is there paperwork you can provide me as evidence? The burned odor is still noticeable to us residents even as we approach the 1 year mark.

Additionally, there have been a number of 'break ins' increasing in frequency over the last 4 weeks. I've called the non-emergency police line twice to report people climbing on the roof, drinking, littering and loitering. And this morning, someone brought sheers, cut a hole in the fence on the driveway side and climbed inside the roof, rummaging through trash and debris for who knows what.

What liability does the building owner have to address these issues? Are you holding them to the necessary standards?

Would appreciate an update. It's a target for crime, a potential health risk, and a terrible eye sore that brings our community down the longer it sits. We're approaching 1 year with no resolution or information from you.

Bridgette: I not only spoke to the homeless living on the hillside, but all were cited for 56.11 lamc, encampments up from the hours of 6am to 9pm. We are not allowed to tear down or clean up encampments. Even if were allowed to clean up trash we would not due to very filthy hazardous unhealthy conditions. Street bureau of sanitation is in charge of that. That is all a scheduling process. Unfortunately enforcement is only a citation. Under current law homeless may live on any public place, that was handed down by the 9th Circuit Courts, Martin vs Boise.

I wish I could give you folks better news but that is all we can do at this time. In talking to CD #13 Field Deputy Juan Fregoso we are hoping for some environmental changes that will hopefully make an impact. I believe I mentioned that SLO Aispuro and I have made this area a special project were we will continue and increase enforcement and take a closer look at resources to respond to area.

On Friday as we were citing individuals we did not see any needles on the ground. But we did see a lot of metal items that homeless search within the community to recycle.

I absolutely welcome a community meeting to discuss all your concerns.

This location on Allesandro was scheduled for service last Friday. We are confirming that it was serviced, either way, I am working to get another service day posted but do not have a date confirmed yet. The location on Berkeley is in the rotation for service as well, I can add it to the request.

We are waiting on the Department of Street Services to finalize the contract for the gates along the tunnel. The money has already been transferred, they anticipate the contractor starting in mid March.

Our Clean Team will be on site tomorrow to see what trash and debris they can remove from the tunnel. They will remove what they can and send to Street Services should the tunnel need additional service.

If anyone wants to schedule a call to further discuss I can make myself available for a call.

Principal Gutierrez,

Thank you for your detailed email and your dedication to the children's wellbeing. I share your concern and frustration with how bad this situation has gotten. There is a law on the books, Penal Code 653b (Loitering at or near (500 feet) a school or public space where children congregate in a misdemeanor in California) the penalties include 6 months in jail and/or a \$2000 fine. I am not clear why this is not being enforced in the 3 areas you have outlined below... all within 500 feet of an elementary school. The occupants at these encampments have been violent, seen wondering naked and abusing drugs and alcohol in plain site of the children arriving and departing from school. It's abhorrent!

I know the Eastsider is planning on doing a story about these areas... maybe that will get more political eyeballs on the problem. In the meantime please let us know what we can do to help.

I am happy to help organize another townhall... let me know.

[CAUTION]
This email originated outside Warner Bros.

Greetings everyone,

My apologies in advance to our LAPD officers and to Juan who will get this email twice, as a group of parents also looped me in another email chain. I just wanted to share the same information with our neighbors. I am attaching some pictures of some of the encampments that are near Clifford Elementary. I have serious concerns for the welfare and safety of our students and families who walk to school from all directions.

Encampment on Allesandro and Duane Street

Parents and neighbors have informed me that they observed the individuals from the encampment off Allesandro Street walking up and down Duane St. late last night, pecking into cars. I am concerned about their intentions and their close proximity to our school.

Encampments along Berkeley Ave. and Glendale Blvd.

In addition, I spent my morning at The Whole Child Cottages near Gateway Hospital, affiliated with the Los Angeles Homeless Services Authority (LAHSA), which is a Coordinated Entry System (CES). The facility recently opened, providing temporary housing for families who have experienced homelessness, and are transitioning to permanent housing. Clifford is the school of residence for the facility. Families from the cottages who have school-aged children will be walking to Clifford, as most do not have a vehicle and the facility does not provide transportation. The easiest route to take is Effie St. to Lake Shore Ave., then Berkeley Ave. to Glendale Blvd. North. As I drove the route, I saw several things that concerned me. Near the corner of Berkeley Ave. and Lake Shore Ave., the block is littered with trash. As you turn North on Glendale Blvd., families would have to pass approximately 4 tents. These families have been through the trauma of being homeless and shouldn't have to be reminded of their ordeal by walking passed these tents daily.

Clifford Street Tunnel crossing Glendale Blvd.

As my office manager was leaving home from work yesterday at 3:30PM, she observed one of our second grade students and her grandmother walk into the tunnel to cross Glendale Blvd. on Clifford Street. She stated that 2 men entered the tunnel shortly after them. She stated that they appeared dirty and disheveled. She feared for their safety and parked her car to wait for them to come out the other side. Luckily, they made it through without incident. We shouldn't have to fear for our students and families. As I've mentioned in previous emails, the Glendale Blvd. tunnel has been designated on our School Safety plan as the safe passage way to St. Theresa's Church and the Tommy Lasorda Dream Field, our evacuation centers. I don't feel very safe accompanying our students and staff through a potential biohazard area, riddled with discarded syringes and reeking of urine.

I am concerned for the health and safety of all students and the ability for our families to have safe passages to and from school.

I have sent an email to Assembly member Wendy Carrillo. Who might we refer our concerns about the tunnel to at CalTrans? Please let us know what else we might do.

Thank you for your ongoing support.

During our enforcement we observed several clean up notices posted in the area for cleanups in the near future. Thank you for your continued support and patience. SLO Aispuro and I have made this area a project with outreach, cleanups(through council office) and enforcement. I know that approximately 3 years ago a major clean up and planting of succulents was conducted. I will be seeking the advice of CD #13 for a possible environmental change to location as well. We are trying to think outside of the box.

If you have any questions do not hesitate in reaching out to me or SLO Aispuro. Thank you, gina

Hi Laura,
-

I just wanted to include you on these emails, as we've been reaching out to the city in regards to the growing encampments next to the school.
-

We're encouraging parents to get involved, as I've seen kids having to approach the school on these sidewalks every day. We realize this is a citywide issue, but find this particularly troublesome because of the school and kids. My own family no longer walks down our street or to the library.
-

Thank you!

Hello Gina,

-
Thank you for your response.

-
Are you saying we should call 911 each time we see
these men doing these types of things, drugs, etc?
Sadly, these guys are constantly throwing metal parts
in the street and traffic lanes; and use drugs openly on
a regular basis (within 500ft of a school). In the past

we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

We obviously want to be respectful of police resources, but would like help in dealing with these issues.

EXTERNAL EMAIL: Links/attachments may not be safe.

hello everyone,

I'm adding my tenant Lauren Santos to this thread. She lives at 427 N Commonwealth and wants to get involved with our efforts to clean up our street and the freeway embankment where homeless people trespass daily and have cut through the CalTrans fencing on more than one occasion to pass through from the embankment to our cul-de-sac.

We are constantly having problems. Last week, 3 homeless people decided to throw trash from their shopping carts and our trash cans all over the street and public sidewalk. My elderly neighbor, who walks around the block every day as exercise after her knee surgeries, was afraid to leave her home. They looked like they were planning to camp out there, but I called 911 and they left, then one of them returned until I made him clean up the mess and leave.

A few days ago, there was a FIRE started on the CalTrans embankment (see attached video), near the tent that I notice is STILL THERE even after making CalTrans SERVICE REQUEST (CSR #775789) (see attached screen grab) way back in early November. At that time, CalTrans workers told us they would take care of the request after serving the people in the tent a 3-DAY notice to leave. They are STILL THERE IN THAT TENT, STEALING ELECTRICITY, TAGGING AND STARTING FIRES, 3.5 MONTHS LATER. Actually, if you scroll down you will see that my FIRST request was submitted in September 2019, more than 4 months ago.

THERE IS STILL A HOLE IN THE CALTRANS FENCING, next to 420 Commonwealth, which I HAVE JUST STITCHED UP WITH WIRE FOR THE SECOND TIME.

THERE IS ELECTRICITY BEING STOLEN FROM THE LIGHT POLE ON HOOVER STREET, WHICH IS WIDE OPEN WITH RAW ELECTRIC WIRES - NEAR A SCHOOL AND SOCCER FIELD. (see photos)

WE WANT THIS TENT REMOVED IN THE NEXT TWO WEEKS.
WE WANT THE TRASH ON THE EMBANKMENT REMOVED.

WE WANT THE HOLE IN THE FENCE REPAIRED.

Thank you for your help, please call me with any questions,

Subject: Re: Cal Trans clean up - adding Allison Queen from CalTrans

hello everyone,
thank you for all your hard work on the clean-up under the Hoover bridge on 10/25.
it was unfortunate that the fires up north prevented the City crew from participating.

It's also unfortunate that we still have issues with the encampments under the bridge,
but we all knew that would continue...

I'm writing to check in on the eviction process for the "secret tent" that is on CalTrans property next to my neighbors property at 420 Commonwealth. On the 25th, the amazing CalTrans workers Mike and Darryl told me there would need to be a 3-day eviction posted to that tent, where taggers have set up camp and regularly tagged up my street until I patched the hole in the fence and put a lock on the CalTrans gate (now replaced by Darryl). There is drug activity in that immediate area as well; my neighbor Cecelia found used needles thrown over the fence onto her property, which she runs as a drug rehab, adding extra stress. She has also dealt with fires from illegal extension cords and stolen electricity.

I've attached the new CSR #775789 I just placed with CalTrans. I'm also attaching a map so that we can all be on the same page and get this tent and occupants removed. It's hidden in a corner of a cinderblock wall, so it's easily overlooked.

Please let me know when the eviction notice will be posted and when we can expect the tent to be removed.

thanks again,

We consider this a timely response time according to all the CSRs that we have in cue.

Unfortunately, the date of September 24, 2019 you provided on the two CSRs is not past our timeline for our crews to address an encampment. Our crews can address a CSR sooner, but we don't consider a CSRs in this timeframe delayed. CSRs go into a cue and are addressed in the order in which they are received. Situation Acknowledged. Will be addressed.

Additional Message:

1324312 Dear Citizen, Thank you for your recent submission to the Customer Service Request System. Caltrans appreciates your concern for the California transportation system. The responsible Region Area Superintendent and Supervisor have been notified. Unfortunately, 21 percent of the homeless population in the U.S. resides in California (according to the U.S. Department of Housing and Urban Development). This is not only a Caltrans issue, it is a social concern that requires cooperation between federal, state, and local communities working together to develop long-term solutions. Before the removal of an illegal encampment, a 72-hour notice must be posted at the site. Scheduling and removal may be affected by available resources, safety concerns, and coordination with outside agencies. Caltrans is not a law enforcement agency. If there is an immediate safety concern, please contact your local law enforcement agency. Caltrans Our Mission: Provide a safe, sustainable, integrated and efficient transportation system to enhance California's economy and livability.

California County: Los Angeles

State Highway Route: 101

Nearest Town or City: Los Angeles

Nearest Cross Street: Commonwealth Ave

Mode of Transportation: Walking

Direction of Travel: Northbound

Date & Time Situation Noticed: 2019-09-23 1 pm - 2 pm

Type of Situation: Illegal Encampment

Nature of Situation: numerous homeless encampments under the Hoover Street and Virgil Street bridges. Someone cut CT chain link fence on Commonwealth to access to/from the embankment, where homeless walk from one bridge to the other. There is a large tent & furniture on the embankment next to my neighbor's property, used syringes were found. Homeless and taggers are using the fence hole to access Commonwealth. Extension cords = stolen electricity on Hoover. CT access gate was unlocked and open.

Geographic Location of Situation: Encampments on Hoover & Virgil underpasses under 101 Freeway. Commonwealth Ave cul-de-sac fencing cut and CalTrans access gate left open. A "secret tent" encampment with taggers living inside is located on the embankment but next to my neighbor's (420 Commonwealth) fence, just east of the cul-de-sac and between Commonwealth and Hoover.

More information regarding the parking and driveway...Mitch O'Farrell might recall on the issue of the parking lot as they use to live some crazy criminals living on what it is now Charlie property. Mitch was fundamental and an awesome field deputy who helped remove the criminals and secure the driveway. The landlord back then Mrs Dang or Chang (cannot recall the name) had also tried to steal the parking lot spaces and driveway from the landlord back on the side where my mom lives

Of course they couldn't and thanks to my legal right of her parking space and Mitch, the landlord sold her side of the property in fear of a lawsuit.

Follow up questions / comments from today's call with Juan.

My main concerns remain: hazardous waste as a result of the burned building & trash pile it is now - vandalism / theft of our cars or apartments - blocked access to our property or parking spaces - an escalated altercation with trespassers - a random act of violence by a trespasser.

1. Ron, please provide a written inspection report regarding the safety of the building:
 - Is there asbestos?
 - Are there airborne carcinogens or other health hazardous particles?
 - Are there any other hazardous materials inside the building that could be polluting air, water, ground etc?
2. Who owns the driveway adjacent to our properties and the house of spirits?
 - Trespassers are using this driveway as the primary access point to enter the building
 - Therefore I argue they are trespassing on our rented property
3. Ron, Juan, Please provide in writing the building code explaining what constitutes "securing" the property
 - Fence patches of string and twist ties are ineffective.
 - Regardless of whether or not the owner has met the minimum requirements to secure, what leverage can you create to push back and say it is an inadequate effort?
 - Raise the standard - the owner should repair the fence in a permanent fashion - **blocking any random persons access would go a long way to resolve the majority of issues.**
4. Legal dispute with liquor store tenants
 - Per my understanding, there is a pending legal case between the owner of the building and the tenants who operated the business, which is still on-going.
 - The owner has expressed interest in selling the building - no further concrete information

| Hi Justin,

The schedule with LAPD and Building and Safety will not work for that early tomorrow.

If you would still like to schedule a call for 10am I am available to discuss.

From my observations, yes the open fence in the driveway is the only entry point.

Thanks

Hi Justin,

Thank you for following up.

Are you available to meet on site next Tuesday December 10th at 10am? SLO Paialii has confirmed this time works with her schedule so please let us know if this works for you.

We have spoken with the Property Owner and his realtor about getting the property secured and fixing the fence. Is this the main point of access for people going onto the property?

Please continue to report any illegal activity to LAPD so that they have every incident on file.

I'd like to hear your perspective on our health and safety with the building in this condition.
And with the non-stop break ins.

No exaggeration I have witnessed 25 different people breaking into the building and removing items in the last 60 days.
They leave broken glass, block our drive way with theirs cars, trucks and carts. Our neighbors garage was tagged with spray paint (in 9 years of living here I've never seen this).

Last night we had another person blocking our entire driveway, he initially refused to move until I confronted him. I could not pull my car into the driveway and space I pay for. I called it in once again, the police sent a helicopter and at least two officers, yet...

Tonight just minutes ago two adult males pulled their car into our parking space, got out of their 90s Nissan, put on fake security jackets and one posed as an officer while the other climbed through the fence and into the roof to raid.
I've called the police again and they will get here whenever they arrive.

Tell the property owner to fix the fence. Twist ties aren't going to do it.

Every one of us who lives here is peering out our windows constantly looking for the next questionable person who is coming up here to at best leave a mess for us to clean up and at worst to break into our cars, apartments or vandalize our property.

The word is out in the community that this property is a free for all.

We'll be contacting the local media in the morning to see if they are interested.

Inspector Kidwell will be in touch with an update from Building and Safety regarding some of your other questions.

Please continue to report any trespassing to LAPD, the property owner does have a No Trespass order on file, I have also looped your Senior Lead Officer

Gina Paiallii.

I am available should you want to schedule a call and further discuss.

Thank you for the follow up.

Two additional break ins last night and this evening. They've been reported to non-emergency police dispatch. I reported a third about a week ago. The police are tired of speaking with me. I ask them to add it to on going notes about the property and they say that's all they can do unless a break in is in progress. Even then, they offer nothing in the way of a long term solution.

The fences were never repaired properly by the owner of the building and have been cut back open. The owner used string to tie them back together months ago.

What has the property owner done to show the burned remains are not a health hazard? What do you have to say about our health and safety?

If you're not responsible for helping with a solution, who is?

I have only my emails and phone calls - I don't know what else I can do to improve the situation.

Person blatantly pulling up our driveway to dumpster dive, tonight. Notice the man on the other side of the fence:

Terrible photo of a person rummaging around at 1am with a flashlight, last night:

I responded to Bills email, but I did not replay all.

Our office was in touch with the Property Owner and he is working with Building and Safety to get his property in compliance. The property was still going through the insurance process which is causing most of the delays.

I will follow up with the Department to get an update as well as with the Senior Lead Officer Gina Paiallii, she is familiar with the site and can help with more patrol if there has been an increase in crime activity.

This is was not going to be a fast process to my understanding, but the property owner should secure the site.

Thank you for the follow up. Once I get more information to share I can pass it along.

Mitch, Juan and Ron,
Appreciate the efforts with the recent fencing of the front of House of Spirits parking lot.

Unfortunately the overall situation is unresolved.

What is the fate of the building? Is there a timeline for construction & repair, or demolition?

What steps has the city taken to evaluate the health risks of this exposed burned area nearest to the property which I rent? Carbon, burned PVC, asbestos? Has the building been tested and cleared from these potential health risks? Is there paperwork you can provide me as evidence? The burned odor is still noticeable to us residents even as we approach the 1 year mark.

Additionally, there have been a number of 'break ins' increasing in frequency over the last 4 weeks. I've called the non-emergency police line twice to report people climbing on the roof, drinking, littering and loitering. And this morning, someone brought sheers, cut a hole in the fence on the driveway side and climbed inside the roof, rummaging through trash and debris for who knows what.

What liability does the building owner have to address these issues? Are you holding them to the necessary standards?

Would appreciate an update. It's a target for crime, a potential health risk, and a terrible eye sore that brings our community down the longer it sits. We're approaching 1 year with no resolution or information from you.

Hi Gina, Thanks for the chat. They're called 36 on Echo and here is the website to their management, <http://www.theprimeas.com/prime/home.asp>
You can call any number on there but i called the 213-335-2965 and 951-335-8563 numbers. I spoke to Kizzy Bello, the manager.

As I mentioned, they're the only ones in the neighborhood that start at 7am, everyone else starts around 8.30am. And if you check the Next Door app, many neighbors are frustrated at the continued use of illegal gas leaf blowers and there was discussion in trying to coordinate gardeners in the neighborhood to all come the same day to reduce the noise pollution.

Please let me know what you can find out, thanks for your help. Standing by.

Hi Juan,

Yesterday, I also posted on Nextdoor.com (my post [link](#)) regarding this incident and issues and got responses and some interesting 'links'. (see below)

White car flying up and over Baxter-Alvarado (white car I had mentioned yesterday in the thread below)

I can see, now, they were filming stunts, but I'm wondering how legal and safety set they were. When examining the vids I didn't see any valid road blocks or signs. So, it looks as though it was armature filming taking advantage of our streets, and potentially putting others at unauthorized risk. If this isn't approved, they are still illegally going the wrong way. This could happen at any time, and dangerous to un-expecting drivers or pedestrians.

Still, although this is a *filming incident* there is still regular abusers going up Baxter the wrong way.

Hi Juan,

Attached is some videos I took just this morning that are good examples of the abuse Baxter is taking with 'wrong way' drivers. (I've converted these to low resolution for sending in the email, but I have higher resolution stored *if* needed)

- 20200127_104321.mp4 – showing 2 motorcycles going up the wrong way and actually airborne going over the top. You can see a car crossing the top must before the motorcycle got to the top up and over. DANGEROUS!
- 20200127_104703.mp4 – again the 2 motorcycle going up wrong way while cars are coming down. NUTS!
- 20200127_105326.mp4 – a car nearing the top going the wrong way just missing a car at the top turning down Baxter the other

way.

- 20200127_105326-1.jpg – A still frame from video above showing how close the two cars at the top came to collision.

Also, just before the last video with the car going up, there was a different white car that went racing up, airborne over the top and I could hear a crash of some sort as it landed on the other side. *Sorry, I didn't get that one on video.*

As you can see from these videos, the situation is VERY dangerous for regular drivers, me, and other neighbors that come across Alvarado expecting to turn down one way or the other on 1-way Baxter.

I've also responded to each of your questions below.

Thanks much for you attention and response.

Hi Jeff,

Thanks for the follow up and the update.

Is there a specific time that cars are going the wrong way or is it randomly happening throughout the day?/[Jeff] throughout the day or evening, any time.

If you would like to schedule a call next week to further discuss I can make myself available. [Jeff] Yes, we can set a

time, if you would like.

I see a few things throughout the thread but I want to make sure I understand all the different issues. In general it sounds like an enforcement issue. [Jeff] Yes, it need to be enforced somehow. (The city could probably make a lot of ticket money)

Do you have any suggestions for improvements in regards to the traffic flow? [Jeff] No parking on Alvarado's narrows each side of Baxter would help the cross flow. Caution would still be needed for the nuts coming up the wrong way though.

Tuesday or Wednesday are fairly open. [Jeff] Let us know.. :>)

Thank you again for the follow. I look forward to talking to you soon.

Juan, please read and respond if you may...

I thought you should be aware, there is some recent serious discussion on our Nextdoor.com app. regarding the 1-way down Baxter from Alvarado to Lakeshore and Allesandro. Alarminglly, it seems there are some that think going the wrong way on a 1-way street is an 'option', not necessarily needed to be obeyed. I can't believe it! I still see occasional cars and pickups racing up the wrong way. If you are turning down Baxter from Alvarado and not expecting someone flying up the wrong way, this can be VERY SCARY! I has happened to me several times.

From Nextdoor.com (comments today)

SB said:

I didn't think anyone was paying attention to that new rule. I don't drive much if at all but I still go up it the same way I always used to. I don't think it's necessarily fully a rule, I think it was meant to be interpreted within reason.

SL said:

I also treat one-way street signs as suggestions rather than commands. Those signs seem so exclusionary and mean-spirited. "Hey, you, coming from that direction. You're not welcome here." Kinda hurts my feelings.

Really!! I can't believe licensed drivers are so nuts!

Also on Alvarado the 'No Right Turn 4-7 PM' on Baxter to Allesandro, MOST folks don't pay any attention to this, and turn 'right' going down anyway. However, in their defense, if they do what is correct, continuing on Alvarado going past Baxter to later turn right down one of the new 1-way streets, Alvarado is SO narrow at that point with the parked cars, it is difficult to get through. This is especially difficult if you are coming from the other way into the area as I do to get home. With the 1-ways there are very few ways to get into our hills, as a resident.

Erwin: Also, I think there are enough 1-ways going down, but few to get up. Erwin from Allesandro to Alvarado should be a 1-way UP. Erwin is one of the few streets up, very narrow and can't support 2-way traffic very well. The only other option from Allesandro is up Duane St., going past the school. Not good for the kids?? There is already a lot more traffic on Duane St. because of the 1-way restriction on Baxter.

Is there anything that can be done?? I still can't believe there are folks that think it is OK to go the wrong way on a 1-way street and think it is an 'option'.

Another GOOD comment from Nextdoor.com states:

KL said:

It's legitimate that making Baxter one-way solved one safety problem, but the decision was made quickly based on the WAZE-driven traffic jams and it's media coverage... and so was done too quickly to fully assess the potential impacts. (Not surprisingly, it created other safety issues.)

Right after Baxter (and Cove) were changed, I was told by Juan (our local field rep) from O'Farrell's office that the Councilmember's office was very aware that the Baxter solution could (and likely would) cause different/new issues, and that the solution wasn't yet complete... additional changes would be made necessary, and the office was continuing to monitor.

However, I have left five messages (5) for Juan over as many month and he has not still responded (Perhaps Juan or someone from the office monitors Next Door?)

New Baxter-Change-Based issues I've noticed:

Because it is not possible to enter the neighborhood from Baxter, and because we still have much of the additional WAZE-driven traffic (which originally triggered the concern with Baxter), Lakeshore (north of Cerro Gordo) is now much more heavily trafficked. Like Baxter, it is a sub-standard street... although it is two-way, the narrow street means opposing traffic cannot pass each other... someone has to back up/down the steep curve hill. This wasn't a problem when the street was only locals, but with the increased traffic and the uninformed drivers, it's a mess. I've come upon pairs of cars nose to nose with neither driver willing to back up.

Another issue is that although Lakeshore (south of Cerro Gordo) has a "no through traffic 4-7" sign, and Alvarado at Baxter has a "no right turn 4-7" sign, there is still a steady stream of cars every evening coming up Lakeshore to turn onto Cerro Gordo so that can reach Baxter and make the illegal right turn. The heavy traffic is made tougher on the residents due to the folks illegally coming up Lakeshore very often run the new stop sign at Lakeshore and Cerro Gordo. These are commuters, not locals and they treat this hilly little neighborhood as if it were a highway.

If you have other concerns that have arisen from the Baxter change, please describe them and we'll make a master list and take it to O'Farrell's office.

The increased traffic is a fact of life. But more can be done to mitigate. Anyone who wants to go with me to get answers from our council member (or anyone who has already tried), please let me know.

Subject: Break-ins to steal power and water

Hi Dikran-

Over the last 3 days we have been broken into by the criminal elements of the homeless encampments outside several times. First, they jumped our backyard fence to steal power twice in one day, leading a long extension cord out to their tents adjacent to Shatto Park. Yesterday, they jumped the fence in my front yard and connected a long hose to our water and were stealing water. I went out both times to try to deal with them face to face, and send the message that there is a big serious male living here. Last night they admitted it in a kind of "fuck you " way and pulled their hoses down, and seemed absolutely ready to just keep doing it. They were a group of people who seem to be the ringleaders of the bicycle chop shop in front of Shatto Park, and I assume people of interest in your ongoing criminal investigation.

Obviously, I can't have that. My girlfriend and her 6 year old daughter are scared. What has obviously happened is that total lawlessness has emboldened these people. What can the LAPD do to stop it? It can't just be "get some cameras", which I will do, but this is frankly not a solution. I see it getting worse until the city communicates a change in strategy. Please advise.

Also Juan- I'm not sure why we can't get a community meeting together over the past 2 months. Can you please give us some outlook here?

I just called LAPD reporting that homeless encampment on sidewalk in front of park is blocking the sidewalk.

Same thing happened to my building. Homeless guy on sidewalk near my building ran his wire all the way along sidewalk attaching it to a light of my building he broke into. I was told this while I was at work so I called LAPD twice from work. First time LAPD came out, I guess, got distracted by arresting a homeless friend of the guy who ran the wire. So I called LAPD again no avail. I came home from work and the wire was still there so I called a third time and this time LAPD had him remove the wire and gave me the option of making a citizen's arrest, which I wanted to do so I signed the paperwork and was told I would receive a subpoena by mail but never did. I wanted this Korean homeless heroin addict prosecuted; he's one of the worst here and now he's still on 4th St., the leader of the gang running that bicycle chop shop. Why can't the City and LAPD do something about that chop shop? It's obvious they're recycling stolen bikes. This homeless Korean guy is a heroin addict and used to deal it near my building attracting more homeless addicts to the area; why can't something be done about him?!?! Why can't we just deport him back to South Korea?!?! He doesn't speak English so I bet he overstayed his visa and is here illegally. Why, oh why, is he our problem instead of South Korea's?!?!

Very sorry to hear this. I bet it was someone a part of the homeless encampment in front of park and near your home. Have you called LAPD on them? Also looks like their encampment on the sidewalk doesn't provide enough space for people to walk by on sidewalk. Today I'm calling LAPD on them.

Hi all,
Just wanted to update — this evening we discovered that someone had broken in to our fenced backyard and was stealing power. This obviously makes us feel unsafe; it is also theft.

Juan please give us some sense of the schedule. We are feeling besieged and ignored by the city.

It is time to make a larger meeting if possible, and begin communicating to the City of L.A that this situation cannot stand. I was also told by the police, at the big criminal bust they just had here, that they plan to bring showers to the site soon. I want to understand more what legislation allows this. It is certainly a humane thing to offer, but it may also serve to crystallize the mess out there. I can't imagine that is the position or desire of CD13.

Thanks,

I feel bad for Samantha, her tenants and owner of the building. The homeless people in our area are out of control. Just this morning I saw two of them harass her tenant after he parked his car on S. Westmoreland Ave. and entered his parking garage. One of the homeless

followed him into the garage. The other homeless was on the sidewalk just outside of the garage loudly talking gibberish. Yesterday on Christmas Day I cleaned homeless people mess left on Samantha's property and sidewalk next to it; the mess included human feces and used condom. My building is right next to Samantha's on Westmoreland. This area has devolved into crap, literally crap.

Please note that if flyers are created and distributed this will need to be a much bigger meeting and we would need to coordinate with several City Departments. We will need to schedule a call to discuss before I submit any request for the use of the facilities for a community meeting.

This would also need to be an open meeting to the public and I can see us getting way more than 30 people since this is a very high profile location.

We can work on getting one of the rooms for a neighborhood watch meeting at the Park but would recommend finding a neighbor/property owner who can host.

The meeting will most likely need to be scheduled for mid-January, but I'll need to confirm with LAPD to see what works best with their schedule.

hello everyone,

I'm adding my tenant Lauren Santos to this thread. She lives at 427 N Commonwealth and wants to get involved with our efforts to clean up our street and the freeway embankment where homeless people trespass daily and have cut through the CalTrans fencing on more than one occasion to pass through from the embankment to our cul-de-sac.

We are constantly having problems. Last week, 3 homeless people decided to throw trash from their shopping carts and our trash cans all over the street and public sidewalk. My elderly neighbor, who walks around the block every day as exercise after her knee surgeries, was afraid to leave her home. They looked like they were planning to camp out there, but I called 911 and they left, then one of them returned until I made him clean up the mess and leave.

A few days ago, there was a FIRE started on the CalTrans embankment (see attached video), near the tent that I notice is STILL THERE even after making CalTrans SERVICE REQUEST (CSR #775789) (see attached screen grab) way back in early November. At that time, CalTrans workers told us they would take care of the request after serving the people in the tent a 3-DAY notice to leave. They are STILL THERE IN THAT TENT, STEALING ELECTRICITY, TAGGING AND STARTING FIRES, 3.5 MONTHS LATER. Actually, if you scroll down you will see that my FIRST request was submitted in September 2019, more than 4 months ago.

THERE IS STILL A HOLE IN THE CALTRANS FENCING, next to 420 Commonwealth, which I HAVE JUST STITCHED UP WITH WIRE FOR THE SECOND TIME.

THERE IS ELECTRICITY BEING STOLEN FROM THE LIGHT POLE ON HOOVER STREET, WHICH IS WIDE OPEN WITH RAW ELECTRIC WIRES - NEAR A SCHOOL AND SOCCER FIELD. (see photos)

WE WANT THIS TENT REMOVED IN THE NEXT TWO WEEKS.
WE WANT THE TRASH ON THE EMBANKMENT REMOVED.
WE WANT THE HOLE IN THE FENCE REPAIRED.

Thank you for your help, please call me with any questions,

Subject: Re: Cal Trans clean up - adding Allison Queen from CalTrans

hello everyone,

thank you for all your hard work on the clean-up under the Hoover bridge on 10/25.
it was unfortunate that the fires up north prevented the City crew from participating.

It's also unfortunate that we still have issues with the encampments under the bridge,
but we all knew that would continue...

I'm writing to check in on the eviction process for the "secret tent" that is on CalTrans property next to my neighbors property at 420 Commonwealth. On the 25th, the amazing CalTrans workers Mike and Darryl told me there would need to be a 3-day eviction posted to that tent, where taggers have set up camp and regularly tagged up my street until I patched the hole in the fence and put a lock on the CalTrans gate (now replaced by Darryl). There is drug activity in that immediate area as well; my neighbor Cecelia found used needles thrown over the fence onto her property, which she runs as a drug rehab, adding extra stress. She has also dealt with fires from illegal extension cords and stolen electricity.

I've attached the new CSR #775789 I just placed with CalTrans. I'm also attaching a map so that we can all be on the same page and get this tent and occupants removed. It's hidden in a corner of a cinderblock wall, so it's easily overlooked.

Please let me know when the eviction notice will be posted and when we can expect the tent to be removed.

thanks again,
Carol Cetrone

Good afternoon Ms. Baydsar,

I am coordinating this effort with our team. The date for clean-up of this area is October 25, 2019 to address the location. This date has been established by the city, and Caltrans being a partner in the UHRC, is collaborating on clean-ups lead by the city. I will provide you more details as I receive them. We consider this a timely response time according to all the CSRs that we have in cue.

Unfortunately, the date of September 24, 2019 you provided on the two CSRs is not past our timeline for our crews to address an encampment. Our crews can address a CSR sooner, but we don't consider a CSRs in this timeframe delayed. CSRs go into a cue and are addressed in the order in which they are received.

Please don't hesitate to email or phone me with additional questions or concerns.

Situation Acknowledged. Will be addressed.

Additional Message: 1324312 Dear Citizen, Thank you for your recent submission to the Customer Service Request System. Caltrans appreciates your concern for the California transportation system. The responsible Region Area Superintendent and Supervisor have been notified. Unfortunately, 21 percent of the homeless population in the U.S. resides in California (according to the U.S. Department of Housing and Urban Development). This is not only a Caltrans issue, it is a social concern that requires cooperation between federal, state, and local communities working together to develop long-term solutions. Before the removal of an illegal encampment, a 72-hour notice must be posted at the site. Scheduling and removal may be affected by available resources, safety concerns, and coordination with outside agencies. Caltrans is not a law enforcement agency. If there is an immediate safety concern, please contact your local law enforcement agency. Nearest Town or City: Los Angeles

Nearest Cross Street: Commonwealth Ave

Mode of Transportation: Walking

Direction of Travel: Northbound

Date & Time Situation Noticed: 2019-09-23 1 pm - 2 pm

Type of Situation: Illegal Encampment

Nature of Situation: numerous homeless encampments under the Hoover Street and Virgil Street bridges. Someone cut CT chain link fence on Commonwealth to access to/from the embankment, where homeless walk from one bridge to the other. There is a large tent & furniture on the embankment next to my neighbor's property, used syringes were found. Homeless and taggers are using the fence hole to access Commonwealth. Extension cords = stolen electricity on Hoover. CT access gate was unlocked and open.

Geographic Location of Situation: Encampments on Hoover & Virgil underpasses under 101 Freeway. Commonwealth Ave cul-de-sac fencing cut and CalTrans access gate left open. A "secret tent" encampment with taggers living inside is located on the embankment but next to my neighbor's (420 Commonwealth) fence, just east of the cul-de-sac and between Commonwealth and Hoover.

Subject: Giving Echo Park Lake to the homeless?

Juan,

It appears that the city is going to cede Echo Park Lake to the homeless and allow them to stay there indefinitely. I have read past articles and walked down there today for the protests, so I am up to speed on what the media is saying.

Why is the city allowing 60 people to come in, take over a very expensive piece of property, and demand to be allowed to live there with limited intervention while the city spends taxpayer money just cleaning up after them? Why is there no enforcing the law and instead using the money to have 24/7 patrolling by a pair of park rangers just like the local businesses now have to do? I know everyone is waiting for permanent housing, but it doesn't mean that people should be allowed to destroy property and take over parks to the exclusion of everyone else. If the city agrees to overnight camping, then the entire park will be filled up with tents once the word gets out.

It also is beginning to look like the group that meets in the church basement is actively conspiring against the city and potentially organizing or leaking information about the cleanups to get protesters to show up. I attended a meeting late last fall, and they were a little too outraged and engaged by the cleanup that occurred just before Echo Park Rising. I heard there was a huge turnover in the group, and this group seems to be all about giving up any and all city property including overnight camping in and around Echo Park Lake. Perhaps it is time to have someone start attending their meetings to listen to the "off agenda" topics that come up. The city may need to revoke their charter or endorsement or ask them to change their name if they are getting any type of subsidy from the city and being subversive. An advisory committee should have no part in a group that is actively obstructing the city from doing their job at taxpayer's expense.

Today's cleanup probably did not have any tents removed since they were all standing at 11am unlike the January cleanup where they at least dragged them across the street to the sidewalk in front of the temple. This tells me that the city is giving up ground on actual enforcement here. This is of a concern because I have read the "demands" that have been made by the homeless to be allowed to stay there and be left alone. I couldn't stay to watch, but the previous protest included blocking the city from driving in to load garbage and standing around the few remaining tents and preventing them from being taken down. I can only assume that this one was much more aggressive with all tents left standing, so the encampment wins this round too.

In conclusion, the protesters were allegedly a democratic socialist group, so you are getting a small taste of what life will be like if Bernie Sanders gets elected. Please vote wisely, or you will be hamstrung in your efforts to keep the city clean and paying for the healthcare of the young protester who was smoking in the park and throwing her butts on the ground. I had to laugh at the hypocrisy.

Regards,

Mark

Subject: Martin vs. Boise

Gabrielle,

Gina does not seem to be willing to talk to me about enforcement of no overnight camping at Echo Park Lake, so I am engaging you to ask why the city is giving up the lake to a group of homeless who are demanding to be allowed to stay there without any intervention.

Please explain how Martin vs. Boise prevents the City of Los Angeles from enforcing no overnight camping at Echo Park Lake. The park is closed at night, so this should not be a problem. All of my readings about the case says that it is a very narrow ruling and allows any city to continue to restrict access to public spaces such as parks if they are closed at night and do not allow overnight camping. It also allows cities to perform sweeps and cleanups at their discretion. I can provide you with information on the ruling if you want.

Also, please explain why a group of protesters can block the city from performing a routine cleanup without being arrested. Tax payer money is being wasted while people stand around unable to do their job because of protesters who are ostensibly breaking the law and obstructing the city efforts to safeguard the health and safety of tax paying citizens not to mention allowing them full access to 100% of Echo Park Lake. No tents were taken down on the last attempted cleanup, which is a complete violation of whatever ordinance exists that says that the area needs to be vacated to facilitate the cleanup. Mitch O'Farrell was quoted in media saying that all tents would be removed for the cleanup, so this erodes trust in him and tells me that he is not performing the duties for which he was elected, and he is not electable for another position due to his lack of control of the situation at hand.

The city is giving up Echo Park Lake to the homeless and is not even performing a proper cleanup anymore. Why is this happening? Multiple millions were spent on it to clean it up. Gang injunctions were implemented to safeguard the area. Why is it now being handed over to the homeless?

Thank you,
Mark

Hello Officer Henderson,

I am not sure if you have seen some of the videos below but I wanted to share and see if we can work on another plan of increased enforcement for Baxter Hill?

There was an online posting of a Tesla taking the hill at full speed with over 6 million views, neighbors are fearing more copy cats might be coming to the hill.

Please let me know if you have a few minutes to connect.

I have included the link for the story the Eastsider covered.

Hi Juan,

Yesterday, I also posted on Nextdoor.com (my post [link](#)) regarding this incident and issues and got responses and some interesting 'links'. (see below)

White car flying up and over Baxter-Alvarado (white car I had mentioned yesterday in the thread below)

<https://twitter.com/elonmusk/status/1222025559032713216?s=21>

Cycles flying up and over Baxter-Alvarado

<https://www.instagram.com/p/B71cyc4DT9r/?igshid=1stvzyje764rl>

I can see, now, they were filming stunts, but I'm wondering how legal and safety set they were. When examining the vids I didn't see any valid road blocks or signs. So, it looks as though it was armature filming taking advantage of our streets, and potentially putting others at unauthorized risk. If this isn't approved, they are still illegally going the wrong way. This could happen at any time, and dangerous to un-expecting drivers or pedestrians.

Still, although this is a *filming incident* there is still regular abusers going up Baxter the wrong way.

Hi Juan,

Attached is some videos I took just this morning that are good examples of the abuse Baxter is taking with 'wrong way' drivers. (I've converted these to low resolution for sending in the email, but I have higher resolution stored *if* needed)

- 20200127_104321.mp4 – showing 2 motorcycles going up the wrong way and actually airborne going over the top. You can see a car crossing the top must before the motorcycle got to the top up and over. DANGEROUS!
- 20200127_104703.mp4 – again the 2 motorcycle going up wrong way while cars are coming down. NUTS!
- 20200127_105326.mp4 – a car nearing the top going the wrong way just missing a car at the top turning down Baxter the other way.
- 20200127_105326-1.jpg – A still frame from video above showing how close the two cars at the top came to collision.

Also, just before the last video with the car going up, there was a different white car that went racing up, airborne over the top and I could hear a crash of some sort as it landed on the other side. *Sorry, I didn't get that one on video.*

As you can see from these videos, the situation is VERY dangerous for regular drivers, me, and other neighbors that come across Alvarado expecting to turn down one way or the other on 1-way Baxter.

I've also responded to each of your questions below.

Thanks much for you attention and response.

Hi Jeff,

Thanks for the follow up and the update.

Is there a specific time that cars are going the wrong way or is it randomly happening throughout the day? [Jeff] throughout the day or evening, any time.

If you would like to schedule a call next week to further discuss I can make myself available. [Jeff] Yes, we can set a time, if you would like.

I see a few things throughout the thread but I want to make sure I understand all the different issues. In general it sounds like an enforcement issue. [Jeff] Yes, it need to be enforced somehow. (The city could probably make a lot of ticket money)

Do you have any suggestions for improvements in regards to the traffic flow? [Jeff] No parking on Alvarado's narrows each side of Baxter would help the cross flow. Caution would still be needed for the nuts coming up the wrong way though.

Tuesday or Wednesday are fairly open. [Jeff] Let us know.. :>)

Thank you again for the follow. I look forward to talking to you soon.

Juan, please read and respond if you may...

I thought you should be aware, there is some recent serious discussion on our Nextdoor.com app. regarding the 1-way down Baxter from Alvarado to Lakeshore and Allesandro. Alarminglly, it seems there are some that think going the wrong way on a 1-way street is an 'option', not necessarily needed to be obeyed. I can't believe it! I still see occasional cars and pickups racing up the wrong way. If you are turning down Baxter from Alvarado and not expecting someone flying up the wrong way, this can be VERY SCARY! I has happened to me several times.

From Nextdoor.com (comments today)

SB said:

I didn't think anyone was paying attention to that new rule. I don't drive much if at all but I still go up it the same way I always used to. I don't think it's necessarily fully a rule, I think it was meant to be interpreted within reason.

SL said:

I also treat one-way street signs as suggestions rather than commands. Those signs seem so exclusionary and mean-spirited. "Hey, you, coming from that direction. You're not welcome here." Kinda hurts my feelings.

Really!! I can't believe licensed drivers are so nuts!

Also on Alvarado the '**No Right Turn 4-7 PM**' on Baxter to Allesandro, MOST folks don't pay any attention to this, and turn 'right' going down anyway. However, in their defense, if they do what is correct, continuing on Alvarado going past Baxter to later turn right down one of the new 1-way streets, Alvarado is SO narrow at that point with the parked cars, it is difficult to get through. This is especially difficult if you are coming from the other way into the area as I do to get home. With the 1-ways there are very few ways to get into our hills, as a resident.

Erwin: Also, I think there are enough 1-ways going down, but few to get up. Erwin from Allesandro to Alvarado should be a 1-way UP. Erwin is one of the few streets up, very narrow and can't support 2-way traffic very well. The

only other option from Allesandro is up Duane St., going past the school. Not good for the kids?? There is already a lot more traffic on Duane St. because of the 1-way restriction on Baxter.

Is there anything that can be done?? *I still can't believe there are folks that think it is OK to go the wrong way on a 1-way street and think it is an 'option'.*

Another GOOD comment from Nextdoor.com states:

KL said:

It's legitimate that making Baxter one-way solved one safety problem, but the decision was made quickly based on the WAZE-driven traffic jams and it's media coverage... and so was done too quickly to fully assess the potential impacts. (Not surprisingly, it created other safety issues.)

Right after Baxter (and Cove) where changed, I was told by Juan (our local field rep) from O'Farrell's office that the Councilmember's office was very aware that the Baxter solution could (and likely would) cause different/new issues, and that the solution wasn't yet complete... additional changes would be made necessary, and the office was continuing to monitor.

However, I have left five messages (5) for Juan over as many month and he has not still responded (Perhaps Juan or someone from the office monitors Next Door?)

New Baxter-Change-Based issues I've noticed:

Because it is not possible to enter the neighborhood from Baxter, and because we still have much of the additional WAZE-driven traffic (which originally triggered the concern with Baxter), Lakeshore (north of Cerro Gordo) is now much more heavily trafficked. Like Baxter, it is a sub-standard street... although it is two-way, the narrow street means opposing traffic cannot pass each other... someone has to back up/down the steep curve hill. This wasn't a problem when the street was only locals, but with the increased traffic and the uninformed drivers, it's a mess. I've come upon pairs of cars nose to nose with neither driver willing to back up.

Another issue is that although Lakeshore (south of Cerro Gordo) has a "no through traffic 4-7" sign, and Alvarado at Baxter has a "no right turn 4-7" sign, there is still a steady stream of cars every evening coming up Lakeshore to turn onto Cerro Gordo so that can reach Baxter and make the illegal right turn. The heavy traffic is made tougher on the residents due to the folks illegally coming up Lakeshore very often run the new stop sign at Lakeshore and Cerro Gordo. These are commuters, not locals and they treat this hilly little neighborhood as if it were a highway.

If you have other concerns that have arisen from the Baxter change, please describe them and we'll make a master list and take it to O'Farrell's office.

The increased traffic is a fact of life. But more can be done to mitigate. Anyone who wants to go with me to get answers from our council member (or anyone who has already tried), please let me know.

Hi Ms Queen, on Jan 7th we spoke after our meeting with the 2 State Assembly reps for Wendy Carrillo & Laura Friedman, Juan, a Rep from Councilmember O'Farrell's office, 2 reps from LADOT, business owner & community members. You told me that 5 foot tall 'channelizers' (I believe that's what they're called) would be installed on Glendale Blvd, at the left hand turn arrow headed south & onto Allesandro St. You offered that I speak to an engineer from Cal Trans and I told you that I would like to do that. It's been one month (now Feb 7th) & I have not heard from an engineer. Could you please remind one to call me so we can discuss this. In the past we have had these 'matchsticks', though not at tall, & they were knocked down so that vehicles could continue to make the illegal U Turns to enter the 2 freeway?. Please have someone call me. I am to make a report to my HOA on Monday evening. There is also the outstanding service request words painted on the asphalt at Aaron St, since vehicles block this intersection at the light. Thank you, Elaine LeBoeuf

Same thing happened to my building. Homeless guy on sidewalk near my building ran his wire all the way along sidewalk attaching it to a light of my building he broke into. I was told this while I was at work so I called LAPD twice from work. First time LAPD came out, I guess, got distracted by arresting a homeless friend of the guy who ran the wire. So I called LAPD again no avail. I came home from work and the wire was still there so I called a third time and this time LAPD had him remove the wire and gave me the option of making a citizen's arrest, which I wanted to do so I signed the paperwork and was told I would receive a subpoena by mail but never did. I wanted this Korean homeless heroin addict prosecuted; he's one of the worst here and now he's still on 4th St., the leader of the gang running that bicycle chop shop. Why can't the City and LAPD do something about that chop shop? It's obvious they're recycling stolen bikes. This homeless Korean guy is a heroin addict and used to deal it near my building attracting more homeless addicts to the area; why can't something be done about him?!?! Why can't we just deport him back to South Korea?!?! He doesn't speak English so I bet he overstayed his visa and is here illegally. Why, oh why, is he our problem instead of South Korea's?!?!

Agreed John.

Juan, let's all do that call after 2pm January 2nd. Marrikka and I are free, and I hope we can get you, John and Samantha on the call as well. Please let us know what time works for you Juan.

It is time to make a larger meeting if possible, and begin communicating to the City of LA that this situation cannot stand. I was also told by the police, at the big criminal bust they just had here, that they plan to bring showers to the site soon. I want to understand more what legislation allows this. It is certainly a humane thing to offer, but it may also serve to crystallize the mess out there. I can't imagine that is the position or desire of CD13.

Thanks,
TOM

Everyone, this email is being sent because manager Samantha of Villa Adobe Apartments at 404 Shatto PL wanted to be included. Her building is the large apt building along 4th St. where the bulk of the homeless encampments are. Her building used to be so very nice but now it's completely under siege. I feel bad for Samantha, her tenants and owner of the building. The homeless people in our area are out of control. Just this morning I saw two of them harass her tenant after he parked his car on S. Westmoreland Ave. and entered his parking garage. One of the homeless followed him into the garage. The other homeless was on the sidewalk just outside of the garage loudly talking gibberish. Yesterday on Christmas Day I cleaned homeless people mess left on Samantha's property and sidewalk next to it; the mess included human feces and used condom. My building is right next to Samantha's on Westmoreland. This area has devolved into crap, literally crap.

Hi Marrikka,

Please note that if flyers are created and distributed this will need to be a much bigger meeting and we would need to coordinate with several City Departments. We will need to schedule a call to discuss before I submit any request for the use of the facilities for a community meeting.

This would also need to be an open meeting to the public and I can see us getting way more than 30 people since this is a very high profile location.

I can schedule a call on next Friday or Thursday January 2nd after 11am.

Hi John,

Would you estimate that we would get attendance of about 15 - 20 neighbors?

We can work on getting one of the rooms for a neighborhood watch meeting at the Park but would recommend finding a neighbor/property owner who can host.

The meeting will most likely need to be scheduled for mid-January, but I'll need to confirm with LAPD to see what works best with their schedule.

are), 400 S. Westmoreland Ave., 433 S. Westmoreland Ave. and 434 S. Westmoreland Ave. know and I'm pretty sure all will attend. Also I can let the HOAs of 424 S. Westmoreland Ave. and 456 Shatto PL know and I pretty sure the HOAs or residents will attend. I'm not sure how many total will attend but I think myself and the four apt managers will attend and likely more folks.

Hi Thomas and All,

I wanted to follow up to see if there was a date for the meeting?

If we have an idea of how many people we anticipate will attend I can follow up with Rec and Parks about using one of their community rooms.

I can schedule a call with anyone that wants to discuss putting the meeting together so I can make sure we get all the right people to attend.

I just called LAPD reporting that homeless encampment on sidewalk in front of park is blocking the sidewalk.

Same thing happened to my building. Homeless guy on sidewalk near my building ran his wire all the way along sidewalk attaching it to a light of my building he broke into. I was told this while I was at work so I called LAPD twice from work. First time LAPD came out, I guess, got distracted by arresting a homeless friend of the guy who ran the wire. So I called LAPD again no avail. I came home from work and the wire was still there so I called a third time and this time LAPD had him remove the wire and gave me the option of making a citizen's arrest, which I wanted to do so I signed the paperwork and was told I would receive a subpoena by mail but never did. I wanted this Korean homeless heroin addict prosecuted; he's one of the worst here and now he's still on 4th St., the leader of the gang running that bicycle chop shop. Why can't the City and LAPD do something about that chop shop? It's obvious they're recycling stolen bikes. This homeless Korean guy is a heroin addict and used to deal it near my building attracting more homeless addicts to the area; why can't something be done about him?!?! Why can't we just deport him back to South Korea?!?! He doesn't speak English so I bet he overstayed his visa and is here illegally. Why, oh why, is he our problem instead of South Korea's?!?!

Very sorry to hear this. I bet it was someone a part of the homeless encampment in front of park and near your home. Have you called LAPD on them? Also looks like their encampment on the sidewalk doesn't provide enough space for people to walk by on sidewalk. Today I'm calling LAPD on them.

Hi everyone. I added Esther Suk to this email thread. Esther is the manager of the very nice, large apt building at 400 S. Today she told me four of her tenants are moving out due to the homeless crisis here and wanted to know when our meeting will be. Juan, please arrange a meeting at Shatto Recreation Center and please ask Mitch O'Farrell to attend; I think it's imperative for Mitch to see with his own eyes how our neighborhood is devolving into the untenable.

Hi Marrikka,

Please note that if flyers are created and distributed this will need to be a much bigger meeting and we would need to coordinate with several City Departments. We will need to schedule a call to discuss before I submit any request for the use of the facilities for a community meeting.

This would also need to be an open meeting to the public and I can see us getting way more than 30 people since this is a very high profile location.

I can schedule a call on next Friday or Thursday January 2nd after 11am.

We can work on getting one of the rooms for a neighborhood watch meeting at the Park but would recommend finding a neighbor/property owner who can host.

The meeting will most likely need to be scheduled for mid-January, but I'll need to confirm with LAPD to see what works best with their schedule.

Recently I added two more security cameras because of the crimes and homeless activity. If you're interested in getting cameras, I'll give you contact information of my camera guy, who does good work and price is reasonable.

I just called LAPD reporting that homeless encampment on sidewalk in front of park is blocking the sidewalk.

Same thing happened to my building. Homeless guy on sidewalk near my building ran his wire all the way along sidewalk attaching it to a light of my building he broke into. I was told this while I was at work so I called LAPD twice from work. First time LAPD came out, I guess, got distracted by arresting a homeless friend of the guy who ran the wire. So I called LAPD again no avail. I came home from work and the wire was still there so I called a third time and this time LAPD had him remove the wire and gave me the option of making a citizen's arrest, which I wanted to do so I signed the paperwork and was told I would receive a subpoena by mail but never did. I wanted this Korean homeless heroin addict prosecuted; he's one of the worst here and now he's still on 4th St., the leader of the gang running that bicycle chop shop. Why can't the City and LAPD do something about that chop shop? It's obvious they're recycling stolen bikes. This homeless Korean guy is a heroin addict and used to deal it near my building attracting more homeless addicts to the area; why can't something be done about him?!?! Why can't we just deport him back to South Korea?!?! He doesn't speak English so I bet he overstayed his visa and is here illegally. Why, oh why, is he our problem instead of South Korea's?!?!

Very sorry to hear this. I bet it was someone a part of the homeless encampment in front of park and near your home. Have you called LAPD on them? Also looks like their encampment on the sidewalk doesn't provide enough space for people to walk by on sidewalk. Today I'm calling LAPD on them.

Subject: Re: 383 S Westmoreland: Verbal and physical threats made

I just called LAPD reporting that homeless encampment on sidewalk in front of park is blocking the sidewalk.

Same thing happened to my building. Homeless guy on sidewalk near my building ran his wire all the way along sidewalk attaching it to a light of my building he broke into. I was told this while I was at work so I called LAPD twice from work. First time LAPD came out, I guess, got distracted by arresting a homeless friend of the guy who ran the wire. So I called LAPD again no avail. I came home from work and the wire was still there so I called a third time and this time LAPD had him remove the wire and gave me the option of making a citizen's arrest, which I wanted to do so I signed the paperwork and was told I would receive a subpoena by mail but never did. I wanted this Korean homeless heroin addict prosecuted; he's one of the worst here and now he's still on 4th St., the leader of the gang running that bicycle chop shop. Why can't the City and LAPD do something about that chop shop? It's obvious they're recycling stolen bikes. This homeless Korean guy is a heroin addict and used to deal it near my building attracting more homeless addicts to the area; why can't something be done about him?!?! Why can't we just deport him back to South Korea?!?! He doesn't speak English so I bet he overstayed his visa and is here illegally. Why, oh why, is he our problem instead of South Korea's?!?!

Hi all,
Just wanted to update — this evening we discovered that someone had broken in to our fenced backyard and was stealing power. This obviously makes us feel unsafe; it is also theft.

Juan please give us some sense of the schedule. We are feeling besieged and ignored by the city.

Best,

It is time to make a larger meeting if possible, and begin communicating to the City of LA that this situation cannot stand. I was also told by the police, at the big criminal bust they just had here, that they plan to bring showers to the site soon. I want to understand more what legislation allows this. It is certainly a humane thing to offer, but it may also serve to crystallize the mess out

Everyone, this email is being sent because manager Samantha of Villa Adobe Apartments at 404 Shatto PL wanted to be included. Her building is the large apt building along 4th St. where the bulk of the homeless encampments are. Her building used to be so very nice but now it's completely under siege. I feel bad for Samantha, her tenants and owner of the building. The homeless people in our area are out of control. Just this morning I saw two of them harass her tenant after he parked his car on S. Westmoreland Ave. and entered his parking garage. One of the homeless followed him into the garage. The other homeless was on the sidewalk just outside of the garage loudly talking gibberish. Yesterday on Christmas Day I cleaned homeless people mess left on Samantha's property and sidewalk next to it; the mess included human feces and used condom. My building is right next to Samantha's on Westmoreland. This area has devolved into crap, literally crap.

Hi Ms Queen, on Jan 7th we spoke after our meeting with the 2 State Assembly reps for Wendy Carillo & Laura Friedman, Juan, a Rep from Councilmember O'Farrell's office, 2 reps from LADOT, business owner & community members. You told me that 5 foot tall 'channelizers' (I believe that's what they're called) would be installed on Glendale Blvd, at the left hand turn arrow headed south & onto Allesandro St. You offered that I speak to an engineer from Cal Trans and I told you that I would like to do that. It's been one month (now Feb 7th) & I have not heard from an engineer. Could you please remind one to call me so we can discuss this. In the past we have had these 'matchsticks', though not at tall, & they were knocked down so that vehicles could continue to make the illegal U Turns to enter the 2 freeway?. Please have someone call me. I am to make a report to my HOA on Monday evening. There is also the outstanding service request words painted on the asphalt at Aaron St, since vehicles block this intersection at the light. Thank you, Elaine LeBoeuf

Good Afternoon Gina and Gaby,
I hope you have been doing well!

Our office received a walk in named Rafael Alaniz who lives at 1836 Sunset Blvd. He was calling regarding a nuisance property at 1818 Montana Street.

Mr. Alaniz claimed that one of the individuals at this location stole his truck and crashed it in North Hollywood. He mentioned that a bunch of suspicious individuals (possible gang related) are at this location possible using narcotics. I think the property is currently being sold but people are living at the location. He was having a difficult time reporting it ongoing issue to LAPD. Can we have LAPD reach out to him regarding his concerns with the property.

He can be reached at 213-842-4994 or at 1836sunsetstudios@gmail.com.

Thank you!.

Greetings everyone,

My apologies in advance to our LAPD officers and to Juan who will get this email twice, as a group of parents also looped me in another email chain. I just wanted to share the same information with our neighbors. I am attaching some pictures of some of the encampments that are near Clifford Elementary. I have serious concerns for the welfare and safety of our students and families who walk to school from all directions.

Encampment on Alesandro and Duane Street

Parents and neighbors have informed me that they observed the individuals from the encampment off Alesandro Street walking up and down Duane St. late last night, peeking into cars. I am concerned about their intentions and their close proximity to our school.

Encampments along Berkeley Ave. and Glendale Blvd.

In addition, I spent my morning at The Whole Child Cottages near Gateway Hospital, affiliated with the Los Angeles Homeless Services Authority (LAHSA), which is a Coordinated Entry System (CES). The facility recently opened, providing temporary housing for families who have experienced homelessness, and are transitioning to permanent housing. Clifford is the school of residence for the facility. Families from the cottages who have school-aged children will be walking to Clifford, as most do not have a vehicle and the facility does not provide transportation. The easiest route to take is Effie St. to Lake Shore Ave., then Berkeley Ave. to Glendale Blvd. North. As I drove the route, I saw several things that concerned me. Near the corner of Berkeley Ave. and Lake Shore Ave., the block is littered with trash. As you turn North on Glendale Blvd., families would have to pass approximately 4 tents. These families have been through the trauma of being homeless and shouldn't have to be reminded of their ordeal by walking passed these tents daily.

Clifford Street Tunnel crossing Glendale Blvd.

As my office manager was leaving home from work yesterday at 3:30PM, she observed one of our second grade students and her grandmother walk into the tunnel to cross Glendale Blvd. on Clifford Street. She stated that 2 men entered the tunnel shortly after them. She stated that they appeared dirty and disheveled. She feared for their safety and parked her car to wait for them to come out the other side. Luckily, they made it through without incident. We shouldn't have to fear for our students and families. As

I've mentioned in previous emails, the Glendale Blvd., tunnel has been designated on our School Safety plan as the safe passage way to St. Theresa's Church and the Tommy Lasorda Dream Field, our evacuation centers. I don't feel very safe accompanying our students and staff through a potential biohazard area, riddled with discarded syringes and reeking of urine.

I am concerned for the health and safety of all students and the ability for our families to have safe passages to and from school.

I have sent an email to Assembly member Wendy Carrillo. Who might we refer our concerns about the tunnel to at CalTrans? Please let us know what else we might do.

Thank you for your ongoing support.

Hi Laura,

I just wanted to include you on these emails, as we've been reaching out to the city in regards to the growing encampments next to the school.

We're encouraging parents to get involved, as I've seen kids having to approach the school on these sidewalks every day. We realize this is a citywide issue, but find this particularly troublesome because of the school and kids. My own family no longer walks down our street or to the library.

Thank you!

Hello Gina,

Thank you for your response.

Are you saying we should call 911 each time we see
these men doing these types of things, drugs, etc? Sadly,
these guys are constantly throwing metal parts in the
street and traffic lanes; and use drugs openly on a
regular basis (within 500ft of a school). In the past we
were asked to not call 911, since these issues did not
necessarily rise to the level of emergencies. Do you
think we would have more response this way?

We obviously want to be respectful of police resources,
but would like help in dealing with these issues.

Thanks again for your help!

If Councilmember O'Farrell's schedule is the hold-up let's meet without him. I'm anxious for this to move forward -- the situation continues to deteriorate.

It is time to make a larger meeting if possible, and begin communicating to the City of LA that this situation cannot stand. I was also told by the police, at the big criminal bust they just had here, that they plan to bring showers to the site soon. I want to understand more what legislation allows this. It is certainly a humane thing to offer, but it may also serve to crystallize the mess out there. I can't imagine that is the position or desire of CD13.

I feel bad for Samantha, her tenants and owner of the building. The homeless people in our area are out of control. Just this morning I saw two of them harass her tenant after he parked his car on S. Westmoreland Ave. and entered his parking garage. One of the homeless followed him into the garage. The other homeless was on the sidewalk just outside of the garage loudly talking gibberish. Yesterday on Christmas Day I cleaned homeless people mess left on Samantha's property and sidewalk next to it; the mess included human

feces and used condom. My building is right next to Samantha's on Westmoreland. This area has devolved into crap, literally crap.

Please note that if flyers are created and distributed this will need to be a much bigger meeting and we would need to coordinate with several City Departments. We will need to schedule a call to discuss before I submit any request for the use of the facilities for a community meeting.

This would also need to be an open meeting to the public and I can see us getting way more than 30 people since this is a very high profile location.

I can schedule a call on next Friday or Thursday January 2nd after 11am.

We can work on getting one of the rooms for a neighborhood watch meeting at the Park but would recommend finding a neighbor/property owner who can host.

The meeting will most likely need to be scheduled for mid-January, but I'll need to confirm with LAPD to see what works best with their schedule.

Hi Juan: SLO Aispuro and I went to both locations on Glendale, 2fwy and Allesandro and cited 3 individuals for having their tents up. I am wondering since this is an on-going issue with homeless encamping at location, would a chain link fence be something we can consider? We can place no trespassing signs and enforce trespassing as well. The homeless have totally destroyed the cactus garden that was planned there 3 years ago. Let's talk next week when you get a chance. Juan anything further on the recycling business?

Hello Gina,

Thank you for your response.

Are you saying we should call 911 each time we see these men doing these types of things, drugs, etc? Sadly, these guys are constantly throwing metal parts in the street and traffic lanes; and use drugs openly on a regular basis (within 500ft of a school). In the past we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

We obviously want to be respectful of police resources, but would like help in dealing with these issues.

Thanks again for your help!

Hello Gina,

Thank you for your response.

Are you saying we should call 911 each time we see these men doing these types of things, drugs, etc? Sadly, these guys are constantly throwing metal parts in the street and traffic lanes; and use drugs openly on a

regular basis (within 500ft of a school). In the past we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

We obviously want to be respectful of police resources, but would like help in dealing with these issues.

Thanks again for your help!

Thank you so much for this Anna. We wholeheartedly agree and stand with you 100%, both in concern and frustration. I know the Larchmont Charter location for their middle school grades faces a homeless facility/center where our friends feel utterly helpless at the notion that many of the homeless individuals congregating or living in front of the facility can see directly into the school yard where their daughters are.

We certainly will take part in any efforts to help the situation both with the school and community.

CD13- please advise! Our school experience is at risk and it is a subtle but definite oppressive sight for our kids to have to come face to face with in our neighborhoods as it is, but even more so at their place of instruction. There must be a way to utilize the public walkway stipulation and require these encampments to be at a certain distance from the school.

That means whoever is living there can see our kids when they are in the yard, can communicate with them. This is getting extremely worrisome. How is this ok right next to our school? What can be done, what concrete actions are being taken to solve this?

We just had a meeting, we all took time off work to attend, and things just continue to deteriorate.

I will tell you, if this had been there when we went to look at Clifford there is no way I would have sent my kids there.

This is seriously going to affect the future of our school, and push even more people out of public school and into private and charters, taking more precious resources out of the system.

Dear all,

Let me start by saying I am fully aware that Los Angeles is dealing with a homelessness crisis, and I am by no means vilifying the persons who are suffering in our city. However, the growing encampments right outside of our elementary school are beginning to become very concerning.

We did a community clean up of the open space (the triangle between Glendale and Alessandro) outside Clifford Elementary a couple of years ago, we have had meetings with the councilman's office and local law enforcement at our school, and countless 311 reports and emails and calls have been sent by various parents and community members on the topic. I know principal Gutierrez has put in a lot of work and calls as well. The problem has only continued to worsen.

There are now permanent encampments on both sides of Glendale. The men who reside there are probably fine folks going through a tough time, but nobody knows their identity, and that is worrisome right next door to an elementary school. Their situation is unfair, but it is also unfair for the kids to have to walk through it every day. And it is definitely not great for enrollment in our school. Parents visiting the school and looking at enrolling their child are seeing this as their first impression- it looks like the city does not care about this school or about the area. It would cause me pause if I were in their shoes. I certainly do not see any such encampments a mile up the street outside Ivanhoe Elementary, which is not a title 1 school, and which is in a more affluent neighborhood. It seems the issue is being treated differently here, are Clifford kids are not as valued as Ivanhoe kids?

The community is ready to support any effort to help, to clean up, to provide resources, but we cannot continue to ignore this. This is an elementary school. I have already had to call 911 with my kids in the car when one of the encampment dwellers had fainted/fallen/passed out with his legs in the street at risk of getting run over, we have found syringes under the trees right outside the upper gate of the school, the kids and I walked by a man peeing into the school property through the fence when an additional encampment popped up right outside the school after the summer break.

We need homelessness prevention organizations and city services to come out and provide assistance and services to these folks right away. What is the plan here? What is the 13th doing about this? What is LAUSD doing? We need to work together and make a change. Who is coming out doing outreach to these folks?

I know the councilman is coming to Clifford next week and I will do my best to take off work to attend. I hope these issues can be discussed.

Subject: Re: Update on Clifford Elementary School Encampments

Dear Juan (and all),

Apologies for sounding like a broken record, but the encampment outside the school has now doubled. The entire sidewalk is covered in garbage. There are kids bicycles strewn among the trash. A new tent is right out front with a large barking dog. I can see the whole thing from the school.

That means whoever is living there can see our kids when they are in the yard, can communicate with them. This is getting extremely worrisome. How is this ok right next to our school? What can be done, what concrete actions are being taken to solve this?

We just had a meeting, we all took time off work to attend, and things just continue to deteriorate.

I will tell you, if this had been there when we went to look at Clifford there is no way I would have sent my kids there. This is seriously going to affect the future of our school, and push even more people out of public school and into private and charters, taking more precious resources out of the system.

Can we have another meeting with the senior lead officers Gina and Jessie?

Please advise.

Anna Darr.

Hi Anna,

Thank you for reaching out to our office. This location is and has been on our schedule for services. Please note that does not mean that any one encampment can and will be removed indefinitely.

We have been working with the local neighbors and the school on a lot of their concerns. If you would like to schedule a call to further discuss what we have been doing to address some of the homeless issues and how you can support our efforts not only here, but throughout our District, I can make myself available to schedule a call.

We hope you can attend next week, the Councilmember looks forward to providing some updates from his last visit to Clifford Elementary and as I mentioned, some of our on going efforts to address the homeless crisis within our neighborhoods.

Thank you again for reaching out to our office.

Dear all,

Let me start by saying I am fully aware that Los Angeles is dealing with a homelessness crisis, and I am by no means vilifying the persons who are suffering in our city. However, the growing encampments right outside of our elementary school are beginning to become very concerning.

We did a community clean up of the open space (the triangle between Glendale and Alessandro) outside Clifford Elementary a couple of years ago, we have had meetings with the councilman's office and local law enforcement at our school, and countless 311 reports and emails and calls have been sent by various parents and community members on the topic. I know principal Gutierrez has put in a lot of work and calls as well. The problem has only continued to worsen.

There are now permanent encampments on both sides of Glendale. The men who reside there are probably fine folks going through a tough time, but nobody knows their identity, and that is worrisome right next door to an elementary school. Their situation is unfair, but it is also unfair for the kids to have to walk through it every day. And it is definitely not great for enrollment in our school. Parents visiting the school and looking at

enrolling their child are seeing this as their first impression- it looks like the city does not care about this school or about the area. It would cause me pause if I were in their shoes. I certainly do not see any such encampments a mile up the street outside Ivanhoe Elementary, which is not a title 1 school, and which is in a more affluent neighborhood. It seems the issue is being treated differently here, are Clifford kids are not as valued as Ivanhoe kids?

The community is ready to support any effort to help, to clean up, to provide resources, but we cannot continue to ignore this. This is an elementary school. I have already had to call 911 with my kids in the car when one of the encampment dwellers had fainted/fallen/passed out with his legs in the street at risk of getting run over, we have found syringes under the trees right outside the upper gate of the school, the kids and I walked by a man peeing into the school property through the fence when an additional encampment popped up right outside the school after the summer break.

We need homelessness prevention organizations and city services to come out and provide assistance and services to these folks right away. What is the plan here? What is the 13th doing about this? What is LAUSD doing? We need to work together and make a change. Who is coming out doing outreach to these folks?

I know the councilman is coming to Clifford next week and I will do my best to take off work to attend. I hope these issues can be discussed.

Thank you for listening.

Good Afternoon Officer Paialii,

This is Steve Jaramillo with the Office of Councilmember Mitch O'Farrell, I hope this email finds you well!

Our office received a message regarding a constituent name Celeste Den who lives at 1367 Laveta Terrace in Echo Park. She was reporting an individual that was trespassing on her property. Celeste and her husband woke up at night to find him drunkenly entering their front lawn. On the next day she found a bunch of his items in their property. They just installed some motion sensing lights to help deter further trespassing.

Celeste was inquiring to have LAPD take a report of the incident and further guidance on this matter. She can be reached at 661-755-2241 or celeste.den@gmail.com .

Can you reach out to Mrs Den regarding this matter?

Thanks again!

Hello Gina,

Thank you for your response.

Are you saying we should call 911 each time we see these men doing these types of things, drugs, etc? Sadly, these guys are constantly throwing metal parts in the street and traffic lanes; and use drugs openly on a regular basis (within 500ft of a school). In the past we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

We obviously want to be respectful of police resources, but would like help in dealing with these issues.

Thanks again for your help!

Good morning!

My name is Samantha Son, a property manager at above mentioned property.

I was given your email addresses to contact you in regards to homeless encampment on 4th street right across from the Shatto Recreation Center. Believe me, we are trying so hard to remove these encampment from the street but no results yet. I have been working with LAPD, 311, 13th district councilman's office and even contacted the mayor's office in the past but nothing has been done.

We had couple of community meetings in the past with LAPD, Deputy from 13th district, a lady from DA's office, DOT but nothing.

I also live onsite right at the corner of 4th street and Shatto. I am hearing all the dramas that's going on every single day. Whenever it gets really worse, I called LAPD but they don't come on time.

Other issues with the homeless had been reported to LAPD but they can't really do anything. One time, I had a lady naked taking shower & doing laundry in our guest parking in the fountain. Someone took the pictures and sent to me. I

reported, they came and looked at the pictures and left. They said we need to reported the incident when she was there....I told them she lives on 4th street but nothing...

Please let me know if there's anything I could do to help removing the tents. I could also be reached by phone at 213-480-4848.

Thank you and hope to hear from you!

Officer Ngyen,

I am a property owner and business owner of a laundromat located at 3553 W Temple. I am having a major issue with the homeless / transient population in and around the property. I am looking at all ways to try to better this situation. Would you have time to chat on the phone or meet in person to discuss how we can work together to solve this problem?

I just wanted to let everyone know that this location continues to be a nuisance. Radio calls are constantly being generated for trespass suspects. I was able to contact the manager of the building. A trespass authorization has been signed and will be in effect tomorrow once it is imputed in the system. The owner will have a locksmith on site to fix the broken lock and we will be kicking out all the transients at that location. Alfredo, is it possible to send someone from the clinic at 11 am to see if the transients are patients of yours and give them a warning of the possibility of being transferred. We need to make sure the transients cooperate with us and the rules of your clinic. I will only be on site for approximately an hour. I will need to head back to the station to prepare for an important meeting I have later that day.

Good morning!

My name is Samantha Son, a property manager at above mentioned property.

I was given your email addresses to contact you in regards to homeless encampment on 4th street right across from the Shatto Recreation Center. Believe me, we are trying so hard to remove these encampment from the street but no results yet. I have been working with LAPD, 311, 13th district councilman's office and even contacted the mayor's office in the past but nothing has been done.

We had couple of community meetings in the past with LAPD, Deputy from 13th district, a lady from DA's office, DOT but nothing.

I also live onsite right at the corner of 4th street and Shatto. I am hearing all the dramas that's going on every single day. Whenever it gets really worse, I called LAPD but they don't come on time.

Other issues with the homeless had been reported to LAPD but they can't really do anything. One time, I had a lady naked taking shower & doing laundry in our guest parking in the fountain. Someone took the pictures and sent to me. I reported, they came and looked at the pictures and left. They said we need to reported the incident when she was there....I told them she lives on 4th street but nothing...

Please let me know if there's anything I could do to help removing the tents. I could also be reached by phone at 213-480-4848.

Thank you and hope to hear from you!

Subject: Tent placed on Parkview's Senior Living's parkway by homeless activist Bob, from encampment in Echo Park

Good morning Officer Solorio,

Last Friday around 1:00 pm, Bob from homeless encampment moved a tent to Parkview's corner parkway on Glendale/Montrose. He had tape measure and, and has come across the street several time last week to measure parkway/ sidewalk. The following is the account:

Anthony confronted Bob by asking him to remove tent from property. He then became hostile with Anthony and other Dominique. A few minutes later the security guard came for rounds and attempted to get Bob to move belongings, he refused and became hostile to guard. Police were called and responded in twenty-minutes. Anthony, security guard, and I met with police on the corner. Bob goes into foul-mouthed rage on us, spit on female police officer and then he is cuffed. Officer Solorio was not with us, he was called, but off on Friday. LAPD backed down from a full sweep as promised last Friday. (About ten blue tents remain with homeless activists sympathetically milking media outlets stating, "Echo Park is our park and we will not go!") Two officer's stated that they would not make man remove tent or belongings, because they were afraid doing so would cause them to lose their jobs.

Sgt. Kim showed up and was hesitant to do anything. Bob threaten to "kick my ass" and called a female resident a "fucking bitch and was going to kick her ass." Bob as also shouting, "you want war, we will give you war." Sgt. Kim's response was to contact CD13 and

place a fence around property, and could do nothing about threats. Not the answer the answers needed! We would have hoped LAPD/City wouldn't allow an encampment to be established on parkway, at the front door of a senior living center per the assurances given in the community meeting on Jan 23rd.

While Bob was cuffed, he was shouting how Solorio was his hero and understands. While you are trying to mediate between both sides. You need to encourage lawbreakers to tone it down. These tent activists in the NE corner of park have increasingly become more vocal by cursing and harassing tenants while they are on their balconies. This needs to stop! Residents are fearful to even go out or walk outside!

WE have not gone to the media as Mitch's suggested. WE have tried to keep low-key. However, contacting media remains on the table with a full orchestrated blitz that will show a different story. A story of how seniors, cancer patients, and wounded veterans lives and health are being threaten by lawbreakers.

I would appreciate a call so we could discuss further LAPD's appropriate course of action.

Thanks,

Captain Lopez,

We want to thank you for making 311 training available to our residents of Parkview Senior Living both in English and Spanish. There was an excellent turnout of influencers yesterday. Officer Vargas was an first-rate representative as Community Service Officer of Rampart LAPD. He stayed focused on training amidst the many who wished to side track with personal complaints about homeless. Empathetic, knowledgeable, and available were characteristic of his time. The unified call of this meeting following training, was for more police presence in Park. This is where you can help.

We would like to invite You and Senior Lead Officer Solorio to Mitch O'Farrell's update on homeless in Echo Park. Mitch has confirmed January 23, Thursday, 2:00 PM, Parkview Community Room for a meeting. This will be an opportune time for residents to share their deep concerns about the lack of effective steps in CD 13 and City Hall with the homeless crisis. We have been assured from his Office that Mitch personally will be attending and not just send a field representative.

Your continued leadership and attention to the increasing safety and health hazards of homeless is appreciated. Look forward in working together with you and you team for a better quality of life for all in Echo Park.

Isabella, what is the email for reporting illegal activity in the Park that was shared at the recent Rampart CPAB meeting?

External E-mail. Please exercise caution opening attachments or clicking links.

Hello,
I live in Parkview Living across the street from Echo Park. Yesterday morning during the welcome rain I went out on my balcony to enjoy the view. For months now my view has been spoiled by the scattering of tents from 6 to 33 on any given day.... Except when the park is cleared for film making or cleaning.

How can I tell this story so you understand? How can I tell this story so you will be an advocate for my health and safety ?

While looking out at our impressive skyline and park in the rain I saw a homeless man just standing there next to his tent in the rain, just standing! Until, he remembered he needed to relieve himself and he peed....right there in the rain next to his tent! He zipped his trousers up stood for awhile longer and walked around his tent.

Echo Park is not, IS NOT the answer to our cities homeless crisis! My heart is saddened to see the need. Please remember Parkview residents collect recyclables to raise funds for Laundry Love where we volunteer to help those in need have clean clothes. We are concerned! Concerned for the homeless needs and want solutions to this crisis.

However, our health and safety are being compromised!

We are a building of seniors, several who are retired military men and women, retired teachers, clergy, those who have served and been an advocate in various ways. We care!

PLEASE do what you are doing in the 20 parks we have visited in the area without any tents! We can give you the list of Parks we have visited in District 13 with out tents.

WHY JUST ECHO PARK! ?

Enforce the laws you enforce in other parks. Enforce and move quickly to find solutions. Look at other districts and cities for ideas.

Echo Park IS NOT the solution.

Sincerely,
Dolores DeAngelis
Parkview Living Resident

Subject: Tent placed on Parkview's Senior Living's parkway by homeless activist Bob, from encampment in Echo Park

Good morning Officer Solorio,

Last Friday around 1:00 pm, Bob from homeless encampment moved a tent to Parkview's corner parkway on Glendale/Montrose. He had tape measure and, and has come across the street several time last week to measure parkway/ sidewalk. The following is the account:

Anthony confronted Bob by asking him to remove tent from property. He then became hostile with Anthony and other Dominque. A few minutes later the security guard came for rounds and attempted to get Bob to move belongings, he refused and became hostile to guard. Police were called and responded in twenty-minutes. Anthony, security guard, and I met with police on the corner. Bob goes into foul-mouthed rage on us, spit on female police officer and then he is cuffed. Officer Solorio was not with us, he was called, but off on Friday. LAPD backed down from a full sweep as promised last Friday. (About ten blue tents remain with homeless activists sympathetically milking media outlets stating, "Echo Park is our park and we will not go!") Two officer's stated that they would not make man remove tent or belongings, because they were afraid doing so would cause them to lose their jobs.

Sgt. Kim showed up and was hesitant to do anything. Bob threaten to "kick my ass" and called a female resident a "fucking bitch and was going to kick her ass." Bob as also shouting, "you want war, we will give you war." Sgt. Kim's response was to contact CD13 and place a fence around property, and could do nothing about threats. Not the answer the answers needed! We would have hoped LAPD/City wouldn't allow an encampment to be established on parkway, at the front door of a senior living center per the assurances given in the community meeting on Jan 23rd.

While Bob was cuffed, he was shouting how Solorio was his hero and understands. While you are trying to mediate between both sides. You need to encourage lawbreakers to tone it down. These tent activists in the NE corner of park have increasingly become more vocal by cursing and harassing tenants while they are on their balconies. This needs to stop! Residents are fearful to even go out or walk outside!

WE have not gone to the media as Mitch's suggested. WE have tried to keep low-key. However, contacting media remains on the table with a full orchestrated blitz that will show a different story. A story of how seniors, cancer patients, and wounded veterans lives and health are being threaten by lawbreakers.

I would appreciate a call so we could discuss further LAPD's appropriate course of action.

Thanks,

Captain Lopez,

We want to thank you for making 311 training available to our residents of Parkview Senior Living both in English and Spanish. There was an excellent turnout of influencers yesterday. Officer Vargas was an first-rate representative as Community Service Officer of Rampart LAPD. He stayed focused on training amidst the many who wished to side track with personal complaints about homeless. Empathetic, knowledgeable, and available were characteristic of his time. The unified call of this meeting following training, was for more police presence in Park. This is where you can help.

We would like to invite You and Senior Lead Officer Solorio to Mitch O'Farrell's update on homeless in Echo Park. Mitch has confirmed January 23, Thursday, 2:00 PM, Parkview Community Room for a meeting. This will be an opportune time for residents to share their deep concerns about the lack of effective steps in CD 13 and City Hall with the homeless crisis. We have been assured from his Office that Mitch personally will be attending and not just send a field representative.

Your continued leadership and attention to the increasing safety and health hazards of homeless is appreciated. Look forward in working together with you and you team for a better quality of life for all in Echo Park.

Best regards,

Hello,
I live in Parkview Living across the street from Echo Park. Yesterday morning during the welcome rain I went out on my balcony to enjoy the view. For months now my view has been spoiled by the scattering of tents from 6 to 33 on any given day.... Except when the park is cleared for film making or cleaning.

How can I tell this story so you understand? How can I tell this story so you will be an advocate for my health and safety ?

While looking out at our impressive skyline and park in the rain I saw a homeless man just standing there next to his tent in the rain, just standing! Until, he remembered he needed to relieve himself and he peed...right there in the rain next to his tent! He zipped his trousers up stood for awhile longer and walked around his tent.

Echo Park is not, IS NOT the answer to our cities homeless crisis! My heart is saddened to see the need. Please remember Parkview residents collect recyclables to raise funds for Laundry Love where we volunteer to help those in need have clean clothes. We are concerned! Concerned for the homeless needs and want solutions to this crisis.

However, our health and safety are being compromised!

We are a building of seniors, several who are retired military men and women, retired teachers, clergy, those who have served and been an advocate in various ways. We care!

PLEASE do what you are doing in the 20 parks we have visited in the area without any tents! We can give you the list of Parks we have visited in District 13 with out tents.

WHY JUST ECHO PARK! ?

Enforce the laws you enforce in other parks. Enforce and move quickly to find solutions. Look at other districts and cities for ideas.

Echo Park IS NOT the solution.

Sincerely,
Dolores DeAngelis
Parkview Living Resident

Have you spoken, not emailed, the director at BAART? I walked the neighborhood with him last week. I ran out of time and was not able to show him the rear of the building. I will try and meet up with the director again to see if we can walk to the rear of the building. If the transients keep showing up, please continue to generate radio calls. Hello Officer Garcia and N.P. Knecht,
I'm just following up on this this to see if any progress has been made in trying to remove the people trespassing at 2011 Beverly Blvd? They continue to build new additions to their camp, including night time lighting which I'm assuming is being leached from the property's power. I believe they've also added at least one new full time resident and now multiple visitors are coming and going to the property at all times of day/night.

Besides being in contact with the two of you and Juan at CD13, I've also called non-emergency dispatch when the people are present and visible from the street, contacted the property owner twice, filed two different LADBS complaints, and contacted the BAART clinic to see if they're clinic clients. If there's nothing else that we can do I understand, but do please let me know so I can stop bothering you about it.

Regards,
Spencer

Hi Spencer,

I am looping in SLO Garcia.

I have asked the last two inspectors that went out there to please provide next steps in getting the owner to comply with securing the property. I have not heard back, but they should be back from the holiday break.

Once I get more information to share I will pass it along.

Hello Juan and Officer Hernandez,

I just wanted to follow up on this again because these people have continued to occupy the property at 2011 Beverly and we haven't been able to do anything to get them removed or to get the property re-secured. I've attached some photos/videos for reference.

We've been able to get non-emergency dispatch to talk to them a couple of times, but the patrol officers have essentially told us there is nothing they can do but tell the trespassers to leave unless the owner is present and is the one making the call. Today, they were loitering outside with the security door open and the patrol officers didn't even tell them to leave. They just told the trespassers to go back inside the property and close the door. It's especially problematic because the trespassing parties have keys, so they keep the door locked and most of the time the patrol officers can't access the property so they can't even talk to them.

We've written a letter to the property owner and filed LADBS requests (our first was closed because it got routed to the wrong department, the current request is #463736). Beyond that, I'm not sure what else we can do without additional assistance. Please let me know if there are any other steps we can take to help facilitate the process of securing the property.

Hi Juan,

It's a commercial property, not a residential property, so I reported it as a code violation to LADBS. It's CSR #461577. Note that the security door that they're accessing seems to have an indoor style lock which can be opened and closed from the inside and they re-lock it when they're on the property. So, if you try the door and they're inside, it will likely be locked (i.e., it will seem secure). I've mailed a letter to property owner asking them to have the people removed and to change the lock so people can't climb over the fence and unlock the gate from inside.

If you come by in the morning, I should be around until about 10:00. Feel free to stop by.

Hello Juan and Officer Hernandez,

We recently discovered that a couple of homeless men have managed to get over the fence or somehow otherwise unlock the security door at the Mountain View side of the the empty medical building at 2011 Beverly Blvd and have been camping on the backside of the property. This happened once in the past and it caused a lot of problems, but the property owner was very responsive and put up extra security and barbed wire to keep people out. I'm not sure how these two men managed to get in.

I was going to call the "for lease" number on the building to see if they could let the property owner know, but the sign has been taken down. Are there other steps we can take to notify the owner and motivate them to file a trespass authorization and take further steps to secure the property? We've called non-emergency dispatch, but they haven't been much help.

Let me know if I can provide any additional information.

Regards,
Spencer

Hello Officer Garcia and N.P. Knecht,
I'm just following up on this this to see if any progress has been made in trying to remove the people trespassing at 2011 Beverly Blvd? They continue to build new additions to their camp, including night time lighting which I'm assuming is being leached from the property's power. I believe they've also added at least one new full time resident and now multiple visitors are coming and going to the property at all times of day/night.

Besides being in contact with the two of you and Juan at CD13, I've also called non-emergency dispatch when the people are present and visible from the street, contacted the property owner twice, filed two different LADBS complaints, and contacted the BAART clinic to see if they're clinic clients. If there's nothing else that we can do I understand, but do please let me know so I can stop bothering you about it.

Regards,
Spencer

There is no trespass order on file. I need to reach out to the owners once again with the help of our Neighborhood Prosecutor. I did go onto the property today. There are 2 large tents in the backyard. We contacted one individual named Colin. He was the only one back there. I was unable to determine if this was the same guy who was tampering with the door lock based on the picture. He had no warrants. We advised him that the owner does not want anyone back there. I hope he leaves.

If he is seen back there, please generate a call for service. We will continue to go by when we are able to.

I have looped in our N.P. Kurt Knecht and our Community Resource Specialist Isabella Bolton Torres so they are also aware of the situation. We will reach out to the owner in case they are not aware of the problem.

Just a quick follow up to show you that the guy that's been trespassing is out here right now openly changing the lock on the security door in broad daylight.

Hi Spencer,

I am looping in SLO Garcia.

I have asked the last two inspectors that went out there to please provide next steps in getting the owner to comply with securing the property. I have not heard back, but they should be back from the holiday break.

Once I get more information to share I will pass it along.

Hello Juan and Officer Hernandez,

I just wanted to follow up on this again because these people have continued to occupy the property at 2011 Beverly and we haven't been able to do anything to get them removed or to get the property re-secured. I've attached some photos/videos for reference.

We've been able to get non-emergency dispatch to talk to them a couple of times, but the patrol officers have essentially told us there is nothing they can do but tell the trespassers to leave unless the owner is present and is the one making the call. Today, they were loitering outside with the security door open and the patrol officers didn't even tell them to leave. They just told the trespassers to go back inside the property and close the door. It's especially problematic because the trespassing parties have keys, so they keep the door locked and most of the time the patrol officers can't access the property so they can't even talk to them.

We've written a letter to the property owner and filed LADBS requests (our first was closed because it got routed to the wrong department, the current request is #463736). Beyond that, I'm not sure what else we can do without additional assistance. Please let me know if there are any other steps we can take to help facilitate the process of securing the property.

Spencer Cross

Hi Juan,

It's a commercial property, not a residential property, so I reported it as a code violation to LADBS. It's CSR #461577. Note that the security door that they're accessing seems to have an indoor style lock which can be opened and closed from the inside and they re-lock it when they're on the property. So, if you try the door and they're inside, it will likely be locked (i.e., it will seem secure). I've mailed a letter to property owner asking them to have the people removed and to change the lock so people can't climb over the fence and unlock the gate from inside.

If you come by in the morning, I should be around until about 10:00. Feel free to stop by.

Spencer

This happened once in the past and it caused a lot of problems, but the property owner was very responsive and put up extra security and barbed wire to keep people out. Hi Juan,

Yesterday, I also posted on Nextdoor.com (my post [link](#)) regarding this incident and issues and got responses and some interesting 'links'. (see below)

White car flying up and over Baxter-Alvarado (white car I had mentioned yesterday in the thread below)

<https://twitter.com/elonmusk/status/1220255590327132167?s=21>

Cycles flying up and over Baxter-Alvarado

<https://www.instagram.com/p/871cyc4DT9r/?igshid=1stvzyje764rl>

I can see, now, they were filming stunts, but I'm wondering how legal and safety set they were. When examining the vids I didn't see any valid road blocks or signs. So, it looks as though it was armature filming taking advantage of our streets, and potentially putting others at unauthorized risk. If this isn't approved, they are still illegally going the wrong way. This could happen at any time, and dangerous to un-expecting drivers or pedestrians.

Still, although this is a *filming incident* there is still regular abusers going up Baxter the wrong way.

Hi Juan,

Attached is some videos I took just this morning that are good examples of the abuse Baster is taking with 'wrong way' drivers. (I've converted these to low resolution for sending in the email, but I have higher resolution stored *if* needed)

- 20200127_104321.mp4 – showing 2 motorcycles going up the wrong way and actually airborne going over the top. You can see a car crossing the top must before the motorcycle got to the top up and over. DANGEROUS!
- 20200127_104703.mp4 – again the 2 motorcycle going up wrong way while cars are coming down. NUTS!
- 20200127_105326.mp4 – a car nearing the top going the wrong way just missing a car at the top turning down Baxter the other way.
- 20200127_105326-1.jpg – A still frame from video above showing how close the two cars at the top came to collision.

Also, just before the last video with the car going up, there was a different white car that went racing up, airborne over the top and I could hear a crash of some sort as it landed on the other side. *Sorry, I didn't get that one on video.*

As you can see from these videos, the situation is VERY dangerous for regular drivers, me, and other neighbors that come across Alvarado expecting to turn down one way or the other on 1-way Baxter.

I've also responded to each of your questions below.

Thanks much for you attention and response.

Hi Jeff,

Thanks for the follow up and the update.

Is there a specific time that cars are going the wrong way or is it randomly happening throughout the day? [Jeff] throughout the day or evening, any time.

If you would like to schedule a call next week to further discuss I can make myself available. [Jeff] Yes, we can set a time, if you would like.

I see a few things throughout the thread but I want to make sure I understand all the different issues. In general it sounds like an enforcement issue. [Jeff] Yes, it need to be enforced somehow. (The city could probably make a lot of ticket money)

Do you have any suggestions for improvements in regards to the traffic flow? [Jeff] No parking on Alvarado's narrows each side of Baxter would help the cross flow. Caution would still be needed for the nuts coming up the wrong way though.

Tuesday or Wednesday are fairly open. [Jeff] Let us know.. :>)

Thank you again for the follow. I look forward to talking to you soon.

Juan, please read and respond if you may...

I thought you should be aware, there is some recent serious discussion on our Nextdoor.com app. regarding the 1-way down Baxter from Alvarado to Lakeshore and Allesandro. Alarminglly, it seems there are some that think going the wrong way on a 1-way street is an 'option', not necessarily needed to be obeyed. I can't believe it! I still see occasional cars and pickups racing up the wrong way. If you are turning down Baxter from Alvarado and not expecting someone flying up the wrong way, this can be VERY SCARY! I has happened to me several times.

From Nextdoor.com (comments today)

SB said:

I didn't think anyone was paying attention to that new rule. I don't drive much if at all but I still go up it the same way I always used to. I don't think it's necessarily fully a rule, I think it was meant to be interpreted within reason.

SL said:

I also treat one-way street signs as suggestions rather than commands. Those signs seem so exclusionary and mean-spirited. "Hey, you, coming from that direction. You're not welcome here." Kinda hurts my feelings.

Really!! I can't believe licensed drivers are so nuts!

Also on Alvarado the '**No Right Turn 4-7 PM**' on Baxter to Allesandro, MOST folks don't pay any attention to this, and turn 'right' going down anyway. However, in their defense, if they do what is correct, continuing on Alvarado going past Baxter to later turn right down one of the new 1-way streets, Alvarado is SO narrow at that point with the parked cars, it is difficult to get through. This is especially difficult if you are coming from the other way into the area as I do to get home. With the 1-ways there are very few ways to get into our hills, as a resident.

Erwin: Also, I think there are enough 1-ways going down, but few to get up. Erwin from Allesandro to Alvarado should be a 1-way UP. Erwin is one of the few streets up, very narrow and can't support 2-way traffic very well. The only other option from Allesandro is up Duane St., going past the school. Not good for the kids?? There is already a lot more traffic on Duane St. because of the 1-way restriction on Baxter.

Is there anything that can be done?? I still can't believe there are folks that think it is OK to go the wrong way on a 1-way street and think it is an 'option'.

Another GOOD comment from Nextdoor.com states:

KL said:

It's legitimate that making Baxter one-way solved one safety problem, but the decision was made quickly based on the WAZE-driven traffic jams and it's media coverage... and so was done too quickly to fully assess the potential impacts. (Not surprisingly, it created other safety issues.)

Right after Baxter (and Cove) where changed, I was told by Juan (our local field rep) from O'Farrell's office that the Councilmember's office was very aware that the Baxter solution could (and likely would) cause different/new issues, and that the solution wasn't yet complete... additional changes would be made necessary, and the office was continuing to monitor.

However, I have left five messages (5) for Juan over as many month and he has not still responded (Perhaps Juan or someone from the office monitors Next Door?)

New Baxter-Change-Based issues I've noticed:

Because it is not possible to enter the neighborhood from Baxter, and because we still have much of the additional WAZE-driven traffic (which originally triggered the concern with Baxter), Lakeshore (north of Cerro Gordo) is now much more heavily trafficked. Like Baxter, it is a sub-standard street... although it is two-way, the narrow street means opposing traffic cannot pass each other... someone has to back up/down the steep curve hill. This wasn't a problem when the street was only locals, but with the increased traffic and the uninformed drivers, it's a mess. I've come upon pairs of cars nose to nose with neither driver willing to back up.

Another issue is that although Lakeshore (south of Cerro Gordo) has a "no through traffic 4-7" sign, and Alvarado at Baxter has a "no right turn 4-7" sign, there is still a steady stream of cars every evening coming up Lakeshore to turn onto Cerro Gordo so that can reach Baxter and make the illegal right turn. The heavy traffic is made tougher on the residents due to the folks illegally coming up Lakeshore very often run the new stop sign at Lakeshore and Cerro Gordo. These are commuters, not locals and they treat this hilly little neighborhood as if it were a highway.

If you have other concerns that have arisen from the Baxter change, please describe them and we'll make a master list and take it to O'Farrell's office.

The increased traffic is a fact of life. But more can be done to mitigate. Anyone who wants to go with me to get answers from our council member (or anyone who has already tried), please let me know.

RELEASE: NEXT STEPS FOR HOMELESSNESS OUTREACH AND SERVICES AT ECHO PARK LAKE

ECHO PARK LAKE — The stories we hear from people experiencing homelessness across the City all share one important commonality —the need for more services and housing.

"This crisis is a call to action for all Angelenos," said Councilmember O'Farrell. "As we address this urgent priority to find safe, temporary shelter and permanent housing, we are expanding on some immediate solutions in the Echo Park Lake area."

The first phase of Councilmember O'Farrell's plan to address the situation at Echo Park Lake consists of the following:

- **Conduct a Homeless Connect Day.**
- **Staffing of restroom facilities on the north side of the park, 24 hours per day, seven days a week.**
- **Provide Mobile Hygiene Unit with showers.**
- **Fund a Storage Unit nearby.**
- **Continue Education and Outreach of park rules to all users.**
- **Activate interim emergency shelter in the area.**

Councilmember O'Farrell wants to ensure that all City parks be kept clean, safe, and accessible for people of all ages and income levels.

"I look forward to our continued collaboration on short-term and long-term solutions to help people get back on their feet and live healthy, fulfilling lives," said O'Farrell.

Hi Marrikka,

This location is scheduled for service with the Department of Sanitation.

I still don't have a date and time confirmed for usage of the Rec Center for a meeting that would work with Councilmember O'Farrell's schedule.

Juan, please arrange a meeting at Shatto Recreation Center and please ask Mitch O'Farrell to attend; I think it's imperative for Mitch to see with his own eyes how our neighborhood is devolving into the untenable.

Juan, let's all do that call after 2pm January 2nd. Marrikka and I are free, and I hope we can get you, John and Samantha on the call as well. Please let us know what time works for you Juan.

It is time to make a larger meeting if possible, and begin communicating to the City of LA that this situation cannot stand. I was also told by the police, at the big criminal bust they just had here, that they plan to bring showers to the site soon. I want to understand more what legislation allows this. It is certainly a humane thing to offer, but it may also serve to crystallize the mess out there. I can't imagine that is the position or desire of CD13.

Thanks,
TOM

Everyone, this email is being sent because manager Samantha of Villa Adobe Apartments at 404 Shatto PL wanted to be included. Her building is the large apt building along 4th St. where the bulk of the homeless encampments are. Her building used to be so very nice but now it's completely under siege. I feel bad for Samantha, her tenants and owner of the building. The homeless people in our area are out of control. Just this morning I saw two of them harass her tenant after he parked his car on S. Westmoreland Ave. and entered his parking garage. One of the homeless followed him into the garage. The other homeless was on the sidewalk just outside of the garage loudly talking gibberish. Yesterday on Christmas Day I cleaned homeless people mess left on Samantha's property and sidewalk next to it; the mess included human feces and used condom. My building is right next to Samantha's on Westmoreland. This area has devolved into crap, literally crap.

Hi Marrikka,

Please note that if flyers are created and distributed this will need to be a much bigger meeting and we would need to coordinate with several City Departments. We will need to schedule a call to discuss before I submit any request for the use of the facilities for a community meeting.

This would also need to be an open meeting to the public and I can see us getting way more than 30 people since this is a very high profile location.

I can schedule a call on next Friday or Thursday January 2nd after 11am.

Hi John,

Would you estimate that we would get attendance of about 15 - 20 neighbors?

We can work on getting one of the rooms for a neighborhood watch meeting at the Park but would recommend finding a neighbor/property owner who can host.

The meeting will most likely need to be scheduled for mid-January, but I'll need to confirm with LAPD to see what works best with their schedule.

Agreed John.

Juan, let's all do that call after 2pm January 2nd. Marrikka and I are free, and I hope we can get you, John and Samantha on the call as well. Please let us know what time works for you Juan.

It is time to make a larger meeting if possible, and begin communicating to the City of LA that this situation cannot stand. I was also told by the police, at the big criminal bust they just had here, that they plan to bring showers to the site soon. I want to understand more what legislation allows this. It is certainly a humane thing to offer, but it may also serve to crystallize the mess out there. I can't imagine that is the position or desire of CD13.

Thanks,
TOM

Hey Jeanne and Marisol,

I just want to give you a heads up, I just called the LAPD non emergency number to report an individual that was trying to get into all the vehicles in the back of our office. We have footage of the individual and provided the LAPD with a description of the individual and his whereabouts.

This individual did managed to get into someone's vehicle who was parked in a Pilatas spot. He opened the back door of this person's vehicle. Fortunately, bystanders around scared him off and the owner of the car did not find anything missing.

I just wanted to let know and it serves as a friendly reminder to always lock your doors.

"CRS Torres spoke with Capt. Willis and the LAFD Arson Section (213) 893-9800. The arson section representative said there was a "smoke scare" on 12/30/19 at 1500 hours on Riverside Dr./Alessandro (not in the park). The incident number for this brush fire is #0986 (Station #56 responded). There was a rubbish fire on 12/31 on Los Feliz/5 fwy at 1500 hours. LAFD labeled the incident "No Incident Found". The incident number is #0957. The brush fire on 12/30 seems more like the incident that the constituent described."

The fire was not in the park.

Hi Captain Torres,

It is my understanding that "Skateboard Steve" has returned to the neighborhood, more specifically camping out in Elysian Park. If he can't be jailed on trespassing, grand theft, drug use in a public park (and leaving behind exposed needles for the public), then I'm hopeful that fire season/high winds will reinforce the need to get him out of there.

Thank you for yours and the rangers' continued help in the matter.

I appreciate you and the other rangers' continued support in removing him from the park as the neighborhood's rash of petty and grand theft (of bikes, security cameras, laptops) may actually see a decline. His abuse of the system and poor choices could see him or someone else killed during one of his robberies.

The area is a Very High Fire Hazard Severity Zone by ordinance which makes the encampment in a Restricted Entry area. I expect that our sign has been vandalized or stolen by now. We will replace it.

Juan,

Thank you for taking the time to discuss the issue above and my case (LAPD DR: 191104291). A neighbor who wishes to

remain anonymous (screenshot of email, attached) and lives on Modjeska is familiar with mohawked "Skateboard Steve," who he identified in the video which I posted on NextDoor. I recognize him as he skates up and down Allesandro Street regularly. He was probably the same thief who stole \$15k of bikes back in May from our property (before cameras :/). Six months later and after the cameras, a thief returns(?) specifically for bike(s) when he stole mine. He could very well be the reason why bike theft is high in this neighborhood and given that he won't serve time, I'd like to see him "relocated" and will help in any way possible.

Photos of his encampment in Elysian Park are attached. In the high res photos, we saw miscellaneous items and a laptop but sadly no bicycle, else I would have called LAPD to assist in recovery. The photos should give you an idea of how developed his compound is, which is visible from Riverside while looking up from the basketball courts.

Thanks again for starting the conversation and listening to me. I thanked Olga (Officer Lowe) for listening as well. I will be more than happy to help in any way I can. The feeling of being helpless in my own home/property while people are allowed the right to loot it when I am at work is a terrible feeling to have. My cell in case I can help with anything - (323) 482-4770.

The main culprit has set up a camp again and bring in lots of trash. He also makes a lot of hammering noises when he's building his abode. A little while ago, I observed him sleeping there.

Hi Anna,

Thank you for reaching out to our office. This location is and has been on our schedule for services. Please note that does not mean that any one encampment can and will be removed indefinitely.

We have been working with the local neighbors and the school on a lot of their concerns. If you would like to schedule a call to further discuss what we have been trying to address some of the homeless issues and how you can support our efforts not only here, but throughout our District, I can make myself available to schedule a call.

We hope you can attend next week, the Councilmember looks forward to providing some updates from his last visit to Clifford Elementary and as I mentioned, some of our on going efforts to address the homeless crisis within our neighborhoods.

Thank you again for reaching out to our office.

Dear all,

Let me start by saying I am fully aware that Los Angeles is dealing with a homelessness crisis, and I am by no means vilifying the persons who are suffering in our city. However, the growing encampments right outside of our elementary school are beginning to become very concerning.

We did a community clean up of the open space (the triangle between Glendale and Alessandro) outside Clifford Elementary a couple of years ago, we have had meetings with the councilman's office and local law enforcement at our school, and countless 311 reports and emails and calls have been sent by various parents and community members on the topic. I know principal Gutierrez has put in a lot of work and calls as well. The problem has only continued to worsen.

There are now permanent encampments on both sides of Glendale. The men who reside there are probably fine folks going through a tough time, but nobody knows their identity, and that is worrisome right next door to an elementary school. Their situation is unfair, but it is also unfair for the kids to have to walk through it every day. And it is definitely not great for enrollment in our school. Parents visiting the school and looking at enrolling their child are seeing this as their first impression- it looks like the city does not care about this school or about the area. It would cause me pause if I were in their shoes. I certainly do not see any such encampments a mile up the street outside Ivanhoe Elementary, which is not a title 1 school, and which is in a more affluent neighborhood. It seems the issue is being treated differently here, are Clifford kids are not as valued as Ivanhoe kids?

The community is ready to support any effort to help, to clean up, to provide resources, but we cannot continue to ignore this. This is an elementary school. I have already had to call 911 with my kids in the car when one of the encampment dwellers had fainted/fallen/passed out with his legs in the street at risk of getting run over, we have found syringes under the trees right outside the upper gate of the school, the kids and I walked by a man peeing into the school property through the fence when an additional encampment popped up right outside the school after the summer break.

We need homelessness prevention organizations and city services to come out and provide assistance and services to these folks right away. What is the plan here? What is the 13th doing about this? What is LAUSD doing? We need to work together and make a change. Who is coming out doing outreach to these folks?

I know the councilman is coming to Clifford next week and I will do my best to take off work to attend. I hope these issues can be discussed.

Thank you for listening.

Hi everyone!

The encampment on Glendale Blvd. does seem to have grown larger since we've returned from our Winter break. Ms. Cho and I were talking about them this morning. I put in a graffiti removal request today for the utility boxes near the corner, by the Spain Restaurant.

I know Juan Fregoso and Councilperson O'Farrell himself will be at Clifford a week from today, Thurs., Jan. 23 at 8:00AM. If your schedule allows, please come to our meeting so you can share concerns with them in person. Our council office and our LAPD Senior Lead Officer Gina Paialii have always been super responsive to our concerns, so I anticipate having a productive dialogue. I'll also inform our neighbors who continue to be vigilant and report concerns to me, as well.

Hope to see you then!

Hello Anna,
Thank you for your email. My colleague Juan Fregoso is the field deputy for Clifford Elementary School and he is working with the Principal and the parents on this matter. You are correct that the City of Los Angeles and the County of LA is dealing with a chronic homeless crisis. It is the county under the LA Homeless Service Authority that is outreaching to people in the encampments on a monthly basis. Our office is not ignoring the problem. I am glad to hear that Councilmember O'Farrell is going to visit the school soon. He needs support from parents like you because there are advocates speaking with a very loud voice that do not want to see cleanups of any kind. They protest at our office and at

his home whenever they think we are going to clean up an encampment whether it is near a school or in a park. Your support is needed.

I am on board with you 100%!

To add to your efforts- I have had good communications with Sylvan- cc'ed here- who dispatches clean up crews in the District who I hope will chime in on this concern. It is by no means going anywhere but keeping things contained and solution oriented for the sake of the children and families is a reasonable request and something I know our family is committed to, and an issue for us to remain consistent on.

I will be at the meeting next week- can we please make sure, as Anna asked, that we have it on the agenda- I know Mitch usually has his time blocked out carefully for topics.

Thank you for your email Anna!

Hey Jeanne and Marisol,

I just want to give you a heads up, I just called the LAPD non emergency number to report an individual that was trying to get into all the vehicles in the back of our office. We have footage of the individual and provided the LAPD with a description of the individual and his whereabouts.

This individual did managed to get into someone's vehicle who was parked in a Pilatas spot. He opened the back door of this person's vehicle. Fortunately, bystanders around scared him off and the owner of the car did not find anything missing.

I just wanted to let know and it serves as a friendly reminder to always lock your doors.

Hi Rosalinda,

Thanks for reaching out.

Do you have a picture and exact address you can share?

If it's on private property, we will need to work with Building and Safety to make sure the property owner is in compliance.

Dear Olympic Team,

It has come to my attention that there is a family from Arkansas currently living on our streets at 4th and Shatto (In front of the Sizzler on 4th) in a red and white tent. Detective Lopez (Juveniles) and I (Detective Wong/Autos) made contact with the family at the request of DCA Andrew Said (Neighborhood Prosecutor). The family has been in California for three months. Both parents are unemployed. The mother claims to be a certified nursing assistant. The family recently moved her from Anaheim. The family indicated they would like to go to Fort Smith, Arkansas. They could be reached at (323) 679-7898. The child (10 years old) and is currently not enrolled in school. DCFS has already been notified by patrol officers.

Good Afternoon Officer Paialii,

This is Steve Jaramillo with the Office of Councilmember Mitch O'Farrell, I hope this email finds you well!

Our office received a message regarding a constituent name Celeste Den who lives at 1367 Laveta Terrace in Echo Park. She was reporting an individual that was trespassing on her property. Celeste and her husband woke up at night to find him drunkenly entering their front lawn. On the next day she found a bunch of his items in their property. They just installed some motion sensing lights to help deter further trespassing.

Celeste was inquiring to have LAPD take a report of the incident and further guidance on this matter. She can be reached at 661-755-2241 or celeste.den@gmail.com.

Can you reach out to Mrs Den regarding this matter?

Thanks again!

It is time to make a larger meeting if possible, and begin communicating to the City of LA that this situation cannot stand. I was also told by the police, at the big criminal bust they just had here, that they plan to bring showers to the site soon. I want to understand more what legislation allows this. It is certainly a humane thing to offer, but it may also serve to crystallize the mess out there. I can't imagine that is the position or desire of CD13.

Everyone, this email is being sent because manager Samantha of Villa Adobe Apartments at 404 Shatto Pl. wanted to be included. Her building is the large apt building along 4th St. where the bulk of the homeless encampments are. Her building used to be so very nice but now it's completely under siege. I feel bad for Samantha, her tenants and owner of the building. The homeless people in our area are out of control. Just this morning I saw two of them harass her tenant after he parked his car on S. Westmoreland Ave. and entered his parking garage. One of the homeless followed him into the garage. The other homeless was on the sidewalk just outside of the garage loudly talking gibberish. Yesterday on Christmas Day I cleaned homeless people mess left on Samantha's property and sidewalk next to it; the mess included human feces and used condom. My building is right next to Samantha's on Westmoreland. This area has devolved into crap, literally crap.

Hi Marrikka,

Please note that if flyers are created and distributed this will need to be a much bigger meeting and we would need to coordinate with several City Departments. We will need to schedule a call to discuss before I submit any request for the use of the facilities for a community meeting.

This would also need to be an open meeting to the public and I can see us getting way more than 30 people since this is a very high profile location.

I can schedule a call on next Friday or Thursday January 2nd after 11am.

We can work on getting one of the rooms for a neighborhood watch meeting at the Park but would recommend finding a neighbor/property owner who can host.

The meeting will most likely need to be scheduled for mid-January, but I'll need to confirm with LAPD to see what

works best with their schedule.

Happy New Year Marisol and Juan!

We have had a fantastic run of a about two months with no encampments over here until 2 nights ago. There is a blue tent set up on the hillside which is city property. Can you please reach out to SLO before this tent becomes permanent? I have not scene any patrol as promised from SLO recently.

It is time to make a larger meeting if possible, and begin communicating to the City of LA that this situation cannot stand. I was also told by the police, at the big criminal bust they just had here, that they plan to bring showers to the site soon. I want to understand more what legislation allows this. It is certainly a humane thing to offer, but it may also serve to crystallize the mess out there. I can't imagine that is the position or desire of CD13.

Everyone, this email is being sent because manager Samantha of Villa Adobe Apartments at 404 Shatto PL wanted to be included. Her building is the large apt building along 4th St. where the bulk of the homeless encampments are. Her building used to be so very nice but now it's completely under siege. I feel bad for Samantha, her tenants and owner of the building. The homeless people in our area are out of control. Just this morning I saw two of them harass her tenant after he parked his car on S. Westmoreland Ave. and entered his parking garage. One of the homeless followed him into the garage. The other homeless was on the sidewalk just outside of the garage loudly talking gibberish. Yesterday on Christmas Day I cleaned homeless people mess left on Samantha's property and sidewalk next to it; the mess included human feces and used condom. My building is right next to Samantha's on Westmoreland. This area has devolved into crap, literally crap.

Hi Marrikka,

Please note that if flyers are created and distributed this will need to be a much bigger meeting and we would need to coordinate with several City Departments. We will need to schedule a call to discuss before I submit any request for the use of the facilities for a community meeting.

This would also need to be an open meeting to the public and I can see us getting way more than 30 people since this is a very high profile location.

I can schedule a call on next Friday or Thursday January 2nd after 11am.

We can work on getting one of the rooms for a neighborhood watch meeting at the Park but would recommend finding a neighbor/property owner who can host.

The meeting will most likely need to be scheduled for mid-January, but I'll need to confirm with LAPD to see what works best with their schedule.

There are several threads among the neighbors so if I am delayed in responding to your email please feel free to follow up or give us a call at the office, 213.207.3015.

This location is one of my priority locations for service in North East, but the City is limited in what it can do to prevent anyone from coming back into public property.

This location has been submitted for service again but that does not mean the encampment will be permanently removed nor that it will not come back.

I have looped in Senior Lead Officer Aispuro, he is aware of the encampment but these issues all go through the Unified Homeless Response Center (UHRC).

I'm available to schedule a should you wish to further discuss.

Thank you for the follow up.

Council Member O'Farrell, are you not our elected representatives who's duty it is to respond and react to your constituents concerns? Especially ones concerning the safety of children!? I only just learned of the arson that occurred on the hill by the Little League Field. On top of the mattress fire in the underpass to the walkway to the elementary school earlier this year man made fires in the middle of the city seem to be a recurring threat. That one encampment was cleared out but the same people returned. As Lance says, a daily monitoring would be greatly beneficial.

Please help us protect our neighborhood, before you make our community highly organized to elect new representation.

At one point we discussed getting the dead end removed for more parking and potentially a mini park. In retrospect the mini park would likely be a haven to the encampments. Can we at least remove the dead end and add additional parking? I believe that making that zone feel residential will ward off encampments. As it stands that area is a dead zone.

Hi Juan,

Hope all is well.

I recall from the meeting at Clifford Elementary earlier this year that there are strict ordinances about loitering within 500 feet of a school or playground. Here we have a that is not limited to just loitering, but blatant drug use, indecent exposure and public defecation. Two months ago a tree and a brush adjacent to Tommy Lasorda's Field of Dreams was set on fire requiring the Fire Department to intervene.

As we all start receiving our five figure property tax bills at SL 70, it's hard to rationalize the return on that payment when we see this sort morass from our elected representatives and municipal employees on a persistent threat to the collective safety and well being of the greater community. As we watch various Southern California communities battle fires week after week, it is disheartening to see such indifferent to the cause of a recent nearby fire.

Please advise us as to what we can anticipate from CD13 to address this ongoing problem.

Thanks,

Ollie Zad

Juan,
I write this email respectfully but I'm running out of patience. The homeless encampments around here are growing unbound, as soon as one is removed another one replaces it. Literally a camp was removed a few days ago, the members scattered and returned later that night to smoke what seems to be crack right against my front yard. They regularly block the side walk, do drugs, deprecate within feet of my front door.

Some have been bold enough to bath in my front yard with our hose. I simply cannot accept that the city cannot solve this issue or at least regulate. Encampments, litter, and frequent accidents and nothing has been done.

As a private citizen this is beyond disappointing and gives me low confidence that we are a concern for Mitch O'Farrell. I can appreciate that the city has limited resources but this is basic blocking and tackling, a patrol unit sent at regular intervals would at least keep the homeless people at bay. I mean seriously, imagine waking up daily to homeless shitting in your front yard, smoking crack, using your power outlets and hose. Now imagine that going on for 3 years. It's beyond ridiculous and I'm at my wits end so I'm exploring all legal means to remedy this situation.

We're told file it on 311. Well we've done that 100 times over and the problem repeats. I cannot accept this and I know many neighbors agree. Something absolutely needs to change.

I have a question. I received a complaint about the transient encampment on the hillside on Reservoir St and Glendale Blvd (where we had the cleanup a month ago). Their digging and eroding of the dirt has compromised some of the street above. There is a small sink hole next to the roadway above the hillside. There's even caution tape and a plastic barrier to block it. Is there anything we can do, such as deem that area a danger due to erosion as a pretext to really remove them? I'm going to cite them as much as possible and see if I can arrest them after several citations. I have to discuss it with my city attorney to see what my options are with her. I'm just trying to figure this out because I genuinely see it as a danger. I was out there yesterday and I saw a new set of homeless. I'd appreciate any suggestions on your part.

Hi Lance,

Street Services can move the dead end back. I do not have confirmation that it can fully be removed.

The Department of Transportation will also need to review since it would include additional street parking.

I am meeting with them both the Departments to discuss some of my requests early next year, I'll keep this in my request queue for them to review.

Hi Adam,

I apologize for the delay, this location was scheduled for service last week and our team was out there removing some of the bulky items from the walkway.

There are several threads among the neighbors so if I am delayed in responding to your email please feel free to follow up or give us a call at the office, 213.207.3015.

This location is one of my priority locations for service in North East, but the City is limited in what it can do to prevent

anyone from coming back into public property.

This location has been submitted for service again but that does not mean the encampment will be permanently removed nor that it will not come back.

I have looped in Senior Lead Officer Aispuro, he is aware of the encampment but these issues all go through the Unified Homeless Response Center (UHRC).

I'm available to schedule a should you wish to further discuss.

Thank you for the follow up.

Lance, Ollie, and I have been contacting you guys for days now but we still have not even received the courtesy of a form reply yet.

Council Member O'Farrell, are you not our elected representatives who's duty it is to respond and react to your constituents concerns? Especially ones concerning the safety of children? I only just learned of the arson that occurred on the hill by the Little League Field. On top of the mattress fire in the underpass to the walkway to the elementary school earlier this year man made fires in the middle of the city seem to be a recurring threat. That one encampment was cleared out but the same people returned. As Lance says, a daily monitoring would be greatly beneficial.

Please help us protect our neighborhood, before you make our community highly organized to elect new representation.

Thanks,
Adam

Juan,

Please see the attached videos of the fire that Ollie is referring to. We can add arson to the list of infractions.

Video credits go to Vaedynn and Liam.

At one point we discussed getting the dead end removed for more parking and potentially a mini park. In retrospect the mini park would likely be a haven to the encampments. Can we at least remove the dead end and add additional parking? I believe that making that zone feel residential will ward off encampments. As it stands that area is a dead zone.

Hi Juan,

Hope all is well.

I recall from the meeting at Clifford Elementary earlier this year that there are strict ordinances about loitering within 500 feet of a school or playground. Here we have a that is not limited to just loitering, but blatant drug use, indecent exposure and public defecation. Two months ago a tree and a brush adjacent to Tommy Lasorda's Field of Dreams was set on fire requiring the Fire Department to intervene.

As we all start receiving our five figure property tax bills at SL70, it's hard to rationalize the return on that payment when we see this sort morass from our elected representatives and municipal employees on a persistent threat to the

collective safety and well being of the greater community. As we watch various Southern California communities battle fires week after week, it is disheartening to see such indifference to the cause of a recent nearby fire.

Please advise us as to what we can anticipate from CD13 to address this ongoing problem.

Thanks,

Ollie Zad

Juan,

I write this email respectfully but I'm running out of patience. The homeless encampments around here are growing unbound, as soon as one is removed another one replaces it. Literally a camp was removed a few days ago, the members scattered and returned later that night to smoke what seems to be crack right against my front yard. They regularly block the side walk, do drugs, deprecate within feet of my front door.

Some have been bold enough to bath in my front yard with our hose. I simply cannot accept that the city cannot solve this issue or at least regulate. Encampments, litter, and frequent accidents and nothing has been done.

As a private citizen this is beyond disappointing and gives me low confidence that we are a concern for Mitch O'Farrell. I can appreciate that the city has limited resources but this is basic blocking and tackling, a patrol unit sent at regular intervals would at least keep the homeless people at bay. I mean seriously, imagine waking up daily to homeless shitting in your front yard, smoking crack, using your power outlets and hose. Now imagine that going on for 3 years. It's beyond ridiculous and I'm at my wits end so I'm exploring all legal means to remedy this situation.

We're told file it on 311. Well we've done that 100 times over and the problem repeats. I cannot accept this and I know many neighbors agree. Something absolutely needs to change.

Trespassing on private property, grand theft (x 50? cases), arson on public property...when will enough be enough?

The same person that was removed from the Park before (Steve) has returned to the same location and will keep continuing to steal from the neighborhood to support his drug habit...to what end? If LAFD hadn't responded in time and he burned down the park and the residences surrounding it? If he ups the ante (if he hasn't already), robs a house while on drugs and kills someone?

Hi Captain Torres,

It is my understanding that "Skateboard Steve" has returned to the neighborhood, more specifically camping out in Elysian Park. If he can't be jailed on trespassing, grand theft, drug use in a public park (and leaving behind exposed needles for the public), then I'm hopeful that fire season/high winds will reinforce the need to get him out of there.

Thank you for yours and the rangers' continued help in the matter.

Juan,

Thank you for taking the time to discuss the issue above and my case (LAPD DR: 191104291). A neighbor who wishes to remain anonymous (screenshot of email, attached) and lives on Modjeska is familiar with mohawked "Skateboard Steve," who he identified in the video which I posted on NextDoor. I recognize him as he skates up and down Allesandro Street regularly. He was probably the same thief who stole \$15k of bikes back in May from our property (before cameras :/). Six months later and after the cameras, a thief returns(?) specifically for bike(s) when he stole mine. He could very well be the reason why bike theft is high in this neighborhood and given that he won't serve time, I'd like to see him "relocated" and will help in any way possible.

Photos of his encampment in Elysian Park are attached. In the high res photos, we saw miscellaneous items and a laptop but sadly no bicycle, else I would have called LAPD to assist in recovery. The photos should give you an idea of how developed his compound is, which is visible from Riverside while looking up from the basketball courts.

Thanks again for starting the conversation and listening to me. I thanked Olga (Officer Lowe) for listening as well. I will be more than happy to help in any way I can. The feeling of being helpless in my own home/property while people are allowed the right to loot it when I am at work is a terrible feeling to have. Hcy, Tony.

This is Barry Lank from The Eastsider.

We're doing a story about about a car-share service (<http://getaround.com/>) that has been parking their cars around town to be picked up at convenient spots. A reader from the Silver Lake area pointed out that they have been leaving a a particularly dense cluster of cars near the border with Echo Park - around Sunset and Alvarado.

- * She said your office referred her to the police because it's not legal to use city streets for renting cars. I just wanted to confirm that you said it's not legal.
- * Has anyone else contacted your office about this? Have you received many other complaints?
- * What can residents do if they have this kind of problem?

Thanks.

Hi all,

Our carshare experts have been in meetings, but still have a request out regarding direction to this situation. Just wanted to give you all a heads up in case we have to carry this request over until tomorrow.

Looking forward to sharing the latest when it is available,

Nora

I received a call from a resident on Occidental Blvd. Part of the complaint was the noise entailed in dropping the vehicles off on her street in the early morning hours. I sent the following email from our neighborhood prosecutor. The resident might have assumed it was illegal but I never stated that it was. Only that they should start reporting the noise complaints. This is the email I sent.

I received the following information from our City Attorney Neighborhood Prosecutor Gabrielle Taylor. Please share with your neighbors.

The contact for NELAPD Senior Lead Officer Aispuro is 213-793-0763 or 36072@lapd.online

Neighbors should start making reports for the noise violations and nuisance with Senior Lead Officer Aispuro. I've attached a good hand out for reference as the codes below.

The Police Department is responsible for the enforcement of Noise Ordinance violations involving people-generated or controlled noises—which are considered disturbances of the peace.

The following is a list of Los Angeles Municipal Code (LAMC) sections of the Noise Ordinance and a summary of the elements that constitute a violation:

- 80.36.3 LAMC-Commercial trucks idling near a construction site before 6:30 a.m. (Rubbish trucks exempt see 113.01)
- 112.04 LAMC-Powered equipment and other devices before 7:00 a.m. and after 10:00 p.m.
- 114.01 LAMC-Vehicle repairs before 8:00 a.m. or after 8:00 p.m.
- 114.02 LAMC-Unreasonable operation of a motor vehicle anytime (idling long periods, racing engine, etc., in a residential area)
- 114.03 LAMC-Vehicles loading or unloading before 7:00 a.m. or after 10:00 p.m. within 200 ft of a residence.
- 114.04 LAMC-Audible signaling device operated within residential zone or within 500 ft, heard for a distance greater than 200 ft for any purpose.
- 115.02 LAMC-Amplified sound, loudspeakers, music, etc., including vehicles.
- 116.01 LAMC-Loud, unnecessary, and unusual noise anytime.

Hi Cristi,

Thank you for the follow up.

Do you happen to have a picture you can share of where the individual is staying?

If not I can add this to my field check. If he is still within the park we can follow up with the Rangers to get it scheduled for service.

Hi All,

Yesterday at 4pm LAFD responded to call reporting a fire in Elysian Park off Modjeska. It's the same person I've complained about below and the same fire danger I expressed concerns about back in October, which were never addressed or resolved. Trespassing on private property, grand theft (x 50? cases), arson on public property...when will enough be enough?

The same person that was removed from the Park before (Steve) has returned to the same location and will keep continuing to steal from the neighborhood to support his drug habit...to what end? If LAFD hadn't responded in time and he burned down the park and the residences surrounding it? If he ups the ante (if he hasn't already), robs a house while on drugs and kills someone?

Hi Captain Torres,

It is my understanding that "Skateboard Steve" has returned to the neighborhood, more specifically camping out in Elysian Park. If he can't be jailed on trespassing, grand theft, drug use in a public park (and leaving behind exposed needles for the public), then I'm hopeful that fire season/high winds will reinforce the need to get him out of there.

Thank you for yours and the rangers' continued help in the matter.

Thank you Captain Torres. Back in early January was when he stole the bicycle and I filed the claim. I am in contact with a neighbor on Modjeska; he can keep me posted on "Skateboard Steve's" inevitable return if that information would help you.

I appreciate you and the other rangers' continued support in removing him from the park as the neighborhood's rash of petty and grand theft (of bikes, security cameras, laptops) may actually see a decline. His abuse of the system and poor choices could see him or someone else killed during one of his robberies.

Juan, Cristi,

Thank you for the information and photos. We have arrested, cited, and removed him a few months ago. Although we have cleaned up the majority of bulky items at the encampment in past operations, he returns. We are starting our process again today. Rangers will foot patrol the area and seek contact and determine best course of action.

The area is a Very High Fire Hazard Severity Zone by ordinance which makes the encampment in a Restricted Entry area. I expect that our sign has been vandalized or stolen by now. We will replace it.

Juan,

Thank you for taking the time to discuss the issue above and my case (LAPD DR: 191104291). A neighbor who wishes to remain anonymous (screenshot of email, attached) and lives on Modjeska is familiar with mohawked "Skateboard Steve," who he identified in the video which I posted on NextDoor. I recognize him as he skates up and down Allesandro Street regularly. He was probably the same thief who stole \$15k of bikes back in May from our property (before cameras :/). Six months later and after the cameras, a thief returns(?) specifically for bike(s) when he stole mine. He could very well be the reason why bike theft is high in this neighborhood and given that he won't serve time, I'd like to see him "relocated" and will help in any way possible.

Photos of his encampment in Elysian Park are attached. In the high res photos, we saw miscellaneous items and a laptop but sadly no bicycle, else I would have called LAPD to assist in recovery. The photos should give you an idea of how developed his compound is, which is visible from Riverside while looking up from the basketball courts.

Thanks again for starting the conversation and listening to me. I thanked Olga (Officer Lowe) for listening as well. I will be more than happy to help in any way I can. The feeling of being helpless in my own home/property while people are allowed the right to loot it when I am at work is a terrible feeling to have. My cell in case I can help with anything - (323) 482-4770.

The No U turn sign will be good. I'm just hoping that the 'channelizers' are not those 'match stick' things that have been put up before & just get knocked down. Maybe the engineer can explain it better when he calls me

I received a call from a resident on Occidental Blvd. Part of the complaint was the noise entailed in dropping the vehicles off on her street in the early morning hours. I sent the following email from our neighborhood prosecutor. The resident might have assumed it was illegal but I never stated that it was. Only that they should start reporting the noise complaints. This is the email I sent.

I received the following information from our City Attorney Neighborhood Prosecutor Gabrielle Taylor. Please share with your neighbors.

The contact for NELAPD Senior Lead Officer Aispuro is 213-793-0763 or 36072@lapd.online

Neighbors should start making reports for the noise violations and nuisance with Senior Lead Officer Aispuro. I've attached a good hand out for reference as the codes below.

The Police Department is responsible for the enforcement of Noise Ordinance violations involving people-generated or controlled noises—which are considered disturbances of the peace.

The following is a list of Los Angeles Municipal Code (LAMC) sections of the Noise Ordinance and a summary of the elements that constitute a violation:

- 80.36.3 LAMC-Commercial trucks idling near a construction site before 6:30 a.m. (Rubbish trucks exempt see 113.01)
- 112.04 LAMC-Powered equipment and other devices before 7:00 a.m. and after 10:00 p.m.
- 114.01 LAMC-Vehicle repairs before 8:00 a.m. or after 8:00 p.m.
- 114.02 LAMC-Unreasonable operation of a motor vehicle anytime (idling long periods, racing engine, etc., in a residential area)
- 114.03 LAMC-Vehicles loading or unloading before 7:00 a.m. or after 10:00 p.m. within 200 ft of a residence.
- 114.04 LAMC-Audible signaling device operated within residential zone or within 500 ft, heard for a distance greater than 200 ft for any purpose.
- 115.02 LAMC-Amplified sound, loudspeakers, music, etc., including vehicles.
- 116.01 LAMC-Loud, unnecessary, and unusual noise anytime.

Hey, Tony.

This is Barry Lank from The Eastsider.

We're doing a story about about a car-share service (<http://getaround.com/>) that has been parking their cars around town to be picked up at convenient spots. A reader from the Silver Lake area pointed out that they have been leaving a particularly dense cluster of cars near the border with Echo Park - around Sunset and Alvarado.

- * She said your office referred her to the police because it's not legal to use city streets for renting cars. I just wanted to confirm that you said it's not legal.
- * Has anyone else contacted your office about this? Have you received many other complaints?
- * What can residents do if they have this kind of problem?

Thanks.

Hi Rita,

Thank you for sharing.

I see SLO Paialii has responded regarding your request.

Again, I am sorry to hear what happened, but glad you are okay.

LAPD is your point for your case and they can provide you more information when they have it to share.

Please feel free to reach out to me and SLO Paialii regarding any other quality of life issues that may arise in the area.

First of All Happy New Year. And thank you for your service.

I am very much in need of your attention regarding this individual. I have written a detailed account of robbery/assault that took place on me December 31st, 2019, last Tuesday.

Please note I am included the LAPD Report, my detail of what took place, and three pictures of my assailant. I posted his pictures on the app 'Next Door', and someone said his name is Billy Bosha and that "he has been unhinged for a while now".

Please tell me if anything can or is being done. No detectives have contacted me as of this date.

Again, thank you.

I have spoken to all of the transients. For the most part, they are patients of the methadone clinic. Can you talk to Sylvan to see if we can get some resources to these locations or if not have the HOPE Team contacted to come in and address this area. I have talked to Sgt. Flores. I feel bad for Samantha, her tenants and owner of the building. The homeless people in our area are out of control. Just this morning I saw two of them harass her tenant after he parked his car on S. Westmoreland Ave. and entered his parking garage. One of the homeless followed him into the garage. The other homeless was on the sidewalk just outside of the garage loudly talking gibberish. Yesterday on Christmas Day I cleaned homeless people mess left on Samantha's property and sidewalk next to it; the mess included human feces and used condom. My building is right next to Samantha's on Westmoreland. This area has devolved into crap, literally crap.

I agree with Tom and John that it is vital for Councilmember O'Farrell to be present.

Many thanks,

When we have a meeting set and I take it it'll be at Shatto Recreation Center, I would like us to try to walk there so Juan And Dikran can see for themselves that we can't even use our sidewalks any longer; in fact, I suggest Juan and Dikran park on Westmoreland Ave. try walking over to the rec center themselves. I see families with young children forced to walk on the street because of the encampments.

Juan, let's all do that call after 2pm January 2nd. Marrikka and I are free, and I hope we can get you, John and Samantha on the call as well. Please let us know what time works for you Juan.

It is time to make a larger meeting if possible, and begin communicating to the City of LA that this situation cannot stand. I was also told by the police, at the big criminal bust they just had here, that they plan to bring showers to the site soon. I want to understand more what legislation allows this. It is certainly a humane thing to offer, but it may also serve to crystallize the mess out there. I can't imagine that is the position or desire of CD13.

Thanks,
TOM

Everyone, this email is being sent because manager Samantha of Villa Adobe Apartments at 404 Shatto PL. wanted to be included. Her building is the large apt building along 4th St. where the bulk of the homeless encampments are. Her building used to be so very nice but now it's completely under siege. I feel bad for Samantha, her tenants and owner of the building. The homeless people in our area are out of control. Just this morning I saw two of them harass her tenant after he parked his car on S. Westmoreland Ave. and entered his parking garage. One of the homeless followed him into the garage. The other homeless was on the sidewalk just outside of the garage loudly talking gibberish. Yesterday on Christmas Day I cleaned homeless people mess left on Samantha's property and sidewalk next to it; the mess included human feces and used condom. My building is right next to Samantha's on Westmoreland. This area has devolved into crap, literally crap.

Hi Marrikka,

Please note that if flyers are created and distributed this will need to be a much bigger meeting and we would need to coordinate with several City Departments. We will need to schedule a call to discuss before I submit any request for the use of the facilities for a community meeting.

This would also need to be an open meeting to the public and I can see us getting way more than 30 people since this is a very high profile location.

I can schedule a call on next Friday or Thursday January 2nd after 11am.

Hi John,

Would you estimate that we would get attendance of about 15 - 20 neighbors?

We can work on getting one of the rooms for a neighborhood watch meeting at the Park but would recommend finding a neighbor/property owner who can host.

The meeting will most likely need to be scheduled for mid-January, but I'll need to confirm with LAPD to see what works best with their schedule.

If we have an idea of how many people we anticipate will attend I can follow up with Rec and Parks about using one of their community rooms.

I can schedule a call with anyone that wants to discuss putting the meeting together so I can make sure we get all the right people to attend.

Thanks for getting back to me Juan, and welcome back Officer Garcia. The property has a new owner:
Nationwide Equities LLC
4480 Pacific BLVD.
Vernon, CA

Officer Hernandez said he spoke with them and got a trespass order from them, but I don't know if it ever got filed or followed up on.

Spencer

Hi Spencer,

I am looping in SLO Garcia.

I have asked the last two inspectors that went out there to please provide next steps in getting the owner to comply with securing the property. I have not heard back, but they should be back from the holiday break.

Once I get more information to share I will pass it along.

Hello Juan and Officer Hernandez,
I just wanted to follow up on this again because these people have continued to occupy the property at 2011 Beverly and we haven't been able to do anything to get them removed or to get the property re-secured. I've attached some photos/videos for reference.

We've been able to get non-emergency dispatch to talk to them a couple of times, but the patrol officers have essentially told us there is nothing they can do but tell the trespassers to leave unless the owner is present and is the one making the call. Today, they were loitering outside with the security door open and the patrol officers didn't even tell them to leave. They just told the trespassers to go back inside the property and close the door. It's especially problematic because the trespassing parties have keys, so they keep the door locked and most of the time the patrol officers can't access the property so they can't even talk to them.

We've written a letter to the property owner and filed LADBS requests (our first was closed because it got routed to the wrong department, the current request is #463736). Beyond that, I'm not sure what else we can do without additional assistance. Please let me know if there are any other steps we can take to help facilitate the process of securing the property.

Regards,
Spencer Cross

Hi Juan,
It's a commercial property, not a residential property, so I reported it as a code violation to LADBS. It's CSR #461577. Note that the security door that they're accessing seems to have an indoor style lock which can be opened and closed from the inside and they re-lock it when they're on the property. So, if you try the door and they're inside, it will likely be locked (i.e., it will seem secure). I've mailed a letter to property owner asking them to have the people

removed and to change the lock so people can't climb over the fence and unlock the gate from inside.

If you come by in the morning, I should be around until about 10:00. Feel free to stop by.

Spencer

Hello Juan and Officer Hernandez,

We recently discovered that a couple of homeless men have managed to get over the fence or somehow otherwise unlock the security door at the Mountain View side of the the empty medical building at 2011 Beverly Blvd and have been camping on the backside of the property. This happened once in the past and it caused a lot of problems, but the property owner was very responsive and put up extra security and barbed wire to keep people out. I'm not sure how these two men managed to get in.

I was going to call the "for lease" number on the building to see if they could let the property owner know, but the sign has been taken down. Are there other steps we can take to notify the owner and motivate them to file a trespass authorization and take further steps to secure the property? We've called non-emergency dispatch, but they haven't been much help.

Let me know if I can provide any additional information.

Regards,
Spencer

This is excellent news! Yay!

In the meantime we have spoken to Juan about planting and cleaning up the site. We would like to get the community involved to beautify the area and hopefully prevent more encampments and riff raff. Mitch's office helped organize a site cleanup and beautification a while back and they hosted another event down Alvarado at Clifford Street and it has prevented loitering and camps.

Juan, please let us know how we can make this happen again?

Thanks!

Hello Everyone!

Thank you so much for your vigilance. It looks so much cleaner today. I just wanted to make you aware that I have been offered the Neighborhood School Safety Program (NSSP), a specialized unit within the Los Angeles City Attorney's Office. The main goal of the program is to reduce crime in the neighborhoods surrounding schools. Our program works with other City Attorney Personnel, namely the Neighborhood Prosecutors, community members, and Los Angeles City/County partners to improve the quality of life and safety in neighborhoods where students go to school.

I'll keep you all posted on what this means for the neighborhood!

CAUTION: EXTERNAL EMAIL

Thanks to everyone for your work and vigilance on this.

Gina and Juan— Can I ask the best way for neighbors and parents to follow up on this? When I spoke to the last clean-up crew from the city, they mentioned not doing a "community clean-up" because of all the drug and dangerous material. Is there anything else we can do? Thank you.

Thank you.

However, at least 2 people are active there today, one who's been a frequent hoarder of stolen items on the site and who builds shelters for these items.

He gathers tools and hammers loudly late at night into the middle of the night with his crude structures.

(We had our locked mailbox stolen right off our wall weeks ago, ripping out large anchor bolts.)

Below is his picture.

I submitted another 311 request with pictures of the Glendale Blvd./Allesandro trash/blight.

Hello Baydsar,

Thank you so much Baydsar for reaching out to inquire what we can do to assist Ms. Cetrone. We are happy to attend meetings to discuss strategizing the area. However, our Caltrans maintenance staff are performing according to Caltrans policies and procedures, and are addressing the CSRs in a timely manner.

I am attaching a picture of the site upon the maintenance crew's completion of cleaning the area on February 24, 2020. The pictures Ms. Cetrone sent are after the clean-up was completed. Unfortunately, as Ms. Cetrone inquired, she would need to submit another CSR as she stated the unsheltered persons returned to camp in that area after the crew cleaned the area.

When a Caltrans CSR is processed the statement that goes out to the citizen is quoted and highlighted below.

"Dear Citizen, Thank you for your recent submission to the Customer Service Request System. Caltrans appreciates your concern for the California transportation system. The responsible Region Area Superintendent and Supervisor have been notified. Unfortunately, 21 percent of the homeless population in the U.S. resides in California (according to the U.S. Department of Housing and Urban Development). This is not only a Caltrans issue, it is a social concern that requires cooperation between federal, state, and local communities working together to develop long-term solutions. Before the removal of an illegal encampment, a 72-hour notice must be posted at the site. Scheduling and removal may be affected by available resources, safety concerns, and coordination with outside agencies. Caltrans is not a law enforcement agency. If there is an immediate safety concern, please contact your local law enforcement agency."

The issues that Ms. Cetrone raises are not within Caltrans jurisdiction. I will send her a copy of the cleaned encampment, and let her know that she can submit another CSR. We will continue to address the CSRs in the order in which they come into the system. Please let me know how I can be of further assistance.

Sincerely,

China T. Gerstner, M.A.

Subject: Construction on Lemoyne Street

Dear Juan, it saddens me to always reach out to you when we have a major issue in our neighborhood. Today our neighbors awoke to major construction on our street, which apparently is happening on the 1600 block of Lemoyne Street. The noise, driving disruption and shaking can be felt all up and down our narrow street.

We didn't receive any notice of this work by the Developers or Owners. We believe this deserves attention and a citing.

This is linked to the constant disrespect and neglect happening in this neighborhood. Many of us who own our homes are paying mortgages that are equal to or surpass other neighborhoods across the city. But they do not have to bare the issues of dirt, trash, homeless taking over parks and lack of communication.

Our Echo Park is covered with homeless camps and not sanitary or safe for children, families or runners. No other community would stand for this.

Please don't use the excuse of no affordable housing...people are building constantly here and out of respect for us homeowners we deserve a clean and safe environment.

Please help us with these issues.

Hoping my neighbors weigh in especially about the construction which will cause increasing problems. There should be rules regarding parking, access to the street and trash and communication that need to be addressed immediately.

Attached is a photo from a neighbor of the construction area.

Thanks to all who completed the survey. Based on survey results, it sounds like **Wednesday, February 19 @ 6:30 pm** works best for most, so please let me know if you'll be attending so that I may order the appropriate amount of food for this meeting. Additionally, a majority of you indicated you'd like representatives from the Council office to attend, so I will send invites to both CD 1 and CD 13 (to accommodate all requests, we'll plan to host a few meetings without Council office participation).

I look forward to hearing back from each of you with your RSVP and seeing you in two weeks!

Dear Advisory Committee Members,

I hope all is well and 2020 is off to a great start for each of you. We'd like to schedule an Advisory Committee meeting in the coming weeks and would love your input as to what we ought to place on the agenda. I've included a link below to a survey where you can provide these answers and your preferred meeting date. Please note, this meeting will be hosted at the Stadium (in a quiet room) and we will provide dinner.

- **MORE COVENANTED AFFORDABLE HOUSING:** IN MOST OF THESE NEW PROJECTS THAT ARE BEING BUILT, COVENANTED LOW-INCOME AFFORDABLE HOUSING IS EITHER INCLUDED IN THE PROJECT, OR FUNDING IS ALLOCATED TO PROVIDE IT ELSEWHERE.
- **PREVENTING DISPLACEMENT / HELPING RENTERS:** I SUPPORTED AB1482 (A STATE LAW RECENTLY SIGNED BY THE

GOVERNOR), WHICH CAPS RENT INCREASES TO UP TO 5%, PLUS INFLATION, FOR 10 YEARS, AND CRAFTED AN EMERGENCY MORATORIUM HERE IN THE CITY, TO PROTECT RENTERS FROM UNFAIR RENT HIKE PRIOR TO THE STATE LAW TAKING EFFECT IN JANUARY 2020.

PUBLIC SAFETY

- LAPD HAS A DEDICATED UNIT OF ~60 OFFICERS ASSIGNED SPECIFICALLY TO THIS AREA, KNOWN AS THE “**H.E.D.**” OR “**HOLLYWOOD ENTERTAINMENT DISTRICT**”
- **OFFICER BRIAN WHITE** IS THE SENIOR LEAD OFFICER FOR THE H.E.D, AND YOUR FIRST POINT OF CONTACT AT LAPD
- WITHIN THE H.E.D., THERE IS ALSO A **DEDICATED FOOTBEAT** ASSIGNED MOSTLY TO HOLLYWOOD BLVD AND THE WALK OF FAME. THE FOOTBEAT IS DESIGNED TO ADD A REGULAR PRESENCE TO THE AREA.

- WE ALSO NOW HAVE A NEW TEAM OF **STREET USE INVESTIGATORS** FROM THE CITY'S **BUREAU OF STREET SERVICES**, AS PART OF OUR **HOLLYWOOD WALKABILITY PROGRAM**. THIS PROGRAM FOCUSES ON ALL OBSTRUCTIONS ON THE PUBLIC RIGHT-OF-WAY, AND ENSURING THAT PEOPLE CAN HAVE A SAFE, CLEAR PATH TO WALK DOWN THE SIDEWALK. SO FAR, THIS PROGRAM HAS BEEN VERY SUCCESSFUL, INCLUDING IN THE MOST CONGESTED AREA DOWN NEAR THE CHINESE THEATRE (WHERE OBSTRUCTIONS ARE DOWN BY OVER 80% SINCE THE PROGRAM BEGAN).

HEART OF HOLLYWOOD

- MY OFFICE ALSO DEDICATES ITSELF FULL TIME TO ECONOMIC DEVELOPMENT AND PLACEMAKING IN THE HISTORIC CORE OF HOLLYWOOD, INCLUDING THE WALK OF

FAME AND HOLLYWOOD BLVD ITSELF.
**HOLLYWOOD BLVD SHOULD BE ONE OF
THE WORLD'S GREAT STREETS.**

- WITH THAT IN MIND, NOT ONLY ARE WE WORKING ON THE DAY-TO-DAY ISSUES LIKE HOMELESSNESS, PUBLIC SAFETY, ETC., OUR LONGER-TERM INITIATIVE IS FOCUSED ON **CREATING AN ECOSYSTEM FOR HOLLYWOOD BLVD TO FULFILL ITS DESTINY AS ONE OF THE BEST PLACES IN THE WORLD**
- CENTRAL TO THIS IS THE **WALK OF FAME MASTER PLAN**, WHICH WE ARE WORKING ON RIGHT NOW. THE WALK OF FAME MASTER PLAN WILL INCLUDE A NUMBER OF IDEAS AND STRATEGIES FOR HOW TO **IMPROVE THE EXPERIENCE FOR ALL USERS OF THE WALK OF FAME.**
- A MAJOR PRINCIPLE OF THE WALK OF FAME PROJECT IS DESIGNING FOR **PEOPLE** - MORE PUBLIC SPACE AND AMENITIES LIKE SIDEWALK DINING, AND A

BETTER OVERALL ENVIRONMENT FOR PEDESTRIANS

- LOTS OF DETAILS, ANALYSIS, ETC. NEED TO BE WORKED OUT - BUT WE WANT TO HAVE A CONCEPT THAT UPDATES AND ENHANCES THE WALK OF FAME EXPERIENCE

I hope I covered everything but if not, Sunny and Shawn could provide additional information.

Hi Sgt. Arellano,

Thanks for reaching out and introducing us to Shawn and Sunny.

We'd be happy to meet, or maybe set up a phone call to start off. This week is a little tough but how about Tuesday?

That being said, I do have a few questions to start off:

1. Do you have any renderings and dimensions of this shower that you can share?
2. Is staffing included? If so, how many hours?
3. How much space is required?
4. Do we need any connection to water/sewer lines?
5. Are we thinking somewhere within Council District 13 in Northeast Division?

Best,

Subject: SEW Care Coordination

When: Friday, February 21, 2020 1:00 PM-2:30 PM.

Where: 340 N. Madison Ave. Los Angeles, CA 90004

Hello SEW Providers,

This is a NEW 2020 calendar invite to the bi-monthly SEW Care Coordination meetings, which occur every 1st and 3rd Friday of the month. Care Coordination allows an opportunity for various direct-service providers to discuss specific plans for the most vulnerable participants in the SEW hub. These plans include, but are not limited to, health and mental health assessments/linkages, problem solving, potential placement in any proposed temporary bridge shelters, or permanent housing referrals.

Providers, please come prepared to discuss participants that you are working with, in order to share and collaborate with other providers present. As sensitive participant details will be discussed, we ask that law enforcement and elected officials plan to attend the first 15-20 minutes of this meeting, in order to share information of any individuals who require linkage to the Coordinated Entry System and, or Outreach. The remainder of the meeting will be open to direct-service providers only.

Thank you, and please contact the below SPA 4 Outreach Coordinators with any questions:

GOOD AFTERNOON EVERYONE AND WELCOME TO HOLLYHOCK HOUSE -- THE FIRST UNESCO WORLD HERITAGE SITE IN THE CITY OF LOS ANGELES AND THE FIRST MODERN DESIGNATION IN THE COUNTRY!

ACKNOWLEDGE: CONGRESSMAN ADAM SCHIFF, 28TH CONGRESSIONAL DISTRICT

ACKNOWLEDGE: DANIELLE BRAZELL, GENERAL MANAGER, DEPARTMENT OF CULTURAL AFFAIRS

ACKNOWLEDGE: JEFFREY HERR, CURATOR, HOLLYHOCK HOUSE

LAST SUMMER, MY COLLEAGUES AND I JOINED THE COMMUNITY HERE IN EAST HOLLYWOOD TO CELEBRATE THE DESIGNATION OF HOLLYHOCK HOUSE AS A UNESCO WORLD HERITAGE SITE.

AND TODAY, THIS HISTORIC DESIGNATION WILL BE KNOWN TO ALL VISITORS WHO COME TO THE HOLLYHOCK HOUSE AS WE UNVEIL THE OFFICIAL UNESCO WORLD HERITAGE PLAQUE.

FOR YEARS, THE RESTORATION OF THE HOLLYHOCK HOUSE AND NEIGHBORING 'RESIDENCE A' HAVE ALWAYS BEEN A PRIORITY OF MINE AS A COUNCILMEMBER.

THAT'S WHY, OVER THE LAST SEVEN YEARS, I HAVE IDENTIFIED TENS OF MILLIONS OF DOLLARS IN FUNDING TO HELP ENSURE THAT THE LEGACY OF FRANK LLOYD WRIGHT --AND OF COURSE, ALINE BARNSDALL-- WILL BE SHOWCASED HERE FOR THE WORLD TO ENJOY.

FROM 2008 TO 2014, PROJECT RESTORE MANAGED THE RESTORATION OF HOLLYHOCK HOUSE, CULMINATING IN THE GRAND RE-OPENING IN 2015 THAT FEATURED A WILDLY SUCCESSFUL 'WALK WRIGHT IN' EVENT -- A 24-HOUR, FIRST COME, FIRST SERVED TOUR OF THIS BEAUTIFUL HOUSE.

WORK ON THIS CAMPUS CONTINUES AS MY OFFICE IS COLLABORATING ONCE AGAIN WITH PROJECT RESTORE AS WELL AS THE BUREAU OF ENGINEERING, THE DEPARTMENT OF RECREATION AND PARKS, AND THE DEPARTMENT OF CULTURAL AFFAIRS TO RENOVATE THE OTHER WRIGHT-DESIGNED STRUCTURE KNOWN AS RESIDENCE A.

THE PLAQUE WE'RE UNVEILING TODAY **WHICH IS LOCATED NEXT TO THE VISITOR CENTER** UNDERSCORES WHAT WE

ALREADY KNOW: THIS CAMPUS AND THE FRANK LLOYD WRIGHT STRUCTURES REPRESENT AN UNPARALLELED SYMBOL OF OUR CITY'S CULTURAL HERITAGE AND AN OUTSTANDING CONTRIBUTION TO ARCHITECTURE AND DESIGN ANYWHERE IN THE WORLD!

THANK YOU, AND NOW I WOULD LIKE TO INTRODUCE CONGRESSMAN ADAM SCHIFF TO SAY A FEW WORDS.

SCHIFF SPEAKS

THANK YOU, CONGRESSMAN SCHIFF. NOW, I WOULD LIKE TO INTRODUCE THE GENERAL OF MANAGER OF THE DEPARTMENT OF CULTURAL AFFAIRS, DANIELLE BRAZELL.

BRAZELL SPEAKS

THANK YOU, DANIELLE. AND NOW, THE MOMENT YOU'VE ALL BEEN WAITING FOR. PLEASE FOLLOW US AS WE UNVEIL THE WORLD HERITAGE PLAQUE.

That day and time would work. Please confirm.

Just read Mitch's newsletter and the Eastsider, Parkview residents remains firm, homeless (political groups) should not be allowed to camp in the park. The park must be a safe place for all people... not just the few homeless agitators trying to prove a political point.

Subject: Tent placed on Parkview's Senior Living's parkway by homeless activist Bob, from encampment in Echo Park

Good morning Officer Solorio,

Last Friday around 1:00 pm, Bob from homeless encampment moved a tent to Parkview's corner parkway on Glendale/Montrose. He had tape measure and, and has come across the street several time last week to measure parkway/ sidewalk. The following is the account:

Anthony confronted Bob by asking him to remove tent from property. He then became hostile with Anthony and other Dominique. A few minutes later the security guard came for rounds and attempted to get Bob to move belongings, he refused and became hostile to guard. Police were called and responded in twenty-minutes. Anthony, security guard, and I met with police on the corner. Bob goes into foul-mouthed rage on us, spit on female police officer and then he is cuffed. Officer Solorio was not with us, he was called, but off on Friday. LAPD backed down from a full sweep as promised last Friday. (About ten blue tents remain with homeless activists sympathetically milking media outlets stating, "Echo Park is our park and we will not go!") Two officer's stated that they would not make man remove tent or belongings, because they were afraid doing so would cause them to lose their jobs.

Sgt. Kim showed up and was hesitant to do anything. Bob threaten to "kick my ass" and called a female resident a "foxxing bitch and was going to kick her ass." Bob as also shouting, "you want war, we will give you war." Sgt. Kim's response was to contact

CD13 and place a fence around property, and could do nothing about threats. Not the answer the answers needed! We would have hoped LAPD/City wouldn't allow an encampment to be established on parkway, at the front door of a senior living center per the assurances given in the community meeting on Jan 23rd.

While Bob was cuffed, he was shouting how Solorio was his hero and understands. While you are trying to mediate between both sides. You need to encourage lawbreakers to tone it down. These tent activists in the NE corner of park have increasingly become more vocal by cursing and harassing tenants while they are on their balconies. This needs to stop! Residents are fearful to even go out or walk outside!

WE have not gone to the media as Mitch's suggested. WE have tried to keep low-key. However, contacting media remains on the table with a full orchestrated blitz that will show a different story. A story of how seniors, cancer patients, and wounded veterans lives and health are being threaten by lawbreakers.

I would appreciate a call so we could discuss further LAPD's appropriate course of action.

Thanks,

Captain Lopez,

We want to thank you for making 311 training available to our residents of Parkview Senior Living both in English and Spanish. There was an excellent turnout of influencers yesterday. Officer Vargas was an first-rate representative as Community Service Officer of Rampart LAPD. He stayed focused on training amidst the many who wished to side track with personal complaints about homeless. Empathetic, knowledgeable, and available were characteristic of his time. The unified call of this meeting following training, was for more police presence in Park. This is where you can help.

We would like to invite You and Senior Lead Officer Solorio to Mitch O'Farrell's update on homeless in Echo Park. Mitch has confirmed January 23, Thursday, 2:00 PM, Parkview Community Room for a meeting. This will be an opportune time for residents to share their deep concerns about the lack of effective steps in CD 13 and City Hall with the homeless crisis. We have been assured from his Office that Mitch personally will be attending and not just send a field representative.

Your continued leadership and attention to the increasing safety and health hazards of homeless is appreciated. Look forward in working together with you and you team for a better quality of life for all in Echo Park.

Best regards,

Hello,
I live in Parkview Living across the street from Echo Park. Yesterday morning during the welcome rain I went out on my balcony to enjoy the view. For months now my view has been spoiled by the scattering of tents from 6 to 33 on any given day.... Except when the park is cleared for film making or cleaning.

How can I tell this story so you understand? How can I tell this story so you will be an advocate for my health and safety ?

While looking out at our impressive skyline and park in the rain I saw a homeless man just standing there next to his tent in the rain, just standing! Until, he remembered he needed to relieve himself and he peed...right there in the rain next to his tent! He zipped his trousers up stood for awhile longer and walked around his tent.

Echo Park is not, IS NOT the answer to our cities homeless crisis! My heart is saddened to see the need. Please remember Parkview residents collect recyclables to raise funds for Laundry Love where we volunteer to help those in need have clean clothes. We are concerned! Concerned for the homeless needs and want solutions to this crisis.

However, our health and safety are being compromised!

We are a building of seniors, several who are retired military men and women, retired teachers, clergy, those who have served and been an advocate in various ways. We care!

PLEASE do what you are doing in the 20 parks we have visited in the area without any tents! We can give you the list of Parks we have visited in District 13 with out tents.

WHY JUST ECHO PARK! ?

Enforce the laws you enforce in other parks. Enforce and move quickly to find solutions. Look at other districts and cities for ideas.

Echo Park IS NOT the solution.

Sincerely,
Dolores DeAngelis
Parkview Living Resident

Hi Officer Garcia and NP Knecht,

I'm writing to let you know that at least one of these people has been undeterred in their continuing occupation of the property at 2011 Beverly. It's not clear whether the owner has actually changed the locks, because this person still seems to be able to unlock and open the security door (see the video

here: https://www.dropbox.com/s/i31jv9luzgk7xqw/IMG_5739.MOV?dl=0), and they have definitely not cleaned out the property. And regardless, even when he isn't unlocking the door, he has taken to just climbing over the gate (see the video here: https://www.dropbox.com/s/9ruu9vfdb5gpqgv/IMG_0123.MOV?dl=0), I think he may've removed the razor wire that used to be at the top). We were able to remove the green garbage bin he was using as a step ladder, but that has also not stopped him. Instead, he resorts to dragging the city garbage can or some nearby piece of large debris down from Beverly, or absent that, he'll just shimmy along a tiny ledge on the side of the building that starts at street level at Beverly and brings him right to the top of gate.

In short, the building owner will need to install some kind of improved security that stops people from being able to climb over the gate. And, if the city trashcan at the corner can't be secured to its location, it may be worth considering removing it because this isn't the first time people have used it as a makeshift step ladder to climb over the fences on nearby property.

Lastly, I also wanted to mention that this person has also taken to posting his own "No trespassing" signs. That's not a problem in and of itself, but one in particular is a little concerning because it suggests he has installed traps on the property (photo attached).

Let me know if there's anything I can do to help. I'm also happy to point out the location, etc., of what he's doing if either of you would like to stop by sometime.

Regards,
Spencer Cross

I just wanted to let everyone know that this location continues to be a nuisance. Radio calls are constantly being generated for trespass suspects. I was able to contact the manager of the building. A trespass authorization has been signed and will be in effect tomorrow once it is imputed in the system. The owner will have a locksmith on site to fix the broken lock and we will be kicking out all the transients at that location. Alfredo, is it possible to send someone from the clinic at 11 am to see if the transients are patients of yours and give them a warning of the possibility of being transferred. We need to make sure the transients cooperate with us and the rules of your clinic. I will only be on site for approximately an hour. I was there when the welders came and welded the door shut. I also arrested him the same day for trespassing. Did he break the welds? How old is the video of him going through the door? There is a no trespass authorization on file at the station. If you see him back there, call 911. He might be trying to burglarize the clinic. If he is not and is only trespassing the officers can arrest him. When making the call, please also say that the trespass order is on file at the station.. I will be back the second week of March. Hi Spencer,

I am looping in SLO Garcia.

I have asked the last two inspectors that went out there to please provide next steps in getting the owner to comply with securing the property. I have not heard back, but they should be back from the holiday break.

Once I get more information to share I will pass it along.

Hello Juan and Officer Hernandez,
I just wanted to follow up on this again because these people have continued to occupy the property at 2011 Beverly and we haven't been able to do anything to get them removed or to get the property re-secured. I've

attached some photos/videos for reference.

We've been able to get non-emergency dispatch to talk to them a couple of times, but the patrol officers have essentially told us there is nothing they can do but tell the trespassers to leave unless the owner is present and is the one making the call. Today, they were loitering outside with the security door open and the patrol officers didn't even tell them to leave. They just told the trespassers to go back inside the property and close the door. It's especially problematic because the trespassing parties have keys, so they keep the door locked and most of the time the patrol officers can't access the property so they can't even talk to them.

We've written a letter to the property owner and filed LADBS requests (our first was closed because it got routed to the wrong department, the current request is #463736). Beyond that, I'm not sure what else we can do without additional assistance. Please let me know if there are any other steps we can take to help facilitate the process of securing the property.

Spencer Cross

Hi Juan,

It's a commercial property, not a residential property, so I reported it as a code violation to LADBS. It's CSR #461577. Note that the security door that they're accessing seems to have an indoor style lock which can be opened and closed from the inside and they re-lock it when they're on the property. So, if you try the door and they're inside, it will likely be locked (i.e., it will seem secure). I've mailed a letter to property owner asking them to have the people removed and to change the lock so people can't climb over the fence and unlock the gate from inside.

If you come by in the morning, I should be around until about 10:00. Feel free to stop by.

Hello Juan and Officer Hernandez,

We recently discovered that a couple of homeless men have managed to get over the fence or somehow otherwise unlock the security door at the Mountain View side of the the empty medical building at 2011 Beverly Blvd and have been camping on the backside of the property. This happened once in the past and it caused a lot of problems, but the property owner was very responsive and put up extra security and barbed wire to keep people out. I'm not sure how these two men managed to get in.

I was going to call the "for lease" number on the building to see if they could let the property owner know, but the sign has been taken down. Are there other steps we can take to notify the owner and motivate them to file a trespass authorization and take further steps to secure the property? We've called non-emergency dispatch, but they haven't been much help.

Let me know if I can provide any additional information.

Spencer

Especially concerning is that we have a school nearby and children are often put in dangerous situations with this traffic. Let's finally get an action plan! Recent construction at the corners of Aaron and Clifford streets at Glendale Blvd will be causing even more traffic issues. Happy to work with all of you in helping to alleviate some of these issues & help our community.

Subject: once again: Cal Trans clean up - adding Allison Queen from CalTrans

hello everyone,

I'm adding my tenant Lauren Santos to this thread. She lives at 427 N Commonwealth and wants to get involved with our efforts to clean up our street and the freeway embankment where homeless people trespass daily and have cut through the CalTrans fencing on more than one occasion to pass through from the embankment to our cul-de-sac.

We are constantly having problems. Last week, 3 homeless people decided to throw trash from their shopping carts and our trash cans all over the street and public sidewalk. My elderly neighbor, who walks around the block every day as exercise after her knee surgeries, was afraid to leave her home. They looked like they were planning to camp out there, but I called 911 and they left, then one of them returned until I made him clean up the mess and leave.

A few days ago, there was a FIRE started on the CalTrans embankment (see attached video), near the tent that I notice is STILL THERE even after making CalTrans SERVICE REQUEST (CSR #775789) (see attached screen grab) way back in early November. At that time, CalTrans workers told us they would take care of the request after serving the people in the tent a 3-DAY notice to leave. They are STILL THERE IN THAT TENT, STEALING ELECTRICITY, TAGGING AND STARTING FIRES, 3.5 MONTHS LATER. Actually, if you scroll down you will see that my FIRST request was submitted in September 2019, more than 4 months ago.

THERE IS STILL A HOLE IN THE CALTRANS FENCING, next to 420 Commonwealth, which I HAVE JUST STITCHED UP WITH WIRE FOR THE SECOND TIME.

THERE IS ELECTRICITY BEING STOLEN FROM THE LIGHT POLE ON HOOVER STREET, WHICH IS WIDE OPEN WITH RAW ELECTRIC WIRES - NEAR A SCHOOL AND SOCCER FIELD. (see photos)

WE WANT THIS TENT REMOVED IN THE NEXT TWO WEEKS.

WE WANT THE TRASH ON THE EMBANKMENT REMOVED.

WE WANT THE HOLE IN THE FENCE REPAIRED.

Thank you for your help, please call me with any questions,

hello everyone,
thank you for all your hard work on the clean-up under the Hoover bridge on 10/25.
it was unfortunate that the fires up north prevented the City crew from participating.

It's also unfortunate that we still have issues with the encampments under the bridge,
but we all knew that would continue...

I'm writing to check in on the eviction process for the "secret tent" that is on CalTrans
property next to my neighbors property at 420 Commonwealth. On the 25th, the
amazing CalTrans workers Mike and Darryl told me there would need to be a 3-day
eviction posted to that tent, where taggers have set up camp and regularly tagged up
my street until I patched the hole in the fence and put a lock on the CalTrans gate
(now replaced by Darryl). There is drug activity in that immediate area as well; my
neighbor Cecelia found used needles thrown over the fence onto her property,
which she runs as a drug rehab, adding extra stress. She has also dealt with
fires from illegal extension cords and stolen electricity.

I've attached the new CSR #775789 I just placed with CalTrans. I'm also attaching a
map so that we can all be on the same page and get this tent and occupants removed.
It's hidden in a corner of a cinderblock wall, so it's easily overlooked.

Please let me know when the eviction notice will be posted and when we can
expect the tent to be removed.

thanks again,

Additional Message:

1324312 Dear Citizen, Thank you for your recent submission to the Customer Service Request System. Caltrans appreciates your concern for the California transportation system. The responsible Region Area Superintendent and Supervisor have been notified. Unfortunately, 21 percent of the homeless population in the U.S. resides in California (according to the U.S. Department of Housing and Urban Development). This is not only a Caltrans issue, it is a social concern that requires cooperation between federal, state, and local communities working together to develop long-term solutions. Before the removal of an illegal encampment, a 72-hour notice must be posted at the site. Scheduling and removal may be affected by available resources, safety concerns, and coordination with outside agencies. Caltrans is not a law enforcement agency. If there is an immediate safety concern, please contact your local law enforcement agency. Nearest Cross Street: Commonwealth Ave

Mode of Transportation: Walking

Direction of Travel: Northbound

Date & Time Situation Noticed: 2019-09-23 1 pm - 2 pm

Type of Situation: Illegal Encampment

Nature of Situation: numerous homeless encampments under the Hoover Street and Virgil Street bridges. Someone cut CT chain link fence on Commonwealth to access to/from the embankment, where homeless walk from one bridge to the other. There is a large tent & furniture on the embankment next to my neighbor's property, used syringes were found. Homeless and taggers are using the fence hole to access Commonwealth. Extension cords = stolen electricity on Hoover. CT access gate was unlocked and open.

Geographic Location of Situation: Encampments on Hoover & Virgil underpasses under 101 Freeway. Commonwealth Ave cul-de-sac fencing cut and CalTrans access gate left open. A "secret tent" encampment with taggers living inside is located on the embankment but next to my neighbor's (420 Commonwealth) fence, just east of the cul-de-sac and between Commonwealth and Hoover.

Hi Elaine,

I have good news for you. We have completed the TIR to install channelizers 5 feet on center at Glendale Blvd and Allesandro. Additionally, we will be installing a no U-turn on the Mast Arm to prohibit motorists from making an illegal U-turn at this location.

I know your next question is when will this happen? Our maintenance department is busy resolving requests that came in before yours. I hope this will be done within 60-90 days.

Hi Allison, tomorrow is our meeting with the state assembly reps, city council rep, police liaison and a few community members. LADOT will attend for an hour but I know you told me CalTrans cannot be there. But in the meantime (last couple of months), they would be studying the area. And that I could get an update to report out at the meeting. I need to get that update today if possible because the meeting is tomorrow & I am to 'report out' & update the reps from the Assemblymembers' office. Thanks so much for getting any info to me that you can Regarding Glendale Blvd south -barriers (I forgot what kind you told me they were thinking of) due to the illegal U turns at the left turn signal, so people can get to the entrance of the 2 freeway. Also the 'Keep Clear' signs on Glendale at the light on Aaron St due to gridlock Thank you Elaine Leboeuf

The Department of Transportation will also need to review since it would include additional street parking.

Hi Adam,

I apologize for the delay, this location was scheduled for service last week and our team was out there removing some of the bulky items from the walkway.

There are several threads among the neighbors so if I am delayed in responding to your email please feel free to follow up or give us a call at the office, 213.207.3015.

This location is one of my priority locations for service in North East, but the City is limited in what it can do to prevent anyone from coming back into public property.

This location has been submitted for service again but that does not mean the encampment will be permanently removed nor that it will not come back.

I have looped in Senior Lead Officer Aispuro, he is aware of the encampment but these issues all go through the Unified Homeless Response Center (UHRC).

I'm available to schedule a should you wish to further discuss.

Thank you for the follow up.

Council Member O'Farrell, are you not our elected representatives who's duty it is to respond and react to your constituents concerns? Especially ones concerning the safety of children!? I only just learned of the arson that occurred on the hill by the Little League Field. On top of the mattress fire in the underpass to the walkway to the elementary school earlier this year man made fires in the middle of the city seem to be a recurring threat. That one encampment was cleared out but the same people returned. As Lance says, a daily monitoring would be greatly beneficial.

Please help us protect our neighborhood, before you make our community highly organized to elect new representation.

Please see the attached videos of the fire that Ollie is referring to. We can add arson to the list of infractions.

Video credits go to Vaedynn and Liam.

At one point we discussed getting the dead end removed for more parking and potentially a mini park. In retrospect the mini park would likely be a haven to the encampments. Can we at least remove the dead end and add additional parking? I believe that making that zone feel residential will ward off encampments. As it stands that area is a dead zone.

Hi Juan,

Hope all is well.

I recall from the meeting at Clifford Elementary earlier this year that there are strict ordinances about loitering within 500 feet of a school or playground. Here we have a that is not limited to just loitering, but blatant drug use, indecent exposure and public defecation. Two months ago a tree and a brush adjacent to Tommy Lasorda's Field of Dreams was set on fire requiring the Fire Department to intervene.

As we all start receiving our five figure property tax bills at \$1,700, it's hard to rationalize the return on that payment when we see this sort of morass from our elected representatives and municipal employees on a persistent threat to the collective safety and well being of the greater community. As we watch various Southern California communities battle fires week after week, it is disheartening to see such indifference to the cause of a recent nearby fire.

Please advise us as to what we can anticipate from CD13 to address this ongoing problem.

Thanks,

Juan,

I write this email respectfully but I'm running out of patience. The homeless encampments around here are growing unbound, as soon as one is removed another one replaces it. Literally a camp was removed a few days ago, the members scattered and returned later that night to smoke what seems to be crack right against my front yard. They regularly block the side walk, do drugs, deprecate within feet of my front door.

Some have been bold enough to bath in my front yard with our hose. I simply cannot accept that the city cannot solve this issue or at least regulate. Encampments, litter, and frequent accidents and nothing has been done.

As a private citizen this is beyond disappointing and gives me low confidence that we are a concern for Mitch O'Farrell. I can appreciate that the city has limited resources but this is basic blocking and tackling, a patrol unit sent at regular intervals would at least keep the homeless people at bay. I mean seriously, imagine waking up daily to homeless shitting in your front yard, smoking crack, using your power outlets and hose. Now imagine that going on for 3 years. It's beyond ridiculous and I'm at my wits end so I'm exploring all legal means to remedy this situation.

We're told file it on 311. Well we've done that 100 times over and the problem repeats. I cannot accept this and I know many neighbors agree. Something absolutely needs to change.

Hi Captain Torres,

It is my understanding that "Skateboard Steve" has returned to the neighborhood, more specifically camping out in Elysian Park. If he can't be jailed on trespassing, drug use in a public park (and leaving behind exposed needles for the public), then I'm hopeful that fire season/high winds will reinforce the need to get him out of there.

Thank you for yours and the rangers' continued help in the matter.

I appreciate you and the other rangers' continued support in removing him from the park as the neighborhood's rash of petty and grand theft (of bikes, security cameras, laptops) may actually see a decline. His abuse of the system and poor choices could see him or someone else killed during one of his robberies.

The area is a Very High Fire Hazard Severity Zone by ordinance which makes the encampment in a Restricted Entry area. I expect that our sign has been vandalized or stolen by now. We will replace it.

Juan,

Thank you for taking the time to discuss the issue above and my case (LAPD DR: 191104291). A neighbor who wishes to remain anonymous (screenshot of email, attached) and lives on Modjeska is familiar with mohawked "Skateboard Steve," who he identified in the video which I posted on NextDoor. I recognize him as he skates up and down Allesandro Street regularly. He was probably the same thief who stole \$15k of bikes back in May from our property (before cameras :/). Six months later and after the cameras, a thief returns(?) specifically for bike(s) when he stole mine. He could very well be the reason why bike theft is high in this neighborhood and given that he won't serve time, I'd like to see him "relocated" and will help in any way possible.

Photos of his encampment in Elysian Park are attached. In the high res photos, we saw miscellaneous items and a laptop but sadly no bicycle, else I would have called LAPD to assist in recovery. The photos should give you an idea of how developed his compound is, which is visible from Riverside while looking up from the basketball courts.

Thanks again for starting the conversation and listening to me. I thanked Olga (Officer Lowe) for listening as well. I will be more than happy to help in any way I can. The feeling of being helpless in my own home/property while people are allowed the right to loot it when I am at work is a terrible feeling to have. Happy New Year Troy, Im looking forward to meeting you on Tuesday at 1pm. I wanted to suggest that on your drive over, you observe a couple of new buildings (condos) that are almost completed. Both are on the right as you will be coming north on Glendale Blvd from Assemblywoman Carillo's office. The first one will be just after the Public Storage & Jack-in the box at the corner of Aaron and Glendale. There's a stoplight there (No 'Keep Clear' Painted on the asphalt-which we asking Cal Trans to do). Maybe even turn right & go up 1 block so you can see the entrance to the parking garage-about 50 feet from the corner. This is currently only 1 of 2 ways to get a light onto Glendale from where I live on the next street up the hill, Alvarado (& all the cars coming from Echo park). The other one is the intersección at Allesandro that we will be discussing by/at the Spain Restaurant. The other building to notice is The Cliff on Clifford & Glendale. There is no light there. We are asking for another stoplight at Brandon St (the one after Aaron & before Clifford) which is an LADOT request. You could come down Clifford after going up Aaron (by way of Alvarado) to observe the area. These new buildings will worsen traffic & I would like you to be aware of requests put in with agencies (both state & city transportation). I'll make a brief agenda & try to do a little map so it is all a bit more clear. Then we will talk about the left hand turn signal going south on Alvarado with the illegal U turns (think Cal Trans will put some barrier there) AND cars that make the left onto Allesandro and make an illegal U turn at Duane, Ewing, Fargo & even Baxter Streets. LADOT will research those areas because it is on the city streets. Glendale is considered an extension of the 2 Freeway so Cal Trans handles some/not all of that. Just wanted to give you a heads up about some traffic issues we are working on here Thanks and will see you Tues. Sincerely, Elaine LeBoeuf (Sent from my iPhone)

Thank you.

However, at least 2 people are active there today, one who's been a frequent hoarder of stolen items on the site and who builds shelters for these items.

He gathers tools and hammers loudly late at night into the middle of the night with his crude structures.

(We had our locked mailbox stolen right off our wall weeks ago, ripping out large anchor bolts.)

Below is his picture.

I submitted another 311 request with pictures of the Glendale Blvd./Allesandro trash/blight.

I just wanted to let you know that I am back to work again. I have recovered from my shoulder surgery. I have taken multiple drives through my area and there are many homeless encampments that need attention. I know the encampments I am telling you about are not the magnitude of 101 / Alvarado and Madison / Oakwood, but these are encampments that can become a major problem. The areas I am talking about are:

-Mountain View south of Beverly, 4 tents

-Bonnie Brae north of Beverly, 6 tents

-Bonnie Brae south of Beverly, 6 tents

-Union north of Beverly, 3 tents

I have spoken to all of the transients. For the most part, they are patients of the methadone clinic. Can you talk to Sylvan to see if we can get some resources to these locations or if not have the HOPE Team contacted to come in and address this area. I have talked to Sgt. Flores. He said resources are directed to the areas where command staff or Council district offices have issues.

Thanks,

Hi Paula,

Thank you for reaching out to our office. My name is Juan Fregoso, Field Deputy for Councilmember O'Farrell. He asked that I follow up on your email regarding some of your safety concerns.

I have ccd your Senior Lead Officer with LAPD, Jason Abner. If there are specific individuals it would be good for us to connect with the LAPD to see if they can provide any more information.

Please let us know if you would like to further discuss some of these issues and possible safety measures we can work on in your neighborhood.

Thank you again for reaching out to our office and bringing this matter to our attention. We look forward to talking to you soon.

Dear Honorable Councilman ,

Please pay attention to the drug activity in my neighborhood of Echo Park. For the past few years Echo park has been transforming into something nice and neat, leaving it safer and more presentable. Although things are changing for the better, one problem remains. Drugs still run the town, leaving people wanting and needing more. I recommend more police patrol on Temple and Council.

As time past the drug activity demographic is getting younger and younger. Walking around the neighborhood and seeing the neighborhood crackhead yelling at passing cars. A new elementary school just moved in, Citizens of the World Charter School Silverlake. One issue is that drug addicts come around once the street lights go off. Scaring the people walking around.

Police patrol around the neighbor would bring fear to drug users and drug dealers, somewhat slowing the process of getting and consuming the drugs.

I congratulate you on your path to creating Echo Park into something once beautiful once again, but paying attention the the drug activity.

Thank you for your time, and please contact me via email.

Your constituent,

Paula Cifuentes

Thank you Hector for the introduction.

It has been verified by our staff and the CFO of Camino Nuevos Charter Academy that there's a black truck selling drugs in the cul-de-sac of John St. The truck moves around the neighborhood. Those who are experiencing homelessness line up to buy as if it is a food truck—no joke. Bold sales approach across the street from a high school. UCLA medical clinic staff has also confirmed that 95% of the population living on John St are substance abusers.

We are currently trying to obtain the license plate number. Regardless this area needs attention.

Let me know if you need any more information.

Kindest,
Jasmin

Correction, cleanings normally extend along 4th St. to Westmoreland, not Virgil. I would it to go to at least Virgil, even past Virgil.

Yes, we need weekly cleanings and area covered by cleanings should be expanded. Normally, a cleaning extends along 4th St. to Virgil but it should go past Virgil. Also, it extends along Westmoreland to 4th St. but it should cover more of Westmoreland going north and south. Otherwise homeless people move to these areas until cleaning is done and move right back to their old spots defeating the point of the cleanings.

Dear all,
Best wishes for the new year. Just following up on getting this meeting scheduled -- Juan, could you update?

I agree with Tom and John that it is vital for Councilmember O'Farrell to be present.

Many thanks,

I see families with young children forced to walk on the street because of the encampments.

Juan, let's all do that call after 2pm January 2nd. Marrikka and I are free, and I hope we can get you, John and Samantha on the call as well. Please let us know what time works for you Juan.

It is time to make a larger meeting if possible, and begin communicating to the City of LA that this situation cannot stand. I was also told by the police, at the big criminal bust they just had here, that they plan to bring showers to the site soon. I want to understand more what legislation allows this. It is certainly a humane thing to offer, but it may also serve to crystallize the mess out there. I can't imagine that is the position or desire of CD13.

Thanks,
TOM

Everyone, this email is being sent because manager Samantha of Villa Adobe Apartments at 404 Shatto PL wanted to be included. Her building is the large apt building along 4th St. where the bulk of the homeless encampments are. Her building used to be so very nice but now it's completely under siege. I feel bad for Samantha, her tenants and owner of the building. The homeless people in our area are out of control. Just this morning I saw two of them harass her tenant after he parked his car on S. Westmoreland Ave. and entered his parking garage. One of the homeless followed him into the garage. The other homeless was on the sidewalk just outside of the garage loudly talking gibberish. Yesterday on Christmas Day I cleaned homeless people mess left on Samantha's property and sidewalk next to it; the mess

included human feces and used condom. My building is right next to Samantha's on Westmoreland. This area has devolved into crap, literally crap.

Hi Marrikka,

Please note that if flyers are created and distributed this will need to be a much bigger meeting and we would need to coordinate with several City Departments. We will need to schedule a call to discuss before I submit any request for the use of the facilities for a community meeting.

This would also need to be an open meeting to the public and I can see us getting way more than 30 people since this is a very high profile location.

I can schedule a call on next Friday or Thursday January 2nd after 11am.

Would you estimate that we would get attendance of about 15 - 20 neighbors?

We can work on getting one of the rooms for a neighborhood watch meeting at the Park but would recommend finding a neighbor/property owner who can host.

The meeting will most likely need to be scheduled for mid-January, but I'll need to confirm with LAPD to see what works best with their schedule.

If we have an idea of how many people we anticipate will attend I can follow up with Rec and Parks about using one of their community rooms.

I can schedule a call with anyone that wants to discuss putting the meeting together so I can make sure we get all the right people to attend.

I have reviewed your request for an installation of the "KEEP CLEAR" pavement marking sign on Glendale Blvd and Aaron St and unfortunately, LADOT guidelines do not install KEEP CLEAR markings on a signalized intersection. But seeing that the location falls under Caltrans jurisdiction, you can reach out to them directly at (213) 897-4426 or visit their website [here](#) for more information.

Hi Jedah, I've been meaning to contact you about this & several traffic issues we are having in this area. In fact I would like to invite you to a meeting we are having next week at the Spain Restaurant at 1866 N Glendale Blvd (@ Alessandro St) from 1-3pm on January 7. There will be a representative from state assembly member Wendy Carrillo's office (Troy Carbajal). Also Juan Fregoso from Mitch O'Farrell's office, Gina Pavalli (our Lapd liaison) and a couple of community members. I also invited CalTrans (through Allison Queen) &, although they cannot attend, have been evaluating the area & I am trying to get an update prior to the meeting. It would be fantastic if you could attend!! My phone number is 323 240-7004. I will contact CalTrans about the 'Keep clear' notification on the pavement. Please assist me with another issue!! I put in 3 service requests with CalTrans. The last one was regarding putting in a stoplight at the corner of Brandon St at Glendale Blvd. I received a call from Ms Queen mid November stating that this request had been turned over to LADOT because it was not their jurisdiction. Then I left the country for a month. When I contacted your offices regarding the referred request, Carolina could not find it & I do not have the request number for LADOT. With CalTrans it was #777021. We keep going back and forth on what issues are LADOT & which are CalTrans. That is why both State and City representatives are meeting with me at the Spain Restaurant. Our traffic issues are unbelievably DANGEROUS right now. And new construction with many units, are being finalized at the corners of Aaron & Clifford Streets both at Glendale Blvd. We need help!! Can you assist me in either finding the referral from Cal Trans to you, or putting in a new request for a light at Brandon St & Glendale Blvd? Please! I clarified a request earlier this week with Carolina re: DOT service request # 132682 after receiving a message (possibly from you) that LADOT needed clarification re: putting a No U Turn sign at Duane St on Alessandro because cars are making U turns (within yards of a school) to get back onto Alessandro (West) to turn right onto Glendale Blvd headed north so they can enter the 2 freeway. Many cars are making illegal U turns out of the left hand turn lane on Glendale Blvd south to go north to enter the 2 freeway. Some do that and others make the left onto Alessandro & then make the U Turn mentioned in the service request to you. I believe CalTrans will put up a barrier so people can't turn from the left arrow lane. Then we need you to put the No U Turn on Alessandro at Duane St to stop this madness. It is a safety issue. If you have not seen the U tube video created, I can have it sent to you. Thank you for your attention to this matter. We want to help resolve it! Sincerely, Elaine LeBoeuf

Hi All,

Yesterday at 4pm LAFD responded to call reporting a fire in Elysian Park off Modjeska. It's the same person I've complained about below and the same fire danger I expressed concerns about back in October, which were never addressed or resolved. Trespassing on private property, grand theft (x 50? cases), arson on public property...when will enough be enough?

The same person that was removed from the Park before (Steve) has returned to the same location and will keep continuing to steal from the neighborhood to support his drug habit...to what end? If LAFD hadn't responded in time and he burned down the park and the residences surrounding it? If he ups the ante (if he hasn't already), robs a house while on drugs and kills someone?

Hi Captain Torres,

It is my understanding that "Skateboard Steve" has returned to the neighborhood, more specifically camping out in Elysian Park. If he can't be jailed on trespassing, grand theft, drug use in a public park (and leaving behind exposed needles for the public), then I'm hopeful that fire season/high winds will reinforce the need to get him out of there.

Thank you for yours and the rangers' continued help in the matter.

I appreciate you and the other rangers' continued support in removing him from the park as the neighborhood's rash of petty and grand theft (of bikes, security cameras, laptops) may actually see a decline. His abuse of the system and poor choices could see him or someone else killed during one of his robberies.

Rangers will foot patrol the area and seek contact and determine best course of action.

The area is a Very High Fire Hazard Severity Zone by ordinance which makes the encampment in a Restricted Entry area. I expect that our sign has been vandalized or stolen by now. We will replace it.

Juan,

Thank you for taking the time to discuss the issue above and my case (LAPD DR: 191104291). A neighbor who wishes to remain anonymous (screenshot of email, attached) and lives on Modjeska is familiar with mohawked "Skateboard Steve," who he identified in the [video](#) which I posted on NextDoor. I recognize him as he skates up and down Allesandro Street regularly. He was probably the same thief who stole \$15k of bikes back in May from our property (before cameras :/). Six months later and after the cameras, a thief returns(?) specifically for bike(s) when he stole mine. He could very well be the reason why bike theft is high in this neighborhood and given that he won't serve time, I'd like to see him "relocated" and will help in any way possible.

Photos of his encampment in Elysian Park are attached. In the high res photos, we saw miscellaneous items and a laptop but sadly no bicycle, else I would have called LAPD to assist in recovery. The photos should give you an idea of how developed his compound is, which is visible from Riverside while looking up from the basketball courts.

Thanks again for starting the conversation and listening to me. I thanked Olga (Officer Lowe) for listening as well. I will be more than happy to help in any way I can. The feeling of being helpless in my own home/property while people are allowed the right to loot it when I am at work is a terrible feeling to have. GUEST SPEAKERS - KEVIN SMITH, NANCY O'DELL, AND
MARIA MENOUNOS**

DETAILS ON BURT WARD:

- BURT WARD WAS BORN BERT JOHN GERVIS JR., ON JULY 6, 1945, IN LOS ANGELES, CALIFORNIA. HIS FATHER, BERT SR., WAS THE OWNER OF A TRAVELING ICE SHOW CALLED "RHAPSODY ON ICE".
- AT AGE 2, WARD WAS LISTED IN THE MAGAZINE STRANGE AS IT SEEMS AS A PROFESSIONAL ICE SKATER.
- GROWING UP, HE WAS AN AVID READER OF COMIC BOOKS SUCH AS SUPERMAN AND SUPERBOY, AND ENJOYED THE ACTION-ADVENTURE SHOW ADVENTURES OF SUPERMAN.
- HE ACQUIRED THE NICKNAME "SPARKY" IN HIS YOUTH, POSSIBLY FROM THE SPARKS HIS SKATES KICKED UP DURING HIS ROUTINES OR HIS ENERGETIC NATURE. HE EXCELLED IN HIGH SCHOOL SPORT ACTIVITIES SUCH AS FOOTBALL, TRACK, AND WRESTLING; HE WAS ALSO A MEMBER OF THE CHESS CLUB AND IS A PRACTITIONER OF TAEKWONDO. AFTER GRADUATION, HE ENROLLED IN COLLEGE, WHILE WORKING PART-TIME FOR HIS FATHER'S REAL ESTATE COMPANY.
- AT THE AGE OF 19, WARD AUDITIONED FOR THE ROLE OF ROBIN. WEST AND WARD WERE UP AGAINST LYLE WAGGONER AND PETER DEYELL FOR THE ROLES OF BATMAN AND ROBIN, RESPECTIVELY. SELECTED FOR THE ROLE OF ROBIN, WARD THOUGHT PEOPLE WOULD FIND GERVIS (THE "G" IS SOFT, AS IN "GENTLEMAN") HARD TO PRONOUNCE AND ADOPTED HIS MOTHER'S MAIDEN NAME, WARD. HE ALSO

CHANGED THE SPELLING OF BERT TO "BURT" TO ADD "PUNCH".

- UNLIKE THE SERIES' LEAD, ADAM WEST, WARD WAS REQUIRED TO PERFORM SOME DANGEROUS STUNT WORK. HE WAS TOLD THIS WAS BECAUSE HIS COSTUME REVEALED MORE OF HIS FACE, MAKING IT IMPRACTICAL FOR ALL OF HIS STUNT SCENES TO BE PERFORMED BY A STUNT DOUBLE.
- LATER, HE ALSO DISCOVERED THAT HE WAS BEING PAID THE MINIMUM WAGE ALLOWED BY THE SCREEN ACTORS GUILD, AND HIS STUNT DOUBLE WAS PAID PER STUNT, SO HAVING WARD PERFORM HIS OWN STUNTS WAS A COST-SAVING STRATEGY. HE WOULD SEE THE EMERGENCY ROOM DOZENS OF TIMES DURING HIS TIME AS ROBIN.
- AT THE HEIGHT OF THE SERIES' POPULARITY, WARD RECORDED SEVERAL MUSICAL TRACKS UNDER THE PRODUCTION OF FRANK ZAPPA. THE FIRST TWO, "BOY WONDER, I LOVE YOU" (WHICH ZAPPA WROTE) AND "ORANGE COLORED SKY" WAS RELEASED AS A SINGLE ON NOVEMBER 14, 1966. TWO OTHER TRACKS FROM THESE SESSIONS, "TEENAGE BILL OF RIGHTS" AND "AUTUMN LOVE", REMAIN UNRELEASED.
- DURING THE FIRST MONTHS OF SHOOTING, WARD WAS PAID \$350 PER WEEK. BY THE SERIES' END, HE WAS EARNING UP TO \$600 A WEEK. THE SERIES ONLY LASTED THREE SEASONS, FOR A TOTAL OF 120 EPISODES; ACCORDING TO WARD IN AN INTERVIEW, THIS WAS BECAUSE OF THE HIGH COST OF PRODUCTION.
- LATER, NBC OFFERED TO PICK IT UP FOR A FOURTH SEASON, BUT THE OFFER WAS WITHDRAWN AFTER LEARNING THAT THE SETS HAD BEEN DESTROYED. ADAM WEST AND BURT

WARD REPRISED THEIR TV ROLES OF BATMAN AND ROBIN IN THE 20TH CENTURY FOX FILM BATMAN: THE MOVIE RELEASED ON JULY 30, 1966.

- IN 1969, A YEAR AFTER BATMAN'S CANCELLATION, WEST'S MOTHER DIED, BRINGING THE TWO MEN CLOSER TOGETHER. THEY WERE REUNITED MANY TIMES AT CONVENTIONS AND TV REUNION SPECIALS. IN TURN, WARD ALSO MADE THREE GUEST APPEARANCES WITH WEST ON SEPARATE CARTOONS: ONE WAS A 2002 EPISODE OF THE SIMPSONS, LATER IN 2010 ON AN EPISODE OF SPONGEBOB SQUAREPANTS, AND IN 2013 FOR ONE OF THE FINAL EPISODES OF FUTURAMA. WARD REMAINED FRIENDS WITH WEST UNTIL HIS DEATH ON JUNE 9, 2017, AT AGE 88 AFTER WEST'S DEATH, WARD, JOHN ASTIN (RIDDLER 1967) AND JULIE NEWMAR BECAME THE LAST SURVIVING MAIN CAST MEMBERS OF BATMAN.
- AFTER THE END OF BATMAN, WARD FOUND HIMSELF HARD-PRESSED TO FIND OTHER ACTING JOBS. HE RE-EMERGED TO ACT IN MORE THAN 40 MADE-FOR-TELEVISION FILMS SUCH AS VIRGIN HIGH.
- IN 1985, DC COMICS NAMED WARD AS ONE OF THE HONOREES IN THE COMPANY'S 50TH-ANNIVERSARY PUBLICATION FIFTY WHO MADE DC GREAT FOR HIS WORK ON THE BATMAN SERIES.
- IN JUNE 1995, WARD WROTE A TELL-ALL AUTOBIOGRAPHY CALLED BOY WONDER: MY LIFE IN TIGHTS, WHICH DESCRIBED HIS TIME PLAYING ROBIN.
- WARD APPEARED IN NUMEROUS REUNIONS WITH CO-STAR ADAM WEST. THE MOST MEMORABLE INCLUDED REPRISING THEIR ROLES AS THE DYNAMIC DUO ON A SHORT-LIVED ANIMATED SERIES CALLED THE NEW ADVENTURES OF

BATMAN, AS WELL AS THE BATMAN/TARZAN ADVENTURE HOUR AND TARZAN AND THE SUPER 7. IN ADDITION, THEY REAPPEARED AS THE DYNAMIC DUO FOR LEGENDS OF THE SUPERHEROES. WEST AND WARD FINALLY REUNITED IN THE 2003 TELEVISION MOVIE, RETURN TO THE BATCAVE: THE MISADVENTURES OF ADAM AND BURT.

- BEGINNING IN LATE 2017, WARD IS SEEN PROMOTING THE BATMAN TELEVISION SERIES AND OTHER CLASSIC TELEVISION SERIES ON THE METV TELEVISION NETWORK.
- WARD'S FIRST WIFE WAS BONNEY LINDSEY, DAUGHTER OF CONDUCTOR MORT LINDSEY. WARD AND LINDSEY MARRIED ON JULY 19, 1965 AND DIVORCED IN 1967. THEY HAD ONE DAUGHTER, LISA ANN WARD, IN 1966. HE WAS BRIEFLY MARRIED TO ACTRESS KATHY KERSH, WHOM HE MET WHEN SHE APPEARED AS A GUEST ON THE BATMAN TV SHOW AND TO MODEL MARIANA TORCHIA. SINCE 1990, WARD HAS BEEN MARRIED TO TRACY POSNER. THEIR DAUGHTER MELODY LANE WARD WAS BORN ON FEBRUARY 16, 1991.
- IN 1994, WARD AND HIS WIFE, TRACY POSNER WARD, FOUNDED A CHARITABLE ORGANIZATION CALLED GENTLE GIANTS RESCUE AND ADOPTIONS, INC., WHICH RESCUES GIANT-BREED DOGS SUCH AS GREAT DANES AND SOME SMALLER-BREED DOGS. THEIR WORK WITH THE ORGANIZATION HAS BEEN FEATURED IN SUCH OUTLETS AS PEOPLE MAGAZINE, ASPCA ANIMAL WATCH, HARD COPY, INSIDE EDITION, AND ENTERTAINMENT TONIGHT. WARD WAS ALSO SEEN IN AN EPISODE OF ANIMAL PLANET'S ADOPTION TALES.

THE WALK OF FAME

- THANK YOU TO THE HOLLYWOOD CHAMBER OF COMMERCE FOR ADMINISTERING THE HISTORIC WALK OF FAME FOR THE CITY OF LOS ANGELES.
- WHAT BETTER WAY TO KICK OFF 2020 THAN WITH A TRUE HOLLYWOOD ICON, MR. BURT WARD!
- YOU HAVE BEEN APART OF ALL OF OUR LIVES SINCE GRACING THE SMALL SCREEN IN 1966 AS ONE OF THE MOST ICONIC CHARACTERS IN THE HISTORY OF TELEVISION
- THROUGHOUT YOUR CAREER YOU HAVE ALWAYS LEAD WITH YOUR HEART!
- USING YOUR PLATFORM TO GIVE BACK TO CAUSES THAT YOU HOLD DEAR.
- ALONG WITH YOUR AMAZING WIFE TRACY YOU STARTED GENTLE GIANTS.
- UNLIKE THOSE GIANTS YOU AND BATMAN FOUGHT ON A WEEKLY BASIS, THESE GIANTS ARE SHOWN SO MUCH LOVE AND SUPPORT UNTIL THEY ARE CONNECTED TO GOOD HOMES.
- OVER THE LAST 19 YEARS YOU HAVE HELPED OVER 14,000 DOGS FIND HOMES. FOR THAT ALONE YOU ARE A HERO!
- ON BEHALF OF THE CITY OF LOS ANGELES, I WANT TO CONGRATULATE **BURT WARD** FOR A

LONG CAREER IN HOLLYWOOD AND FOR ALL THE
WORK YOU DO FOR OUR 4 LEGGED FRIENDS!!!!

Purpose & Role

Councilmember O'Farrell and Mayor Garcetti invite you to participate in and speak at the 2020 Free Tax Prep Los Angeles Kick-off. The purpose of this kick-off press event is to bring awareness to the Free Tax Prep campaign and encourage constituents to use this resource!

Background

Free Tax Prep LA is a public awareness and education campaign that serves to promote and support the filing of the Federal and State Earned Income Tax Credit (EITC) among low-to-moderate income communities in the City and County of Los Angeles. The campaign was first launched in 2017, and kicked off again in 2018. This will be the fourth year of the campaign, which reaches approximately 100,000 residents countywide every year.

Backed by \$2.66 million in awarded state funding in 2019, the campaign is a public and private partnership being led by the City of Los Angeles Housing + Community Investment Department (HCIDLA), in partnership with the Los Angeles County Department of Consumer Business Affairs (DCBA), Citi Community Development, Koreatown Youth + Community Center (KYCC), CalEITC4Me, CSU5, United Way of Greater Los Angeles, and Golden State Opportunity.

As part of Free Tax Prep L.A., all 16 of the City's FamilySource Centers are open throughout the tax season to assist families with claiming their refunds. This year, the tax-filing season began on Monday, January 27 and will end on Wednesday, April 15. Under the Free Tax Prep LA campaign, our city FamilySource Centers have processed nearly 16,000 returns worth \$30.2M in tax credits and \$3.1M in filing fee savings, for a total benefit of \$33.3M for working L.A. families

SUGGESTED TALKING POINTS

- Good afternoon!
- It's my pleasure to join you this morning as we seek to spread an awareness of the Free Tax Prep program which seeks to assist low-to-moderate income families throughout Los Angeles file their Federal and State Tax Returns.
- We have an important reminder for folks: some individuals might be able to claim valuable tax credits such as the Earned Income Tax Credit, California Tax Credit or Child Tax Credit.
- Free Tax Prep Los Angeles is a public and private partnership being led by the City's Housing + Community Investment Department (HCIDLA), KYCC, and with many partners who are all focused on leveling the playing field for Angelenos facing economic barriers during tax filing season.
- [MOF TO SHARE DETAILS ON POLICY RELATED TO HIS COMMITTEE SUCH AS THE SUMMIT ON POVERTY, CASH ASSISTANCE TO SENIORS, AND OTHER PROGRAMS AIMED AT HELPING THOSE STRUGGLING ON THE MARGINS.]
- The goal of this campaign is to empower families to claim the valuable tax credits for themselves and their loved ones. This campaign connects eligible Angelenos with free

tax preparation services throughout Los Angeles, including 16 of the City's FamilySource Centers, one of which we are at now here at the Bresee Foundation.

- These tax credits are designed to support working individuals and families who do not earn high incomes. In simple terms, workers keep more of what they earn.
- One of the largest anti-poverty programs for working families, EITC and now more recently the California EITC brings an estimated \$2 billion in refunds to qualified taxpayers, helping to subsidize family income and further drive the local economy in Los Angeles. For 2019 (the 2018 tax year), the credit can translate to a refund of up to \$6,431 for low and moderate-income families with three or more children – a figure equal to nearly two months of income for many families.
- And in addition to the Federal EITC, we now have a State EITC, referred to as "Cal EITC" that bring an additional \$2,800 to eligible households in Los Angeles. This means a combined total of approximately \$9,500 in tax credits. Imagine what a working family with three qualifying children can do with \$9,000. This can go a long way toward paying job-related expenses such as child care and transportation, utility bills, rent, and other costs of living.
- Each year, we have close to \$566 million dollars left unclaimed by eligible households in Los Angeles. We are

here to bring this message to eligible households in Los Angeles because up to 20 percent of working families eligible for the EITC do not claim their EITC on their federal income tax return, or don't file a return at all.

- Our job as elected officials is to help improve the quality of life for our residents. The EITC and Cal EITC will not only increase family income but have a positive effect on the neighborhood retail job base. Findings suggest a correlation between EITC investments and retail sales, jobs and economic growth in communities. People will spend in their local communities when they have the money.
- Thank you all for your incredible commitment to this work and thank you to Rushmore Cervantes, General Manager of the Housing + Community Investment Department for your vision and leadership to create programs aimed at alleviating poverty in our city.
- I also want to acknowledge the work of our FamilySource Centers managed by HCIDLA. Our Centers began offering free tax preparation services in 2010, and since that time, have served over 36,000 people.
- And now I would like to introduce Amy Everitt, President of the Golden State Opportunity Foundation. (

Subject: SEW Care Coordination

Hello SEW Providers,

This is a NEW 2020 calendar invite to the bi-monthly SEW Care Coordination meetings, which occur every 1st and 3rd Friday of the month. Care Coordination allows an opportunity for various direct-service providers to discuss specific plans for the most vulnerable participants in the SEW hub. These plans include, but are not limited to, health and mental health assessments/linkages, problem solving, potential placement in any proposed temporary bridge shelters, or permanent housing referrals.

Providers, please come prepared to discuss participants that you are working with, in order to share and collaborate with other providers present. As sensitive participant details will be discussed, we ask that law enforcement and elected officials plan to attend the first 15-20 minutes of this meeting, in order to share information of any individuals who require linkage to the Coordinated Entry System and, or Outreach. The remainder of the meeting will be open to direct-service providers only.

Thank you, and please contact the below SPA 4 Outreach Coordinators with any questions:

Juan,

Per your message below... were you able to find out if a cleanup is planned at the site across from the school? As I mentioned CalTrans cleaned up the concrete area off the 2 exit. No cleanup was done on the hill across from the school.

Also, the last time we met we discussed organizing another planting at the site and or looking into placing fencing around the perimeter.... Are either of these being planned? And what can we do as parents and neighbors to help get the ball rolling?

Thanks!

Thank you Gina.

Hi Principal Gutierrez and All,

This location on Allesandro was scheduled for service last Friday. We are confirming that it was serviced, either way, I am working to get another service day posted but do not have a date confirmed yet. The location on Berkeley is in the rotation for service as well, I can add it to the request.

We are waiting on the Department of Street Services to finalize the contract for the gates along the tunnel. The money has already been transferred, they anticipate the contractor starting in mid March.

Our Clean Team will be on site tomorrow to see what trash and debris they can remove from the tunnel. They will remove what they can and send to Street Services should the tunnel need additional service.

If anyone wants to schedule a call to further discuss I can make myself available for a call.

Principal Gutierrez,

Thank you for your detailed email and your dedication to the children's wellbeing. I share your concern and frustration with how bad this situation has gotten. There is a law on the books, Penal Code 653b (Loitering at or near (500 feet) a school or public space where children congregate in a misdemeanor in California) the penalties include 6 months in jail and/or a \$2000 fine. I am not clear why this is not being enforced in the 3 areas you have outlined below... all within 500 feet of an elementary school. The occupants at these encampments have been violent, seen wandering naked and abusing drugs and alcohol in plain site of the children arriving and departing from school. It's abhorrent!

I know the Eastsider is planning on doing a story about these areas... maybe that will get more political eyeballs on the problem. In the meantime please let us know what we can do to help.

I am happy to help organize another townhall... let me know.

[CAUTION]
This email originated outside Warner Bros.

Greetings everyone,

My apologies in advance to our LAPD officers and to Juan who will get this email twice, as a group of parents also looped me in another email chain. I just wanted to share the same information with our neighbors. I am attaching some pictures of some of the encampments that are near Clifford Elementary. I have serious concerns for the welfare and safety of our students and families who walk to school from all directions.

Encampment on Allesandro and Duane Street

Parents and neighbors have informed me that they observed the individuals from the encampment off Allesandro Street walking up and down Duane St. late last night, peeking into cars. I am concerned about their intentions and their close proximity to our school.

Encampments along Berkeley Ave. and Glendale Blvd.

In addition, I spent my morning at The Whole Child Cottages near Gateway Hospital, affiliated with the Los Angeles Homeless Services Authority (LAHSA), which is a Coordinated Entry System (CES). The facility recently opened, providing temporary housing for families who have experienced homelessness, and are transitioning to permanent housing. Clifford is the school of residence for the facility. Families from the cottages who have school-aged children will be walking to Clifford, as most do not have a vehicle and the facility does not provide transportation. The easiest route to take is Effie St. to Lake Shore Ave., then Berkeley Ave. to Glendale Blvd. North. As I drove the route, I saw several things that concerned me. Near the corner of Berkeley Ave. and Lake Shore Ave., the block is littered with trash. As you turn North on Glendale Blvd., families would have to pass approximately 4 tents. These families have been through the trauma of being homeless and shouldn't have to be reminded of their ordeal by walking passed these tents daily.

Clifford Street Tunnel crossing Glendale Blvd.

As my office manager was leaving home from work yesterday at 3:30PM, she observed one of our second grade students and her grandmother walk into the tunnel to cross Glendale Blvd. on Clifford Street. She stated that 2 men entered the tunnel shortly after them. She stated that they appeared dirty and disheveled. She feared for their safety and parked her car to wait for them to come out the other side. Luckily, they made it through without incident. We shouldn't have to fear for our students and families. As I've mentioned in previous emails, the Glendale Blvd., tunnel has been designated on our School Safety plan as the safe passage way to St. Theresa's Church and the Tommy Lasorda Dream Field, our evacuation centers. I don't feel very safe accompanying our students and staff through a potential biohazard area, riddled with discarded syringes and reeking of urine.

I am concerned for the health and safety of all students and the ability for our families to have safe passages to and from school.

I have sent an email to Assembly member Wendy Carrillo. Who might we refer our concerns about the tunnel to at CalTrans? Please let us know what else we might do.

Thank you for your ongoing support.

Greetings everyone: Tonight, I along with SLO Aispuro and 2 other SLO's responded to location and cited 3 for having their encampments tents up. During our enforcement we observed several clean up notices posted in the area for cleanups in the near future. Thank you for your continued support and patience. SLO Aispuro and I have made this area a project with outreach, cleanups(through council office) and enforcement. I know that approximately 3 years ago a major clean up and planting of succulents was conducted. I will be seeking the advice of CD #13 for a possible environmental change to location as well. We are trying to think outside of the box.

Hi Laura,

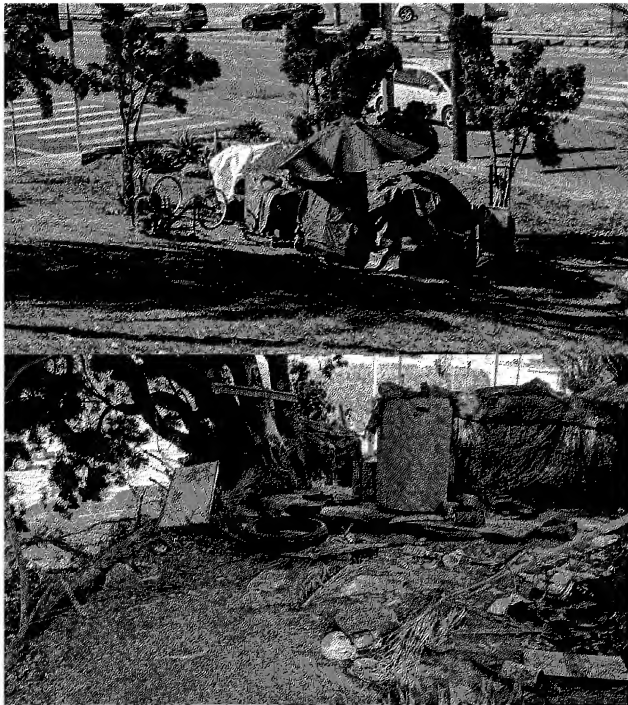

I just wanted to include you on these emails, as we've been reaching out to the city in regards to the growing encampments next to the school.

We're encouraging parents to get involved, as I've seen kids having to approach the school on these sidewalks every day. We realize this is a citywide issue, but find this particularly troublesome because of the school and kids. My own family no longer walks down our street or to the library.

Thank you!

Hello Gina,

-
Thank you for your response.

-
Are you saying we should call 911 each time we see these men doing these types of things, drugs, etc? Sadly, these guys are constantly throwing metal parts in the street and traffic lanes; and use drugs openly on a regular basis (within 500ft of a school). In the past we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

-
We obviously want to be respectful of police resources, but would like help in dealing with these issues.

- 9AM President Nez meeting with DWP GM
- 9:30 Meeting with CM and President Jonathan Nez
 - Presentation of gift at beginning of meeting
- 10:00a-10:30a Council acknowledgment
 - Pictures in back immediately following
- 11:00a Meetings with Mayor and CM Martinez (? - I have been in talks with Mayors office, but have not spoken to CD6 - DG)

Background (Note, Navajo nation Draft resolution at end):

- MOTION O'Farrell-Martinez introduced late 2019, directing DWP to consult with the Navajo Tribe on a "nation to nation" basis.
 - Navajo Tribe had sent various letters outlining a potential partnership
- President Jonathon Nez is travelling with the Division of Natural Resources Director – Rudy Shebala and a member of this staff, Michelle Henry.
 - They are meeting with CD13, Mayor, and DWP GM - coordinated by CD13
- Navajo Nation previously had an over 40 year relationship with LA; Navajo Coal Generating Station (NGS)
- LA Divesting led to other partners following suit, leading little time to plan next steps
- In 2019, President Jonathan Nez and VP Myron Lizer issued the "Navajo Hayooklaal (Sunrise) Proclamation", prioritizing renewable energy development
- In 2019, The 24th Navajo Nation Council passed legislation No0373-19, approving expenditures of \$1.9M allowing for the prioritization of 500 MegaWatts for the next 35 years at the NGS site. (See Navajo Resolution, No. 13)
- Divestiture of NGS by Los Angeles, per Navajo, led to over \$40M dollars of revenue loss per year, causing economic hardship for workers and communities

LA City / DWP

- LA DWP GM will meet with nation at CD13 Conference Room at 9am
- If needed, the GM can be requested to stay for 9:30am meeting
- DWP initial reports are that a partnership is promising and could happen under current conditions, fitting into LA sustainability goals passed in 2019 by Council
- MOTION O'Farrell-Martinez directed the department to consult with the Navajo Nation and report back to Council in 30 days. Note: a mention of the 30day report back to the GM would be helpful
 - http://clikrep.lacity.org/online/docs/2019/19-1585_moi_12-11-2019.pdf

Suggested talking Points:

- Today the Navajo Nation is on an official visit to the City of Los Angeles to meet and discuss potential partnerships.
- On the heels of the second IPD, it is important to take steps towards real partnerships with tribal governments, benefiting both the people of the City and its rate payers, and the communities of the Navajo Nation
- President Nez Background:

- o <https://www.opvp.navajo-nsn.gov/About-Us/President-Jonathan-Nez>
- o Served three terms as Navajo Nation Council Delegate, representing the chapters of Shonto, Oljato, Tsah Bi Kin, and Navajo Mountain
- o Served two terms as Navajo County Board of Supervisors for District 1
- o From Tuba City, Arizona
- o Married to Phefelia H. Nez, and they have two children

RESOLUTION OF THE NAVAJO NATION COUNCIL

Adopting a position by the Navajo Nation supporting continued dialog and partnerships with the City of Los Angeles to facilitate the development of clean energy projects on Navajo land and efforts to support the capitalization of the Nation's rights (use?) to the approximately 500 MW (LADWP share of transmission) of capacity on the Southern and Western transmission systems.

WHEREAS:

1. Pursuant to 2 N.N.C. §102(A), the Navajo Nation Council is the governing body of the Navajo Nation; and;
2. The Navajo Nation and the City of Los Angeles collaborated for more than 40 years on energy matters, mainly through the Department of Water and Power's ownership stake in Navajo Generating and the benefits the city derived from electricity generated by the plant; and
3. In April 2019, the City of Los Angeles adopted an ambitious energy and climate policy that establishes a goal of 100% carbon-free energy across all of the city's energy sectors –electricity, buildings and transportation – by 2050, with benchmarks of 55% renewable electricity by 2025; 80% by 2036; and 100% by 2045; and
4. The Los Angeles City Council has passed a resolution to “consider entering into a new partnership with the Navajo Nation to implement solar/clean energy projects on tribal land,” which the city says will allow it to “obtain cost-effective clean energy while ensuring environmental justice and economic equity to members of the Navajo Nation.” and
5. The Navajo Nation has lost more than \$40 million in revenue from the closure of Navajo Generating Station and Kayenta Mine; and the closures have also caused significant economic hardship for workers and communities on the Navajo Nation; and
6. The Navajo Nation Council, in accordance with its fiduciary responsibilities to the Navajo Nation and its oversight authority for the Navajo Nation budget, is seeking ways to ameliorate the economic impact of the financial losses resulting from the closure of Navajo Generating Station and Kayenta Mine; and
7. The past and present owners of Navajo Generating Station, having decided less than three ago to close down the plant, giving the Navajo Nation little time to plan, have a responsibility to assist the tribe in making the economic transition to a post-coal economy; and to date, none of the past or present owners have yet committed any direct financial resources toward that transition or yet made any formal commitments to partnering with the Navajo Nation on clean energy projects; and
8. Solar and wind energy now offer the most affordable alternative for replacing the power lost by the closure of Navajo Generating Station; and

9. In April 2019, Navajo President Jonathan Nez and Vice President Myron Lizer issued the Navajo Háyookááít (Sunrise) Proclamation, which states that the Navajo Nation will prioritize renewable energy development for the long-term benefit of the Navajo people; and
10. Subject: once again: Cal Trans clean up - adding Allison Queen from CalTrans

hello everyone,

I'm adding my tenant Lauren Santos to this thread. She lives at 427 N Commonwealth and wants to get involved with our efforts to clean up our street and the freeway embankment where homeless people trespass daily and have cut through the CalTrans fencing on more than one occasion to pass through from the embankment to our cul-de-sac.

We are constantly having problems. Last week, 3 homeless people decided to throw trash from their shopping carts and our trash cans all over the street and public sidewalk. My elderly neighbor, who walks around the block every day as exercise after her knee surgeries, was afraid to leave her home. They looked like they were planning to camp out there, but I called 911 and they left, then one of them returned until I made him clean up the mess and leave.

A few days ago, there was a FIRE started on the CalTrans embankment (see attached video), near the tent that I notice is STILL THERE even after making CalTrans SERVICE REQUEST (CSR #775789) (see attached screen grab) way back in early November. At that time, CalTrans workers told us they would take care of the request after serving the people in the tent a 3-DAY notice to leave. They are STILL THERE IN THAT TENT, STEALING ELECTRICITY, TAGGING AND STARTING FIRES, 3.5 MONTHS LATER. Actually, if you scroll down you will see that my FIRST request was submitted in September 2019, more than 4 months ago.

THERE IS STILL A HOLE IN THE CALTRANS FENCING, next to 420 Commonwealth, which I HAVE JUST STITCHED UP WITH WIRE FOR THE SECOND TIME.

THERE IS ELECTRICITY BEING STOLEN FROM THE LIGHT POLE ON HOOVER STREET, WHICH IS WIDE OPEN WITH RAW ELECTRIC WIRES - NEAR A SCHOOL AND SOCCER FIELD. (see photos)

WE WANT THIS TENT REMOVED IN THE NEXT TWO WEEKS.
WE WANT THE TRASH ON THE EMBANKMENT REMOVED.

WE WANT THE HOLE IN THE FENCE REPAIRED.

Thank you for your help, please call me with any questions,

Subject: Re: Cal Trans clean up - adding Allison Queen from CalTrans

hello everyone,
thank you for all your hard work on the clean-up under the Hoover bridge on 10/25.
it was unfortunate that the fires up north prevented the City crew from participating.

It's also unfortunate that we still have issues with the encampments under the bridge,
but we all knew that would continue...

I'm writing to check in on the eviction process for the "secret tent" that is on CalTrans property next to my neighbors property at 420 Commonwealth. On the 25th, the amazing CalTrans workers Mike and Darryl told me there would need to be a 3-day eviction posted to that tent, where taggers have set up camp and regularly tagged up my street until I patched the hole in the fence and put a lock on the CalTrans gate (now replaced by Darryl). There is drug activity in that immediate area as well; my neighbor Cecelia found used needles thrown over the fence onto her property, which she runs as a drug rehab, adding extra stress. She has also dealt with fires from illegal extension cords and stolen electricity.

I've attached the new CSR #775789 I just placed with CalTrans. I'm also attaching a map so that we can all be on the same page and get this tent and occupants removed. It's hidden in a corner of a cinderblock wall, so it's easily overlooked.

Please let me know when the eviction notice will be posted and when we can expect the tent to be removed.

thanks again,

Good afternoon Ms. Baydsar,

I am coordinating this effort with our team. The date for clean-up of this area is October 25, 2019 to address the location. This date has been established by the city, and Caltrans being a partner in the UHRC, is collaborating on clean-ups lead by the city. I will provide you more details as I receive them. We consider this a timely response time according to all the CSRs that we have in cue.

Unfortunately, the date of September 24, 2019 you provided on the two CSRs is not past our timeline for our crews to address an encampment. Our crews can address a CSR sooner, but we don't consider a CSRs in this timeframe delayed. CSRs go into a cue and are addressed in the order in which they are received. hi Cecelia,

this is the response I got this morning from CalTrans.

This is after my 4th Customer Service Request, I made 2 last month and I made 2 more yesterday at the request of our State Senator Maria Durazo's representative Baydsar Tomassian. It seems they need 72 hours to give notice to the encampments, which is the same thing they told me 3 weeks ago... so far, I have contacted:

CD13 - field rep George Hakopianis 213.207.3023 george.hakopianis@lacity.org

LAPD - Senior Lead Officer Ryan Nguyen 213.793.0784 34595@lapdonline

Situation Acknowledged. Will be addressed.

Additional Message:

1324312 Dear Citizen, Thank you for your recent submission to the Customer Service Request System. Caltrans appreciates your concern for the California transportation system. The responsible Region Area Superintendent and Supervisor have been notified. Unfortunately, 21 percent of the homeless population in the U.S. resides in California (according to the U.S. Department of Housing and Urban Development). This is not only a Caltrans issue, it is a social concern that requires cooperation between federal, state, and local communities working together to develop long-term solutions. Before the removal of an illegal encampment, a 72-hour notice must be posted at the site. Scheduling and removal may be affected by available resources, safety concerns, and coordination with outside agencies. Caltrans is not a law enforcement agency. If there is an immediate safety concern, please contact your local law enforcement agency. Caltrans Our Mission: Provide a safe, sustainable, integrated and efficient transportation system to enhance California's economy and livability.

Type of Situation: Illegal Encampment

Nature of Situation: numerous homeless encampments under the Hoover Street and Virgil Street bridges. Someone cut CT chain link fence on Commonwealth to access to/from the embankment, where homeless walk from one bridge to the other. There is a large tent & furniture on the embankment next to my neighbor's property, used syringes were found. Homeless and taggers are using the fence hole to access Commonwealth. Extension cords = stolen electricity on Hoover. CT access gate was unlocked and open.

Geographic Location of Situation: Encampments on Hoover & Virgil underpasses under 101 Freeway. Commonwealth Ave cul-de-sac fencing cut and CalTrans access gate left open. A "secret tent" encampment with taggers living inside is located on the embankment but next to my neighbor's (420 Commonwealth) fence, just east of the cul-de-sac and between Commonwealth and Hoover.

Good afternoon Ms. Baydsar,

I am coordinating this effort with our team. The date for clean-up of this area is October 25, 2019 to address the location. This date has been established by the city, and Caltrans being a partner in the UHRC, is collaborating on clean-ups lead by the city. I will provide you more details as I receive them. We consider this a timely response time according to all the CSRs that we have in cue.

Unfortunately, the date of September 24, 2019 you provided on the two CSRs is not past our timeline for our crews to address an encampment. Our crews can address a CSR sooner, but we don't consider a CSRs in this timeframe delayed. CSRs go into a cue and are addressed in the order in which they are received. Please don't hesitate to email or phone me with additional questions or concerns.

hi Cecelia,

this is the response I got this morning from CalTrans.

This is after my 4th Customer Service Request, I made 2 last month and I made 2 more yesterday at the request of our State Senator Maria Durazo's representative Baydsar Tomassian. It seems they need 72 hours to give notice to the encampments, which is the same thing they told me 3 weeks ago... so far, I have contacted:

CD13 - field rep George Hakopianis 213.207.3023 george.hakopianis@lacity.org

LAPD - Senior Lead Officer Ryan Nguyen 213.793.0784 34595@lapd.online

CalTrans (via Baydsar Tomassian) Allison Queen allison.queen@dot.ca.gov

Sanitation/Health Department (not much help)

I also submitted a request for curb graffiti removal through LA311 yesterday (new taggings on curb)

I will forward the letter from Allison Queen from CalTrans in the next email.

Situation Acknowledged. Will be addressed.

Additional Message:

1324312 Dear Citizen, Thank you for your recent submission to the Customer Service Request System. Caltrans appreciates your concern for the California transportation system. The responsible Region Area Superintendent and Supervisor have been notified. Unfortunately, 21 percent of the homeless population in the U.S. resides in California (according to the U.S. Department of Housing and Urban Development). This is not only a Caltrans issue, it is a social concern that requires cooperation between federal, state, and local communities working together to develop long-term solutions. Before the removal of an illegal encampment, a 72-hour notice must be posted at the site. Scheduling and removal may be affected by available resources, safety concerns, and coordination with outside agencies. Caltrans is not a law enforcement agency. If there is an immediate safety concern, please contact your local law enforcement agency. Caltrans Our Mission: Provide a safe, sustainable, integrated and efficient transportation system to enhance California's economy and livability.

Nearest Cross Street: Commonwealth Ave

Mode of Transportation: Walking

Direction of Travel: Northbound

Date & Time Situation Noticed: 2019-09-23 1 pm - 2 pm

Type of Situation: Illegal Encampment

Nature of Situation: numerous homeless encampments under the Hoover Street and Virgil Street bridges. Someone cut CT chain link fence on Commonwealth to access to/from the embankment, where homeless walk from one bridge to the other. There is a large tent & furniture on the embankment next to my neighbor's property, used syringes were found. Homeless and taggers are using the fence hole to access Commonwealth. Extension cords = stolen electricity on Hoover. CT access gate was unlocked and open.

Geographic Location of Situation: Encampments on Hoover & Virgil underpasses under 101 Freeway. Commonwealth Ave cul-de-sac fencing cut and CalTrans access gate left open. A "secret tent" encampment with taggers living inside is located on the embankment but next to my neighbor's (420 Commonwealth) fence, just east of the cul-de-sac and between Commonwealth and Hoover.

Principal Gutierrez,

Thank you for your detailed email and your dedication to the children's wellbeing. I share your concern and frustration with how bad this situation has gotten. There is a law on the books, Penal Code 653b (Loitering at or near (500 feet) a school or public space where children congregate in a misdemeanor in California) the penalties include 6 months in jail and/or a \$2000 fine. I am not clear why this is not being enforced in the 3 areas you have outlined below... all within 500 feet of an elementary school. The occupants at these encampments have been violent, seen wandering naked and abusing drugs and alcohol in plain site of the children arriving and departing from school. It's abhorrent!

I know the Eastsider is planning on doing a story about these areas... maybe that will get more political eyeballs on the problem. In the meantime please let us know what we can do to help.

I am happy to help organize another townhall... let me know.

[CAUTION]
This email originated outside Warner Bros.

Greetings everyone,

My apologies in advance to our LAPD officers and to Juan who will get this email twice, as a group of parents also looped me in another email chain. I just wanted to share the same information with our neighbors. I am attaching some

pictures of some of the encampments that are near Clifford Elementary. I have serious concerns for the welfare and safety of our students and families who walk to school from all directions.

Encampment on Allesandro and Duane Street

Parents and neighbors have informed me that they observed the individuals from the encampment off Allesandro Street walking up and down Duane St. late last night, peeking into cars. I am concerned about their intentions and their close proximity to our school.

Encampments along Berkeley Ave. and Glendale Blvd.

In addition, I spent my morning at The Whole Child Cottages near Gateway Hospital, affiliated with the Los Angeles Homeless Services Authority (LAHSA), which is a Coordinated Entry System (CES). The facility recently opened, providing temporary housing for families who have experienced homelessness, and are transitioning to permanent housing. Clifford is the school of residence for the facility. Families from the cottages who have school-aged children will be walking to Clifford, as most do not have a vehicle and the facility does not provide transportation. The easiest route to take is Effie St. to Lake Shore Ave., then Berkeley Ave. to Glendale Blvd. North. As I drove the route, I saw several things that concerned me. Near the corner of Berkeley Ave. and Lake Shore Ave., the block is littered with trash. As you turn North on Glendale Blvd., families would have to pass approximately 4 tents. These families have been through the trauma of being homeless and shouldn't have to be reminded of their ordeal by walking passed these tents daily.

Clifford Street Tunnel crossing Glendale Blvd.

As my office manager was leaving home from work yesterday at 3:30PM, she observed one of our second grade students and her grandmother walk into the tunnel to cross Glendale Blvd. on Clifford Street. She stated that 2 men entered the tunnel shortly after them. She stated that they appeared dirty and disheveled. She feared for their safety and parked her car to wait for them to come out the other side. Luckily, they made it through without incident. We shouldn't have to fear for our students and families. As I've mentioned in previous emails, the Glendale Blvd., tunnel has been designated on our School Safety plan as the safe passage way to St. Theresa's Church and the Tommy Lasorda Dream Field, our evacuation centers. I don't feel very safe accompanying our students and staff through a potential biohazard area, riddled with discarded syringes and reeking of urine.

I am concerned for the health and safety of all students and the ability for our families to have safe passages to and from school.

I have sent an email to Assembly member Wendy Carrillo. Who might we refer our concerns about the tunnel to at CalTrans? Please let us know what else we might do.

Thank you for your ongoing support.

Greetings everyone: Tonight, I along with SLO Aispuro and 2 other SLO's responded to location and cited 3 for having their encampments tents up. During our enforcement we observed several clean up notices posted in the area for cleanups in the near future. Thank you for your continued support and patience. SLO Aispuro and I have made this area a project with outreach, cleanups(through council office) and enforcement. I know that approximately 3 years ago a major clean up and planting of succulents was conducted. I will be seeking the advice of CD #13 for a possible environmental change to location as well. We are trying to think outside of the box.

If you have any questions do not hesitate in reaching out to me or SLO Aispuro. Thank you, gina

Hi Laura,

-

I just wanted to include you on these emails, as we've been reaching out to the city in regards to the growing encampments next to the school.

-

We're encouraging parents to get involved, as I've seen kids having to approach the school on these sidewalks every day. We realize this is a citywide issue, but find this particularly troublesome because of the school and kids. My own family no longer walks down our street or to the library.

Thank you!

Hello Juan,

-

Thank you for all your past help!

-

Can I ask if there's anything that can be done about the growing encampment at the site and on the sidewalk across Glendale? I see multiple request for service on the LA311 website, but this encampment is growing day by day.

-

Thank you for any help!

Hello Gina,

-
Thank you for your response.

-
Are you saying we should call 911 each time we see these men doing these types of things, drugs, etc? Sadly, these guys are constantly throwing metal parts in the street and traffic lanes; and use drugs openly on a regular basis (within 500ft of a school). In the past we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

Hi Principal Gutierrez and All,

This location on Allesandro was scheduled for service last Friday. We are confirming that it was serviced, either way, I am working to get another service day posted but do not have a date confirmed yet. The location on Berkeley is in the rotation for service as well, I can add it to the request.

We are waiting on the Department of Street Services to finalize the contract for the gates along the tunnel. The money has already been transferred, they anticipate the contractor starting in mid March.

Our Clean Team will be on site tomorrow to see what trash and debris they can remove from the tunnel. They will remove what they can and send to Street Services should the tunnel need additional service.

If anyone wants to schedule a call to further discuss I can make myself available for a call.

Principal Gutierrez,

Thank you for your detailed email and your dedication to the children's wellbeing. I share your concern and frustration with how bad this situation has gotten. There is a law on the books, Penal Code 653b (Loitering at or near (500 feet) a school or public space where children congregate in a misdemeanor in California) the penalties include 6 months in jail and/or a \$2000 fine. I am not clear why this is not being enforced in the 3 areas you have outlined below... all within 500 feet of an elementary school. The occupants at these encampments have been violent, seen wondering naked and abusing drugs and alcohol in plain site of the children arriving and departing from school. It's abhorrent!

I know the Fastsider is planning on doing a story about these areas... maybe that will get more political eyeballs on the problem. In the meantime please let us know what we can do to help.

I am happy to help organize another townhall... let me know.

Subject: Re: Allesandro and Duane

Greetings everyone,

My apologies in advance to our LAPD officers and to Juan who will get this email twice, as a group of parents also looped me in another email chain. I just wanted to share the same information with our neighbors. I am attaching some pictures of some of the encampments that are near Clifford Elementary. I have serious concerns for the welfare and safety of our students and families who walk to school from all directions.

Encampment on Allesandro and Duane Street

Parents and neighbors have informed me that they observed the individuals from the encampment off Allesandro Street walking up and down Duane St. late last night, peeking into cars. I am concerned about their intentions and their close proximity to our school.

Encampments along Berkeley Ave. and Glendale Blvd.

In addition, I spent my morning at The Whole Child Cottages near Gateway Hospital, affiliated with the Los Angeles Homeless Services Authority (LAHSA), which is a Coordinated Entry System (CES). The facility recently opened, providing temporary housing for families who have experienced homelessness, and are transitioning to permanent housing. Clifford is the school of residence for the facility. Families from the cottages who have school-aged children will be walking to Clifford, as most do not have a vehicle and the facility does not provide transportation. The easiest route to take is Effie St. to Lake Shore Ave., then Berkeley Ave. to Glendale Blvd. North. As I drove the route, I saw several things that concerned me. Near the corner of Berkeley Ave. and Lake Shore Ave., the block is littered with trash. As you turn North on Glendale Blvd., families would have to pass approximately 4 tents. These families have been through the trauma of being homeless and shouldn't have to be reminded of their ordeal by walking passed these tents daily.

Clifford Street Tunnel crossing Glendale Blvd.

As my office manager was leaving home from work yesterday at 3:30PM, she observed one of our second grade students and her grandmother walk into the tunnel to cross Glendale Blvd. on Clifford Street. She stated that 2 men entered the tunnel shortly after them. She stated that they appeared dirty and disheveled. She feared for their safety and parked her car

to wait for them to come out the other side. Luckily, they made it through without incident. We shouldn't have to fear for our students and families. As I've mentioned in previous emails, the Glendale Blvd., tunnel has been designated on our School Safety plan as the safe passage way to St. Theresa's Church and the Tommy Lasorda Dream Field, our evacuation centers. I don't feel very safe accompanying our students and staff through a potential biohazard area, riddled with discarded syringes and reeking of urine.

I am concerned for the health and safety of all students and the ability for our families to have safe passages to and from school.

I have sent an email to Assembly member Wendy Carrillo. Who might we refer our concerns about the tunnel to at CalTrans? Please let us know what else we might do.

Thank you for your ongoing support.

During our enforcement we observed several clean up notices posted in the area for cleanups in the near future. Thank you for your continued support and patience. SLO Aispuro and I have made this area a project with outreach, cleanups(through council office) and enforcement. I know that approximately 3 years ago a major clean up and planting of succulents was conducted. I will be seeking the advice of CD #13 for a possible environmental change to location as well. We are trying to think outside of the box.

If you have any questions do not hesitate in reaching out to me or SLO Aispuro. Thank you, gina

Hi Laura,

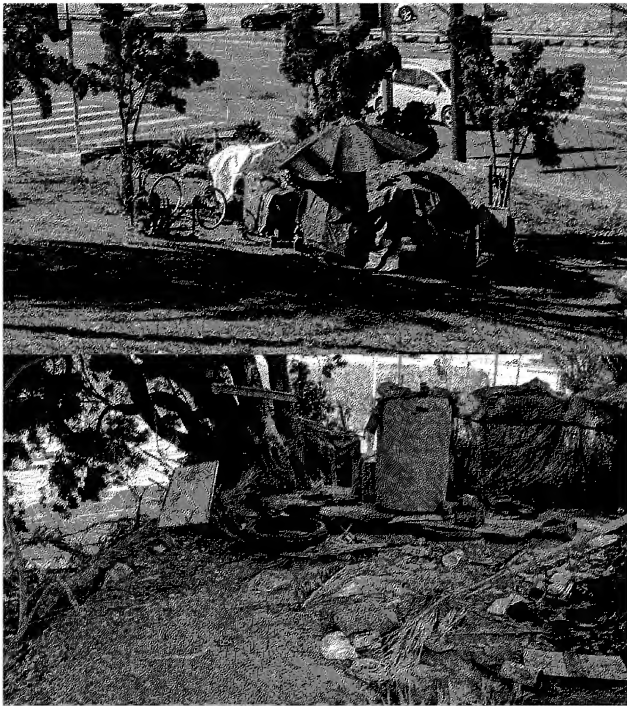

-
I just wanted to include you on these emails, as we've been reaching out to the city in regards to the growing encampments next to the school.

-
We're encouraging parents to get involved, as I've seen kids having to approach the school on these sidewalks every day. We realize this is a citywide issue, but find this particularly troublesome because of the school and kids. My own family no longer walks down our street or to the library.

Thank you!

Principal Gutierrez,

Thank you for your detailed email and your dedication to the children's wellbeing. I share your concern and frustration with how bad this situation has gotten. There is a law on the books, Penal Code 653b (Loitering at or near (500 feet) a school or public space where children congregate in a misdemeanor in California) the penalties include 6 months in jail and/or a \$2000 fine. I am not clear why this is not being enforced in the 3 areas you have outlined below... all within 500 feet of an elementary school. The occupants at these encampments have been violent, seen wondering naked and abusing drugs and alcohol in plain site of the

children arriving and departing from school. It's abhorrent!

I know the Eastsider is planning on doing a story about these areas... maybe that will get more political eyeballs on the problem. In the meantime please let us know what we can do to help.

I am happy to help organize another townhall... let me know.

Subject: Re: Allesandro and Duane

Greetings everyone,

My apologies in advance to our LAPD officers and to Juan who will get this email twice, as a group of parents also looped me in another email chain. I just wanted to share the same information with our neighbors. I am attaching some pictures of some of the encampments that are near Clifford Elementary. I have serious concerns for the welfare and safety of our students and families who walk to school from all directions.

Encampment on Allesandro and Duane Street

Parents and neighbors have informed me that they observed the individuals from the encampment off Allesandro Street walking up and down Duane St. late last night, peeking into cars. I am concerned about their intentions and their close

proximity to our school.

Encampments along Berkeley Ave. and Glendale Blvd.

In addition, I spent my morning at The Whole Child Cottages near Gateway Hospital, affiliated with the Los Angeles Homeless Services Authority (LAHSA), which is a Coordinated Entry System (CES). The facility recently opened, providing temporary housing for families who have experienced homelessness, and are transitioning to permanent housing. Clifford is the school of residence for the facility. Families from the cottages who have school-aged children will be walking to Clifford, as most do not have a vehicle and the facility does not provide transportation. The easiest route to take is Effie St. to Lake Shore Ave., then Berkeley Ave. to Glendale Blvd. North. As I drove the route, I saw several things that concerned me. Near the corner of Berkeley Ave. and Lake Shore Ave., the block is littered with trash. As you turn North on Glendale Blvd., families would have to pass approximately 4 tents. These families have been through the trauma of being homeless and shouldn't have to be reminded of their ordeal by walking passed these tents daily.

Clifford Street Tunnel crossing Glendale Blvd.

As my office manager was leaving home from work yesterday at 3:30PM, she observed one of our second grade students and her grandmother walk into the tunnel to cross Glendale Blvd. on Clifford Street. She stated that 2 men entered the tunnel shortly after them. She stated that they appeared dirty and disheveled. She feared for their safety and parked her car to wait for them to come out the other side. Luckily, they made it through without incident. We shouldn't have to fear for our students and families. As I've mentioned in previous emails, the Glendale Blvd. tunnel has been designated on our School Safety plan as the safe passage way to St. Theresa's Church and the Tommy Lasorda Dream Field, our evacuation centers. I don't feel very safe accompanying our students and staff through a potential biohazard area, riddled with discarded syringes and reeking of urine.

I am concerned for the health and safety of all students and the ability for our families to have safe passages to and from school.

I have sent an email to Assembly member Wendy Carrillo. Who might we refer our concerns about the tunnel to at CalTrans? Please let us know what else we might do.

Thank you for your ongoing support.

Greetings everyone: Tonight, I along with SLO Aispuro and 2 other SLO's responded to location and cited 3 for having their encampments tents up. During our enforcement we observed several clean up notices posted in the area for cleanups in the near future. Thank you for your continued support and patience. SLO Aispuro and I have made this area a project with outreach, cleanups(through council office) and enforcement. I know that approximately 3 years ago a major clean up and planting of succulents was conducted. I will be seeking the advice of CD #13 for a possible environmental change to location as well. We are trying to think outside of the box.

If you have any questions do not hesitate in reaching out to me or SLO Aispuro. Thank you, gina

Hello Gina,

Thank you for your response.

-

Are you saying we should call 911 each time we see these men doing these types of things,
drugs, etc? Sadly, these guys are constantly throwing
metal parts in the street and traffic lanes; and use drugs
openly on a regular basis (within 500ft of a school). In
the past we were asked to not call 911, since these
issues did not necessarily rise to the level of
emergencies. Do you think we would have more
response this way?

We obviously want to be respectful of police resources, but would like help in dealing with these issues.

[CAUTION]

This email originated outside Warner Bros.

Greetings everyone,

My apologies in advance to our LAPD officers and to Juan who will get this email twice, as a group of parents also looped me in another email chain. I just wanted to share the same information with our neighbors. I am attaching some pictures of some of the encampments that are near Clifford Elementary. I have serious concerns for the welfare and safety of our students and families who walk to school from all directions.

Encampment on Allesandro and Duane Street

Parents and neighbors have informed me that they observed the individuals from the encampment off Allesandro Street walking up and down Duane St. late last night, peeking into cars. I am concerned about their intentions and their close proximity to our school.

Encampments along Berkeley Ave. and Glendale Blvd.

In addition, I spent my morning at The Whole Child Cottages near Gateway Hospital, affiliated with the Los Angeles Homeless Services Authority (LAHSA), which is a Coordinated Entry System (CES). The facility recently opened, providing temporary housing for families who have experienced homelessness, and are transitioning to permanent housing. Clifford is the school of residence for the facility. Families from the cottages who have school-aged children will be walking to Clifford, as most do not have a vehicle and the facility does not provide transportation. The easiest route to take is Effie St. to Lake Shore Ave., then Berkeley Ave. to Glendale Blvd. North. As I drove the route, I saw several things that concerned me. Near the corner of Berkeley Ave. and Lake Shore Ave., the block is littered with trash. As you turn North on Glendale Blvd., families would have to pass approximately 4 tents. These families have been through the trauma of being homeless and shouldn't have to be reminded of their ordeal by walking passed these tents daily.

Clifford Street Tunnel crossing Glendale Blvd.

As my office manager was leaving home from work yesterday at 3:30PM, she observed one of our second grade students and her grandmother walk into the tunnel to cross Glendale Blvd. on Clifford Street. She stated that 2 men entered the tunnel shortly after them. She stated that they appeared dirty and disheveled. She feared for their safety and parked her car to wait for them to come out the other side. Luckily, they made it through without incident. We shouldn't have to fear for our students and families. As I've mentioned in previous emails, the Glendale Blvd., tunnel has been designated on our School Safety plan as the safe passage way to St. Theresa's Church and the Tommy Lasorda Dream Field, our evacuation centers. I don't feel very safe accompanying our students and staff through a potential biohazard area, riddled with discarded syringes and reeking of urine.

I am concerned for the health and safety of all students and the ability for our families to have safe passages to and from school.

I have sent an email to Assembly member Wendy Carrillo. Who might we refer our concerns about the tunnel to at CalTrans? Please let us know what else we might do.

Thank you for your ongoing support.

Greetings everyone: Tonight, I along with SLO Aispuro and 2 other SLO's responded to location and cited 3 for having their encampments tents up. During our enforcement we observed several clean up notices posted in the area for cleanups in the near future. Thank you for your continued support and patience. SLO Aispuro and I have made this area a project with outreach, cleanups(through council office) and enforcement. I know that approximately 3 years ago a major clean up and planting of succulents was conducted. I will be seeking the advice of CD #13 for a possible environmental change to location as well. We are trying to think outside of the box.

-
If you have any questions do not hesitate in reaching out to me or SLO Aispuro. Thank you, gina

Hi Laura,

-

I just wanted to include you on these emails, as we've been reaching out to the city in regards to the growing encampments next to the school.

-

We're encouraging parents to get involved, as I've seen kids having to approach the school on these sidewalks every day. We realize this is a citywide issue, but find this particularly troublesome because of the school and kids. My own family no longer walks down our street or to the library.

-

Thank you!

Hello Gina,

-
Thank you for your response.

-
Are you saying we should call 911 each time we see these men doing these types of things, drugs, etc? Sadly, these guys are constantly throwing metal parts in the street and traffic lanes; and use drugs openly on a regular basis (within 500ft of a school). In the past we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

-
We obviously want to be respectful of police resources, but would like help in dealing with these issues.

-
Thanks again for your help!

BACKGROUND:

OVER THE PAST TWO YEARS, SABAN COMMUNITY CLINIC (SCC) HAS ENGAGED IN TWO PARTNERSHIP OPPORTUNITIES WITH THE CENTER AT BLESSED SACRAMENT ("THE CENTER"), AN ACCESS CENTER IN HOLLYWOOD FOR INDIVIDUALS EXPERIENCING HOMELESSNESS. THE FIRST, THROUGH MEASURE H FUNDING FOR THE E6 (COUNTYWIDE OUTREACH STRATEGY) HOMELESS STREET OUTREACH TEAM AND THE SECOND, FUNDING FROM UNITED WAY FOR A NURSE CARE FACILITIES COORDINATOR. THE PARTNERSHIP HAS PROVEN TO BE STRONG BASED ON SHARED VISION AND SUCCESS IN ACHIEVING GOALS.

THE CENTER'S MISSION IS TO END ISOLATION AND HOMELESSNESS IN HOLLYWOOD. THROUGH CLINICALLY PROVEN WELLNESS MODELS, THE CENTER FOCUSES ON HOLISTIC WELLBEING AND COMPREHENSIVE HEALTH AS PART OF THE COMMUNITY WELLNESS PROGRAM. THE CENTER CONNECTS AND ENROLLS CLIENTS INTO SERVICES BOTH IN-HOUSE AND IN THE GREATER LOS ANGELES COMMUNITY. THE CENTER ALSO MANAGES GOVERNMENT CONTRACTS FOR RAPID REHOUSING, THE COORDINATED ENTRY SYSTEM, THE HOLLYWOOD E6 OUTREACH TEAM THROUGH MEASURE H, AND STAFFING FOR THE HOLLYWOOD BRIDGE HOUSING. THE WELLNESS PROGRAM IS LOOKING TO GROW AND EXPAND CLINICAL SERVICES.

SABAN COMMUNITY CLINIC IS ONE OF THE LARGEST HEALTHCARE SERVICE PROVIDERS IN THE HOLLYWOOD SPA4 AREA. SABAN WORKS CLOSELY IN PARTNERSHIP WITH THE CENTER TO OFFER HEALTH CARE SERVICES AND ASSIST WITH MEDICAL CASE MANAGEMENT. PARTICIPANTS AT THE CENTER ARE AWARE OF HIGH QUALITY CARE AT SABAN COMMUNITY CLINIC IN HOLLYWOOD, BUT DUE TO TRANSPORTATION ISSUES AND DISTANCE, THE POPULATION OFTEN DOES NOT UTILIZE HEALTH CARE SERVICES. E6, AS PART OF ITS COLLABORATION WITH SABAN, PROVIDES HEALTHCARE SERVICES TO PATIENTS IN THE HOLLYWOOD AREA.

IF INDIVIDUALS EXPERIENCING HOMELESSNESS DO NOT HAVE HOUSING, THEY ARE UNLIKELY TO PRIORITIZE HEALTHCARE. ESTABLISHING A SATELLITE CLINIC ON SITE AT THE CENTER WOULD IDENTIFY, LINK AND PROVIDE ADDITIONAL ACCESS TO HEALTH, MENTAL HEALTHCARE, AND HOUSING FOR VULNERABLE INDIVIDUALS.

PROPOSAL:

THE SATELLITE CLINIC WILL OPERATE 3 DAYS A WEEK FROM 8:30 AM – 12:30 PM (4 HOURS PER SESSION). OPERATIONAL HOURS

WILL COINCIDE WITH THE CENTER'S WELLNESS PROGRAMS TO MAXIMIZE THE NUMBER OF PATIENTS REFERRED TO THE ONSITE CLINIC. SATELLITE CLINIC STAFF WILL INCLUDE: NURSE PRACTITIONER, MEDICAL ASSISTANT THAT WILL ALSO FUNCTION AS A FRONT DESK, AND A PATIENT ELIGIBILITY SPECIALIST TO ASSIST WITH INSURANCE ENROLLMENT. THE GOAL OF THE SATELLITE CLINIC IS TO PROVIDE PRIMARY CARE SERVICES IN THE COMMUNITY TO PATIENTS EXPERIENCING HOMELESSNESS THAT ARE THE MOST VULNERABLE AND THEREFORE, BROADEN OUR PATIENT BASE AND REACH.

MONITORING & EVALUATION

SABAN COMMUNITY CLINIC'S DEPARTMENT OF STRATEGY, IN COLLABORATION WITH THE MEDICAL DEPARTMENT, WILL PROVIDE OVERSIGHT FOR THIS PROJECT. THE OVERARCHING GOALS FOR THIS PROJECT WILL BE TO: INCREASE OUR NUMBER OF PATIENTS, ASSIST IN THE HOUSING PROCESS, AND PROVIDE QUALITY, COMPREHENSIVE MEDICAL CARE TO THOSE MOST VULNERABLE. THERE WILL BE REGULAR COLLECTION OF DATA ON A QUARTERLY BASIS IN ORDER TO MONITOR AND TRACK THE NUMBER OF PATIENTS ENROLLED INTO SERVICES DURING THE SATELLITE CLINIC.

POVERTY AND CHRONIC DISEASE HAS ESPECIALLY HARMFUL EFFECTS ON WELL-BEING, PSYCHOLOGICAL HEALTH, CHRONIC DISEASE, AND MORTALITY. THE SABAN SATELLITE CLINIC SIX-MONTH REPORTS SHALL HIGHLIGHT 1) KEY PROGRAM SUCCESS AND ACCOMPLISHMENTS DURING THE PERIOD, 2) IDENTIFY KEY PROGRAM BARRIERS AND CHALLENGES, 3) STAFFING CHANGES AND TRAINING RECEIVED, AND 4) NEED FOR TRAINING OR TECHNICAL ASSISTANCE FROM THE SABAN COMMUNITY CLINIC.

THE GOAL OF ESTABLISHING A SATELLITE CLINIC AT THE CENTER IS TO UTILIZE A TRUSTED, ESTABLISHED, CENTRALLY LOCATED FACILITY IN THE HEART OF HOLLYWOOD TO IMPROVE

HEALTHCARE DELIVERY. THE CREATION OF A SATELLITE ACCESS POINT IS MUTUALLY BENEFICIAL TO THE CENTER AND SABAN ORGANIZATIONS, IN DOING SO POSITIVELY AFFECTING AND PATIENT HEALTH. EXPANDING COMMUNITY SERVICES AT THE CENTER INCREASES ACCESS TO HEALTHCARE AND IMPROVES THE WELLBEING OF INDIVIDUALS EXPERIENCING HOMELESSNESS.

---SUGGESTED TALKING POINTS ON THE NEXT PAGE---

- THANK
 - NATHAN SHEETS - EXECUTIVE DIRECTOR OF THE CENTER
 - MURIAL NOUWEZEM - CEO SABAN
- THANK YOU TO THE CENTER FOR THEIR WORK EVERYDAY IN MAKING OUR NEIGHBORS EXPERIENCING HOMELESSNESS FEEL WELCOME AND GIVE THEM A PLACE TO OPEN UP AND EXPRESS THEMSELVES.
- WE CAN NOT SOLVE HOMELESSNESS ALONE.
- PARTNERSHIPS ARE KEY TO THE SOLUTION
 - CD13 / THE CENTER
 - PATH / THE CENTER (AT SCHRADER)
- THE PARTNERSHIP BETWEEN THE CENTER AND SABAN WILL ADD A MUCH NEEDED RESOURCE TO THE HOLLYWOOD COMMUNITY.
- AS OUR NEIGHBORS COME TO THE CENTER THEY WILL HAVE ACCESS TO MUCH NEEDED MEDICAL ASSISTANCE.
- A HEALTHY PHYSICAL BODY CAN HELP LEAD TO STRONG MENTAL HEALTH.
- ONCE AGAIN THANK YOU TO SABAN FOR OPENING THIS GREAT RESOURCE HERE IN HOLLYWOOD.

Subject: once again: Cal Trans clean up - adding Allison Queen from CalTrans

EXTERNAL EMAIL: Links/attachments may not be safe.

hello everyone,
I'm adding my tenant Lauren Santos to this thread. She lives at 427 N Commonwealth and wants to get involved with our efforts to clean up our street and the freeway embankment where homeless people trespass daily and have cut through the CalTrans fencing on more than one occasion to pass through from the embankment to our cul-de-sac.

We are constantly having problems. Last week, 3 homeless people decided to throw trash from their shopping carts and our trash cans all over the street and public sidewalk. My elderly neighbor, who walks around the block every day as exercise after her knee surgeries, was afraid to leave her home. They looked like they were planning to camp out there, but I called 911 and they left, then one of them returned until I made him clean up the mess and leave.

A few days ago, there was a FIRE started on the CalTrans embankment (see attached video), near the tent that I notice is STILL THERE even after making CalTrans SERVICE REQUEST (CSR #775789) (see attached screen grab) way back in early November. At that time, CalTrans workers told us they would take care of the request after serving the people in the tent a 3-DAY notice to leave. They are STILL THERE IN THAT TENT, STEALING ELECTRICITY, TAGGING AND STARTING FIRES, 3.5 MONTHS LATER. Actually, if you scroll down you will see that my FIRST request was submitted in September 2019, more than 4 months ago.

THERE IS STILL A HOLE IN THE CALTRANS FENCING, next to 420 Commonwealth, which I HAVE JUST STITCHED UP WITH WIRE FOR THE SECOND TIME.

THERE IS ELECTRICITY BEING STOLEN FROM THE LIGHT POLE ON HOOVER STREET, WHICH IS WIDE OPEN WITH RAW ELECTRIC WIRES - NEAR A SCHOOL AND SOCCER FIELD. (see photos)

WE WANT THIS TENT REMOVED IN THE NEXT TWO WEEKS.
WE WANT THE TRASH ON THE EMBANKMENT REMOVED.
WE WANT THE HOLE IN THE FENCE REPAIRED.

Thank you for your help, please call me with any questions,

Subject: Re: Cal Trans clean up - adding Allison Queen from CalTrans

hello everyone,
thank you for all your hard work on the clean-up under the Hoover bridge on 10/25.
it was unfortunate that the fires up north prevented the City crew from participating.

It's also unfortunate that we still have issues with the encampments under the bridge,
but we all knew that would continue...

I'm writing to check in on the eviction process for the "secret tent" that is on CalTrans property next to my neighbors property at 420 Commonwealth. On the 25th, the amazing CalTrans workers Mike and Darryl told me there would need to be a 3-day eviction posted to that tent, where taggers have set up camp and regularly tagged up my street until I patched the hole in the fence and put a lock on the CalTrans gate (now replaced by Darryl). There is drug activity in that immediate area as well; my neighbor Cecelia found used needles thrown over the fence onto her property, which she runs as a drug rehab, adding extra stress. She has also dealt with fires from illegal extension cords and stolen electricity.

I've attached the new CSR #775789 I just placed with CalTrans. I'm also attaching a map so that we can all be on the same page and get this tent and occupants removed. It's hidden in a corner of a cinderblock wall, so it's easily overlooked.

Please let me know when the eviction notice will be posted and when we can expect the tent to be removed.

thanks again,

Good afternoon Ms. Baydsar,

I am coordinating this effort with our team. The date for clean-up of this area is October 25, 2019 to address the location. This date has been established by the city, and Caltrans being a partner in the UHRC, is collaborating on clean-ups lead by the city. I will provide you more details as I receive them. We consider this a timely response time according to all the CSRs that we have in cue.

Unfortunately, the date of September 24, 2019 you provided on the two CSRs is not past our timeline for our crews to address an encampment. Our crews can address a CSR sooner, but we don't consider a CSRs in this timeframe delayed. CSRs go into a cue and are addressed in the order in which they are received. Situation Acknowledged. Will be addressed.

Additional Message:

1324312 Dear Citizen, Thank you for your recent submission to the Customer Service Request System. Caltrans appreciates your concern for the California transportation system. The responsible Region Area Superintendent and Supervisor have been notified. Unfortunately, 21 percent of the homeless population in the U.S. resides in California (according to the U.S. Department of Housing and Urban Development). This is not only a Caltrans issue, it is a social concern that requires cooperation between federal, state, and local communities working together to develop long-term solutions. Before the removal of an illegal encampment, a 72-hour notice must be posted at the site. Scheduling and removal may be affected by available resources, safety concerns, and coordination with outside agencies. Caltrans is not a law enforcement agency. If there is an immediate safety concern, please contact your local law enforcement agency. Direction of Travel: Northbound

Date & Time Situation Noticed: 2019-09-23 1 pm - 2 pm

Type of Situation: Illegal Encampment

Nature of Situation: numerous homeless encampments under the Hoover Street and Virgil Street bridges. Someone cut CT chain link fence on Commonwealth to access to/from the embankment, where homeless walk from one bridge to the other. There is a large tent & furniture on the embankment next to my neighbor's property, used syringes were found. Homeless and taggers are using the fence hole to access Commonwealth. Extension cords = stolen electricity on Hoover. CT access gate was unlocked and open.

Geographic Location of Situation: Encampments on Hoover & Virgil underpasses under 101 Freeway. Commonwealth Ave cul-de-sac fencing cut and CalTrans access gate left open. A "secret tent" encampment with taggers living inside is located on the embankment but next to my neighbor's (420 Commonwealth) fence, just east of the cul-de-sac and between Commonwealth and Hoover.

Principal Gutierrez,

Thank you for your detailed email and your dedication to the children's wellbeing. I share your concern and frustration with how bad this situation has gotten. There is a law on the books, Penal Code 653b (Loitering at or near (500 feet) a school or public space where children congregate in a misdemeanor in California) the penalties include 6 months in jail and/or a \$2000 fine. I am not clear why this is not being enforced in the 3 areas you have outlined below... all within 500 feet of an elementary school. The occupants at these encampments have been violent, seen wondering naked and abusing drugs and alcohol in plain site of the children arriving and departing from school. It's abhorrent!

I know the Eastsider is planning on doing a story about these areas... maybe that will get more political eyeballs on the problem. In the meantime please let us know what we can do to help.

I am happy to help organize another townhall... let me know.

Subject: Re: Allesandro and Duane

Greetings everyone,

My apologies in advance to our LAPD officers and to Juan who will get this email twice, as a group of parents also looped me in another email chain. I just wanted to share the same information with our neighbors. I am attaching some pictures of some of the encampments that are near Clifford Elementary. I have serious concerns for the welfare and safety of our students and families who walk to school from all directions.

Encampment on Allesandro and Duane Street

Parents and neighbors have informed me that they observed the individuals from the encampment off Allesandro Street walking up and down Duane St. late last night, peeking into cars. I am concerned about their intentions and their close proximity to our school.

Encampments along Berkeley Ave. and Glendale Blvd.

In addition, I spent my morning at The Whole Child Cottages near Gateway Hospital, affiliated with the Los Angeles Homeless Services Authority (LAHSA), which is a Coordinated Entry System (CES). The facility recently opened, providing temporary housing for families who have experienced homelessness, and are transitioning to permanent housing. Clifford is the school of residence for the facility. Families from the cottages who have school-aged children will be walking to Clifford, as most do not have a vehicle and the facility does not provide transportation. The easiest route to take is Effie St. to Lake Shore Ave., then Berkeley Ave. to Glendale Blvd. North. As I drove the route, I saw several things that concerned me. Near the corner of Berkeley Ave. and Lake Shore Ave., the block is littered with trash. As you turn North on Glendale Blvd., families would have to pass approximately 4 tents. These families have been through the trauma of being homeless and shouldn't have to be reminded of their ordeal by walking passed these tents daily.

Clifford Street Tunnel crossing Glendale Blvd.

As my office manager was leaving home from work yesterday at 3:30PM, she observed one of our second grade students and her grandmother walk into the tunnel to cross Glendale Blvd. on Clifford Street. She stated that 2 men entered the tunnel shortly after them. She stated that they appeared dirty and disheveled. She feared for their safety and parked her car to wait for them to come out the other side. Luckily, they made it through without incident. We shouldn't have to fear for our students and families. As I've mentioned in previous emails, the Glendale Blvd., tunnel has been designated on our School Safety plan as the safe passage way to St. Theresa's Church and the Tommy Lasorda Dream Field, our evacuation centers. I don't feel very safe accompanying our students and staff through a potential biohazard area, riddled with discarded syringes and reeking of urine.

I am concerned for the health and safety of all students and the ability for our families to have safe passages to and from school.

I have sent an email to Assembly member Wendy Carrillo. Who might we refer our concerns about the tunnel to at CalTrans? Please let us know what else we might do.

Thank you for your ongoing support.

Hi Laura,

I just wanted to include you on these emails, as we've been reaching out to the city in regards to the growing encampments next to the school.

We're encouraging parents to get involved, as I've seen kids having to approach the school on these sidewalks every day. We realize this is a citywide issue, but find this particularly troublesome because of the school and kids. My own family no longer walks down our street or to the library.

Thank you!

Hello Gina,

Thank you for your response.

Are you saying we should call 911 each time we see these men doing these types of things, drugs, etc? Sadly, these guys are constantly throwing metal parts in the street and traffic lanes; and use drugs openly on a regular basis (within 500ft of a school). In the past we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

We obviously want to be respectful of police resources, but would like help in dealing with these issues.

Thanks again for your help!

hello everyone,
I'm adding my tenant Lauren Santos to this thread. She lives at 427 N Commonwealth and wants to get involved with our efforts to clean up our street and the freeway embankment where homeless people trespass daily and have cut through the CalTrans fencing on more than one occasion to pass through from the embankment to our cul-de-sac.

We are constantly having problems. Last week, 3 homeless people decided to throw trash from their shopping carts and our trash cans all over the street and public sidewalk. My elderly neighbor, who walks around the block every day as exercise after her knee surgeries, was afraid to leave her home. They looked like they were planning to camp out there, but I called 911 and they left, then one of them returned until I made him clean up the mess and leave.

A few days ago, there was a FIRE started on the CalTrans embankment (see attached video), near the tent that I notice is STILL THERE even after making CalTrans SERVICE REQUEST (CSR #775789) (see attached screen grab) way back in early November. At that time, CalTrans workers told us they would take care of the request after serving the people in the tent a 3-DAY notice to leave. They are STILL THERE IN THAT TENT, STEALING ELECTRICITY, TAGGING AND STARTING FIRES, 3.5 MONTHS LATER. Actually, if you scroll down you will see that my FIRST request was submitted in September 2019, more than 4 months ago.

THERE IS STILL A HOLE IN THE CALTRANS FENCING, next to 420 Commonwealth, which I HAVE JUST STITCHED UP WITH WIRE FOR THE SECOND TIME.

THERE IS ELECTRICITY BEING STOLEN FROM THE LIGHT POLE ON HOOVER STREET, WHICH IS WIDE OPEN WITH RAW ELECTRIC WIRES - NEAR A SCHOOL AND SOCCER FIELD. (see photos)

WE WANT THIS TENT REMOVED IN THE NEXT TWO WEEKS.
WE WANT THE TRASH ON THE EMBANKMENT REMOVED.
WE WANT THE HOLE IN THE FENCE REPAIRED.

Thank you for your help, please call me with any questions,

hello everyone,
thank you for all your hard work on the clean-up under the Hoover bridge on 10/25.
it was unfortunate that the fires up north prevented the City crew from participating.

It's also unfortunate that we still have issues with the encampments under the bridge,
but we all knew that would continue...

I'm writing to check in on the eviction process for the "secret tent" that is on CalTrans property next to my neighbors property at 420 Commonwealth. On the 25th, the amazing CalTrans workers Mike and Darryl told me there would need to be a 3-day eviction posted to that tent, where taggers have set up camp and regularly tagged up my street until I patched the hole in the fence and put a lock on the CalTrans gate (now replaced by Darryl). There is drug activity in that immediate area as well; my neighbor Cecilia found used needles thrown over the fence onto her property, which she runs as a drug rehab, adding extra stress. She has also dealt with fires from illegal extension cords and stolen electricity.

I've attached the new CSR #775789 I just placed with CalTrans. I'm also attaching a map so that we can all be on the same page and get this tent and occupants removed. It's hidden in a corner of a cinderblock wall, so it's easily overlooked.

Please let me know when the eviction notice will be posted and when we can expect the tent to be removed.

Situation Acknowledged. Will be addressed.

Additional Message:

1324312 Dear Citizen, Thank you for your recent submission to the Customer Service Request System. Caltrans appreciates your concern for the California transportation system. The responsible Region Area Superintendent and Supervisor have been notified. Unfortunately, 21 percent of the homeless population in the U.S. resides in California (according to the U.S. Department of Housing and Urban Development). This is not only a Caltrans issue, it is a social concern that requires cooperation between federal, state, and local communities working together to develop long-term solutions. Before the removal of an illegal encampment, a 72-hour notice must be posted at the site. Scheduling and removal may be affected by available resources, safety concerns, and coordination with outside agencies. Caltrans is not a law enforcement agency. If there is an immediate safety concern, please contact your local law enforcement agency. Caltrans Our Mission: Provide a safe, sustainable, integrated and efficient transportation system to enhance California's economy and livability.

**Date & Time Situation
Noticed:**

2019-09-23 1 pm - 2 pm

Type of Situation:

Illegal Encampment

Nature of Situation:

numerous homeless encampments under the Hoover Street and Virgil Street bridges. Someone cut CT chain link fence on Commonwealth to access to/from the embankment, where homeless walk from one bridge to the other. There is a large tent & furniture on the embankment next to my neighbor's property, used syringes were found. Homeless and taggers are using the fence hole to access Commonwealth. Extension cords = stolen electricity on Hoover. CT access gate was unlocked and open.

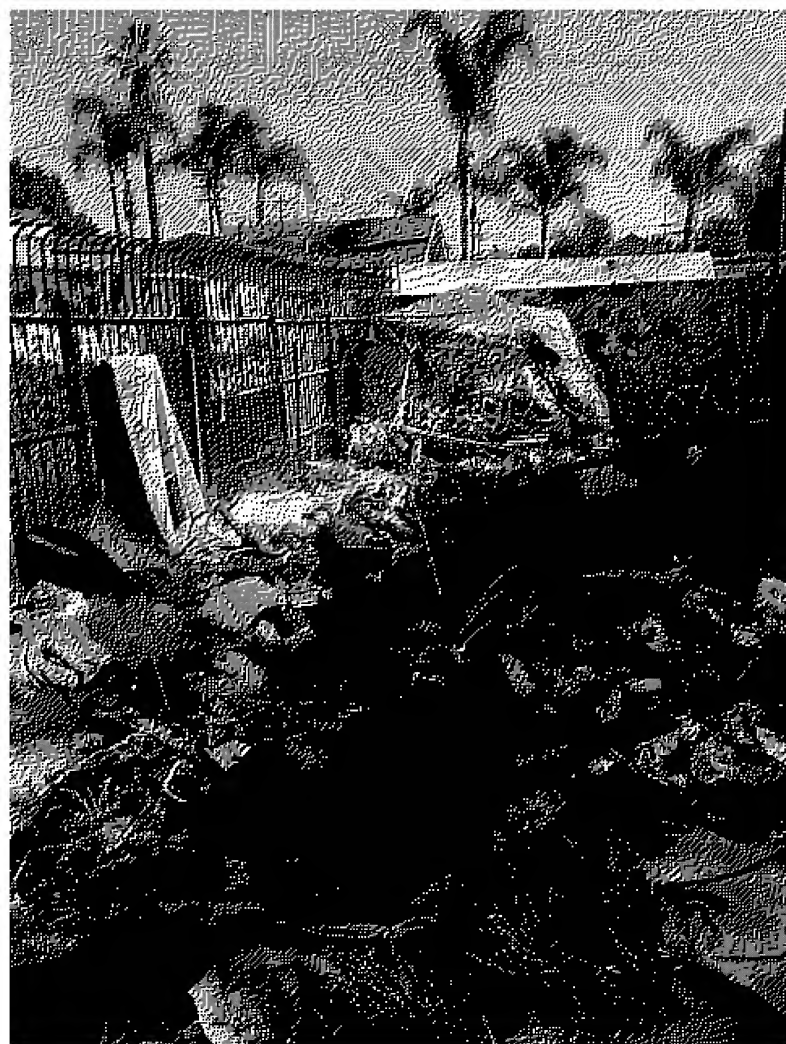

**Geographic Location of
Situation:**

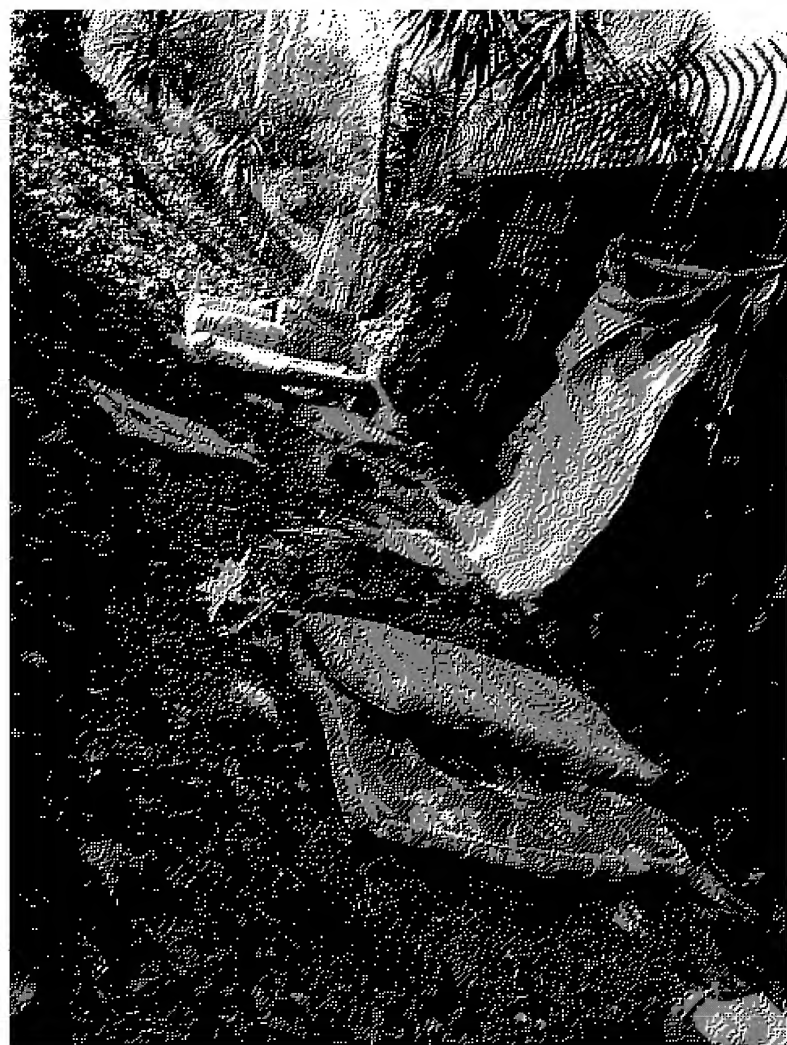

Encampments on Hoover & Virgil underpasses under 101 Freeway. Commonwealth Ave cul-de-sac fencing cut and CalTrans access gate left open. A "secret tent" encampment with taggers living inside is located on the embankment but next to my neighbor's (420 Commonwealth) fence, just east of the cul-de-sac and between Commonwealth and Hoover.

The responsible Region Area Superintendent and Supervisor have been notified. Unfortunately, 21 percent of the homeless population in the U.S. resides in California (according to the U.S. Department of Housing and Urban Development). This is not only a Caltrans issue, it is a social concern that requires cooperation between federal, state, and local communities working together to develop long-term solutions. Before the removal of an illegal encampment, a 72-hour notice must be posted at the site. Scheduling and removal may be affected by available resources, safety concerns, and coordination with outside agencies. Caltrans is not a law enforcement agency. If there is an immediate safety concern, please contact your local law enforcement agency. Caltrans Our Mission: Provide a safe, sustainable, integrated and efficient transportation system to enhance California's economy and livability.

Type of Situation: Illegal Encampment

multiple homeless encampments under the Hoover Street and Virgil Street bridges. Someone cut CT chain link fence on Commonwealth to access to/from the embankment, where homeless walk from one bridge to the other. There is a large tent & furniture on the embankment next to my neighbor's property, used syringes were found. Homeless and taggers are using the fence hole to access Commonwealth. Extension cords = stolen electricity on Hoover. CT access gate was unlocked and open.

Nature of Situation:

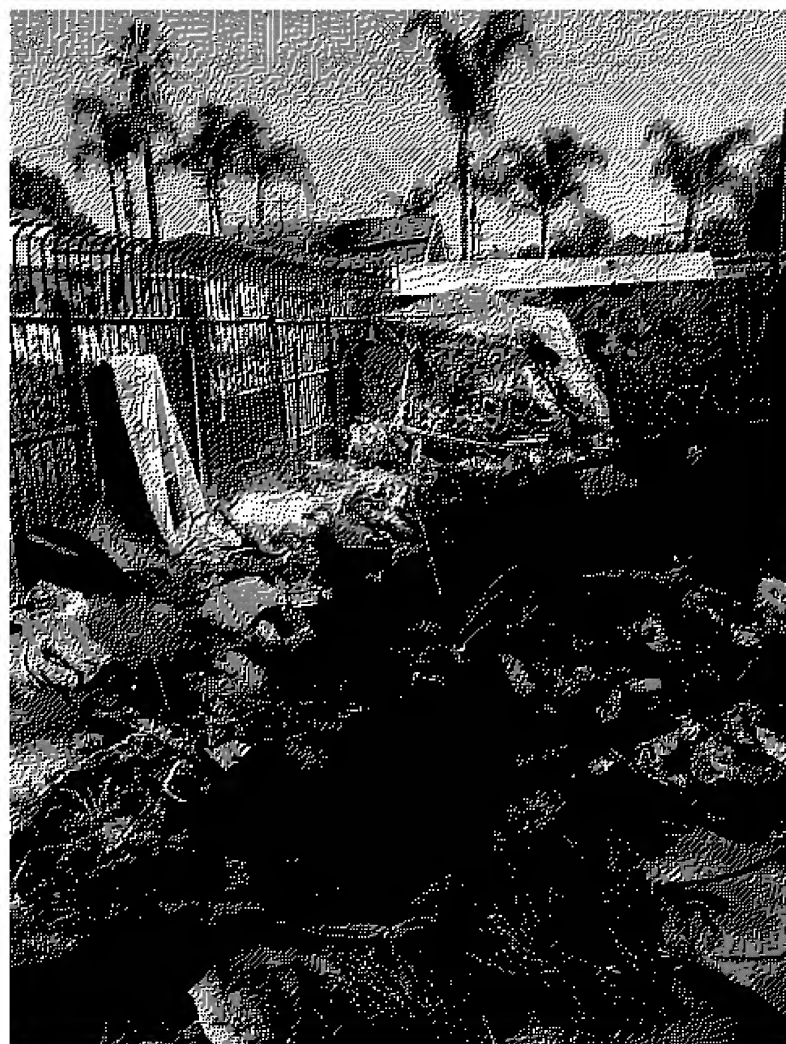

Geographic Location of Encampments on Hoover & Virgil underpasses under 101 Freeway. Commonwealth Ave

Situation:

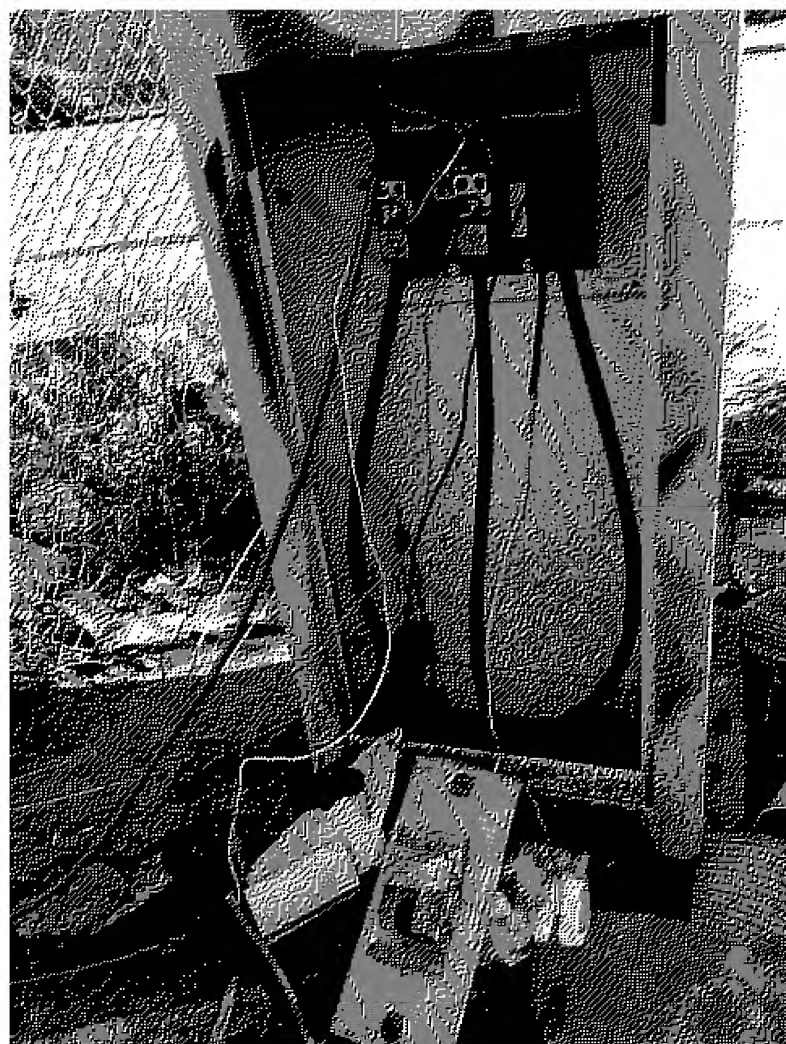

cul-de-sac fencing cut and CalTrans access gate left open. A "secret tent" encampment with taggers living inside is located on the embankment but next to my neighbor's (420 Commonwealth) fence, just east of the cul-de-sac and between Commonwealth and Hoover.

Hi Spencer,

I am looping in SLO Garcia.

I have asked the last two inspectors that went out there to please provide next steps in getting the owner to comply with securing the property. I have not heard back, but they should be back from the holiday break.

Once I get more information to share I will pass it along.

Hello Juan and Officer Hernandez,

I just wanted to follow up on this again because these people have continued to occupy the property at 2011 Beverly and we haven't been able to do anything to get them removed or to get the property re-secured. I've attached some photos/videos for reference.

We've been able to get non-emergency dispatch to talk to them a couple of times, but the patrol officers have essentially told us there is nothing they can do but tell the trespassers to leave unless the owner is present and is the one making the call. Today, they were loitering outside with the security door open and the patrol officers didn't even tell them to leave. They just told the trespassers to go back inside the property and close the door. It's especially problematic because the trespassing parties have keys, so they keep the door locked and most of the time the patrol officers can't access the property so they can't even talk to them.

We've written a letter to the property owner and filed LADBS requests (our first was closed because it got routed to the wrong department, the current request is #463736). Beyond that, I'm not sure what else we can do without additional assistance. Please let me know if there are any other steps we can take to help facilitate the process of securing the property.

Hi Juan,

It's a commercial property, not a residential property, so I reported it as a code violation to LADBS. It's CSR #461577. Note that the security door that they're accessing seems to have an indoor style lock which can be opened and closed from the inside and they re-lock it when they're on the property. So, if you try the door and they're inside, it will likely be locked (i.e., it will seem secure). I've mailed a letter to property owner asking them to have the people removed and to change the lock so people can't climb over the fence and unlock the gate from inside.

If you come by in the morning, I should be around until about 10:00. Feel free to stop by.

Hello Juan and Officer Hernandez,

We recently discovered that a couple of homeless men have managed to get over the fence or somehow otherwise unlock the security door at the Mountain View side of the the empty medical building at 2011 Beverly Blvd and have been camping on the backside of the property. This happened once in the past and it caused a lot of problems, but the property owner was very responsive and put up extra security and barbed wire to keep people out. I'm not sure how these

two men managed to get in.

I was going to call the "for lease" number on the building to see if they could let the property owner know, but the sign has been taken down. Are there other steps we can take to notify the owner and motivate them to file a trespass authorization and take further steps to secure the property? We've called non-emergency dispatch, but they haven't been much help.

Let me know if I can provide any additional information.

Hello all,

Our outreach teams and regional coordination for the Olympic area were able to secure a motel voucher through 211 for the family as of EOB today. Additionally, the family will be transported by LAHSA to PATH's SPA 4 Family Solutions Center for intake tomorrow. The intake will further assess the family's current needs and identify any available resources. We would like to take this opportunity to thank the LAPD and City Attorney's office for your continued partnership in serving our unhoused neighbors. Please contact me directly with any additional questions or concerns.

Respectfully,

If you would like to submit an outreach request, please visit the Los Angeles Homeless Outreach Portal at www.la-hop.org

Dear Olympic Team,

It has come to my attention that there is a family from Arkansas currently living on our streets at 4th and Shatto (In front of the Sizzler on 4th) in a red and white tent. Detective Lopez (Juveniles) and I (Detective Wong/Autos) made contact with the family at the request of DCA Andrew Said (Neighborhood Prosecutor) The family has been in California for three months. Both parents are unemployed. The mother claims to be a certified nursing assistant. The family recently moved her from Anaheim. The family indicated they would like to go to Fort Smith, Arkansas. They could be reached at (323) 679-7898. The child (10 years old) and is currently not enrolled in school. DCFS has already been notified by patrol officers.

Hello all,

Our outreach teams and regional coordination for the Olympic area were able to secure a motel voucher through 211 for the family as of EOB today. Additionally, the family will be transported by LAHSa to PATH's SPA 4 Family Solutions Center for intake tomorrow. The intake will further assess the family's current needs any identify any available resources. We would like to take this opportunity to thank the LAPD and City Attorney's office for your continued partnership in serving our unhoused neighbors. Please contact me directly with any additional questions or concerns.

Respectfully,

If you would like to submit an outreach request, please visit the Los Angeles Homeless Outreach Portal at www.la-hop.org

Subject: 4th & Shatto Homeless Family

Dear Olympic Team,

It has come to my attention that there is a family from Arkansas currently living on our streets at 4th and Shatto (In front of the Sizzler on 4th) in a red and white tent. Detective Lopez (Juveniles) and I (Detective Wong/Autos) made contact with the family at the request of DCA Andrew Said (Neighborhood Prosecutor). The family has been in California for three months. Both parents are unemployed. The mother claims to be a certified nursing assistant. The family recently moved her from Anaheim. The family indicated they would like to go to Fort Smith, Arkansas. They could be reached at (323) 679-7898. The child (10 years old) and is currently not enrolled in school. DCFS has already been notified by patrol officers.

Detective Wong

All-

I've connected with some of our neighbors, owners of large buildings nearby, etc. People would like to do another community meeting concerning the below and we would appreciate your support. Also, as I feel we may be targeted (I can't believe I'm saying that), we will need to hold this off-site at the community center you mentioned Officer Melkonian. Can you please assist?

Hi Officer Melkonian et. al.-

I just wanted to report that our neighborhood is absolutely under siege right now with crime and homelessness. I didn't think it could get worse after our last community meeting. It can. We are begging you- can you please do something for us and our neighbors? This is just not right. 20' tall piles of bicycles blocking the public way, loud music all night long, bizarre behavior and scary masks hiding people's identities, general mayhem and meth use, and continuous destruction of my property along Westmoreland and 4th. The situation is as bad as Skid Row, and we are a residential neighborhood- not acceptable even for LA.

We really appreciated whatever you were able to do along the north edge of 4th on Shatto Park some months ago, but whatever it was no longer works. Please let us know what else we can do and what else the City can do. There is no way that I am going to accept this as the new normal.

Thanks for all your help,

Dear Officer Melkonian et al.,

I wanted to let you know that this morning at about 7:45 a.m., one of the women living in the encampment along 4th street, between Westmoreland and Shatto (across from Shatto Park and Recreation Center) came up to me and my six-year-old daughter as we were pulling out of our garage to go to school and threatened us. There had been a loud thump outside right before we came downstairs which seems to have been her beating on the garage door with her pole.

She was holding a wooden pole about 5 feet long and 2" in diameter and wielding it in a threatening way, as if she was going to smash my driver's side window. She yelled "I'm going to f--king kill you" several times and made eye contact with both me and my daughter as she continued to yell and point her stick at us, as if it were a spear or a martial arts weapon. She seemed completely enraged and we were both shaken, particularly as we were unable to back out right away because of cross traffic and every moment we paused in our driveway seemed to anger her more.

I believe this woman is probably known to the LAPD. She lives in the tents at the corner of Westmoreland and 4th and has a small dog, and is of Asian descent, perhaps in her thirties, with a muscular build and lightened hair. She often fights physically and verbally with other members of the encampment and has been there longer than all or most. She has made verbal threats to my boyfriend, Tom Wiscombe (cc'd) in the past.

I did call and report this to the Rampart Police Station, but as I do not want to go out and identify her to the police (this seems like it would make us potential targets), I did not follow with a request to dispatch to send out police officers.

In general I also want to report that the encampment has grown quite extensive again and that it seems like police have been called quite frequently recently. We hear and see a lot of fighting and loud arguments, and it feels like things are getting out of control.

Please help us keep our neighborhood and our family safe.

All best,
Marrikka

**ANDY MADADIAN (2,684TH STAR)
6810 HOLLYWOOD BLVD (NEAR HIGHLAND)
GUEST SPEAKERS - LA TOYA JACKSON AND
MILES COPELAND**

DETAILS ON ANDY MADADIAN:

- ANDY MADADIAN'S IMMENSE MUSICAL TALENT, HUMANITARIAN EFFORTS AND DIVERSE BACKGROUND HAVE CULMINATED IN A REMARKABLE ENTERTAINMENT CAREER SPANNING 40 YEARS, DURING WHICH HE HAS BECOME A BELOVED ICON AROUND THE WORLD.
- NICKNAMED THE "PERSIAN BONO". THE IRANIAN-ARMENIAN AMERICAN MUSICIAN HAS TOURED EXTENSIVELY AROUND THE GLOBE MANY TIMES OVER PLAYING SOME OF THE WORLD'S MOST PRESTIGIOUS VENUES, THEATRES, AND STADIUMS AND HAS SOLD MILLIONS OF ALBUMS IN THE PROCESS.
- ON MAY 13TH, 2017, ANDY BECAME THE FIRST IRANIAN-ARMENIAN-AMERICAN SINGER TO RECEIVE THE PRESTIGIOUS ELLIS ISLAND MEDALS OF HONOR IN NEW YORK AND ON JUNE 20TH 2019 HE BECAME THE FIRST IRANIAN TO RECEIVE THE GRAND HOLLYWOOD WALK OF FAME STAR ON HOLLYWOOD BLVD, FOLLOWED BY 2019 FAMILY FILM AWARDS, LIFETIME ACHIEVEMENT AWARD.
- ANDY HAS BEEN AWARDED AND RECOGNIZED NOT ONLY FOR HIS MUSICAL CONTRIBUTIONS TO THE INTERNATIONAL COMMUNITY, BUT FOR HIS HUMANITARIAN EFFORTS. HE RECORDED THE SONG "STAND BY ME" WITH JON BON JOVI TO SHOW SOLIDARITY AND BRING AWARENESS FOR THE PEOPLE OF IRAN, GARNERING OVER MILLIONS OF HITS ON YOUTUBE.
- IN ADDITION TO HIGH PROFILE MUSICAL COLLABORATIONS WITH JON BON JOVI, RITCHIE SAMBORA, LA TOYA JACKSON, DON WAS AND JOHN SHANKS, HE HAS CONTRIBUTED MUSICALLY AND AS AN ACTOR TO FILMS INCLUDING THE HOUSE OF SAND AND FOG, THE KEEPER, AS WELL AS INDIE FILMS.

- IN THE UNITED STATES, HE HAS PLAYED AT THE GREEK THEATRE IN LOS ANGELES, THE PRESTIGIOUS DOLBY (KODAK) THEATRE IN HOLLYWOOD AND LARGE-SCALE VENUES IN LAS VEGAS.
- ANDY HAS WON SEVERAL AWARDS OVER THE COURSE OF HIS 40 YEAR CAREER, INCLUDING THE ICON AWARD AND BEST DUET WITH LA TOYA JACKSON FROM THE BIG APPLE MUSIC AWARDS, THE CONCORD AWARD FROM MOSCOW IN 2014, THE VOICE OF AMERICA (PERSIAN NEWS PROGRAM) AWARD FOR BEST ARTIST OF THE YEAR, THE FOG (FESTIVAL OF GLOBE) AWARD FOR LEGENDARY ARTIST AND EXCELLENCE IN MUSIC IN SAN JOSE, CA, AND SEVERAL AWARDS FROM AMFA.
- HE IS THE FIRST IRANIAN/ARMENIAN SINGER THAT WAS INVITED TO THE WHITE HOUSE. ON SEPTEMBER 29TH 2019, ANDY RECEIVED THE PRESTIGIOUS LIFETIME AWARDS FROM FAMILY FILM FESTIVAL.
- WHETHER ANDY IS PERFORMING AND PRODUCING MUSIC OR ACTING, HE IS A TRAILBLAZER FORGING A NEW PATH THAT REDEFINES TRADITIONAL MUSICAL BORDERS. HE CONTINUES TO PLAY TO SOLD-OUT VENUES ALL OVER THE UNITED STATES, EUROPE, CANADA, AUSTRALIA, RUSSIA AND THE MIDDLE EAST.
- HIS TOURING SCHEDULE REGULARLY INCLUDES COUNTRIES THAT AMERICAN BASED ARTISTS RARELY (IF EVER) PERFORM IN, INCLUDING UZBEKISTAN, THE UNITED ARAB EMIRATES, AND CITIES SUCH AS TASHKENT AND SAMARGHAND, AMONG OTHERS, ALL THE WHILE SPREADING HIS UNIVERSAL MESSAGE OF LOVE AND JOY.
- A TRUE HUMANITARIAN, ANDY HAS CONTRIBUTED TO MANY INTERNATIONAL CHARITABLE CAUSES DURING THE SPAN OF HIS CAREER. HE IS AN OFFICER OF VOICES OUT, A 501(C)3 NON-PROFIT ORGANIZATION FOUNDED BY HIS WIFE, SHANI RIGSBEE, A FELLOW SINGER/SONGWRITER AND FILM PRODUCER.
- VOICES OUT'S MISSION IS TO PROVIDE A VOICE AND AID CHILDREN AND ANIMALS IN NEGLECTFUL, ABUSIVE AND ABANDONED CONDITIONS BOTH IN THE US AND ABROAD. HE WAS RECOGNIZED TWICE BY THE MAYOR AND CITY OF LA, MR. ERIC GARCETTI FOR HIS CONTINUED EFFORTS TO CONTRIBUTE HIS TIME AND TALENT FOR THE OVERALL WELFARE OF THE CITY.

- HE HELPED ORGANIZE "WE HEAR YOUR VOICE," A HUMANITARIAN SONG AND VIDEO THAT PROMOTES WORLD PEACE AND UNITY, WITH PROCEEDS BENEFITING INTERNATIONAL CHILDREN'S CHARITIES (WRITTEN, PERFORMED AND PRODUCED BY HIS WIFE SHANI). ANDY AND SHANI HAVE ALSO PERFORMED AND PRODUCED MANY SONGS IN DIFFERENT LANGUAGES AND TOURED THE WORLD TOGETHER.
- ANDY HAS DONATED COUNTLESS HOURS AND PERFORMANCES FOR FUNDRAISERS TO HELP BUILD MEDICAL CLINICS AND TO SUPPORT MEDICAL FACILITIES AROUND THE WORLD. DUE TO HIS INTERNATIONAL POPULARITY AND PHILANTHROPIC REPUTATION, ANDY WAS INVITED TO PERFORM AT THE ONE WORLD PEACE CONCERT WITH HIS HOLINESS THE DALAI LAMA AND OTHER MUSICAL ARTISTS IN 2012. THE CONCERT WAS A CELEBRATION OF MUSIC, PEACE, AND COMMON GROUND.
- BORN IN TEHRAN, IRAN, ANDY'S FAMILY CAME FROM HUMBLE BEGINNINGS. HE GREW UP WITH NINE PEOPLE LIVING IN A SMALL ONE-ROOM HOUSE. BUT THEIR HOUSE WAS FILLED WITH LOVE, LAUGHTER, AND MOST IMPORTANTLY FOR ANDY, MUSIC.
- AS ANDY WAS BEGINNING TO EXPLORE HIS MUSICAL ROOTS, HIS NATIVE LAND ENTERED INTO A TURBULENT PERIOD THAT LED TO A CIVIL WAR. HE MADE THE DECISION TO LEAVE IRAN, AND MOVED TO CALIFORNIA WITH A STUDENT VISA TO PLAY SOCCER FOR CAL STATE UNIVERSITY LA.
- DESPITE STARTING FROM ZERO WITH NO SUPPORT NETWORK OR PLACE TO LIVE, ANDY MANAGED TO MAKE A LIFE FOR HIMSELF IN LOS ANGELES. HE ATTENDED CLASSES DURING THE DAY AND FOUND WORK PLAYING GUITAR AT LOCAL CLUBS AT NIGHT. FROM COLLEGE, HE AUDITIONED FOR AN AMERICAN BAND, AND WENT ON TOUR WITH THEM AROUND THE US.
- ANDY THEN FORMED THE MUSICAL DUO ANDY AND KOUROS WITH FELLOW MUSICIAN KOUROS SHAHMIRI. THE DUO RELEASED FOUR ALBUMS TOGETHER BEFORE EMBARKING ON THEIR RESPECTIVE SOLO CAREERS.
- ANDY IS CREDITED FOR CREATING A NEW FUSION OF SOUND THAT COMBINES THE MUSIC OF HIS IRANIAN-ARMENIAN HERITAGE WITH

AFRICAN RHYTHMS, SPANISH FLAMENCO GUITAR LICKS, AND WESTERN DANCE MUSIC.

- HIS GLOBAL, EXOTIC SOUND REFLECTS HIS INTERNATIONAL ROOTS AND EXPERIENCES, WHICH HAVE ALLOWED HIM TO CONNECT WITH MILLIONS OF PEOPLE AROUND THE WORLD. BESIDES THE PROFOUND RESPECT ANDY HAS FOR PERSIAN AND ARMENIAN POETRY, WORKING WITH THE SAME LYRICIST PAKSIMA ZAKIPOUR FOR OVER TWENTY-NINE YEARS, HE DEVELOPED AN ABIDING LOVE FOR CONTEMPORARY MIDDLE-EASTERN EASTERN MUSIC.
- WITH PAKSIMA, TOGETHER THEY HAVE WRITTEN COUNTLESS NUMBER ONE HITS AND IN PERSIAN MARKET THEY ARE KNOWN AS THE ELTON JOHN AND BERNIE TOPPIN. ANDY ALSO SINGS IN ENGLISH AND SPANISH, AMONG OTHER LANGUAGES.
- ANDY'S MUSIC IS BANNED IN HIS OWN COUNTRY OF IRAN, BUT HIS ALBUMS SELL IN THE MILLIONS. HOWEVER, ALL SALES ARE BOOTLEGGED AND DONE THROUGH UNDERGROUND CHANNELS. CONSEQUENTLY, HIS ALBUMS ENORMOUS POPULARITY DOES NOT RESULT IN FINANCIAL PROFIT.
- TODAY, ANDY IS THE LIVING PROOF OF THE AMERICAN DREAM. A LONG-TIME RESIDENT OF LOS ANGELES, THE CITY'S DIVERSITY AND RICH CULTURE HAVE HELPED TO CONTINUE TO FUEL HIS UNIQUE SOUND THAT HAS CATAPULTED HIM TO INTERNATIONAL SUPERSTARDOM. ANDY'S SONGS MAY BE A BREAK FROM TRADITION, BUT YOUNG AND OLD ALIKE, FROM EAST TO WEST, CONTINUE TO PACK HIS CONCERTS AND BUY HIS ALBUMS.

Subject: Re: 1367 Laveta Terrace

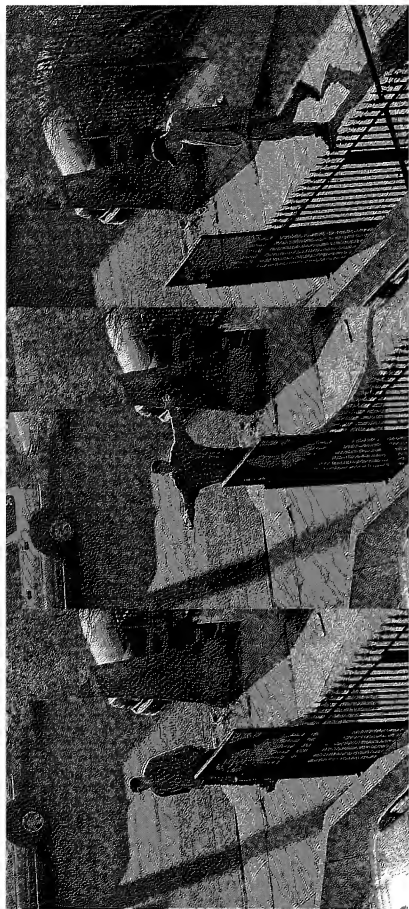

Hi Officer Paalii,

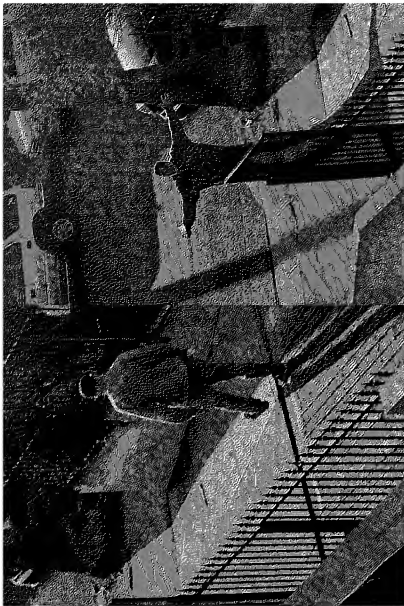

I left a voicemail for you yesterday but since I didn't hear back from you I figured emailing you the details might be easier. Below is a description of the events that took place on my property (1367 Laveta Terrace 90026) on Sun 1/12/20 and Mon 1/13/20:

On Sunday morning I awoke to my husband's voice raised in speaking to someone whose voice sounded like it was coming from my backyard. At first I thought maybe it was a service person from LADWP or AT&T, etc who needed to access our backyard (this happens on occasion). When I got up and looked out the window (located on the 2nd floor), I could see that it was actually an obviously inebriated stranger who was responding verbally to my husband, Chad, in an belligerent manner (Chad was on our front porch and the gate of our driveway is located between the front porch and the backyard where the stranger was). I recall Chad saying something in reference to our dogs (who were thankfully inside the house at the time), but I don't recall exactly what the stranger said in return, only that he seemed pissed off. From the window I said "if you don't get off my property immediately I am calling the police" to which he barked back "the number is 9 1 1" and I said "it sure is and I'm calling right now" and moved to get my phone. I grabbed my phone and saw that he was moving towards the wall between my yard and the property next door, all the while still yelling loudly and belligerently as if we were the ones doing something wrong to him. He climbed over the wall and landed in the property next door and started to walk toward the street (the gate on the property next door had been malfunctioning and left open for a few weeks). I moved from my room onto our balcony to watch and make sure he exited that property and left. I took photos of him as he did so (see attached photos). He continued to complain angrily and loudly on his way out, and you can see from the photos that he turned and yelled at me some more from the sidewalk. This incident was resolved harmlessly enough but it very much left us feeling shaken and threatened. Later Chad told me our dogs had started barking that morning, which is what alerted him to the stranger in our yard. Chad discovered him at our driveway gate, and when Chad went out and told him to get off our property, the man - out of drunkenness or confusion or both - actually said something to the effect of "how do I get out" in reference to our gate being locked. Chad told him to get out "however the f*ck you got in" and the fact that he climbed over the wall to the property next door (with the open gate) to get out leads us to believe that that is how he got on to our property in the first place. On Monday morning when I let our dogs out in the backyard I discovered multiple dirty pillows and flattened cardboard piled on top of random small rugs in one corner of my yard (see attached photo and video). There was also litter/garbage around, including chunks of chocolate which could be poisonous if either of my dogs had got to it before I did. This was not present Sunday night when we let our dogs out before bed, so I can only assume someone came onto our property some time in the night to sleep there. I cannot say for certain that it was the man from Sunday morning but of course that is my first assumption. One of the small rugs I found under the cardboard was an outdoor rug that went missing from the property next door on Sat/Sun, which confirmed my belief that any and all trespassers were accessing our property through their open gate. Since these incidents, I have contacted the landlord of the property next door and he has fixed their gate so it's no longer open. Chad and I have replaced our old motion sensor floodlight in the backyard with a Ring Floodlight Cam and now have 24 hr access to a visual of our backyard.

For all intents and purposes, this issue has been resolved and we have done what we can to increase the security of our home, but I would still like to have it officially on record that these incidents took place for future reference.

If there is any more information you need from me to file an official report, please let me know. I would like to have a copy of the report once it is filed. Thank you so much for your assistance in this matter.

Good Afternoon Officer Paialii,

This is Steve Jaramillo with the Office of Councilmember Mitch O'Farrell, I hope this email finds you well!

Our office received a message regarding a constituent name Celeste Den who lives at 1367 Laveta Terrace in Echo Park. She was reporting an individual that was trespassing on her property. Celeste and her husband woke up at night to find him drunkenly entering their front lawn. On the next day she found a bunch of his items in their property. They just installed some motion sensing lights to help deter further trespassing.

Celeste was inquiring to have LAPD take a report of the incident and further guidance on this matter. She can be reached at 661-755-2241 or celeste.den@gmail.com.

Can you reach out to Mrs Den regarding this matter?

Thanks again!

Dear Officer Paialii, Counsel Taylor and Mr. Fregoso:

First of All Happy New Year. And thank you for your service.

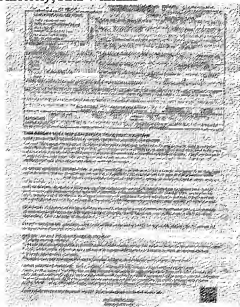

I am very much in need of your attention regarding this individual. I have written a detailed account of robbery/assault that took place on me December 31st, 2019, last Tuesday.

Please note I am included the LAPD Report, my detail of what took place, and three pictures of my assailant. I posted his pictures on the app 'Next Door', and someone said his name is Billy Boshia and that "he has been unhinged for a while now".

Please tell me if anything can or is being done. No detectives have contacted me as of this date.

Again, thank you.

MADE IN HOLLYWOOD HONORS (OSCARS 2020) CERTIFICATE PRESENTATION
CITY COUNCIL PRESENTATION

10 AM START:

■ **GREETINGS BY MITCH O'FARRELL (MOF):**

ON BEHALF OF THE LOS ANGELES CITY COUNCIL, WE WANT TO EXTEND OUR SINCERE APPRECIATION FOR ALL THOSE INVOLVED IN THE PRODUCTION OF LOCALLY-BASED FILMS, AND TO RECOGNIZE **FIVE** CALIFORNIA PRODUCED MOTION PICTURES HONORED WITH A 2020 OSCAR NOMINATION FOR BEST PICTURE OR BEST ANIMATED FEATURE.

WHILE PRODUCTION DECISION MAKERS HAVE CHOICES ON WHERE TO FILM THEIR MOTION PICTURES, THERE'S SIMPLY NO SUBSTITUTE FOR FILMING IN HOLLYWOOD AND CALIFORNIA. IN ADDITION TO BENEFITING FROM THE BEST TALENT, PRODUCTION INFRASTRUCTURE, LOCATIONS AND WEATHER, CALIFORNIA-BASED PROJECTS ALSO CREATE QUALITY MIDDLE-CLASS JOBS, STRENGTHEN OUR STATE'S ECONOMY AND HELP PRESERVE OUR SIGNATURE INDUSTRY.

THIS IS THE NINTH YEAR IN WHICH THE MADE IN HOLLYWOOD HONORS CELEBRATES SPECIFIC CATEGORIES OF OSCAR NOMINATED FILMS THAT SHOWCASE THE EXCEPTIONAL TALENT OUR LOCAL PRODUCTION COMMUNITY HAS TO OFFER.

THE FIRST MADE IN HOLLYWOOD HONORS WERE AWARDED IN 2012, AFTER THE PROGRAM WAS ESTABLISHED IN 2011 BY FORMER COUNCIL MEMBER TOM LABONGE TO RAISE AWARENESS ABOUT THE FILMS AND TELEVISION PRODUCTIONS PRODUCED IN THE GREATER LOS ANGELES AREA AND THROUGHOUT CALIFORNIA. I WOULD LIKE TO THANK MY COLLEAGUES ON THE LOS ANGELES CITY COUNCIL FOR THEIR CONTINUED SUPPORT OF THE MADE IN HOLLYWOOD HONORS PROGRAM, AND THEIR SUPPORT OF THE FILM AND TELEVISION INDUSTRY WHICH IS A CRITICAL AND SIGNIFICANT EMPLOYMENT SECTOR FOR OUR REGION.

IN ADDITION TO HONORING HOME-GROWN PRODUCTIONS, WE ARE ALSO CELEBRATING THE FACT THAT THOUSANDS OF ENTERTAINMENT INDUSTRY JOBS ARE STAYING HERE IN LOS ANGELES AND WITHIN OUR STATE, THANKS TO THE CALIFORNIA FILM AND TV TAX CREDIT PROGRAM AND THE EFFORTS OF OUR CITY AND OUR STATE TO MAKE THIS A FILM-FRIENDLY ENVIRONMENT. THE CALIFORNIA FILM COMMISSION REPORTS THAT OVER THE LAST FOUR FISCAL YEARS, THE CALIFORNIA FILM AND TV CREDIT PROGRAM HAS GENERATED NEARLY \$8.4 BILLION IN DIRECT IN-STATE SPENDING. COLLECTIVELY, PRODUCTIONS TAKING PART IN THE PROGRAM HAVE HIRED MORE THAN 27,000 CAST MEMBERS, 36,000 CREWMEMBERS, AND 558,000 BACKGROUND PERFORMERS. ADDITIONALLY, AVERAGE WAGES BY LA MOTION PICTURE EMPLOYEES INCREASED 47 PERCENT FROM 2008 TO 2018. SEVENTEEN PERCENT OF LA COUNTY JOBS ARE LINKED TO THE FILM AND DIGITAL MEDIA INDUSTRIES. AND CALIFORNIA IS HOME TO 47 PERCENT OF THE FILM AND TV WORKERS IN THE U.S.

NOW, I'D LIKE TO INTRODUCE KEVIN JAMES, DIRECTOR OF THE CITY'S BOARD OF PUBLIC WORKS AND THE DIRECTOR

OF THE MAYOR'S OFFICE OF FILM AND TELEVISION, TO SAY A FEW WORDS.

KEVIN JAMES SPEAKS

THANK YOU KEVIN. WE'D NOW LIKE TO ACKNOWLEDGE OUR MADE IN HOLLYWOOD HONORS SPONSORS, AND AS I CALL THEIR NAMES, ASK THEM TO COME UP TO THE PODIUM FOR A GROUP PHOTO AND A FEW REMARKS BY ROBERT FOULKES.

SONGWRITER DIANE WARREN. DIANE HAS GIVEN
THE WORLD A LIFETIME OF EXCELLENT WORK IN
THE FIELD OF MUSIC FOR OVER THE PAST THIRTY-
FIVE YEARS.

DIANE WARREN WAS BORN IN VAN NUYS WHERE, AT
A YOUNG AGE, SHE KNEW THAT WRITING MUSIC
WAS THE CAREER SHE WOULD PURSUE IN LIFE.
AFTER GRADUATING CSUN, DIANE WENT ON TO
WRITE HIT AFTER HIT THAT HAS PROVEN TO
TRANSCEND GENERATIONS.

THIS YEAR, DIANE IS NOMINATED FOR HER 11TH
ACADEMY AWARD FOR BEST ORIGINAL SONG FOR
"I'M STANDING WITH YOU" FROM THE FILM
BREAKTHROUGH.

[QUE: VIDEO PLAYS]

DIANE HAS LED A DISTINGUISHED CAREER IN THE ENTERTAINMENT INDUSTRY OVER THE LAST THIRTY-FIVE YEARS AND HER CONTINUED COMMITMENT TO WORKING AND EMPLOYING LOCAL TALENT. MOST IMPORTANTLY - HER PUBLISHING COMPANY AND WRITING STUDIO ARE LOCATED IN THE THE HEART OF HOLLYWOOD. ON BEHALF OF THE LOS ANGELES CITY COUNCIL AND THE CITY OF LOS ANGELES, I WOULD LIKE TO RECOGNIZE DIANE WARREN WITH A LIFETIME ACHIEVEMENT AWARD.

I just wanted to let everyone know that this location continues to be a nuisance. Radio calls are constantly being generated for trespass suspects. I was able to contact the manager of the building. A trespass authorization has been signed and will be in effect tomorrow once it is imputed in the system. The owner will have a locksmith on site to fix the broken lock and we will be kicking out all the transients at that location. Alfredo, is it possible to send someone from the clinic at 11 am to see if the transients are patients of yours and give them a warning of the possibility of being transferred. We need to make sure the transients cooperate with us and the rules of your clinic. I will only be on site for approximately an hour. I will need to head back to the station to prepare for an important meeting I have later that day.

RELEASE: NEXT STEPS FOR HOMELESSNESS OUTREACH AND SERVICES AT ECHO PARK LAKE

ECHO PARK LAKE — The stories we hear from people experiencing homelessness across the City all share one important commonality — the need for more services and housing.

"This crisis is a call to action for all Angelenos," said Councilmember O'Farrell. "As we address this urgent priority to find safe, temporary shelter and permanent housing, we are expanding on some immediate solutions in the Echo Park Lake area."

The first phase of Councilmember O'Farrell's plan to address the situation at Echo Park Lake consists of the following:

- **Conduct a Homeless Connect Day.**
- **Staffing of restroom facilities on the north side of the park, 24 hours per day, seven days a week.**
- **Provide Mobile Hygiene Unit with showers.**
- **Fund a Storage Unit nearby.**
- **Continue Education and Outreach of park rules to all users.**
- **Activate interim emergency shelter in the area.**

Councilmember O'Farrell wants to ensure that all City parks be kept clean, safe, and accessible for people of all ages and income levels.

"I look forward to our continued collaboration on short-term and long-term solutions to help people get back on their feet and live healthy, fulfilling lives," said O'Farrell.

MOTION For Wed, 1/29/20

The Echo Park area is facing urgent hygiene and public health issues due to a recent increase in necessity for restroom access. To address hygiene needs of the public, it is necessary to provide increased access to the overutilized restrooms at the northwest end of the Lake.

Urgent action is needed to amend the Municipal Code to temporarily allow for expanded hours of accessibility to Echo Park Lake restrooms by the public for a six-month period.

I THEREFORE MOVE that the City Attorney be requested to PREPARE and PRESENT an ORDINANCE with an URGENCY CLAUSE to amend the Los Angeles Municipal Code to temporarily allow 24-hour access to park restrooms located on the northwest portion of Echo Park adjacent to the corner of Glendale Boulevard and Park Avenue for a six-month period, in order to address urgent hygiene and public health needs in the area.

REGULAR COUNCIL AGENDA TO BE POSTED

MOTION

The Council District AB1290 Fund provides funding for redevelopment and community services in various Council Districts.

In the community of Echo Park, a pilot program to offer safe parking at Edendale Branch Library is about to launch. The Mobile Pit Stop Program, which provides restroom facilities to maintain hygiene and keep our streets healthy, has been met with great success. And, my office has been partnering with a local business to offer free laundry services and provide access to clean clothes and bedding for people experiencing homelessness.

A permanent supportive housing project is being planned, which will accommodate up to 100 affordable units and offer supportive services, as well as provide recreational space for local youth.

The immediate needs of unhoused Angelenos are felt acutely citywide, and recently this is particularly true for Echo Park Lake. While services and resources are in various stages of production, we need to address those needs most critical for basic quality of life for both the unhoused and the individuals and families who use the park as a daily resource for exercise, recreation, and relaxation.

Because of the emergency situation at Echo Park Lake, we must take urgent action to address basic hygiene needs.

This effort is of special benefit for the residents of the City and for CD-13 and deserves financial assistance from the City. Sufficient funds are available in the CD-13 portion of the Council District AB1290 Fund for this purpose.

I THEREFORE MOVE that \$560,869 in the AB1290 Fund No. 53P, Account No. 281213 (CD 13 Redevelopment Projects - Services) be transferred / appropriated to the Recreation and Parks Fund No. 302-89, Account No. 89814M for a six month activation of emergency measures to address basic hygiene needs at Echo Park Lake.

I FURTHER MOVE that the Department of Recreation and Parks be authorized to make any technical corrections or clarifications to the above instructions in order to effectuate the intent of this Motion.

MOTION

According to the Los Angeles Homeless Services Authority Point-in-Time Count in 2019, there are approximately 36,165 individuals experiencing homelessness in the City of Los Angeles, of which 2,953 are in Council District 13.

In the community of Echo Park, a pilot program to offer safe parking at Edendale Branch Library is about to launch. The Mobile Pit Stop Program, which provides restroom facilities to maintain hygiene and keep our streets healthy, has been met with great success. And, my office has been partnering with a local business to offer free laundry services and provide access to clean clothes and bedding for people experiencing homelessness.

A permanent supportive housing project is being planned, which will accommodate up to 100 affordable units and offer supportive services, as well as provide recreational space for local youth. The City is also in the process of amending the municipal code to temporarily allow 24 hour public access to Echo Park restrooms for a six-month period.

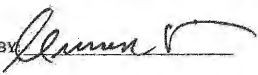

The ability to store belongings in a safe place is an essential service for unsheltered individuals who seek access to social services and housing. Due to the increase of the unsheltered homelessness in the area, there is a need for storage near Echo Park Lake. Therefore, staff should be instructed to evaluate City properties in the area that may be feasible for a storage facility.

I THEREFORE MOVE that the Council instruct the City Administrative Officer, with the assistance of relevant City departments, to evaluate the feasibility of utilizing the Department of Transportation Lot #676 at 1146 Glendale Boulevard in Echo Park for a storage facility and report on potential capacity, security needs, and hours of operation; and

I FURTHER MOVE that the Council instruct the City Administrative Officer and Chief Legislative Analyst to identify funds, including capital and operational funding, for a storage facility at the site, including, but not limited to State Homeless Housing, Prevention, and Assistance Grant.

Hi Laura,

I just wanted to include you on these emails, as we've been reaching out to the city in regards to the growing encampments next to the school.

We're encouraging parents to get involved, as I've seen kids having to approach the school on these sidewalks every day. We realize this is a citywide issue, but find this particularly troublesome because of the school and kids. My own family no longer walks down our street or to the library.

Thank you!

Hello Gina,

Thank you for your response.

Are you saying we should call 911 each time we see these men doing these types of things, drugs, etc? Sadly, these guys are constantly throwing metal parts in the street and traffic lanes; and use drugs openly on a regular basis (within 500ft of a school). In the past we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

We obviously want to be respectful of police resources, but would like help in dealing with these issues.

Thanks again for your help!

Hi Adam,

There needs to be a new request opened after every posted service day. Our office also needs to submit 311 requests to get authorization for service.

I keep Glendale and Allesandro/Duane locations on my schedule for service every month. If you can continue to share updated photos and Service Request numbers it helps me speed up the process, but we need to follow protocol for getting encampments serviced.

Last year a mattress fire was caused under the walkway to the elementary school.. only then was anything done about that encampment. Can we please nip this before we come to another episode?

There are several threads among the neighbors so if I am delayed in responding to your email please feel free to follow up or give us a call at the office, 213.207.3015.

This location is one of my priority locations for service in North East, but the City is limited in what it can do to prevent anyone from coming back into public property.

This location has been submitted for service again but that does not mean the encampment will be permanently removed nor that it will not come back.

I have looped in Senior Lead Officer Aispuro, he is aware of the encampment but these issues all go through the Unified Homeless Response Center (UHRC).

I'm available to schedule a should you wish to further discuss.

Thank you for the follow up.

Council Member O'Farrell, are you not our elected representatives who's duty it is to respond and react to your constituents concerns? Especially ones concerning the safety of children!? I only just learned of the arson that occurred on the hill by the Little League Field. On top of the mattress fire in the underpass to the walkway to the elementary school earlier this year man made fires in the middle of the city seem to be a recurring threat. That one encampment was cleared out but the same people returned. As Lance says, a daily monitoring would be greatly beneficial.

Please help us protect our neighborhood, before you make our community highly organized to elect new representation.

Thanks,

Juan,

Please see the attached videos of the fire that Ollie is referring to. We can add arson to the list of infractions.

Video credits go to Vaedynn and Liam.

At one point we discussed getting the dead end removed for more parking and potentially a mini park. In retrospect the mini park would likely be a haven to the encampments. Can we at least remove the dead end and add additional parking? I believe that making that zone feel residential will ward off encampments. As it stands that area is a dead zone.

On Wed, Oct 23, 2019 at 3:01 AM Ollie Zad <olliezad@icloud.com> wrote:

Hi Juan,

Hope all is well.

I recall from the meeting at Clifford Elementary earlier this year that there are strict ordinances about loitering within 500 feet of a school or playground. Here we have a that is not limited to just loitering, but blatant drug use, indecent exposure and public defecation. Two months ago a tree and a brush adjacent to Tommy Lasorda's Field of Dreams was set on fire requiring the Fire Department to intervene.

As we all start receiving our five figure property tax bills at SL 70, it's hard to rationalize the return on that payment when we see this sort morass from our elected representatives and municipal employees on a persistent threat to the collective safety and well being of the greater community. As we watch various Southern California communities battle fires week after week, it is disheartening to see such indifferent to the cause of a recent nearby fire.

Please advise us as to what we can anticipate from CID13 to address this ongoing problem.

Thanks,

Ollie Zad

Juan,

I write this email respectfully but I'm running out of patience. The homeless encampments around here are growing unbound, as soon as one is removed another one replaces it. Literally a camp was removed a few days ago, the members scattered and returned later that night to smoke what seems to be crack right against my front yard. They regularly block the side walk, do

drugs, deprecate within feet of my front door.

Some have been bold enough to bath in my front yard with our hose. I simply cannot accept that the city cannot solve this issue or at least regulate. Encampments, litter, and frequent accidents and nothing has been done.

As a private citizen this is beyond disappointing and gives me low confidence that we are a concern for Mitch O'Farrell. I can appreciate that the city has limited resources but this is basic blocking and tackling, a patrol unit sent at regular intervals would at least keep the homeless people at bay. I mean seriously, imagine waking up daily to homeless shitting in your front yard, smoking crack, using your power outlets and hose. Now imagine that going on for 3 years. It's beyond ridiculous and I'm at my wits end so I'm exploring all legal means to remedy this situation.

We're told file it on 311. Well we've done that 100 times over and the problem repeats. I cannot accept this and I know many neighbors agree. Something absolutely needs to change.

CARE+ CD13 Posting Survey 2/07/2020

On **February 5th, 2020**, Livability Services Division (LSD) Environmental Compliance Inspectors (ECIs) Amber Landeros and Fernando Gonzalez conducted homeless encampment (HIE) surveys for cleaning and rapid engagement (CARE). The CARE will take place on **Friday, February 7th, 2020**. The locations were posted on both sides of the street and adjacent corners were based on the provided authorized boundaries. Below are photographs of each location documenting the encampments that were or were not present at the time of arrival. Any additional photographs taken were not included in this report, but are available upon request.

Approximately **8 hours** of total clean-up time should be allowed for these locations. The following resources will be required:

- ☒ 1 LSD Team
- ☒ 1 LASAN Solids Team
- ☒ 1 Clean Harbors Environmental Services Team
- ☒ 1 Trash truck
- ☒ 1 Kubota
- ☒ 1 DOT Team (highlighted and text is in red)

1. **Case #72790 Authorization #200128009** – 1110 N Westmoreland Ave, 90029 ☒ Sidewalk ☐ Street ☐ Alley

0.5 hours needed for the clean-up. 1 HEs; 8 postings. Require DOT support

Comments: 56.11 violations were observed in the authorized zone. Personal property was also seen blocking (within 10 feet) ingress/egress. Bulky items were seen such as a chair, safe, and a couch. Also across the street was an illegal dump of chairs and miscellaneous trash and debris.

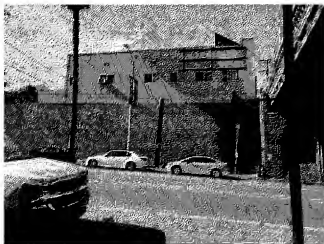

2. **Case #72791 Authorization #200204038** – 1229 N Silver Lake Blvd, 90026 ☒ Sidewalk ☐ Street ☐ Alley
3 hours needed for the clean-up. 11 HEs; 10 postings. Require DOT support.

Comments: 56.11 violations were observed in the authorized zone. Tents were seen erected during 06:00 AM – 09:00 PM along with attachments to public property. Bulky items were seen such as wooden boards, shopping carts, chairs, and tables. Health hazard such as urine was spotted.

3. **Case #72792 Authorization #200203016** – 1980 Reservoir St, 90026 ☒Sidewalk ☐Street ☐Alley
2.5 hours needed for the clean-up. 4 HES; 12 postings. Require DOT support.

Comments: 56.11 violations were observed in the authorized zone. Tents were seen erected during 06:00 AM – 09:00 PM along with attachments to both public and private property. Tents were also in violation of Americans with Disabilities Act (ADA); personal property did not allow for proper ADA passage which is 36 inches on the sidewalk. Bulky items were seen such as wooden pallets, couches, and a table. Also on Liberty there is an illegal dump of a couch and miscellaneous trash and debris on the sidewalk.

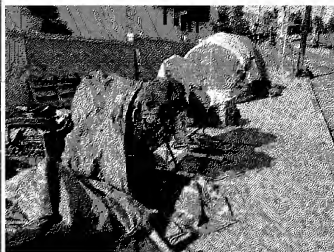

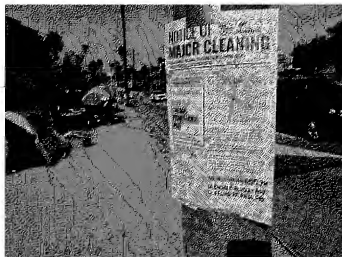

4. **Case #72793 Authorization #200106016** – Glendale Blvd/Clifford St, 90026 ☒ Sidewalk ☐ Street ☐ Alley

2 hours needed for the clean-up. 3 HEs; 9 postings. Require DOT support.

Comments: 56.11 violations were observed in the authorized zone. Tents were seen erected during 06:00 AM – 09:00 PM. Tents were also in violation of Americans with Disabilities Act (ADA); personal property did not allow for proper ADA passage which is 36 inches on the sidewalk. Bulky items were seen such as shopping carts, wooden pallets, and chairs.

Hi Laura,

I just wanted to include you on these emails, as we've been reaching out to the city in regards to the growing encampments next to the school.

We're encouraging parents to get involved, as I've seen kids having to approach the school on these sidewalks every day. We realize this is a citywide issue, but find this particularly troublesome because of the school and kids. My own family no longer walks down our street or to the library.

Thank you!

Andres

Hello Gina,

Thank you for your response.

Are you saying we should call 911 each time we see these men doing these types of things, drugs, etc? Sadly, these guys are constantly throwing metal parts in the street and traffic lanes; and use drugs openly on a regular basis (within 500ft of a school). In the past we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

We obviously want to be respectful of police resources, but would like help in dealing with these issues.

Thanks again for your help!

Hello Gina,

Thank you for your response.

Are you saying we should call 911 each time we see these men doing these types of things, drugs, etc? Sadly, these guys are constantly throwing metal parts in the street and traffic lanes; and use drugs openly on a regular basis (within 500ft of a school). In the past we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

We obviously want to be respectful of police resources, but would like help in dealing with these issues.

Thanks again for your help!

Greetings everyone: Tonight, I along with SLO Aispuro and 2 other SLO's responded to location and cited 3 for having their encampments tents up. During our enforcement we observed several clean up notices posted in the area for cleanups in the near future. Thank you for your continued support and patience. SLO Aispuro and I have made this area a project with outreach, cleanups(through council office) and enforcement. I know that approximately 3 years ago a major clean up and planting of succulents was conducted. I will be seeking the advice of CD #13 for a possible environmental change to location as well. We are trying to think outside of the box.

If you have any questions do not hesitate in reaching out to me or SLO Aispuro. Thank you, gina

Hi Laura,

I just wanted to include you on these emails, as we've been reaching out to the city in regards to the growing encampments next to the school.

We're encouraging parents to get involved, as I've seen kids having to approach the school on these sidewalks every day. We realize this is a citywide issue, but find this particularly troublesome because of the school and kids. My own family no longer walks down our street or to the library.

Thank you!

There is no trespass order on file. I need to reach out to the owners once again with the help of our Neighborhood Prosecutor. I did go onto the property today. There are 2 large tents in the backyard. We contacted one individual named Colin. He was the only one back there. I was unable to determine if this was the same guy who was tampering with the door lock based on the picture. He had no warrants. We advised him that the owner does not want anyone back there. I hope he leaves.

If he is seen back there, please generate a call for service. We will continue to go by when we are able to.

I have looped in our N.P. Kurt Knecht and our Community Resource Specialist Isabella Bolton Torres so they are also aware of the situation. We will reach out to the owner in case they are not aware of the problem.

Hi Spencer,

I am looping in SLO Garcia.

I have asked the last two inspectors that went out there to please provide next steps in getting the owner to comply with securing the property. I have not heard back, but they should be back from the holiday break.

Once I get more information to share I will pass it along.

Hello Juan and Officer Hernandez,

I just wanted to follow up on this again because these people have continued to occupy the property at 2011 Beverly and we haven't been able to do anything to get them removed or to get the property re-secured. I've attached some photos/videos for reference.

We've been able to get non-emergency dispatch to talk to them a couple of times, but the patrol officers have essentially told us there is nothing they can do but tell the trespassers to leave unless the owner is present and is the one making the call. Today, they were loitering outside with the security door open and the patrol officers didn't even tell them to leave. They just told the trespassers to go back inside the property and close the door. It's especially problematic because the trespassing parties have keys, so they keep the door locked and most of the time the patrol officers can't access the property so they can't even talk to them.

We've written a letter to the property owner and filed LADBS requests (our first was closed because it got routed to the wrong department, the current request is #463736). Beyond that, I'm not sure what else we can do without additional assistance. Please let me know if there are any other steps we can take to help facilitate the process of securing the property.

Spencer Cross

Hi Juan,

It's a commercial property, not a residential property, so I reported it as a code violation to LADBS. It's CSR #461577. Note that the security door that they're accessing seems to have an indoor style lock which can be opened and closed from the inside and they re-lock it when they're on the property. So, if you try the door and they're inside, it will likely be locked (i.e., it will seem secure). I've mailed a letter to property owner asking them to have the people removed and to change the lock so people can't climb over the fence and unlock the gate from inside.

If you come by in the morning, I should be around until about 10:00. Feel free to stop by.

Hi Spencer,

Did you open a ticket with the Housing Department since the property is not secured?

I will be in the area tomorrow and will drive by to help report some of the issues.

Hello Juan and Officer Hernandez,

I'm just following up on this and thought I'd also send a photo. The steel security door at the bottom left is where these individuals are coming and going from. This is on the Mountain View side of the building at 2011 Beverly Blvd.

Thanks,

Hello Juan and Officer Hernandez,

We recently discovered that a couple of homeless men have managed to get over the fence or somehow otherwise unlock the security door at the Mountain View side of the the empty medical building at 2011 Beverly Blvd and have been camping on the backside of the property. This happened once in the past and it caused a lot of problems, but the property owner was very responsive and put up extra security and barbed wire to keep people out. I'm not sure how these two men managed to get in.

I was going to call the "for lease" number on the building to see if they could let the property owner know, but the sign has been taken down. Are there other steps we can take to notify the owner and motivate them to file a trespass authorization and take further steps to secure the property? We've called non-emergency dispatch, but they haven't been much help.

Let me know if I can provide any additional information.

Regards,
Spencer

Hello Gina,

Thank you for your response.

Are you saying we should call 911 each time we see these men doing these types of things, drugs, etc? Sadly, these guys are constantly throwing metal parts in the street and traffic lanes; and use drugs openly on a regular basis (within 500ft of a school). In the past we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

We obviously want to be respectful of police resources, but would like help in dealing with these issues.

Thanks again for your help!

Dear Olympic Team,

It has come to my attention that there is a family from Arkansas currently living on our streets at 4th and Shatto (In front of the Sizzler on 4th) in a red and white tent. Detective Lopez (Juveniles) and I (Detective Wong/Autos) made contact with the family at the request of DCA Andrew Said (Neighborhood Prosecutor) The family has been in California for three months. Both parents are unemployed. The mother claims to be a certified nursing assistant. The family recently moved her from Anaheim. The family indicated they would like to go to Fort Smith, Arkansas. They could be reached at (323) 679-7898. The child (10 years old) and is currently not enrolled in school. DCFS has already been notified by patrol officers.

First of All Happy New Year. And thank you for your service.

I am very much in need of your attention regarding this individual. I have written a detailed account of robbery/assault that took place on me December 31st, 2019, last Tuesday.

Please note I am included the LAPD Report, my detail of what took place, and three pictures of my assailant. I posted his pictures on the app 'Next Door', and someone said his name is Billy Bosha and that "he has been unhinged for a while now".

Please tell me if anything can or is being done. No detectives have contacted me as of this date.

Again, thank you.

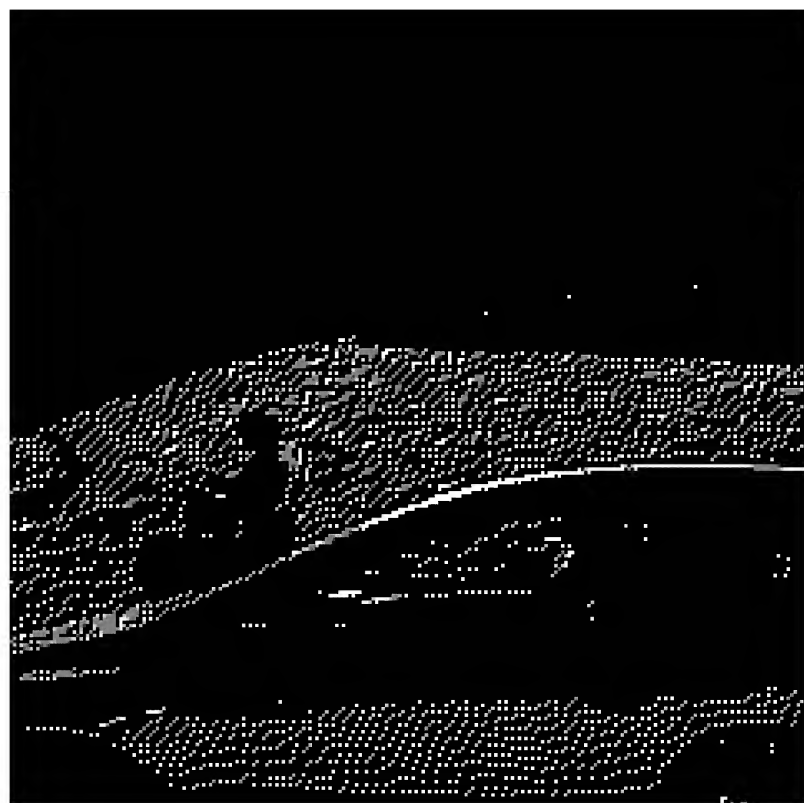

Sincerely, Rita Williams

The following table provides a comprehensive overview of the curriculum structure for the first 32 years of study. Each year is associated with a specific subject area, ensuring a well-rounded education. The subjects are designed to build upon each other, starting from foundational disciplines like Mathematics and Science in the early years, and progressing to more specialized and interdisciplinary topics such as Global Studies, Technology, and Innovation in the later years. The curriculum also includes essential life skills and personal development courses, such as Health, Career Development, and Financial Literacy, which are crucial for students' overall well-being and success in the modern world. The final years of the program focus on advanced topics like Entrepreneurship, Leadership, and Teamwork, preparing students for the challenges of the future workforce. The curriculum is structured to be flexible, allowing students to tailor their studies to their interests and career goals. The subjects are taught using a variety of methods, including lectures, seminars, practical exercises, and group projects, to ensure a deep understanding and application of the knowledge. The curriculum is regularly updated to reflect the latest advancements in various fields, ensuring that students receive the most relevant and up-to-date education. The curriculum is designed to be challenging and rewarding, providing students with the opportunity to explore their interests and develop their potential. The curriculum is also designed to be inclusive, ensuring that all students have access to the same high-quality education. The curriculum is a testament to the commitment to excellence in education and the pursuit of knowledge. The curriculum is a source of pride for the institution and a reflection of its dedication to providing the best possible education for its students. The curriculum is a blueprint for a bright future, one that is filled with learning, growth, and achievement. The curriculum is a journey of discovery, one that leads to a deeper understanding of the world and ourselves. The curriculum is a path to success, one that is paved with knowledge, skill, and resilience. The curriculum is a promise of a better tomorrow, one that is built on the foundation of a strong education. The curriculum is a legacy of excellence, one that will inspire generations to come. The curriculum is a work of art, one that is constantly evolving and improving. The curriculum is a masterpiece of education, one that is a testament to the power of learning and the pursuit of knowledge. The curriculum is a source of inspiration, one that motivates students to reach for their dreams and achieve their goals. 1. Left Fullerton Subaru dealership and arrived at 1640 North Alvarado around 9:30 (I think). There was no place to park outside my home. My friend Anne Stockwell and I drove back at the same time.
2. I drove north on North Alvarado approximately one block to an area that is near the Radio Station (it has no visible address, but is very brightly lit). I noticed, a car with a smashed window (driver's side); the trunk wide open, contents spilling out on the ground.
3. I parked next to Radio Station in bright light.
4. I see a tall white man (can't remember first sighting). But he walks up to my driver's side window, and taps on it with his hand. He then walks off.
5. He walks off going south.
6. I call my friend, Anne Stockwell, who tells me she just drove past me and parked a couple of cars in front of me (I can't see her, and did not notice her pass me).
7. I tell her not to get out of the car because this guy is stomping around, looks high and nuts.
8. I ask her can she see him. She replies she can't because of how bright my headlamps are.
9. I can't recall when or whether I turned off the car, but I do know I turned off the lights at this point.
10. The guy walks up to the passenger side window. Taps on it with a rock.
11. The red lights on the console are on, but I'm confused because the drive is both automatic and manual, and the indicator light where the gears indicate which drive is dark.
12. The guy says "You've got three ..."(can't remember three what. Minutes?).
13. He says, "Give me the key." I don't know what he means, I think he's high. So I reply, "I don't know you Sweetheart." (not said sarcastically). It did not occur to me that he was actually asking for my car key.
14. He then throws a rock through the window, and glass flies everywhere, my hair, clothes, all through the car.
15. The car starts making this loud ringing noise.
16. I am trying to collect enough wits to turn the car on. My friend Anne, who is still on the phone, is yelling get out of there.
17. The man reaches through the window and lifts out my purse.
18. I get the car to turn on, drive north toward Aaron Street.
19. I realize he's got all my credit cards, my house keys, but I still have my mobile. I stop, take his picture twice, as he's rooting through my purse.
20. I drive down toward Aaron, then circle back toward on the south loop of North Alvarado, where I think he lives. (I have seen this guy before).
21. He is walking down the hill, carrying a bag. (I will later recall that he is not carrying my purse).
22. I take his picture again.
23. I do not recall the exact time I call 911. I get a recording. Operators are busy. Repeat in Spanish.

¹ I work really hard to not think of all homeless people as threats.... So I think my survivor instincts here may have been blunted.

24. I drive south. I do not recall the exchange between 911 and I except she is asking questions.
25. I drive around the other end of north Alvarado and drive north toward my house (1640 North Alvarado) and park.
26. The Suburu Starlink (its some devise whereby if the car is in an accident, they call you), operator comes online and starts asking questions. Stays on the phone with me, notifies 911. I am pretty rattled, glass all over my hair, my clothes, the car seat. I am at 1636 N. Alvarado. 911 comes on and states a cruiser will come shortly. Suburu lets me know that the car window is not covered because its vandalism.
27. The cruiser arrives and Detectives Medlin (44067), and Martinez (35225) take a report.
28. Report is LAPD Investigative Report No. 191231005191.
29. I told the officers that I saw another vandalized car and that they should check that as well. I then requested that the officers accompany me to the location where the incident took place (which doesn't have an apparent address). I showed them the glass.
30. I drove the car to a friend's street where I thought it would be safe.
31. We went to the Astro restaurant for some soup. I looked at the picture I had taken of my assailant and noticed he wasn't carrying my bag and decided to go back and look for it. I am thinking he not only has all my personal financial stuff, but my house keys, mailbox keys.
32. I stopped at a neighbor's house on the southern part of the street where they were having a holiday party, and told them to be on the lookout.
33. My friend and I, after making sure the guy wasn't around, drove me back to the site and I saw my purse on the hillside. Searched further and located my wallet. The cash and my keys and my Pelikan fountain pen were missing.

Subject: Re: Update on Clifford Elementary School Encampments

Greetings everyone,

Please excuse my late email. I am attaching some pictures of some of the encampments that are near Clifford Elementary. I have serious concerns for the welfare and safety of our students and families who walk to school from all directions.

Encampment on Allesandro and Duane Street

Parents and neighbors have informed me that they observed the individuals from the encampment off Allesandro Street walking up and down Duane St. late last night, peeking into cars. I am concerned about their intentions and their close proximity to our school.

Encampments along Berkeley Ave. and Glendale Blvd.

In addition, I spent my morning at The Whole Child Cottages near Gateway Hospital, affiliated with the Los Angeles Homeless Services Authority (LAHSA), which is a Coordinated Entry System (CES). The facility recently opened, providing temporary housing for families who have experienced homelessness, and are transitioning to permanent housing. Clifford is the school of residence for the facility. Families from the cottages who have school-aged children will be walking to Clifford, as most do not have a vehicle and the facility does not provide transportation. The easiest route to take is Effie St. to Lake Shore Ave., then Berkeley Ave. to Glendale Blvd. North. As I drove the route, I saw several things that concerned me. Near the corner of Berkeley Ave. and Lake Shore Ave., the block is littered with trash. As you turn North on Glendale Blvd., families would have to pass approximately 4 tents. These families have been through the trauma of being homeless and shouldn't have to be reminded of their ordeal by walking passed these tents daily.

Clifford Street Tunnel crossing Glendale Blvd.

As my office manager was leaving home from work yesterday at 3:30PM, she observed one of our second grade students and her grandmother walk into the tunnel to cross Glendale Blvd. on Clifford Street. She stated that 2 men entered the tunnel shortly after them. She said that they appeared dirty and disheveled. She feared for their safety and parked her car to wait for them to come out the other side. Luckily, they made it through without incident. We shouldn't have to fear for our students and families. As I've mentioned in previous emails, the Glendale Blvd., tunnel has been designated on our School Safety plan as the safe passage way to St. Theresa's Church and the Tommy Lasorda Dream Field, our evacuation centers. I don't feel very safe accompanying our students and staff through a potential biohazard area, riddled with discarded syringes and reeking of urine.

I have sent an email to Assembly member Wendy Carrillo. Who might we refer our concerns about the tunnel to at CalTrans? Please let us know what else we might do.

Thank you for your ongoing support and advocacy.

Subject: Re: Update on Clifford Elementary School Encampments

ATTENTION: This email is intended outside of LAPD. Please use caution when clicking on hyperlinks or opening attachments if you are unfamiliar with the sender.

Thank you so much for this Anna. We wholeheartedly agree and stand with you 100%, both in concern and frustration. I know the Larchmont Charter location for their middle school grades faces a homeless facility/center where our friends feel utterly helpless at the notion that many of the homeless individuals congregating or living in front of the facility can see directly into the school yard where their daughters are.

We certainly will take part in any efforts to help the situation both with the school and community.

CD13- please advise! Our school experience is at risk and it is a subtle but definite oppressive sight for our kids to have to come face to face with in our neighborhoods as it is, but even more so at their place of instruction. There must be a way to utilize the public walkway stipulation and require these encampments to be at a certain distance from the school.

Respectfully,
Pinky

Dear Juan (and all),

Apologies for sounding like a broken record, but the encampment outside the school has now doubled. The entire sidewalk is covered in garbage. There are kids bicycles strewn among the trash. A new tent is right out front with a large barking dog. I can see the whole thing from the school.

That means whoever is living there can see our kids when they are in the yard, can communicate with them. This is getting extremely worrisome. How is this ok right next to our school? What can be done, what concrete actions are being taken to solve this?

We just had a meeting, we all took time off work to attend, and things just continue to deteriorate.

I will tell you, if this had been there when we went to look at Clifford there is no way I would have sent my kids there.

This is seriously going to affect the future of our school, and push even more people out of public school and into private and charters, taking more precious resources out of the system.

Can we have another meeting with the senior lead officers Gina and Jessie?

Please advise.

Anna Darr.

Hi Anna,

Thank you for reaching out to our office. This location is and has been on our schedule for services. Please note that does not mean that any one encampment can and will be removed indefinitely.

We have been working with the local neighbors and the school on a lot of their concerns. If you would like to schedule a call to further discuss what we have been doing to address some of the homeless issues and how you can support our efforts not only here, but throughout our District, I can make myself available to schedule a call.

We hope you can attend next week, the Councilmember looks forward to providing some updates from his last visit to Clifford Elementary and as I mentioned, some of our on going efforts to address the homeless crisis within our neighborhoods.

Thank you again for reaching out to our office.

Dear all,

Let me start by saying I am fully aware that Los Angeles is dealing with a homelessness crisis, and I am by no means vilifying the persons who are suffering in our city. However, the growing encampments right outside of our elementary school are beginning to become very concerning.

We did a community clean up of the open space (the triangle between Glendale and Alessandro) outside Clifford Elementary a couple of years ago, we have had meetings with the councilman's office and local law enforcement at our school, and countless 311 reports and emails and calls have been sent by various parents and community members on the topic. I know principal Gutierrez has put in a lot of work and calls as well. The problem has only continued to worsen.

There are now permanent encampments on both sides of Glendale. The men who reside there are probably fine folks going through a tough time, but nobody knows their identity, and that is worrisome right next door to an elementary school. Their situation is unfair, but it is also unfair for the kids to have to walk through it every day. And it is definitely not great for enrollment in our school. Parents visiting the school and looking at enrolling their child are seeing this as their first impression- it looks like the city does not care about this school or about the area. It would cause me pause if I were in their shoes. I certainly do not see any such encampments a mile up the street outside Ivanhoe Elementary, which is not a title 1 school, and which is in a more affluent neighborhood. It seems the issue is being treated differently here, are Clifford kids are not as valued as Ivanhoe kids?

The community is ready to support any effort to help, to clean up, to provide resources, but we cannot continue to ignore this. This is an elementary school. I have already had to call 911 with my kids in the car when one of the encampment dwellers had fainted/fallen/passed out with his legs in the street at risk of getting run over, we have found syringes under the trees right outside the upper gate of the school, the kids and I walked by a man peeing into the school property through the fence when an additional encampment popped up right outside the school after the summer break.

We need homelessness prevention organizations and city services to come out and provide assistance and services to these folks right away. What is the plan here? What is the 13th doing about this? What is LAUSD doing? We need to work together and make a change. Who is coming out doing outreach to these folks?

I know the councilman is coming to Clifford next week and I will do my best to take off work to attend. I hope these issues can be discussed.

Thank you for listening.

Hello Inspector Qualey and Lum,

I hope you both had a nice New Years break.

I wanted to forward you an email regarding some complaints about the property at 2011 Beverly Blvd. There have been a few requests of the last few months that have been closed.

Can either of you please advise on what would be the best way to get an order to comply to make sure the property is properly secured?

I am available to schedule a quick call if we can discuss.

Thank you both for any assistance you can provide.

Hello Juan and Officer Hernandez,

I just wanted to follow up on this again because these people have continued to occupy the property at 2011 Beverly and we haven't been able to do anything to get them removed or to get the property re-secured. I've attached some photos/videos for reference.

We've been able to get non-emergency dispatch to talk to them a couple of times, but the patrol officers have essentially told us there is nothing they can do but tell the trespassers to leave unless the owner is present and is the one making the call. Today, they were loitering outside with the security door open and the patrol officers didn't even tell them to leave. They just told the trespassers to go back inside the property and close the door. It's especially problematic because the trespassing parties have keys, so they keep the door locked and most of the time the patrol officers can't access the property so they can't even talk to them.

We've written a letter to the property owner and filed LADBS requests (our first was closed because it got routed to the wrong department, the current request is #463736). Beyond that, I'm not sure what else we can do without additional assistance. Please let me know if there are any other steps we can take to help facilitate the process of securing the property.

Regards,
Spencer Cross

Greetings everyone,

My apologies in advance to our LAPD officers and to Juan who will get this email twice, as a group of parents also looped me in another email chain. I just wanted to share the same information with our neighbors. I am attaching some pictures of some of the encampments that are near Clifford Elementary. I have serious concerns for the welfare and safety of our students and families who walk to school from all directions.

Encampment on Allesandro and Duane Street

Parents and neighbors have informed me that they observed the individuals from the encampment off Allesandro Street walking up and down Duane St. late last night, peeking into cars. I am concerned about their intentions and their close proximity to our school.

Encampments along Berkeley Ave. and Glendale Blvd.

In addition, I spent my morning at The Whole Child Cottages near Gateway Hospital, affiliated with the Los Angeles Homeless Services Authority (LAHSA), which is a Coordinated Entry System (CES). The facility recently opened, providing temporary housing for families who have experienced homelessness, and are transitioning to permanent housing. Clifford is the school of residence for the facility. Families from the cottages who have school-aged children will be walking to Clifford, as most do not have a vehicle and the facility does not provide transportation. The easiest route to take is Effie St. to Lake Shore Ave., then Berkeley Ave. to Glendale Blvd. North. As I drove the route, I saw several things that concerned me. Near the corner of Berkeley Ave. and Lake Shore Ave., the block is littered with trash. As you turn North on Glendale Blvd., families would have to pass approximately 4 tents. These families have been through the trauma of being homeless and shouldn't have to be reminded of their ordeal by walking passed these tents daily.

Clifford Street Tunnel crossing Glendale Blvd.

As my office manager was leaving home from work yesterday at 3:30PM, she observed one of our second grade students and her grandmother walk into the tunnel to cross Glendale Blvd. on Clifford Street. She stated that 2 men entered the tunnel shortly after them. She stated that they appeared dirty and disheveled. She feared for their safety and parked her car to wait for them to come out the other side. Luckily, they made it through without incident. We shouldn't have to fear for our students and families. As I've mentioned in previous emails, the Glendale Blvd., tunnel has been designated on our School Safety plan as the safe passage way to St. Theresa's Church and the Tommy Lasorda Dream Field, our evacuation centers. I don't feel very safe accompanying our students and staff through a potential biohazard area, riddled with discarded syringes and reeking of urine.

I am concerned for the health and safety of all students and the ability for our families to have safe passages to and from school.

I have sent an email to Assembly member Wendy Carrillo. Who might we refer our concerns about the tunnel to at CalTrans? Please let us know what else we might do.

Thank you for your ongoing support.

Greetings everyone: Tonight, I along with SLO Aispuro and 2 other SLO's responded to location and cited 3 for having their encampments tents up. During our enforcement we observed several clean up notices posted in the area for cleanups in the near future. Thank you for your continued support and patience. SLO Aispuro and I have made this area a project with outreach, cleanups(through council office) and enforcement. I know that approximately 3 years ago a major clean up and planting of succulents was conducted. I will be seeking the advice of CD #13 for a possible environmental change to location as well. We are trying to think outside of the box.

If you have any questions do not hesitate in reaching out to me or SLO Aispuro. Thank you, gina

Hi Laura,

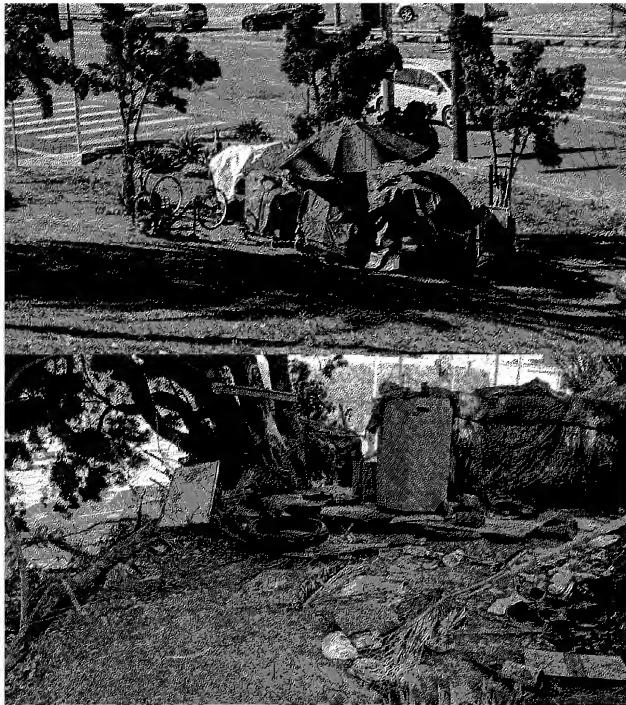

I just wanted to include you on these emails, as we've been reaching out to the city in regards to the growing encampments next to the school.

We're encouraging parents to get involved, as I've seen kids having to approach the school on these sidewalks every day. We realize this is a citywide issue, but find this particularly troublesome because of the school and kids. My own family no longer walks down our street or to the library.

Thank you!

Hello Gina,

Thank you for your response.

Are you saying we should call 911 each time we see these men doing these types of things, drugs, etc? Sadly, these guys are constantly throwing metal parts in the street and traffic lanes; and use drugs openly on a regular basis (within 500ft of a school). In the past we were asked to not call 911, since these issues did not necessarily rise to the level of emergencies. Do you think we would have more response this way?

We obviously want to be respectful of police resources, but would like help in dealing with these issues.

Thanks again for your help!

Dear Olympic Team,

It has come to my attention that there is a family from Arkansas currently living on our streets at 4th and Shatto (In front of the Sizzler on 4th) in a red and white tent. Detective Lopez (Juveniles) and I (Detective Wong/Autos) made contact with the family at the request of DCA Andrew Said (Neighborhood Prosecutor) The family has been in California for three months. Both parents are unemployed. The mother claims to be a certified nursing assistant. The family recently moved her from Anaheim. The family indicated they would like to go to Fort Smith, Arkansas. They could be reached at (323) 679-7898. The child (10 years old) and is currently not enrolled in school. DCFS has already been notified by patrol officers.

Hi Juan,

Yesterday, I also posted on Nextdoor.com (my post [link](#)) regarding this incident and issues and got responses and some interesting 'links'. (see below)

White car flying up and over Baxter-Alvarado (white car I had mentioned yesterday in the thread below)

<https://twitter.com/elonmusk/status/1222025559032713216?s=21>

Cycles flying up and over Baxter-Alvarado

<https://www.instagram.com/p/B71cyc4DT9r/?igshid=1stvzyje764rl>

I can see, now, they were filming stunts, but I'm wondering how legal and safety set they were. When examining the vids I didn't see any valid road blocks or signs. So, it looks as though it was armature filming taking advantage of our streets, and potentially putting others at unauthorized risk. If this isn't approved, they are still illegally going the wrong way. This could happen at any time, and dangerous to un-expecting drivers or pedestrians.

Still, although this is a *filming incident* there is still regular abusers going up Baxter the wrong way.

Hi Juan,

Attached is some videos I took just this morning that are good examples of the abuse Baxter is taking with 'wrong way' drivers. (I've converted these to low resolution for sending in the email, but I have higher resolution stored *if* needed)

- 20200127_104321.mp4 – showing 2 motorcycles going up the wrong way and actually airborne going over the top. You can see a car crossing the top must before the motorcycle got to the top up and over. DANGEROUS!
- 20200127_104703.mp4 – again the 2 motorcycle going up wrong way while cars are coming down. NUTS!
- 20200127_105326.mp4 – a car nearing the top going the wrong way just missing a car at the top turning down Baxter the other way.
- 20200127_105326-1.jpg – A still frame from video above showing how close the two cars at the top came to collision.

Also, just before the last video with the car going up, there was a different white car that went racing up, airborne over the top and I could hear a crash of some sort as it landed on the other side. *Sorry, I didn't get that one on video.*

As you can see from these videos, the situation is VERY dangerous for regular drivers, me, and other neighbors that come across Alvarado expecting to turn down one way or the other on 1-way Baxter.

I've also responded to each of your questions below.

Thanks much for you attention and response.

Hi Jeff,

Thanks for the follow up and the update.

Is there a specific time that cars are going the wrong way or is it randomly happening throughout the day? [Jeff] throughout the day or evening, any time.

If you would like to schedule a call next week to further discuss I can make myself available. [Jeff] Yes, we can set a time, if you would like.

I see a few things throughout the thread but I want to make sure I understand all the different issues. In general it sounds like an enforcement issue. [Jeff] Yes, it need to be enforced somehow. (The city could probably make a lot of ticket money)

Do you have any suggestions for improvements in regards to the traffic flow? [Jeff] No parking on Alvarado's narrows each side of Baxter would help the cross flow. Caution would still be needed for the nuts coming up the wrong way though.

Tuesday or Wednesday are fairly open. [Jeff] Let us know.. :>)

Thank you again for the follow. I look forward to talking to you soon.

Juan, please read and respond if you may...

I thought you should be aware, there is some recent serious discussion on our Nextdoor.com app. regarding the 1-way down Baxter from Alvarado to Lakeshore and Allesandro. Alarminglly, it seems there are some that think going the wrong way on a 1-way street is an 'option', not necessarily needed to be obeyed. I can't believe it! I still see occasional cars and pickups racing up the wrong way. If you are turning down Baxter from Alvarado and not expecting someone flying up the wrong way, this can be VERY SCARY! I has happened to me several times.

From Nextdoor.com (comments today)

SB said:

I didn't think anyone was paying attention to that new rule. I don't drive much if at all but I still go up it the same way I always used to. I don't think it's necessarily fully a rule, I think it was meant to be interpreted within reason.

SL said:

I also treat one-way street signs as suggestions rather than commands. Those signs seem so exclusionary and mean-spirited. "Hey, you, coming from that direction. You're not welcome here." Kinda hurts my feelings.

Really!! I can't believe licensed drivers are so nuts!

Also on Alvarado the '**No Right Turn 4-7 PM**' on Baxter to Allesandro, MOST folks don't pay any attention to this, and turn 'right' going down anyway. However, in their defense, if they do what is correct, continuing on Alvarado going past Baxter to later turn right down one of the new 1-way streets, Alvarado is SO narrow at that point with the parked cars, it is difficult to get through. This is especially difficult if you are coming from the other way into the area as I do to get home. With the 1-ways there are very few ways to get into our hills, as a resident.

Erwin: Also, I think there are enough 1-ways going down, but few to get up. Erwin from Allesandro to Alvarado should be a 1-way UP. Erwin is one of the few streets up, very narrow and can't support 2-way traffic very well. The only other option from Allesandro is up Duane St., going past the school. Not good for the kids?? There is already a lot more traffic on Duane St. because of the 1-way restriction on Baxter.

Is there anything that can be done?? I still can't believe there are folks that think it is OK to go the wrong way on a 1-way street and think it is an 'option'.

Another GOOD comment from Nextdoor.com states:

KL said:

It's legitimate that making Baxter one-way solved one safety problem, but the decision was made quickly based on the WAZE-driven traffic jams and it's media coverage... and so was done too quickly to fully assess the potential impacts. (Not surprisingly, it created other safety issues.)

Right after Baxter (and Cove) where changed, I was told by Juan (our local field rep) from O'Farrell's office that the Councilmember's office was very aware that the Baxter solution could (and likely would) cause

different/new issues, and that the solution wasn't yet complete... additional changes would be made necessary, and the office was continuing to monitor.

However, I have left five messages (5) for Juan over as many month and he has not still responded (Perhaps Juan or someone from the office monitors Next Door?)

New Baxter-Change-Based issues I've noticed:

Because it is not possible to enter the neighborhood from Baxter, and because we still have much of the additional WAZE-driven traffic (which originally triggered the concern with Baxter), Lakeshore (north of Cerro Gordo) is now much more heavily trafficked. Like Baxter, it is a sub-standard street... although it is two-way, the narrow street means opposing traffic cannot pass each other... someone has to back up/down the steep curve hill. This wasn't a problem when the street was only locals, but with the increased traffic and the uninformed drivers, it's a mess. I've come upon pairs of cars nose to nose with neither driver willing to back up.

Another issue is that although Lakeshore (south of Cerro Gordo) has a "no through traffic 4-7" sign, and Alvarado at Baxter has a "no right turn 4-7" sign, there is still a steady stream of cars every evening coming up Lakeshore to turn onto Cerro Gordo so that can reach Baxter and make the illegal right turn. The heavy traffic is made tougher on the residents due to the folks illegally coming up Lakeshore very often run the new stop sign at Lakeshore and Cerro Gordo. These are commuters, not locals and they treat this hilly little neighborhood as if it were a highway.

If you have other concerns that have arisen from the Baxter change, please describe them and we'll make a master list and take it to O'Farrell's office.

The increased traffic is a fact of life. But more can be done to mitigate. Anyone who wants to go with me to get answers from our council member (or anyone who has already tried), please let me know.

Hi Spencer,

I am looping in SLO Garcia.

I have asked the last two inspectors that went out there to please provide next steps in getting the owner to comply with securing the property. I have not heard back, but they should be back from the holiday break.

Once I get more information to share I will pass it along.

Hello Juan and Officer Hernandez,

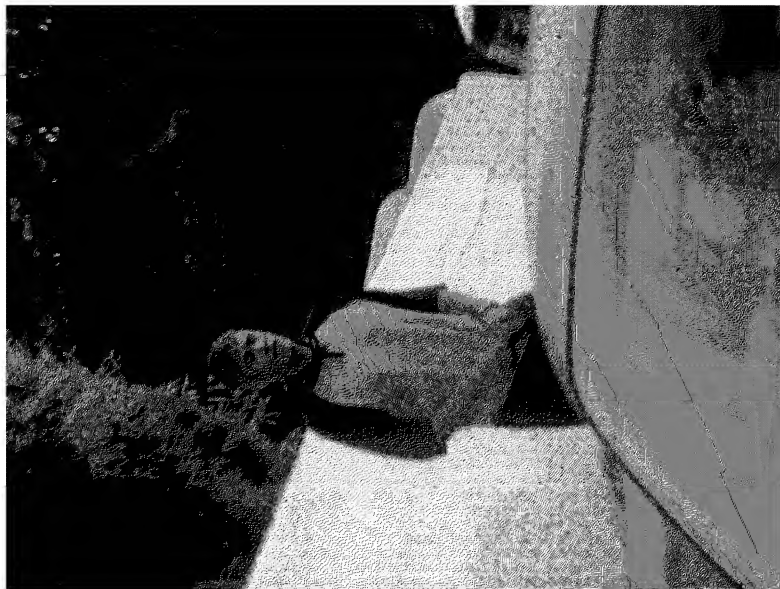

I just wanted to follow up on this again because these people have continued to occupy the property at 2011 Beverly and we haven't been able to do anything to get them removed or to get the property re-secured. I've attached some photos/videos for reference.

We've been able to get non-emergency dispatch to talk to them a couple of times, but the patrol officers have essentially told us there is nothing they can do but tell the trespassers to leave unless the owner is present and is the one making the call. Today, they were loitering outside with the security door open and the patrol officers didn't even tell them to leave. They just told the trespassers to go back inside the property and close the door. It's especially problematic because the trespassing parties have keys, so they keep the door locked and most of the time the patrol officers can't access the property so they can't even talk to them.

We've written a letter to the property owner and filed LADBS requests (our first was closed because it got routed to the wrong department, the current request is #463736). Beyond that, I'm not sure what else we can do without additional assistance. Please let me know if there are any other steps we can take to help facilitate the process of securing the property.

Hi Juan,

It's a commercial property, not a residential property, so I reported it as a code violation to LADBS. It's CSR #461577. Note that the security door that they're accessing seems to have an indoor style lock which can be opened and closed from the inside and they re-lock it when they're on the property. So, if you try the door and they're inside, it will likely be locked (i.e., it will seem secure). I've mailed a letter to property owner asking them to have the people removed and to change the lock so people can't climb over the fence and unlock the gate from inside.

If you come by in the morning, I should be around until about 10:00. Feel free to stop by.

Hello Juan and Officer Hernandez,

We recently discovered that a couple of homeless men have managed to get over the fence or somehow otherwise unlock the security door at the Mountain View side of the the empty medical building at 2011 Beverly Blvd and have been camping on the backside of the property. This happened once in the past and it caused a lot of problems, but the property owner was very responsive and put up extra security and barbed wire to keep people out. I'm not sure how these two men managed to get in.

I was going to call the "for lease" number on the building to see if they could let the property owner know, but the sign has been taken down. Are there other steps we can take to notify the owner and motivate them to file a trespass authorization and take further steps to secure the property? We've called non-emergency dispatch, but they haven't been much help.

Let me know if I can provide any additional information.

Hi Juan and all,

You had mentioned an agenda and so I am sharing with you what I came up with. I am open to flexibility but wanted to give us some direction of what we wanted to cover and accomplish. I appreciate all of the attendance and input so we can get on with resolving these issues that have been concerning for many years. We've had so many accidents and close calls in the recent years. Especially concerning is that we have a school nearby and children are often put in dangerous situations with this traffic. Let's finally get an action plan! Recent construction at the corners of Aaron and Clifford streets at Glendale Blvd will be causing even more traffic issues. Happy to work with all of you in helping to alleviate some of these issues & help our community.

Sincerely Elaine LeBoeuf

Agenda-1/7/20 meeting re: Echo Park traffic issues

Introductions-Troy, Juan, Gina, Jedah, Elaine, Eugene
and other community members present

Purpose of meeting-Update on Safety Concerns/Solutions

Which transportation agency handles which issues?

I.e.: LADOT handles U turn signs & Stoplights-speed bump
Cal Trans (since Glendale/Alvarado 2 freeway extension)
Handles barrier in Left turn signal & 'Keep Clear' marking

Issues on this corner-Left turn signal from Glendale south
onto Allesandro St. **A**) Illegal U turns from left turn lane-
Solution=Barrier **B**) illegal U turns after cars make the
left onto Allesandro to right lane, headed west to get back
onto Glendale north to enter 2 freeway-Solution=No U
turn signs on Allesandro at Duane, Ewing, Fargo & Baxter
C) entering parking lot of Spain Restaurant after left turn
onto Allesandro to head back to Glendale north to enter 2
freeway-See letter from owner of Spain-Solution=signs?

Issues w/Glendale Blvd @ Aaron, Brandon, Clifford, Duane
'Keep clear' painted on asphalt at light on Aaron-gridlock
Add a stoplight at Brandon St.-with new construction on
corners of Aaron & Clifford at Glendale need another exit/
entrance-Access to/from home on Glendale getting worse

Letter from CalTrans re: improvement on 2-freeway exit
Juan shared copy from group- going south on Glendale

Service Requests-Existing

- 'U turn signs': LADOT, Stoplight at Brandon St.: LADOT

- 'Keep Clear' at Aaron, Barrier at Left arrow :CalTrans

- What other service requests needed? Some listed below!

Who will do it?- Suggestions for others not mentioned

-Reopen Alvarado EXIT light onto Berkeley/Alvarado St.

-Stop sign at Clifford St. onto Alvarado-Cars don't look!

-Speed Bumps on Alvarado between Aaron and Duane

Discussion/Solutions/Timeline/Questions/Concerns-

-People have suggested more police presence/citations

-People have suggested having a camera- Left turn signal, though I believe illegal for city, maybe Ok if Glendale is extension of 2-freeway and so, part of State/Cal Trans

Do we need to set a date for a larger community meeting?

Do we need to get signatures on a Petition or a Template?

Future meeting date with this group? Communication?

Walk outside to observe traffic at Glendale/Allesandro

Return to Restaurant for further discussion- if needed (?)

THANK YOU ALL FOR ATTENDING /PARTICIPATING

Hi Dave,

Just confirming Mitch's participation scheduled for tomorrow? If for some reason that Councilmember is unable to attend tomorrow, meeting will be canceled. How much time has the Councilmember allocated to this gathering? Residents want to be heard first...rather than to be spoken at with the same rhetoric, "the City is doing all that they can". I will be moderating time together with residents asking prepared questions on the safety, health, and lawlessness of homeless in the Park. (With a 12% uptick crimes committed by homeless and 18% increase homeless committing crimes against homeless over the last twelve months in LA County.)

Upon arrival to Management Office,(corner of Park Ave and Glendale Blvd., street level) knock on double doors or call Anthony 213.509.0494 for entrance.

Looking forward to a productive time. Respectfully,

Rick Wulfestieg, Parkview Senior Living

Hi Marisol,

Thank you for connecting us to Dave, Councilmember's scheduler. Any days in January are good, except 01. 12-21. It is hoped that we could meet prior to February. Afternoon or early evening or a good time to meet.

We would welcome Captain Lopez, representative from Rec & Parks, the recently appointed Park Ranger Captain over Echo Park, and Rampart neighborhood prosecutor. Residents/landowner want to know why Echo Park is the only park of fourteen in area to have tent/trash dwellers? We are looking for orchestrated and consistent steps among the City agencies...removing illegal drug activity, code enforcement of trespassing after hours, and removing tents/trash. Serious safety, health issues, and taxpayers are at a boiling point.

Looking forward to Dave's response.

Best regards,

Hi Rick,

It is nice to e-meet you. I am copying the Councilmember's scheduler, Dave Cano, so that we may coordinate a meeting with you and the seniors. It is a bit busy now, since we have many holiday events in the district, however we can schedule something within the first weeks after the new year.

As Sarah mentioned, we can coordinate attendance from our LAPD Captain, Alfonso Lopez, a representative from Rec and Parks as well as our Rampart neighborhood prosecutor. I know the situation at Echo Park lake is challenging, but I think a meeting strategizing how we can all work together will be beneficial.

Thank you.

Marisol is going to coordinate with you to plan a community meeting at Park View with in the next few weeks with Council Member O'farrell, Recreation and Park, Sanitation and LAPD . I will leave it to you both to connect on this .

Good morning!

Why of course Councilmember O'Farrell will attend tomorrow's meeting! It's been on his calendar since December and he would not miss this important meeting!

The Councilmember will be joined by his staffmembers Marisol, Hector and Juan and the following City Dept. members: Capt. Lopez; S.J.O. Rob Solorio; R.A.P. Chief Ranger Lasarelli; Jimmy Kim, Superintendent Operations; Brenda Aguirre, U.H.R.C.

If you can please provide the prepared questions in advance of tomorrow's meeting it will help us to better prepare and make sure the seniors get their questions thoroughly answered. Thank you!

- RAP CHIEF RANGER LOSORELLI
- JIMMY KIM - SUPERINTENDENT OPERATIONS
- BRENDA AGUIRRE - RAP UHRC

SPEAKING POINTS

- WELCOME THANK YOU FOR INVITING ME BACK TO DISCUSS THIS ONGOING ISSUE OF HOMELESSNESS IN THE CITY AND MORE SPECIFICALLY ECHO PARK LAKE
- PLEASE WELCOME OUR SPECIAL GUESTS
 - CHIEF RANGER LOSORELLI
 - CAPTAIN LOPEZ - LAPD RAMPART
 - KURT KNECHT - RAMPART NEIGHBORHOOD PROSECUTOR
 - SENIOR LEAD OFFICER ROB SOLORIO

- JIMMY KIM - SUPERINTENDENT OF OPERATIONS WITH REC AND PARKS

- **TOUCH ON YOUR ROLE AS CHAIR OF HOMELESSNESS AND POVERTY COMMITTEE**

2019 HOMELESS COUNT			
CITYWIDE TOTAL: 36,165		CD 13 TOTAL: 2,953	
SHELTERED	8,944	SHELTERED	551
UNSHELTERED	27,221	UNSHELTERED	2,402

- *I serve as the Chair of Homelessness and Poverty Committee. In my role, I paved the way for the production of close to 7,000 units of Permanent Supportive Housing through Measure HHH to reach the 10,000 units approved by voters in 2016.*
- *I continue to advocate for more funding from the State, and have introduced a Resolution on sponsorship of a State bill to get \$2 billion of ongoing funding for homeless services, A Bridge Home facilities, and permanent supportive housing.*
- *I am also focused on furthering production of affordable housing units across the city.*
- *During my time in office, I ensured more than 1,300 units have been built in the 13th Council District alone. I negotiated hundreds more through the City Planning process.*
- *I share your concerns regarding the need to directly address the homelessness crisis. My office continues to work to make an impact in our neighborhoods --with tangible results-- by establishing two bridge housing buildings, including one of the city's first A Bridge Home facilities, and establishing safe parking sites, funding mobile pit stops and other outreach efforts, and approving thousands of permanent supportive housing projects across the city.*
- *It seems like we all share concern about the homelessness crisis in our City and I would strongly encourage you to attend the Homelessness and Poverty Committee and the Council meetings to express your thoughts on the action we take in confronting this crisis. My Colleagues need to hear the concerns of our constituents. We hear the concerns of advocates on behalf of people*

experiencing homelessness at every Committee hearing, but we also need to hear from citizens with other concerns.

- *I want you all to know that there isn't a whole lot we can do with enforcement given the Court rulings that we have to comply with. That's why once again my focus is to make sure we house people and make sure that we have safe/clean accessible sidewalks and parks available for everyone to enjoy. Lastly, I introduced a motion to use our own discretionary funds to make sure that we will have clean and safe bathrooms for all park users at Echo Park Lake.*
- CARE/CARE+
 - NEW TEAMS ROLLED OUT IN OCTOBER TO WORK ON A SERVICES LED APPROACH TO ADDRESS ENCAMPMENTS ON THE CITY'S RIGHT OF WAY
 - LAHSA IS THE FIRST POINT OF CONTACT
 - ESTABLISHING A RELATIONSHIP TO ENSURE COMPLIANCE AND ENSURE SAFE ACCESS TO ALL USERS
 - BUREAU OF SANITATION IS THE LEAD AGENCY
 - LAPD SUPPORT WHEN NECESSARY
- FOR THE 20/21 FISCAL YEAR, WE ARE LOOKING TO FUND AN ADDITIONAL OPERATION HEALTHY STREETS TEAM THAT WILL FOCUS SPECIFICALLY IN THE 13TH DISTRICT
- WE HAVE BEEN WORKING WITH LAPD AND THE PARK RANGERS TO GET COMPLIANCE DURING THE DAY
 - TOUCH ON THE LOSS OF CAPTAIN TORRES WHO WAS THE LEAD RANGER FOR COMPLIANCE WITHIN PARKS
 - DEDICATED TEAM FOR ELYSIAN PARK
 - NEW POLICE CAR

- ARMED SECURITY FUNDED THROUGH DISCRETIONARY FUNDS
- WE WILL HAVE MORE REGULAR SERVICE DAYS SCHEDULED FOR THE LAKE WITH RAP CREWS, CARE TEAM, CITYWIDE CARE TEAM, and LA RIVER TEAM
- I AM CURRENTLY WORKING ON BRINGING MORE SERVICES TO THE UNHOUSED INDIVIDUALS AT ECHO PARK TO HELP THE RANGERS AND LAPD WITH GETTING COMPLIANCE

SERVICES FOR ECHO PARK

RELEASE: NEXT STEPS FOR HOMELESSNESS OUTREACH AND SERVICES AT ECHO PARK LAKE

ECHO PARK LAKE — The stories we hear from people experiencing homelessness across the City all share one important commonality — the need for more services and housing.

"This crisis is a call to action for all Angelenos," said Councilmember O'Farrell. "As we address this urgent priority to find safe, temporary shelter and permanent housing, we are expanding on some immediate solutions in the Echo Park Lake area." The first phase of Councilmember O'Farrell's plan to address the situation at Echo Park Lake consists of the following:

- **Conduct a Homeless Connect Day.**
- **Staffing of restroom facilities on the north side of the park, 24 hours per day, seven days a week.**
- **Provide Mobile Hygiene Unit with showers.**
- **Fund a Storage Unit nearby.**
- **Continue Education and Outreach of park rules to all users.**
- **Activate interim emergency shelter in the area.**

Councilmember O'Farrell wants to ensure that all City parks be kept clean, safe, and accessible for people of all ages and income levels.

"I look forward to our continued collaboration on short-term and long-term solutions to help people get back on their feet and live healthy, fulfilling lives," said O'Farrell.

MOTION For Wed, 1/29/20

The Echo Park area is facing urgent hygiene and public health issues due to a recent increase in necessity for restroom access. To address hygiene needs of the public, it is necessary to provide increased access to the overutilized restrooms at the northwest end of the Lake.

Urgent action is needed to amend the Municipal Code to temporarily allow for expanded hours of accessibility to Echo Park Lake restrooms by the public for a six-month period.

I THEREFORE MOVE that the City Attorney be requested to PREPARE and PRESENT an ORDINANCE with an URGENCY CLAUSE to amend the Los Angeles Municipal Code to temporarily allow 24-hour access to park restrooms located on the northwest portion of Echo Park adjacent to the corner of Glendale Boulevard and Park Avenue for a six-month period, in order to address urgent hygiene and public health needs in the area.

TO CITY CLERK FOR ATTACHMENT ON NEXT
REGULAR COUNCIL AGENDA TO BE POSTED

#54

MOTION

The Council District AB1290 Fund provides funding for redevelopment and community services in various Council Districts.

In the community of Echo Park, a pilot program to offer safe parking at Edendale Branch Library is about to launch. The Mobile Pit Stop Program, which provides restroom facilities to maintain hygiene and keep our streets healthy, has been met with great success. And, my office has been partnering with a local business to offer free laundry services and provide access to clean clothes and bedding for people experiencing homelessness.

A permanent supportive housing project is being planned, which will accommodate up to 100 affordable units and offer supportive services, as well as provide recreational space for local youth.

The immediate needs of unhoused Angelenos are felt acutely citywide, and recently this is particularly true for Echo Park Lake. While services and resources are in various stages of production, we need to address those needs most critical for basic quality of life for both the unhoused and the individuals and families who use the park as a daily resource for exercise, recreation, and relaxation.

Because of the emergency situation at Echo Park Lake, we must take urgent action to address basic hygiene needs.

This effort is of special benefit for the residents of the City and for CD-13 and deserves financial assistance from the City. Sufficient funds are available in the CD-13 portion of the Council District AB1290 Fund for this purpose.

I THEREFORE MOVE that \$560,869 in the AB1290 Fund No. 53P, Account No. 281213 (CD 13 Redevelopment Projects - Services) be transferred / appropriated to the Recreation and Parks Fund No. 302-89, Account No. 89814M for a six month activation of emergency measures to address basic hygiene needs at Echo Park Lake.

I FURTHER MOVE that the Department of Recreation and Parks be authorized to make any technical corrections or clarifications to the above instructions in order to effectuate the intent of this Motion.

Hi Adam,

I apologize for the delay, this location was scheduled for service last week and our team was out there removing some of the bulky items from the walkway.

There are several threads among the neighbors so if I am delayed in responding to your email please feel free to follow up or give us a call at the office, 213.207.3015.

This location is one of my priority locations for service in North East, but the City is limited in what it can do to prevent anyone from coming back into public property.

This location has been submitted for service again but that does not mean the encampment will be permanently removed nor that it will not come back.

I have looped in Senior Lead Officer Aispuro, he is aware of the encampment but these issues all go through the Unified Homeless Response Center (UHRC).

I'm available to schedule a should you wish to **further** discuss.

Thank you for the follow up.

Juan and Council Member O'Farrell,

Lance, Ollie, and I have been contacting you guys for days now but we still have not even received the courtesy of a form reply yet.

Council Member O'Farrell, are you not our elected representatives who's duty it is to respond and react to your constituents concerns? Especially ones concerning the safety of children? I only just learned of the arson that occurred on the hill by the Little League Field. On top of the mattress fire in the underpass to the walkway to the elementary school earlier this year man made fires in the middle of the city seem to be a recurring threat. That one encampment was cleared out but the same people returned. As Lance says, a daily monitoring would be greatly beneficial.

Please help us protect our neighborhood, before you make our community highly organized to elect new representation.

Thanks,
Adam

Juan,
Please see the attached videos of the fire that Ollie is referring to. We can add arson to the list of infractions.

Video credits go to Vaedynn and Liam.

At one point we discussed getting the dead end removed for more parking and potentially a mini park. In retrospect the mini park would likely be a haven to the encampments. Can we at least remove the dead end and add additional parking? I believe that making that zone feel residential will ward off encampments. As it stands that area is a dead zone.

On Wed, Oct 23, 2019 at 3:01 AM Ollie Zad <olliezad@icloud.com> wrote:

Hi Juan,

Hope all is well.

I recall from the meeting at Clifford Elementary earlier this year that there are strict ordinances about loitering within 500 feet of a school or playground. Here we have a that is not limited to just loitering, but blatant drug use, indecent exposure and public defecation. Two months ago a tree and a brush adjacent to Tommy Lasorda's Field of Dreams was set on fire requiring the Fire Department to intervene.

As we all start receiving our five figure property tax bills at SL70, it's hard to rationalize the return on that payment when we see this sort morass from our elected representatives and municipal employees on a persistent threat to the collective safety and well being of the greater community. As we watch various Southern California communities battle fires week after week, it is disheartening to see such indifferent to the cause of a recent nearby fire.

Please advise us as to what we can anticipate from CD13 to address this ongoing problem.

Thanks,

Ollie Zad

Juan,

I write this email respectfully but I'm running out of patience. The homeless encampments around here are growing unbound, as soon as one is removed another one replaces it. Literally a camp was removed a few days ago, the members scattered and returned later that night to smoke what seems to be crack right against my front yard. They regularly block the side walk, do drugs, deprecate within feet of my front door.

Some have been bold enough to bath in my front yard with our hose. I simply cannot accept that the city cannot solve this issue or at least regulate. Encampments, litter, and frequent accidents and nothing has been done.

As a private citizen this is beyond disappointing and gives me low confidence that we are a concern for Mitch O'Farrell. I can appreciate that the city has limited resources but this is basic blocking and tackling, a patrol unit sent at regular intervals would at least keep the homeless people at bay. I mean seriously, imagine waking up daily to homeless shitting in your front yard, smoking crack, using your power outlets and hose. Now imagine that going on for 3 years. It's beyond ridiculous and I'm at my wits end so I'm exploring all legal means to remedy this situation.

We're told file it on 311. Well we've done that 100 times over and the problem repeats. I cannot accept this and I know many neighbors agree. Something absolutely needs to change.

Following up on this Juan as my fiance saw a homeless person defecate on the sidewalk right in front of the house.. Is there anyway for us to not have to play whack a mole every month when new people move in, then we call 311 and have to keep waiting and waiting?

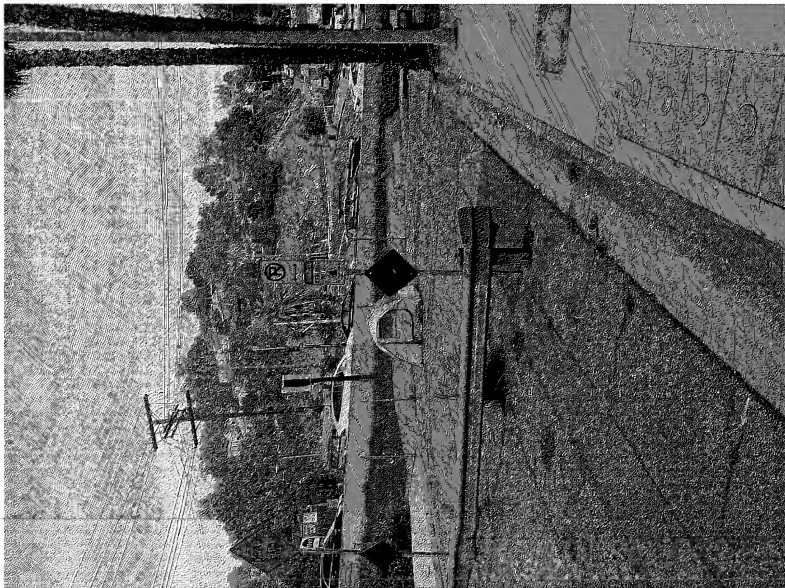

Last year a mattress fire was caused under the walkway to the elementary school.. only then was anything done about that encampment. Can we please nip this before we come to another episode?

Street Services can move the dead end back. I do not have confirmation that it can fully be removed.

The Department of Transportation will also need to review since it would include additional street parking.

I am meeting with them both the Departments to discuss some of my requests early next year, I'll keep this in my request queue for them to review.

Hi Adam,

I apologize for the delay, this location was scheduled for service last week and our team was out there removing some of the bulky items from the walkway.

There are several threads among the neighbors so if I am delayed in responding to your email please feel free to follow up or give us a call at the office, 213.207.3015.

This location is one of my priority locations for service in North East, but the City is limited in what it can do to prevent anyone from coming back into public property.

This location has been submitted for service again but that does not mean the encampment will be permanently removed nor that it will not come back.

I have looped in Senior Lead Officer Aispuro, he is aware of the encampment but these issues all go through the Unified Homeless Response Center (UHRC).

I'm available to schedule a should you wish to further discuss.

Thank you for the follow up.

Council Member O'Farrell, are you not our elected representatives who's duty it is to respond and react to your constituents concerns? Especially ones concerning the safety of children!? I only just learned of the arson that occurred on the hill by the Little League Field. On top of the mattress fire in the underpass to the walkway to the elementary school earlier this year man made fires in the middle of the city seem to be a recurring threat. That one encampment was cleared out but the same people returned. As Lance says, a daily monitoring would be greatly beneficial.

Please help us protect our neighborhood, before you make our community highly organized to elect new representation.

Thanks,

Juan,

Please see the attached videos of the fire that Ollie is referring to. We can add arson to the list of infractions.

Video credits go to Vaedynn and Liam.

At one point we discussed getting the dead end removed for more parking and potentially a mini park. In retrospect the mini park would likely be a haven to the encampments. Can we at least remove the dead end and add additional parking? I believe that making that zone feel residential will ward off encampments. As it stands that area is a dead zone.

Hi Juan,

Hope all is well.

I recall from the meeting at Clifford Elementary earlier this year that there are strict ordinances about loitering within 500 feet of a school or playground. Here we have a that is not limited to just loitering, but blatant drug use, indecent exposure and public defecation. Two months ago a tree and a brush adjacent to Tommy Lasorda's Field of Dreams was set on fire requiring the Fire Department to intervene.

As we all start receiving our five figure property tax bills at SL70, it's hard to rationalize the return on that payment when

we see this sort morass from our elected representatives and municipal employees on a persistent threat to the collective safety and well being of the greater community. As we watch various Southern California communities battle fires week after week, it is disheartening to see such indifferent to the cause of a recent nearby fire.

Please advise us as to what we can anticipate from CD13 to address this ongoing problem.

Thanks,

Ollie Zad

Juan,

I write this email respectfully but I'm running out of patience. The homeless encampments around here are growing unbound, as soon as one is removed another one replaces it. Literally a camp was removed a few days ago, the members scattered and returned later that night to smoke what seems to be crack right against my front yard. They regularly block the side walk, do drugs, deprecate within feet of my front door.

Some have been bold enough to bath in my front yard with our hose. I simply cannot accept that the city cannot solve this issue or at least regulate. Encampments, litter, and frequent accidents and nothing has been done.

As a private citizen this is beyond disappointing and gives me low confidence that we are a concern for Mitch O'Farrell. I can appreciate that the city has limited resources but this is basic blocking and tackling, a patrol unit sent at regular intervals would at least keep the homeless people at bay. I mean seriously, imagine waking up daily to homeless shitting in your front yard, smoking crack, using your power outlets and hose. Now imagine that going on for 3 years. It's beyond ridiculous and I'm at my wits end so I'm exploring all legal means to remedy this situation.

We're told file it on 311. Well we've done that 100 times over and the problem repeats. I cannot accept this and I know many neighbors agree. Something absolutely needs to change.

Hi Juan,

Thanks for getting back to me. I believe he was removed on Saturday, after receiving Officer Abner finally replied on Wednesday, but only after I went down on Rampart on Sunday and talked to the front desk office, Officer Silva. My center was terrorized on Saturday by the same man who tossed trash all over the center, and I wanted answers. Though Office Silva was very nice and was trying to be helpful, I was not happy with the answers I got. I always keep a Trespass Arrest Authorization Form on file, so I could not understand why at the second call, the person was not removed. But I'll let you do your inquiry with Officer Abner, as I'm not trying to cause any issues with Rampart, but rather just want a safe center for our tenants to work as our customers to patronized, and need the LAPD to help do that.

If you need any more information, please do not hesitate to contact me.

Officer Abner,

I'm contacting you out of concern for my property. I also tried calling your precinct and was only directed to voicemail when I tried to contact the Senior Lead Department. I am highly disappointed at the response I'm getting from the LADP, regarding three (3) 911 calls they answer to yesterday, involving a homeless man who is starting fires at my property. I don't understand why your department is not detaining this person, and why he keeps returning to my property.

We called 311 three times yesterday. On the first call, my maintenance and security witnessed a Caucasian male setting a fire outside of 2110 Sunset Blvd. when your officers arrived, they advised my staff that it's not illegal to set fire to trash, as long as it's to stay warm, and he was let go. He later returned and got into with my tenant, where he proceeded to spit in his face. Again LAPD showed up and he was let go. Moments later he returned and was violently yelling and tagging on the walls with marker. Then, I got a photo from a tenant at the property that at 11:00pm, that my security had to call LAPD because this guy was there again!

Now, he's back again, trying to set his jacket on fire on my wood tables????

I believe this is the same guy who set fire in my tenants alcove at 2110 Sunset, set a series of fire two weeks ago in my parking lot, and removed our valet key display. (Photos to follow.)

I don't understand why I can't get any assistance with removing this person who is so clearly a danger to himself and others??? Can the police not take him somewhere else away from us? He's threatened my maintenance guy and my tenant, and I certain they would cooperate in filing a report to get him gone from there....is that what you need??? He's making everyone uneasy and disrupting my center.

I want to have this man arrested! Please tell me what I need to do to insure the safety of not only my property, but also my tenants and patrons. If I don't hear back from you or someone in your department by the end of day, I will have no choice but to contact our councilman.

Hi Theresa,

Sorry for the delay.

Let me follow up with SLO Abner to see if we can assist with a follow up regarding some of your concerns.

Is the man in the picture you attached the individual?

Officer Abner,

I'm contacting you out of concern for my property. I also tried calling your precinct and was only directed to voicemail when I tried to contact the Senior Lead Department. I am highly disappointed at the response I'm getting from the LADP, regarding three (3) 911 calls they answer to yesterday, involving a homeless man who is starting fires at my property. I don't understand why your department is not detaining this person, and why he keeps returning to my property.

We called 311 three times yesterday. On the first call, my maintenance and security witnessed a Caucasian male setting a

fire outside of 2110 Sunset Blvd. when your officers arrived, they advised my staff that it's not illegal to set fire to trash, as long as it's to stay warm, and he was let go. He later returned and got into with my tenant, where he proceeded to spit in his face. Again LAPD showed up and he was let go. Moments later he returned and was violently yelling and tagging on the walls with marker. Then, I get a photo from a tenant at the property that at 11:00pm, that my security had to call LAPD because this guy was there again!

Now, he's back again, trying to set his jacket on fire on my wood tables????

I believe this is the same guy who set fire in my tenants alcove at 2110 Sunset, set a series of fire two weeks ago in my parking lot, and removed our valet key display. (Photos to follow.)

I don't understand why I can't get any assistance with removing this person who is so clearly a danger to himself and others??? Can the police not take him somewhere else away from us? He's threatened my maintenance guy and my tenant, and I certain they would cooperate in filing a report to get him gone from there....is that what you need??? He's making everyone uneasy and disrupting my center.

I want to have this man arrested! Please tell me what I need to do to insure the safety of not only my property, but also my tenants and patrons. If I don't hear back from you or someone in your department by the end of day, I will have no choice but to contact our councilman.

I was unable to determine if this was the same guy who was tampering with the door lock based on the picture. He had no warrants. We advised him that the owner does not want anyone back there. I hope he leaves.

Hello Juan and Officer Hernandez,

I just wanted to follow up on this again because these people have continued to occupy the property at 2011 Beverly and we haven't been able to do anything to get them removed or to get the property re-secured. I've attached some photos/videos for reference.

We've been able to get non-emergency dispatch to talk to them a couple of times, but the patrol officers have essentially told us there is nothing they can do but tell the trespassers to leave unless the owner is present and is the one making the call. Today, they were loitering outside with the security door open and the patrol officers didn't even tell them to leave. They just told the trespassers to go back inside the property and close the door. It's especially problematic because the trespassing parties have keys, so they keep the door locked and most of the time the patrol officers can't access the property so they can't even talk to them.

We've written a letter to the property owner and filed LADBS requests (our first was closed because it got routed to the wrong department, the current request is #463736). Beyond that, I'm not sure what else we can do without additional assistance. Please let me know if there are any other steps we can take to help facilitate the process of securing the property.

Hi Juan,

It's a commercial property, not a residential property, so I reported it as a code violation to LADBS. It's CSR #461577. Note that the security door that they're accessing seems to have an indoor style lock which can be opened and closed from the inside and they re-lock it when they're on the property. So, if you try the door and they're inside, it will likely be locked (i.e., it will seem secure). I've mailed a letter to property owner asking them

to have the people removed and to change the lock so people can't climb over the fence and unlock the gate from inside.

If you come by in the morning, I should be around until about 10:00. Feel free to stop by.

Hello Juan and Officer Hernandez,

We recently discovered that a couple of homeless men have managed to get over the fence or somehow otherwise unlock the security door at the Mountain View side of the the empty medical building at 2011 Beverly Blvd and have been camping on the backside of the property. This happened once in the past and it caused a lot of problems, but the property owner was very responsive and put up extra security and barbed wire to keep people out. I'm not sure how these two men managed to get in.

I was going to call the "for lease" number on the building to see if they could let the property owner know, but the sign has been taken down. Are there other steps we can take

to notify the owner and motivate them to file a trespass authorization and take further steps to secure the property? We've called non-emergency dispatch, but they haven't been much help.

Let me know if I can provide any additional information.

Good evening Dave,

The order of meeting with the key questions and comments are attached. We will provide pictures of used drug needles found in flower beds and videos of homeless trespassing and swimming in pool. Important to note that additional \$50,000 in security costs will be experienced 2020 due to then damages and security patrol. This cost has a negative impact on budget.

Thanks for passing questions and comments on.

Good morning!

Why of course Councilmember O'Farrell will attend tomorrow's meeting! It's been on his calendar since December and he would not miss this important meeting!

The Councilmember will be joined by his staffmembers Marisol, Hector and Juan and the following City Dept. members: Capt. Lopez; S.I. O. Rob Solória; R.A.P. Chief Ranger Lasarelli; Jimmy Kim, Superintendent Operations; Brenda Aguirre, U.H.R.C.

If you can please provide the prepared questions in advance of tomorrow's meeting it will help us to better prepare and make sure the seniors get their questions thoroughly answered. Thank you!

Hi Dave,

Just confirming Mitch's participation scheduled for tomorrow? If for some reason that Councilmember is unable to attend tomorrow, meeting will be canceled. How much time has the Councilmember allocated to this gathering? Residents want to be heard first...rather than to be spoken at with the same rhetoric, "the City is doing all that they can". I will be moderating time together with residents asking prepared questions on the safety, health, and lawlessness of homeless in the Park. (With a 12% uptick crimes committed by homeless and 18% increase homeless committing crimes against homeless over the last twelve months in LA County.)

Upon arrival to Management Office, (corner of Park Ave and Glendale Blvd., street level) knock on double doors or call Anthony 213.509.0494 for entrance.

Looking forward to a productive time. Respectfully,

Rick Wulfestieg, Parkview Senior Living

Hi Marisol,

Thank you for connecting us to Dave, Councilmember's scheduler. Any days in January are good, except 01. 12-21. It is hoped that we could meet prior to February. Afternoon or early evening or a good time to meet.

We would welcome Captain Lopez, representative from Rec & Parks, the recently appointed Park Ranger Captain over Echo Park, and Rampart neighborhood prosecutor. Residents/landowner want to know why Echo Park is the only park of fourteen in area to have tent/trash dwellers? We are looking for orchestrated and consistent steps among the City agencies...removing illegal drug activity, code enforcement of trespassing after hours, and removing tents/trash. Serious safety, health issues, and taxpayers are at a boiling point.

Looking forward to Dave's response.

Best regards,

Hi Rick,

It is nice to e-meet you. I am copying the Councilmember's scheduler, Dave Cano, so that we may coordinate a meeting with you and the seniors. It is a bit busy now, since we have many holiday events in the district, however we can schedule something within the first weeks after the new year.

As Sarah mentioned, we can coordinate attendance from our LAPD Captain, Alfonso Lopez, a representative from Rec and Parks as well as our Rampart neighborhood prosecutor. I know the situation at Echo Park lake is challenging, but I think a meeting strategizing how we can all work together will be beneficial.

Thank you.

Marisol is going to coordinate with you to plan a community meeting at Park View with in the next few weeks with Council Member O'farrell, Recreation and Park, Sanitation and LAPD . I will leave it to you both to connect on this .

Please let me know how and if I can help in any way.

**Meeting with Mitch O'Farrell
Councilman for District 13, Los Angeles
January 23, 2020
Parkview Senior Living, 1902 Park Ave, Los Angeles, CA 90026**

Introduction of Councilman O'Farrell and other City representative. Rick will moderate and introduce Dr. Jeanette Storms and Joe Fairbrother, who will briefly tell their story. Councilman will then be asked to address following concerns regarding the tent encampments in Echo Park and its residual effects on residents, immediate community and city of Los Angeles:

- 1. Why is the posted law not enforced?** The sign says "Park closed from 10:30 pm to 5 am." Another states "No tents, stakes, camping, open flames or cooking." Many other violations could be cited as per the posted signs. (Photos of these legal statutes and other regulations issued by the Department of Recreation and Parks are attached here). **The lack of enforcement of this is at the root of all the other problems we have experienced.** Juan, the Field Representative, told, "It has been collectively decided to allow tents in front of your building... since it affects the least amount of people." Officer Vargas offered the homeless a place to go and services last week but they refused. **Why are they permitted to stay? Why total disregard for the law and rights of other citizens? Why is lawlessness permitted?**
- 2. Why is Echo Park the only park where an encampment is permitted?** Permitting 10-30 tents at a time is not a way of solving the problem of homelessness and it directly impacts the community at large in Echo Park. Can you move the homeless in this encampment to a more suitable place? Please find attached a copy of the names of other parks that were visited and saw no encampments. We feel that our rights as taxpayers have been violated as we are the only park that has been impacted by this.
- 3. Furthermore, this has a direct impact on property values and quality of life in not only our community the entire Echo Park area.** Specifically, when Parkview was built it quickly filled up and in a few months we had a waiting list. Now we have 9 units vacant, are losing \$15,000 a month and

last year had a loss of \$200,000. Because of this impact, there is the real possibility that this building may need to be sold. This would mean the dislocation and very real possibility of tenants facing homelessness. This also means that some of our most vulnerable residents would be homeless as well the residents who are on Section 8, Veterans Assistance, and Foursquare Ministers. Many of our residents fear becoming homeless. **Can you address this financial impact and assure the residents this will not happen?**

4. The presence of this encampment has created many residual problems including quality of life, safety, health, and security issues. I am sure these same issues are experienced by the larger community. These include
 - a. **Health.** There is a high-risk due to human waste and illegal drug waste, which is a haven for an epidemic of Cholera, dysentery, hepatitis A & E, typhus, and even leprosy. **Why are not the encampments shut down due to these risks alone?** As to drug use, residents have looked out of their windows and seen heroin kitchens and have seen people shooting up. Please see enclosed photos. Please, consider shutting down the encampment due to this.
 - b. **Safety and security issues:** While we have taken every precaution to create a safe and secure environment, there are constant violations. Here are problems we have encountered and have photos and or witnesses to verify these incidents. (a) People violating our perimeter to use the pool or outside shower for bathing. It is shocking for our older female residents to see nude men in the pool. Also this has made the pool unsafe for our residents to swim in due to the possibility of STD. (b) one of our residents was mugged in the park and his cell phone stolen (c) one of our older residents lives in fear because of seeing intruders in the pool. These issues have grown greatly during this last year. We didn't have these problems before the encampment came.

- c. **Quality of life.** Many of the residents moved here specifically to be near family and grandchildren. They have had many wonderful times with family in the park in the past, but currently are afraid to take their grandchildren to the park due to the encampment. Others do so and take the risk but this has created a lot of fear. Our parks and especially this park were built to provide a safe place for families of the city to come to. This is in jeopardy due to the encampment.

- 5. **Why does the city clean out the park and remove all homeless residents and tents for filming companies and not because of requests from citizens who have legitimate health and safety reasons due to the homeless?** It appears money talks but the real issues and daily concerns of caring and interested residents of Echo Park do not matter.
- 6. **Why is there no response to my LA311 app?** Several reports were made with no response. Anthony report several times to have graffiti removal. No response. What can be done to make this more responsive?
- 7. **What action can we expect you and the city council to take to relocate the members of this encampment quickly and return our park to the wonderful condition it was in after its renovation?** We remember that \$67.4 million was spent on transforming the lake/park and it was in pristine and wonderful condition. It was even called the “Pearl of Los Angeles.” (During your campaign you stated when asked that there will be LAPD presence 24 hours a day, 7 days a week.) It has been the backdrop of many television, films and commercials and is a real drawing card for tourists. Now the encampment is keeping families and tourists away. We are concerned senior residents who care deeply about our community. Please, take these points under consideration and act quickly to clear the park of the encampment so the quality of life and safety can return.

- 5. **Why does the city clean out the park and remove all homeless residents and tents for filming companies and not because of requests from citizens who have legitimate health and safety reasons due to the homeless?** It appears money talks but the real issues and daily concerns of caring and interested residents of Echo Park do not matter.
- 6. **Why is there no response to my LA311 app?** Several reports were made with no response. Anthony report several times to have graffiti removal. No response. What can be done to make this more responsive?
- 7. **What action can we expect you and the city council to take to relocate the members of this encampment quickly and return our park to the wonderful condition it was in after its renovation?** We remember that \$67.4 million was spent on transforming the lake/park and it was in pristine and wonderful condition. It was even called the “Pearl of Los Angeles.” (During your campaign you stated when asked that there will be LAPD presence 24 hours a day, 7 days a week.) It has been the backdrop of many television, films and commercials and is a real drawing card for tourists. Now the encampment is keeping families and tourists away. We are concerned senior residents who care deeply about our community. Please, take these points under consideration and act quickly to clear the park of the encampment so the quality of life and safety can return.

Officer Lawrence I want to request monitoring Benton Way again from Berkeley Ave. to Sunset Blvd. per the following email.

Bhuvan and Jedah, just bringing this latest email to your attention. It is one of the items that I want to discuss with you when we meet in February.

Hi Mary and Juan-

thanks again for being so responsive last time to our concerns on Benton Way. Sadly the suggestions from LADOT were to "self organize" and put up signs asking drivers to slow down. That has not been effective. Currently it is rush hour and traffic is extremely heavy on the street, i just watched a neighbor who was trying to park in their driveway get honked and yelled at, and another car come barreling down the street and screech to a halt when traffic coming the other way made it hard for them to pass. The traffic humps do not deter people speeding through the neighborhood like it is a freeway and it is increasingly unsafe.

I have made complaints to google, waze, LADOT, on nextdoor and to your office. I understand it is a public street, i understand there is traffic but this is a NEIGHBORHOOD, a street that is small and narrow, and one that cannot handle this volume of traffic. Oh and there are serious potholes and gaps in the street from heavy use.

The traffic on benton is now so bad some of it goes to Coronado-- but it needs to stay on glendale and silverlake boulevard. Many of my neighbors would happily band together to voice concerns to WAZE if you think it would help-- the neighborhood is frustrated and concerned for citizens safety. I'm heading into my third decade on this street and i have never seen it so bad nor felt like the drivers were so reckless.

The traffic is in both directions-- from the north end of the street to sunset and vice versa--causing the mid point to be between scott and reservoir.

I urge you to help us find a solution before someone gets hurt.

thank you for your time.

Hi Mary and Juan- I want to thank you again for asking the LAPD to put a traffic cop at scott/benton way. Many residents have told me how happy they were to see him there. If you could send another request I know the neighborhood would appreciate it.

A neighbor is actually organizing a petition for traffic solutions on our street— a woman and child were almost hit the other day. I thought I should give you a heads up, I encouraged her to email your office.

here is her message on nextdoor.

I realize that this is a complex issue but to be honest, this morning I counted over 20 cars flying through the Berkeley/Benton intersection as they left glendale blvd and turned left onto Benton, and its a constant, steady stream. People driving through were also yelling at the trash guys who were just doing their job on a narrow street.

Anyway, I am sort of at my wits end and have now complained to Google as well-- any assistance you have in this matter is greatly appreciated!

Hello Meara,

On Wed, Jul 10, 2019 at 9:48 PM meara daly <mearadaly@gmail.com> wrote:

Hello. I am emailing again to see if there is someone to speak with regarding the level of traffic on Benton Way. We moved here in 2001 & while it has always been slightly more busy than other streets in the past 12-16 months there has been a dramatic increase in traffic coming from Glendale Boulevard.

Some traffic management items I would recommend:

1. Place a cop at the stop sign at Benton & Scott. No one actually stops there, they speed up & down the hill & it would slow things down. The city would also make money. **Please provide the best time frame** for LAPD to make maximum citations. They can monitor a location for 2-3 hours. Is morning, afternoon or evening best?

The best time south bound is the am rush hour- basically 7:30 or 8 am on. The best time north bound is 4:30-7. They will have plenty of people to pull over—I hear my neighbors yelling at cars to stop all of the time.

2. Make Benton at berkely a no left turn at rush hour in the mornings. So far I have had a car intentionally try to hit me when I was attempting to enter my car, angrily honk at me when I was parking, & witnessed a screaming match & full street blockage when a commuter refused to back up and LET A SCHOOL BUS FULL OF CHILDREN through. I can submit a request to myladot.lacity.org on your behalf. Would the 'NO Left Turn' be for traffic southbound or northbound? Would it be all day or particular hours like 3-7pm? This kind of restriction requires a petition of majority support from residents. Would you be willing to spearhead the solicitation for signatures? I have attached an example of the petition. (Do not start soliciting signatures until we setup a meeting with LADOT. This is just an example)

Yes I would be happy to do that as many people have expressed interest. I would recommend NO LEFT TURN, from Berkeley to Benton going SOUTHBOUND (towards sunset ave) from 7am to 10 am. It would make a huge difference because waze/google maps pushed traffic off glendale but as I mention Benton is narrow & it can't handle speedy, 2 way traffic. It's also increasingly unsafe because people speed down the hill.

3. Put up local access only signs. I know this doesn't do much but will help a bit. "Local Access" only is posted when a detour is required for construction in the area. Public streets are open for all of the public to use.

I understand that traffic is increasing across the city but this is a street that really cannot handle the level of traffic that is coming through. Drivers are not saving that much time by diverting off of Glendale blvd, which is meant to handle more commuting traffic. In recent years the Google WAZE app has been used by commuters to cut down on travel time. Unfortunately, Google will not remove hillside narrow streets from their maps. We have made this request for other streets with similar configuration with no success. The city has to actually change the roadway, like make it a one-way, in order for WAZE to change the route. We cannot do that on Benton Way.

Yes I know neighbors who have tried to slow down traffic by reporting an accident - & I am sure this happens in many neighborhoods in LA & other cities but it's become a combination of too many drivers who don't care that they are driving through a neighborhood- & as I mentioned they are willing to block a school bus to get through in their terms. It's sad really.
Thank you!!!!

I would move if I could, as I feel it is increasingly unsafe, but I don't think I should leave a neighborhood I love because drivers can't be responsible & courteous. I am sorry that this is causing so much strife for you. It is the largest city in America and the second largest in population and it continues to grow. It is crucial that we do not become distracted drivers or pedestrians. That we make our safety a priority and stay alert and teach this to our children.

I appreciate your time. If you have further questions give me a call, 213-207-3021.

Hi Meara,

Sorry for the delay. We have worked with the Department of Transportation to add some stop signs where we can to slow down traffic. The department does not do local traffic only streets, especially for normal traffic flow.

If you want to have Department of Transportation to look at any additional requests or studies, please open a ticket through their website. I can always follow up on the requests.

Please know that this is an area that we have looked into with the Department in the past and the options are limited.

The City is having more conversations with the Google to see if certain residential streets can be removed from the algorithm but this is going to be a much longer process.

Let me know if you want to schedule some time to further discuss.

I look forward to talking to you soon.

Hello, I am resident of Benton Way, between Scott and Reservoir. I have hesitated to send this note because i thought possibly the traffic would die down on our street throughout the day but it has only increased. We live on an extremely narrow street and cut through traffic is not limited to rush hour, it is at all hours of the day except late at night. Worse, cars fly down the street at high speeds without stopping at the stop signs at either end. Drivers honk and yell at each other when the street is unpassable (it is difficult to fit cars going the opposite direction on our street because it narrow). Parked cars on the street are constantly scrapped and hit without any one bothering to stop and admit to the damage.

It is pretty much unbearable and frankly this street is not designed for this much traffic throughout the day. The shortcut offered by waze and google maps saves people about 15 seconds. They should not be cutting through on a street that cannot handle this amount of traffic.

The street itself is in terrible shape, drivers honk at people trying to pull out of their own drive ways, and frankly its dangerous because they drive way too fast during their commute.

I am begging you to find a solution. If that solution is limiting it to local traffic only that is fine. if it is limiting it to one way traffic that is fine.

A significant change would be a NO LEFT TURN at berkeley and benton to prevent the glendale cut through.

I would move but we cannot afford to move within our own neighborhood, nor should we have to because people choose to save 30 seconds by drive through a neighborhood that cannot handle this much traffic.

I understand that there are more people that ever here and that this is not unique to our neighborhood but I do think there are some solutions that can be offered to assist the neighborhood in reducing traffic.
